FOREWORD

This is a sermon preached by Bro. Vin A. Dayal and is published through the freewill offerings of the members of the Third Exodus Assembly.

It is intended to edify the reader and make clear the Bride-Promises of God, which were revealed through the ministry of God's Prophet-Messenger, Bro William Marrion Branham, for the Elect in this Day. It is not meant to promote any special doctrine or person, save, the Lord Jesus Christ and His Divine Word.

The original video and audio recording can be accessed through our website www.thirdexodus.org

We pray the blessing of God upon each reader and may illumination by the Spirit of God be each one's special portion.

Excerpt:

When you see the Hour of Temptation, it is coming in the days after Elijah. Elijah is the last Messenger who gets the Bride to go in the Rapture, and the Bride has to face that before She goes in the Rapture. So that would mean, it will have to be in the days after Elijah. It is not before Elijah, it is after Elijah because Elijah uncovered the mysteries of the one with the scale in his hand. Elijah uncovered the mysteries of how he captured the wealth of the world, how he changed the laws, how he brought an economic snare on the earth, how he forced them into his religious trap. These are his methods of destroying wonderfully.

When we can read It and understand It and then see It, this is the value of the promised Word to us that uncovers the scheme of the enemy and saves us. When the whole world says, "It is a good thing. You all are foolish. You all come in. Look at me I didn't change anything in my doctrine." [Pages 65]

[#126 Songs That Live -Ed.]

CHORUS

*...solid Rock I stand;
All other ground is sinking sand,
Oh, that's a confession of faith. Sing it.
...other ground is sinking sand.*

Let's sing it again: My hope is built on nothing less.
And sing it like a confession of faith. That's where you
stand; that's your conviction.

*...and righteousness;
I dare not trust...
I dare not trust the sweetest frame,
But wholly lean on Jesus' Name.*

Oh, lift your hands now and confess it.

CHORUS

*...the solid Rock, I stand;
All other ground...
All other ground is sinking sand,
All other ground...
...other ground is sinking sand.*

His oath, His covenant, His Blood...

Let's sing it. It's a sworn oath. It's an unconditional
covenant. It's a Blood that speaketh better Things.

Oh, when all around my soul gives way;
When all around my soul gives way;

He then is all my hope and stay.

Oh, lift your hands. Confess it again.

CHORUS

*On Christ the solid Rock I stand;
All other ground is sinking sand,
All other ground is sinking sand.*

[Are you looking for Him?]

When He shall come...

*When He shall come with trumpet sound,
Oh, may I then in Him be found;
Dressed in His righteousness alone,
...His righteousness alone,
Faultless to stand before the Throne.*

Oh, lift that hand one more time.

CHORUS

*On Christ the solid Rock I stand;
All other ground is sinking sand,
All other ground is sinking sand.*

Oh, praise His wonderful Name! May that sink in your hearts today, friends. We are living in the Hour when everything that can be shaken will be shaken, and only those Things that cannot be shaken may remain. This world is again falling apart. As it fell apart in the days of Noah, it's falling apart again. This civilization will pass way. God will turn this earth back to the pre-industrial state. The righteous will walk out on the ashes of the wicked. The atomic bomb will cremate this generation.

That's why Seven Angels appeared. That's why Seven Seals opened. God is making a way of escape for a people; to take them out. There's only one Shelter in this Hour, not a bomb shelter; under His

wings, under the Blood. And that's where every one of us must hasten and flee to that place. It's the only place where the wrath of God cannot strike, in this Hour.

Let's sing it one more time: *On Christ the solid Rock...* That's the anointed Word. What shall you do with this Jesus called Christ? The only way to get Him off your hands is to put Him in your heart. And a generation, this generation was indicted, brought to trial, found guilty, and is now locked up in prison: souls that are in prison now. And the only people outside of the prison-house are those with the Blood because they took the Blood and put It on their hearts.

I pray that you are one of them, this morning, standing in this place that you understand what has come to us. Not a theologian that came walking out of a Bible seminary, a Prophet coming out of the wilderness with the Pillar of Fire, with THUS SAITH THE LORD, with the King's Sword to declare to this generation the original Gospel, the faith of our fathers, to bring a Church separated from all unbelief, to show us how to prepare for Rapturing Grace.

Remind yourselves of these Things, friends. When you come to the house of God, in this Hour, keep reminding yourselves of these things with this realization. That's what we are gathered around: where the carcass is, there will the eagles be gathered together. Buzzards have their own gathering, but that's the gathering of the eagles in the Eagle Age. Fly or die. Fly or die. Set your wings.

Take a stand, this morning, with conviction on Christ, this revealed Word, the Rock of this revelation: Upon this rock, I will build My Church and (the oncoming storms of judgment) the gates of hell shall not prevail against it. This is the only thing that could withstand the shock and the shaking of this Hour, "If you abide in Me and My Word abides in you, you can ask what you will."

Let's sing it: On Christ the solid Rock ...

On Christ the solid Rock, I stand;

All other ground...

All other ground...

Your home, your car, your family, your money in the bank, your education...

All other ground...

All other ground is sinking sand.

Another songwriter said: *Time is filled with swift transition, naught of earth unmoved can stand.* Everything is being moved out of its place; so much change, swift transition. The Fourth Seal shows there's a world uniting, globalization, changing to bring out a new kind of world under the Sixth Seal, where Satan is 'God' on earth, being worshipped by this generation.

That is happening so fast and we are caught up in the midst of this change. But the only thing to keep us sane and give us stability in this shaking Hour, is to know that you are tied to the Absolute, your Anchor holds; you are tied to His unfailing Words of promise, the vindicated Word.

That is not some nice terminology. It's only *one* Word in this generation that's vindicated. There are thousands and thousands of people talking about God, but there is only one vindicated Message; only one vindicated when the Pillar of Fire hung there. That's it, friends. Only one vindicated Message; the Angels came. Every man has some kind of message but the Angels came once. The Seals opened once.

That's why these Things would have to be the same Life continuing on, so it is not a new thing or another thing. It is the unchanging God in the unchanging continuity of His Word. It is for the very people who It was sent to affect, now giving testimony (witness) that God has kept His promise. That's what these Things are, friends, not something down here in Trinidad, in Longdenville. No, no. That's what these Things are.

Wherever Quickening Power, the Son moving across the face of the earth, quickens seeds with Life, they come up with a resurrection, giving testimony of Transforming Power like the seeds in the darkened chaos in Genesis 1 when the sun rose on that first day, they were growing up in an Eden. They were growing up in another civilization where there was no death. Where they lived before, in that darkness, there was death, but when that sun rose, they were growing up in another civilization.

You are growing up in a Rapturing Faith. Hallelujah! You are growing up and walking in a world of Perfect Faith. That's the reality. I pray that God could so anoint your eyes that you see and understand what we are called unto, where we are called to walk. Praise His wonderful Name!

Let's look to Him in prayer. Let's look to Him with a sober heart and a sober mind. Let's look to Him with great desire for a touch from Him today, for His Divine Presence to come into our hearts and lives. Not what you had yesterday, it's what you are this morning, standing right there. You cannot serve God in a rear view mirror. He's not I was, He is, I AM that I AM. Every day has its own trials. Every day has its own tests. You must walk in the Presence of that living God to overcome daily.

Beloved Jesus, we come with thankfulness in our hearts when we think of Your Divine provisions for this Hour, as we take into consideration and keep in remembrance how You fulfilled the Scriptures; the promises that were given for this Hour, why You vindicated them in the manner in which You did. Now, as this Hour grows darker and darker and everything that could be shaken is being shaken, we see and understand a little better, the true reason and purpose why You moved in such a way in the Ministry of the Son of Man, that was identified in Your humble servant, Bro. William Branham.

We thank You for eyes, Father, to see who he was, and what he brought as a Messenger to deliver to the Bride. We are grateful as these Things illuminate our hearts and minds and change our lives and make us prisoners to This, that we are considered in the Redemption. It's not a quote to us anymore, Father, because we cannot get away from this Word. We refuse to let anything else separated us from this Word. Lord, to have this Word living in us is our greatest desire.

You said, "That's a thinking man's filter and a holy man's taste." We are thankful that our thinking has been filtered from the diabolical systems, Lord, God that Satan has set up in this Age to pervert the minds of the people, to hold them under the influence of the lie, to keep them living in a strong delusion. For it is written: the god of this evil Age has blinded the minds of the people; the great whore has drunken the inhabitants of the earth with the wine of her fornication. They are in a drunken stupor, drugged.

We do not want to be influenced by that life and that lie, Father. We desire only to walk in the reality of the Influence that You influenced Your Prophet with and this same Influence is still here today, this blessed Holy Spirit to lead us and to guide us into the remaining promises that are to be fulfilled, by and through the members of the Bride.

We report for duty and service, this morning. We've asked for this little time, Father, to update Your people, to keep them posted, to bring to them the realities of the Hour that we are living in, and to keep them in remembrance of what You spoke to us through Your Prophet that we might walk in the Light, Father, not in the imagination of our own hearts, not in our own little religious feelings and experiences, not our own little private interpretations and ideas, but Lord, to see the Word spoken for this Hour, the Seeds of promises for this Age that found a place to grow in

that prepared ground, in the hearts of the Elect, Father, coming forth, growing up, giving witness to these unfulfilled prophecies, the Word of God that could not return void; the Word of God that left the lips of a Spirit-filled man, Revelation 10:7; Deity speaking to us, Revelation 10:1, uttering those Seven Voices that people, oh God, in this Hour would stand again in Your image and likeness.

For this we contend, Father, beholding the Glory of the Lord that was in that temple, knowing that, that was the Glory that Ezekiel saw coming back. That is the same Glory, God, Who was with us, to come in us now, a Pyramid City having the Glory of God.

Dear Jesus, may today, in these two services, You bring our hearts into this fellowship. Put us in the kind of Atmosphere we need to be in, to receive, Father. Receiving is so important, not just being present here in the building; receiving, understanding, being enlightened, being established in the present Truth. We recognize that we need You to do this for us. And so, in humility and sincerity, we ask that it will be done because, Lord, we want to rise up to the condition that Your Church is prophesied to be in, in this Hour; that this victorious conquering faith that is spoken will master all circumstances, regardless of what kind of squeeze, what kind of things the enemy could bring upon us, that this great faith in the Christ Who lives in us, would be the victory that overcomes this world. May You grant it, Father.

We ask this not for ourselves, but for all Your children gathered in the region, knowing we are one; we are part of one Body. May by Your Holy Spirit, You speak Your Word with each and every one who is part of that Body, in mind. Then Lord, remember the rest of the Body of believers around the world. Those that stand to speak to them, may Your Holy Spirit continue Lord, to bless and pour out this great grace, this Message that You sent to clothe us. It is granted unto

Her to be arrayed in fine Linen, clean and white, the beautiful Gown of the promised Word of God.

Have Your blessed way now, Father. Get honor and glory to Thy great mighty Name. May as we hear this Word, we see Jesus. May as we see Jesus, we fall in love with Him over and over again. And may under that influence of seeing Him, the places that we have been holding back in our lives, we find the grace where we could surrender and lay everything on the altar of sacrifice because that is what You asked for in this Hour, to have the preeminence and the oversight and the leading, a complete Burnt Offering, a people without reservation, Father, a living Sacrifice. In the Name of Jesus Christ, we pray, that Thy will be done. Amen.

God bless you, this morning. We have a couple of dedications, and I just ask to spare me. Not that I am not interested in doing it. It is just that, you know, if you are a preacher you understand with preaching sometimes, you know, things can just carry you in a different direction and by the time you come back... I am trying to keep my thoughts and my mind in a certain place and to be focused on this service.

I don't know... As I told you, I leave for Brazil on Friday. And my life is just caught up on fast-forward and such a speed and I just have to try to be in the Word, constantly because of my convictions, the Hour we are in; what I see happening. People are desiring these Things on the outside and you had a chance to see some of the services and you saw the crave that the people have. So I just have to be on the move when God gives you a Word, and God reveals certain Things to you, you just have to be about the Father's business. That is the Secret of the Message, the Prophet says, to do the Father's business. What's that? To fulfill the Word. What Word? The Word spoken of the Bride, in this Hour.

God bless you. I pray He blesses you today. I didn't make the arrangements for myself concerning... but I saw they had the tents up on Friday. I left the desk, I thought, well, the previous announcements would have helped you to know, that it is like a little Family Day for you, at the same time. You bring up your lunch, you sit, you fellowship around these Things and what is happening. You share; you encourage each other; you, be a blessing to each other. You, be a sweet savour to each other that you could build up each other with your faith, (amen) and endeavor to keep the unity of the Spirit in the bond of peace. Amen.

I am just going to try my best to be out of the way that His grace can take each one, from the smallest to the greatest, to give something that will help us in this Hour. It's a great Hour.

I trust you have kept your heart in meditation of the Word. This is not an Hour to hear preaching. The Word came there: *Because Thou Hast Kept The Word Of My Patience.* [2007-1130 -Ed.] That's our individual responsibility. It was delivered to you as an individual. You have to know what you did with this Jesus called Christ. Did you keep It? Is It the governing Influence in your life?

When that Word comes in, It doesn't adjust to fit in with what It meets there. When Christ comes in the temple, anything that is not supposed to be in the temple, He drives it out of the temple because the zeal of His Father's house eats Him up. He wants complete preeminence in you. If He comes in that temple like when He came in Matthew 21, and they were doing all kinds of things in the temple that weren't supposed to be in the temple, He drove them out of the temple because the temple wasn't built for that. He said, "You are making My Father's house something else." Amen.

Is this the Father's house? Is this the house we are building? Is this Jerusalem? This is it, right? Praise His wonderful Name!

Let's turn in the Bible, Revelation Chapter 3. We were reading there. I'll take that for a start.

I pray that God has been blessing you. I was so blessed when I got the little chance in-between to see what was happening in the church, by way of the DVD. And for people who don't like to look at the DVDs and to keep the service in mind, you are missing a whole lot because that was my only chance to see what was going on in the service.

When I listened there... you know God put it on my heart to have our Bro. Melville [Bro. Anthony Melville (minister) – Ed.] to preach for the three weeks, and what a great mighty blessing it was. Let's give a real, hand for God's gallant servant. It was a real, great effort he made. Amen. And Bro. Sammy on Friday night, the Holy Spirit put it on my heart to give him the whole of November, the eleventh month (amen) to stand there and get Oil in the Lamp. Amen. It was great.

It's a compliment to the house and the Family in the house when you see sons growing up in the house, who are getting a hold of the faith. Wait until those Seven Thunders utter their Voices to them who can take the Word and hand It there. [1963-0321 The Fourth Seal para.304-1{179}–Ed.] They could handle the Sword; they know how to wield the Sword. They are not falling down with the Sword and cutting themselves, and slicing somebody's neck off, that was just supposed to cut something... you see them handling the Sword, they are wielding the Word. And when you see that, you know God is raising up His sons, they are growing in the faith. And that's a great thing.

I guess that's why I could be on the field for five weeks because you don't have to worry about what is happening back here, because you have faithful; you have trained servants born in the household. Amen.

And then I try to get overseas, too. You know sometimes, we call Tobago ‘overseas’, you really go over the sea but it’s not really like ‘overseas’. When you get out there in other countries, it is different and then, you know, you have a church here understanding.

When you understand what kind of church, this church is, you know, if you are a part of the church, you don’t get kind of confused and live in the carnality, “The minister is not here.” and, “This one is not here.” and you know, “That one said they are not going up.” and, “I don’t have any confidence.” It just shows the devil did something to you, and you don’t realize what he did to you, over the years, sitting inside of here. Do you understand what I am saying?

You need to grow up to say, “My! Look at how men are raising up to handle the Word of God. Look at how the Holy Spirit is no Respector of persons. Look at God moving His Church. My, this becoming really like the Book of Acts.” Whether it is Stephen out there, a deacon full of faith in the Holy Ghost. Whether it is Philip down there and the Angel said, “Go down there”, and the Spirit dropped down and devils went screaming everywhere. As I heard them these last three weeks; I tell you. I said, “Oh God! What kind of preaching is that?”

God bless your heart, my brother. Amen. No fear, no favor of any man; stood there and delivered the counsel of God. That is the kind of preaching, I like. Amen. Praise His wonderful Name!

Revelation Chapter 3, verse 7. Quickly.

7 And to the angel of the church in Philadelphia write; These things saith he that is holy, he that is true, he that hath the key of David ...

And the ‘Key of David’ there is a mystery. You know that. You see that every wedding. What does it mean? The bride is transferring all her rights to the

bridegroom. It only happens in the marriage. That's the mystery that the Bride is going to be married before She comes to the Throne. And the Son of Man is being revealed in these last days, to unite the Head and the Body together.

*... he that openeth, and no man shutteth;
and shutteth, and no man openeth;*

Verse 10:

*¹⁰ Because thou hast kept the word of
my patience,*

I preached on that half of the Scripture, on Friday night.

*... I also will keep... [Because thou hast
kept]... I also will keep...*

"You kept the right thing. You kept the Word of My patience, that what I delivered to you by the mouth of My prophet; a promise spoken for this Hour that I am going to bring to pass in this Age. Before you go in the Rapture, you will come to a place of great temptation, but I will keep you from that Hour."

...which shall come upon all the world,

It's coming to try because after this, there's no more salvation. God is going to try everybody, man or woman, boy and girl, great and small, big nation, small nation, island, continent, He's going to try everybody. It's going to come down to the mark of the Beast or the Seal of God. "Choose this day whom you will serve. If God be God, serve God."

And Joshua said, "As for me and my house, we will serve the Lord." It has come down to that Hour.

*...which shall come upon all the world, to
try them that dwell upon the earth.*

¹¹ Behold, I come quickly:

Watch how all these things are put together; the Key of David, the Marriage. That is the Coming of the Bridegroom. "Behold, I come quickly". When He comes with that Message, what happens? The Seven Seals reveal the Fourth Beast devouring the whole

earth, destroying wonderfully, taking the kingdom by flatteries about to be enthroned as God; a way of escape for the Bride. It's all put together. It's linked together there: the Key of David, the Word of My patience because it's the Word of My patience that unites them together. Keeping you in the Hour of Temptation: that's the Squeeze.

That's why you are coming into the image of the Word: When the Squeeze comes, watch the Third Pull then. [1963-1229E Looking Away To Jesus para. 48-49 -Ed.] The Word could only be spoken by the Image, and only the Seed could become the Image. That's speaking of the Elect. That's speaking of the same Bride who is going to be married here and transfer the rights to the Bridegroom. She will lay down Her life. She will give up all Her rights for Him.

¹¹ Behold, I come quickly:

See? It's all happening in this quick, short work.

... hold fast which thou hast, that no man take thy crown.

¹² Him that overcometh will I make a pillar in the temple of my God, and he shall go no more out: and I will write upon him the name of my God,

And in the Key of David, that's where the Bride gets the Name, and the Bride is Heavenly Jerusalem, the Lamb's Wife. That's where the Name is being written right here. All these Things are not happening between 1750 and 1906. This is the overlap He is talking about here. This is the overlapping of the Age. Laodicea is the quick, short Age. And all these things are, a melting-down, a fading-into in this Age right now.

... and I will upon him the name of my God, and the name of the city of my God, which is new Jerusalem, which cometh down out of heaven from my God: and I will write upon him my new name.

All those Things are here now, that great revelation. And while that was happening, while we are in the Coming, we saw the Angels. Did we see the Angels? Have we seen the Nebula? It's inside of here too, a Pyramid City having the Glory of God. Where did She get the Glory of God? Through the union with the Bridegroom. How are we going to face this Hour of Temptation? This same Glory, Christ in us, this same Christ that is formed in us.

¹³ He that hath an ear, let him hear what the Spirit saith unto the churches.

May the Lord bless the reading of His Word. You may have your seat.

I want to take the second part. Friday I had *Because Thou Hast Kept The Word Of My Patience*. I want to take this part here "**I WILL KEEP THEE FROM THE HOUR OF TEMPTATION**". I WILL KEEP THEE FROM THE HOUR OF TEMPTATION.

He will do it. Do you believe He will do it? The confidence that He will do it is not make-belief in your heart because, in your heart, you know you have surrendered to Him. If you have not and you try to say, "He will keep me", you are bluffing your conscience. But if you know, "I have laid aside every weight and every sin and I have given my life without reservation, I know He will keep me because I have kept His requirement. I can be certain of God."

He gave you a requirement and you kept the requirement. Then He tests you for a reaction, to see if you are going to stay true to the requirement. And you refuse to be shaken, and you refuse to go back because you wanted to honor Him that you are loyal to your promise. And He says, "I see you've kept your promise, I will keep Mine. I see you've kept your promise, I will keep Mine." Is that right?

That's why you can have confidence because you live your life trying to keep your promise to Him. You live your life... that is of course if you are walking with

Jesus Christ. If you are going to church, you joined a system, you are religious; you are keeping church attendance; that is not what He is talking about here. “Because you have kept the Word of My patience.” You understand the volume of the Word of His patience.

It’s something that, you have to wait and you have to learn to possess your soul in patience. And the testing of your faith was working that patience, that patience may have its perfect work that one day you will become entire, lacking nothing. And you learned to wait. And, “They that wait upon the Lord, *now*, He shall renew their strength.” You started to mount up with wings of an eagle into places where you can see Him in a way, the rest of the world can’t see Him. Do you understand?

This is God, in every Age, walking in the midst of the Seven Golden Candlesticks, speaking to His Church, revealing Himself personally to them. “I am He Who holdeth the Seven Stars. I am He Who has the sharp, two-edged Sword. I am He Who was dead but now is alive.” This is the great Shepherd of the sheep walking in the midst of His Church for Seven Church Ages, speaking to them because He, through the Blood of the everlasting Covenant had laid down His life for them. This is intimate, it is personal.

It is a people that when He is speaking about that to them, they are conscious He is doing it to them because He did not leave His relationship with them un-intimate, ‘hi and bye”. No, no, no, no, no. “Come, I want to talk to you. I want to make Myself known to you. I want you to know certain things about Me. I am going to expose Myself to you. I am going to unveil Myself for you. I am going to let you see private, secret Things about Myself.”

That is how God dealt with a Bride; this Bride. That’s why She could lay down Her life for Him. She knows Him. To know Him is life; not to know about Him, to know Him. A girl who is going to marry

someone, there's a knowing before union, "Hi, when is your birthday? What sign were you born under?" you know, "What is your favorite color? What do you like here? What do you like to eat?" But then when they are married, there's another knowing after union; a deeper, more personal, more intimate union that was forbidden before marriage.

And so, in this Day when you transfer your rights upon Him, when you realize, "Behold, the Bridegroom cometh!" and you see Who came, and you recognize that's the Bridegroom, and you like Rebekah asked the question, "Who is that?"

And the Angel says, "That's your Lord."

And you like Ruth asked, "Who's that on that great White Charger?"

He said, "He won't hurt you. That's him, the lord of the harvest. That's our master, the great Boaz."

Do you understand? And then he carried her by the threshing floor. And then on the threshing floor, when there is no reaper around, just He and her, He starts to reveal things, personal, intimate. He even blushed and said, "Even Me, the Ancient of Days with experience, maturity and wisdom and you left all these young theologians and Bible school students?"

She said, "I love the old-time religion; it's good enough for me."

Hallelujah! Oh my! She doesn't want one of those young things that just raised up the other day. No, sir! She wants the God of Moses.

Sometimes, in my heart, out in the world, I would say, "God, talk to Moses, let him talk to me. I want that same Pillar of Fire. I want that same God there." Because I went to the Open Bible place there and I sat there. They carried me off of the street, they tried to get me saved; the naughty boy from the corner. I sat there, I said, "Forget that. That's not it." Amen.

Then I saw Him in the Cloud, coming. I saw His Coming in a Cloud and I heard the Voice of the man

saying, “Look to the Unseen. Look there with the sixth sense and see. Who do you say this is, twenty-seven miles high, thirty miles wide?”

I began to understand. Something happened. That’s why I am, how I am, friends. I wasn’t talked into this. I wasn’t brought into this by somebody. Because He knew in 2007... When I left my brothers in Cocoyea, I said, “I am gone. I’m gone, I can’t quench this. Only You could satisfy this, Jesus.”

It plagued me. And the greatest thing was my brothers and they were around me, who used to be out in everything in the street. But then, I even had to go further than good friends. I couldn’t do anything for them if I didn’t leave them for a season but when I left them for a season, I came back with something for all of us. And look we are here, today. Look at the two of them, sitting right there and look we are here today. And God has brought others to rejoice, and to see and to believe these Things.

Oh, when I heard Bro. Melville preaching that, I remembered the night, one night in the wee hours in the morning, this person knocked on my door. We never had a word of conversation. He said he knew me; he saw me, but I used to see him too. Sometimes in a meeting, passing when it had little meetings on the island and visitors came. And he came here so burdened. He wanted to talk to me and so on. He started to talk.

He was having problems and Something moved him. And then since that, I look; he is out in Guyana preaching. He’s out in St. Kitts. He’s out in Grenada. He’s out in St. Vincent, everywhere because Something was inside of him, calling. And the Holy Spirit could have seen that. He was like a stranger among us, coming in. As they said, “A proselyte of Antioch” or somewhere. Amen! Hallelujah. But when he started to talk to me, he said, “I have some tapes home, when you preached on, *Judgment Follows Grace*, how Moses

put his hand in his bosom and pulled out the Secret and those Things.” He said, “I have those tapes home. I listen to them.”

I said, “What?”

And it is such a great thing, you see. I remember Bro. Mervyn [Bro Mervyn Weston (minister) -Ed.] there. He used to live by me in those days. I stepped outside, sometimes three o'clock in the morning; six, to see if the door is locked or something, he is sitting there with those tapes from the '80s, and he is listening. Sometimes we would have a little conversation before I went back inside, and he is talking about certain things, a certain way.

I said, “What?” I said, “Boy, you have something in you.”

He couldn't see... all he knew he had in him was gas at the time. I remember, we had the talk and so on. I told him, “No, you know, you have something. Go ahead.” I tried to stand behind, gave him support, go there, travel with him. I said, “You went that way, but you are flying this way, and you are flying that way, but keep going.” And brother, I see how God raised him up; and put the Word on their hands, and when they stand they could see clearly where we are going. It's a great thing. And not only the two of them but we have so many.

We have some who never even spoke, sitting there in the benches. Sometimes we just wish... but we have to get thirty-day weeks and ninety-day months to have all of them preach. Do you understand what I am saying? Were to God that we could have services like that. But when you come down to a church, then you understand that you have a captain of ten; and a captain of twenty, and a captain of fifty. And then wherever you are, you shine your Light and brighten your corner. All the ministries are not in-the-pulpit ministries. Pulpit ministry, you know, it comes down to just a couple services a month.

Do you understand what I am saying? You understand that but that does not mean... You see, you are like the heart, and the kidney, and the liver, and these things. You understand the pulpit ministry could be the nose, and the mouth, and the eyes. And everybody likes the nose and they like the mouth, and they like the eyes, you know. But then, when you see those ministries behind, you see the liver, (boy!) he could function. When you see the kidney, you can see the kind of work he is doing.

Then sometimes, it is more important than just the ones, the people see because I am seeing your outward body, I am not seeing the real system that is keeping you alive. I am not seeing the really valuable parts of your body, looking at you here. Do you understand what I am saying? And that's why the Body is so mysterious.

So, you know, this what is happening we want to really understand, we are growing up as a church. And as we are growing up, sometimes I don't be around sometimes, long enough and I am too intense. I am too intense, a kind of person, but you see, a Samurai's sword is not something you cut bread with. When you get a bread knife, you stick that in a drawer and you pull that out and you slice your bread, but a Samurai's sword is a different thing.

So sometimes, people are built for certain types of things. You see, I am called to function in a certain place with intensity and I deal with certain things. The kind of battles I have been in, I don't come around here and have any problems here with any brother or any sister. You see, when the prince of Port-of-Spain wants to deal with me, it is a different thing. Then where I have to climb to see ahead to try to take the church forward, that's another thing. Climbing there alone wears you down.

The Prophet said, "When you come back down here, you... where you are going to get the Word, but your

burden is to keep the Church going forward.” We don’t stop. If I don’t go up there, then we keep recycling Things here. You keep recycling Things here, then we get stagnated right here but you have to get a Word that keeps opening. Because why? Things are happening in the world. The world is not stagnated. Lucifer is very determined to be enthroned as God quickly.

All these Things, the Holy Spirit down through these years have posted us, *The Conspirators And Their Conspiracy* [2004-1231 -Ed.]; Absalom, stealing the hearts of the people; Adonijah, trying to steal the throne. But look at Nathan, God’s gift, stood there to open the mystery to Bathsheba to show the move, that he is trying to steal the throne before Solomon, the Son of David comes into position.

You see the things that are happening. And when God breaks the Seal on these things, then you realize, “Oh God!” Because more and more as I preach some of these things, the reason It goes over the people’s heads is that it’s an indication, not that sometimes they are not understanding; it’s an indication that we live in a society where your world is what you are informed about.

So ninety percent of our newspapers is about a dancehall singer from Jamaica; a ‘soca’ singer [calypso music mixed with soul -Ed.] from Trinidad, some advertisements, some foolishness they are talking about in Parliament, and all those kinds of things. And, then you have the world news about *this* much. [Bro. Vin indicates ‘little’ with his fingers -Ed.] Do you understand what I am saying? So the things that are happening, you never even see it in the news to keep you abreast.

Now, if you are walking down the road, and you are going to get a shower that hits you and soaks you, and you didn’t even see a cloud in the sky, you didn’t even see it was getting dark, you didn’t even hear a little thunder rumble or something, well you are not under

expectation for rain. You have to see the evidence of rain getting ready to be formed and fall because rain is born in fields of thunder. There are certain things that take place before you get a rainfall.

It comes like if you see a woman with her belly, flat for nine months and the next day, she has a baby, you'll say, "You had a baby? What went on here?"

She says, "I am in labor! I am in labor! Oh gosh! I am in labor!" And as far as you are concerned, she lost weight. See?

So this is what is happening. So because people are uninformed and that's why the kind of news... Because you believe certain Things, and you know we have been posted by the Prophet, you have to keep looking at certain Things because the Seven Seals are Seven Things written in the Bible. A white horse went forth. We are told what that is, so we have to know this fellow is out there riding, and you have to know what he is doing, and where his ride is supposed to take the world.

You see another fellow with a sword taking peace. You have to know where he is riding. The news is not telling you where he is riding, because the news is showing you all kinds of foolishness. It's an Age of misinformation. The god of this world is blinding the people by keeping them in ignorance, by filling up their heads with all kinds of things, while they keep what they are doing hidden from the people because they control the media. And then the media today is not any free press, it's a commercial thing.

Look at this last election here, the ones who came out the winners, in the whole country, were the media. They made millions and millions through all the advertisements; playing all kinds of politics and using their influence for those who are throwing money into their business. And then let anybody criticize them, they talk about free and fair press and all kinds of different things. It is just nonsense. It is for the

ignorant and unlearned, and the uninitiated who are just born to be deceived and love to be deceived. They will keep on looking at those things.

In the Age we are living in, from the time we are told about the last sign before the Change and the world is going to Armageddon and all these things... when you are not seeing anything, you don't get excited. You don't start to check your life and see where you're going and what is happening there. That's why it is important to bring these Things to keep you abreast as to what is happening.

You know, people say, "Yes, I believe the Seals." Do you believe the Seals? Well, if you believe the Seals, what is the black horse doing right now? What is the red horse doing right now if you believe the Seals? What is the pale horse doing? Do you understand what I am saying? Because the reason that is open is for us not to be caught in it. That wasn't for information because Daniel said, "He will destroy wonderfully. He will take the whole kingdom by flatteries." He will bring the day upon the people unawares and they will be caught in the snare, and they wouldn't even know they are caught in the snare. He will cause craft to prosper. He will manipulate things. You have to know he has control.

Now, that's why we needed a Prophet because God even saw what the system will do to the people, to keep them in blindness. So God, through the Prophet, who is a seer and is seeing by vision and revelation in the Bible, is not waiting for any news and for the United Nations to make an announcement. This is like Elijah seeing in the king's bedchamber, seeing Haziël is going to kill to come into power; seeing Jehu is going to kill and come into power and then will kill Jezebel. He is seeing what the world is going to do. Way back in the years of the Great Depression, God showed him, Hitler, dying a mysterious death; God showed him Mussolini being strangled there; God

showed him the Catholic church rising in America. God showed him all these things way back there, that he could speak it.

That's why, where we are here today, when you have no revelation, you say, "Well, the president is President Bush now; there is no Catholic president in America." Do you understand what I am saying? Because the way you view the world is not a Bible way. That's why there are stories in the Bible like Ahab and Jezebel. She is not in the picture, she is behind the scenes but that man at the front, who you think is in power, is a figurehead. That's to sedate the people and to keep them trusting in that, while they are being manipulated from behind. This is the system.

This is the world of politics because politics is of the devil because every kingdom of the earth is governed by Satan. And Satan's power... he has no power really because all power, Jesus Christ has. He is stripped of all power but his power is to deceive, so he controls people by deceiving them. Do you understand what I am saying? He knows how to get you to drop your guard. He knows how to get you to go along in a social life. He knows how to take away your expectations from the Coming of the Lord. He knows how to get you involved in a lot of other things because he tells you, "You have not seen Jesus is coming; that is not real to you."

Christians don't walk by sight, they walk by faith. And faith is revelation because faith sees the invisible God, and the invisible God Who is the Holy Spirit leads you into all Truth. He teaches you how to see when you look. Like how Jesus said when He caught them in their craftiness, "What? Are you trying to deceive Me? Are you trying to inflate my ego and tell me, I am preaching the Word, and I don't compromise, and I could teach things a certain way, and then you are asking Me who you should give tribute to? You just

dropped in that?” You see? That is where believers walk. That is where believers walk.

So I said some of these things to kind of give you a little idea because when you get into the Word, He wants you to be alert and sensitive. He wants you to understand because remember, this is an Eagle Age. No matter how you go, this is an Eagle Age. You have to come back to where you’re flying and where you are seeing. You don’t get an Eagle’s Message and then come back and live a man’s life. God doesn’t work against Himself. Do you understand?

The reason why they had an Ox Age is that people had to give their lives in the arena. God sends the anointing for the Age, so you could face the challenge of the Age. And in this Age, Laodicea is a blind Age, and they are blinded by the God of this Evil Age. They are given over to a strong delusion to believe the lie and be damned by it because they really didn’t have any love for the Truth because the Truth was corrective.

The Truth pointed out what they had to give up, like the rich young ruler – Laodicea, rich and increased with goods; religious, but could not separate to follow the vindicated Word of the Son of Man. So the rich, young ruler ended up in hell like this Age, rich and increased with goods, has ended up in hell. Hell is created here on the earth now because they refused to follow the vindicated Word of God.

On the message, *Leadership*, he said, “I will take for my title *Leadership* and for my subject *Follow Me*.” Christ was speaking in human flesh, the Son of Man in the days of Sodom; God in a man, human flesh, not the corporal Body with nail scars; human flesh speaking, saying, “Follow Me.”

And they said, “Who? Follow William Branham, what? I am not following any man.”

It wasn’t a man; it was God. The same Jesus of the Bible Who they claimed to worship, they didn’t even

know how He was to be revealed in this Day. They never recognized their Day and never recognized their Message. You have to recognize your Day and your Message; otherwise, you will always be seeing the perverted impersonation of Christianity, and you will not understand true Christianity. You will always be trying to qualify this, by denomination.

Denomination is Jezebel's religion, hybrid religion, impersonation of Christianity, children of darkness. The tares, that's denomination, children of the devil, that's denomination; that's a system. It is harlots that came from the great whore who the Beast that carried her is Lucifer, the evil sower that sowed the tares. It's the mark of the Beast, it's the killer of the Word. Denomination is what killed the Word. Sadducees and Pharisees are who rejected Jesus Christ, claiming they were religious and believed the Bible. History has repeated itself again. As it was in the beginning, so it will be in the end.

So these things that you see, you have to get yourself to a place where you realize, that, where we are called to walk, we must understand it.

So I want to get quickly, I WILL KEEP THEE FROM THE HOUR OF TEMPTATION. That's a promise. That is good to go to the Bank with if you know you have kept the Word of His patience. That is good; no worry, no fear. Why? Because faith rests upon the Word of God and it is impossible for God to lie. And if It leaves God's mouth and becomes this Bible here, It's the creative Word of God. Heaven and earth could pass away, but It could never, ever pass away. And as a matter of fact, there is nothing new under the sun so that means, the Hour of Temptation had to be typed out in the Bible before. Amen. That which was is now, that which is to be hath already been and God requireth that which is past. [Ecclesiastes 3:15 -Ed.] History repeats itself.

So if we can see what it was in the past, then we'll know what it will be now. If we can see how God kept them in that kind of Hour, we can see how God can keep them in this Hour. We are in the Exodus. Are we in the Exodus? There was a Pharaoh there who said, "I will deal subtly with them," who had a plan to enslave the people and shut them up in a system. But God had a way to bring a prophet who didn't have to depend on Pharaoh's system, and he started to teach the people that there is another economy, and Moses started to reveal healing without Egyptian magicians.

Egyptian magicians didn't know anything about that kind of healing. In their Egyptian hospital, they didn't have that kind of healing. Moses had a rod, Moses had a sign in the hand. Is that right? When they had all the granaries, and their fishing industry, and their wheat industry and these things, Moses had water coming from a rock and manna coming from the sky. Is that right? Because God was bringing His people in that Hour.

In the days of Joseph when famine struck the earth, here, we see God knew that famine was coming, long before it came. We see how God prepared His son (the Spirit-filled Church) Joseph, (a type of the Spirit-filled Church) with the rainbow coat standing in that Hour by the Divine wisdom of God. He could unfold the prophecy that was sealed up in symbol form. The famine that was coming was sealed up in symbol form. A boom in the economy was there to help them go through the oncoming famine. That, also, was sealed up in symbol form.

Joseph with access to an information superhighway through a secure channel, walking in the line of the Abrahamic promise with faith in his heart, reflecting his Light from the Throne, he told Pharaoh, he said, "These seven thin cows mean *famine*." He said, "These seven fat cows mean years of plenty." He said, "Here is the kind of administration that is required: Buy up,

lands. Do this and that; build barns. Do these things.” Dreams, visions, dimensions, and prophecy: it was through that channel God had someone linked up with Omniscience and Omnipotence, growing up from a baby to a man among them – Joseph, three thousand years ago.

I preached about seventeen messages on Joseph here, for you on the *JOSEPH series* [2004 -Ed.]. Is that right? A man with forgiveness, a man with brotherly love, a man who doesn't fight back when they spat on him, tied him up, persecuted him. Yet, a man who God loved, that God dropped things down for him. A man who is hated by his brethren; with a gift like that in their midst and they are not really interested in him, to get to know him to even receive what he has.

Yet he is conscious that it isn't for him; it is to help them. A man that the Father gave him a rainbow coat. Do you understand? Yes, the Father did in Siparia. See, you know the international Joseph and you know the dispensational Joseph. I am just giving you a little local Joseph here, seventy miles by forty miles Joseph because the Word is in my mouth. I don't talk foolishness. And for me to speak It, I have to get It. No man has anything except he receives It, so there must be a Giver behind this. And if it is according to the Bible and It brings the Bible to Light, you know Who the Giver is. Do you understand what I am saying? Sometimes I try to hide it from you so much that you can't see it.

So sometimes you have to show yourself a little bit. I have to show it so you could see it. I didn't show you to make you think that I am something. On Christ the solid Rock we stand; not me. I will fail and make mistakes. I am a man. I am like Bro. Branham who will get vex and tell my wife, “Get those children ready, we are leaving here and we're going; we are finished with all of this.” Do you understand what I am saying?

And then she would say, “Did you pray about that?”

Yes, that is how God is. That’s how God is. But you see, in the Bible, that’s how it was. God so loved that He gave and the recipients of gifts from God have to know what God gave them. And when God gives you something that is helpful to you, you have a way you keep that. You have a way you cherish it. You have a way you want to secure it and protect it. You don’t stand up and watch it. No, no, no, you receive it. You receive it.

The wrapping is nothing. Newtie and Sylvia [Bro. Vin’s parents -Ed.], that is all they had. Sometimes I wish that Newtie and Sylvia had better wrapping. But you see, Mary and Joseph didn’t have good wrapping either, so they got a piece of ox cloth, off the ox yoke to wrap It with. Do you understand what I am saying? But though the wrapping is cheap and doesn’t have any comeliness about it, the wrapping was not given to save you. It is not *that* that God gave you so much. It is the Gift inside the wrapping is what God gave you because that Gift unlocks the Bible.

When It unlocks the Bible, you have Light to walk in and when you have Light to walk in, that means you can grow. And when you can grow, it is a sign that you are not going to be stagnated and wiggle-tails come in your life. You can live overcoming and you could start to understand what God has for you, and how God wants you to serve Him, and how God wants to use you.

That’s why God gives people examples. Life is about examples. The little eaglet had to watch the big eagle. The little cub had to watch the big lion. The little lamb had to watch the ram and the ewe. Life is about examples. Children watch their parents. That’s it, simple like that because God didn’t just think about children. God thought about parents and homes and everything.

God didn't think about you, "I am the Bride. I am serving God." You get carnal and you get carried away in that. No, no. God saw you in a church, sitting. God saw where you will be fed the Word. God saw where you were going to get Divine leadership for the Message for the Age. God showed you where you would be able to shine your Light and serve His purpose and be part of His work, and fulfill His Word because it's a Body ministry, it's not an individual ministry. After the one-man Scripture, it's a Body ministry. Amen.

A little pastoral thing; you can't help that. I came to teach a little bit but the pastoral self comes in, ever so often because it's pastoral things I am talking about, right now.

Because thou hast kept the Word of My patience: let me read a little bit about what the Word of His patience is. You know I preached on these Things over the years, and just a couple weeks ago it dawned on me, "Hey, check and see if Bro. Branham ever spoke on that." Because you see, when certain Things started to open to me concerning what this is, I knew that is the Third Seal and that should have been on the *Third Seal*, but it is not there. T

Then I went back on the *Church Ages* [An Exposition Of The Seven Church Ages -Ed.], when he preached the Church Ages, then that should have been there when he took the Philadelphian Age, but it's not there. I had that observation since I had my first Seals book. [The Revelation Of The Seven Seals -Ed.] He never really said anything on the Third Seal. He just spoke on a very... The Third Seal, he spoke the least out of all the Seven Seals because he himself couldn't fully grasp It, I guess. And I guess even in the service while he had to speak It, the Scripture he had to bring It from, the people couldn't receive those Things yet.

So when the Holy Spirit told him, "Put your Message in a book and send it into the world." And then all the

doctrines of the Message went into a Church Ages book. We are finding out, he explained about the Hour of Temptation, how the Catholic church... You see where they asked him questions: "Bro. Branham, how will Rome tie up the Jews' money? Explain to us."

He said, "Well..."

They said, "What is the Scripture you got for that?"

He said, "I really don't have any Scripture yet, you know." He said, "But I am kind of going on, 'the love of money is the root of all evil'. I saw Esau, he had a lot of money; Jacob had a lot of money. And Jacob didn't need his money when they were going back home." And he was talking like that. He said, "And I came to Daniel here; it takes a covenant." He said, "And I am thinking it is the money because in the end, you can't buy or sell." But no real claim, and that's why these things, people can't preach on them, in the Message. And it is happening in the world around us, and that's the thing that is going to bring in the pressure.

Now, the safe part is that we know it's a Trinity doctrine; the mark of the Beast, Trinity doctrine. Mark you in your forehead; that is your understanding. Mark you in your hand; what you are going to do about it. So your safe thing is, "I am not getting tied up with any Trinity doctrine. I believe in one God."

Well, that doesn't really save you from seeing what is going on in the world. Do you understand what I am saying? And you are not the only person who believes in one God. There are a lot of denominational people who believe in one God, too. How many know the devil believes in one God? That is Scripture now. The devil believes in one God and trembles. [James 2:19 - Ed.]

The pope met some Muslim clerics, this last week gone, there. And they all went in the Vatican, sat down and talked peace talks. And the pope said, "Yes, we can have this talk now seeing, we all believe in one God."

When I read that I said, “My goodness! Here is the pope saying he believes in one God.” And the Scripture came straight to me: ‘The devil believes in one God and trembles’ [James 2:19 -Ed.]. They tell people about three, but they know it is one God. See? The devil has all this Trinity business, but that is to get them to look backwards to a system where the Trinity doctrine was born; (see?) the Christian era. That Trinity doctrine was way back in Nimrod’s time. That is where it started.

Let me read this for you. I have to read this: *The Philadelphian Church Age* [1960-1210 -Ed.] because this is something, he is putting together now when the revelation fully comes. You see, sometimes, you have a revelation but you don’t have words to express the revelation. Preaching is like that. Sometimes Things start to be revealed to you; you start to see It. Sometimes you see It in vision, but you have to go to the Bible. You just can’t come and explain a vision to a person. That vision has to become Seed. It has to become Word. So he goes to the Bible and sometimes you see It in the Bible, you see the Scriptures, but to communicate It, you have to find a way to communicate It, a medium through which you can communicate It.

Like Jesus told the parable, “The sower went forth to sow the seed.” Now He wants to preach about Serpent’s seed, you know, redemption from the fall but it is so far, and the New Birth is so far from denomination. So He took an illustration of gardening, agriculture and said, “This man sowed that kind of seed, it brings forth this kind of crop; that kind of crop is going to end there.” And in a few verses, He preached the whole mystery of sowing and reaping, that whole law of seed and harvest and everything; and rainfall and former rain and the latter rain and everything, in that one parable.

Now, that's how preaching is. So the Prophet now, when he comes here in '65, now he has Language to define what this Scripture is. And that's why sometimes, people don't realize this is a major, major, major prophecy in this Hour. We take this whole prophecy without understanding it and put it in one word called 'Squeeze': "When you see the Squeeze comes!" and we make the Squeeze an event somewhere when they close down this Church.

Yet, we will talk about the Rapture back in 1963, and we are in 2007 and say we are still in the Rapture. Well, that means we are understanding how this one event is keeping on unfolding. Because the word *Rapture* means *catching away*; until we are actually caught away in another dimension. Well, the same way with the Squeeze; it is the same.

On *The Feast Of The Trumpets* [1964-0719M para 35-3 -Ed.]: the Evening Message loosed the Holy Spirit, and when the Holy Spirit is loosed, it is to gather the Bride that She will be formed in the image of the Word.

The ecclesiastical spirit is loosed to gather the World Council of Churches that could be formed in the image of the Word. Well, since after World War II when the ecumenical move started, they are now, actually, coming into the image of the Beast. In the last few years, we saw them speaking with the voice of the dragon. But look at from '48 to September 2001, look how long that one thing was unfolding. And then we are still seven years inside of there, and we are not closed down yet. Do you understand what I am saying? And all that time too, you are in the Message but being in the Message doesn't mean... there's another dimension to be in the Message.

You are in the Message twenty years, but it comes down to how far you grow, where you are at. So coming to the Message to accept the Message is not the end. You have the Robe. Have you grown to fit It? Are you in shape? Does It work through you?

Because you can't overcome, and the Message, really, is only intellect until It starts to work through you and you become the written epistle read of all men. But that is where religious people get trapped, "I am in the Message." but the Message is not in them. What they mean is that "I am in the framework of a Christian group that speaks about a Message that came through God's Prophet, Malachi 4:5."

That is what they really mean because when he started to talk to them about what they believe, and what they stand for and the Hour; you could only talk that when you have experience. Otherwise, you'll say, "I know what you are talking about. That is on page 45, Seven Church Ages book. That is on page 262, Seven Seals book." And all you will be is a reader giving information and location on where you got your information. And any 'research person' in the University of the West Indies does that, and even more detailed and more efficient at that kind of study, (who is doing research).

When a prime minister is making speeches, do you think he sits down and writes that? There are people who do all that research, and then give him, the high points and the major things he needs to talk on and where he needs to put emphasis because of what affected the region, and so on. Then he has about half-an-hour to get his thoughts together, and then he kind of highlights certain things as the voice that is coming from the office. And that is why they have advisors.

The ministry is the same thing. I have advisors. I have seven of them: Paul, Irenaeus, Martin, Luther, Wesley, and Malachi 4; they are around me. When the Lamb speaks, It doesn't come to me straight, It comes to them. They said It somewhere in there. All Seven Voices became one Voice through the Prophet. And then what he doesn't say here, then the Holy Spirit shows me. "He said It there, but he said It there in

this form, and the rest of It is in the Bible. And instead of explaining It, He left that Wheat in the sheaf, and He gave you ones without sheaf that could have been eaten and made Bread, right away. But now, you have need of this. Here are the Scriptures, here, here, here that go with this.” Spiritual food in due season, if you understand that. I speak from my message, *Divine Provisions...* [1998-0510 Divine Provisions In The Hour of Famine –Ed.]: the man from Baal-Shalisha with twenty loaves; some without sheaves and some still in the sheaves. It means the husk is over it, it is sealed up still.

It had to be broken open and be taken out. Like Esther, we got Esther but we got It in the sheaf. We got Ruth, but we got It in the sheaf. We got Heavenly Jerusalem, but we got It in the sheaf. All of this is breaking It and bringing It out to make a donut from It for you, and you like donuts. This one likes cake; he gets cake. This one likes ‘Johnny bake’ [local flat-bread – Ed.]; he gets ‘Johnny bake’ but, all are eating the same thing. It is just their background and their culture and how they were raised.

This one says, “A donut is a white man’s thing.” He still has an old cultural something, so he gets his own in the form of a ‘bake’ but it comes down to the same thing. It is the same ingredients, it is just different forms, and served a certain way. My!

You could tell that I am enjoying myself. When I start to enjoy myself I don’t preach, and that is a bad thing. But you see, I am feeling relaxed. I was asking the Lord this morning, I said, “Lord, I don’t want to get high strung in the service and preach like we are going in the Rapture right now, this morning.” I said, “The people have two services today; they will have to have lunch. Let them be relaxed a little bit. Let them catch the inspiration. Let them feel It. I didn’t come here to just pour out a lot of Word but if in some way they can enjoy It, not just hear It.” Amen?

Sometimes, you can hear Things a little better depending on how it is served. Could you imagine somebody comes with a cup of tea and a little pastry and say, “You better eat this, right now!”

Another one says, “Would you like some pastry?”

Sometimes, you don’t even want it, but they offered it so nicely. You say, “Sure, I would try a little piece.”

They say, “Have you ever had *vervine* tea?”

You say, “No. I only drink Lipton’s.”

He said, “Well your mother grew up on *vervine* tea, you know. It’s nice. We used to call it *bush-tea*, but Lipton’s is *bush* too. Try it. Try it. Will you try some?” You see, we throw this in the pot. They dry the rest and put it in a little bag but it’s the same thing.

You try it, you say, “I like it. I like it.”

You know, so I want to bring It in a way that you would like It, too. And you don’t feel, “Bro. Vin said the mark of the Beast is coming quickly, let me try to get it down my stomach.” It doesn’t work like that. You have to enjoy It by God’s grace because you see, these Things are God’s grace to us.

You don’t realize to have a Truth... to open this Truth that I am going to open here to you, this is a great, great, great thing. This service is designed to open a particular Truth to you, to open the Third Seal for you a little more fully, to show you It and then you can understand. What you could get on the Third Seal without revelation is the Catholic church captured the wealth of the world through the novenas. That’s it. And Wine means *stimulation*; Oil means the *Holy Spirit*. It said: *Hurt not the oil and the wine*. That Seal ties the whole Bible together.

That Seal has to bring us... If we have to come to the Hour where we can’t buy or sell, that’s economics; that is trade and commerce, buying and selling. That is what is forcing the people into the system, not doctrine. That is where they are compromising now on

their doctrine because they are going to die if they can't eat. They can't feed their children. So the thing is, "Well, I will say... I will tell a lie and say, 'Yes, I believe', but in my heart, I will put it to God." And you would say, "Father, You know I am only saying that, but I don't really believe in any Trinity doctrine."

You know to stand up and say, "No, I am not doing that," it means if you don't bow down to the image, you will be killed but He said, "I will keep you." In other words, "They are not killing you." He said, "They are not killing you." He said, "The same way they tried to make My Hebrew boys bow down to kill them, at the beginning of the Gentile dispensation, you are at the end of the Gentile dispensation when Babylon captured the world and then brought an image and forced the worship of an image; that's how Mystery Babylon captured the whole world and brought them to the forced worship of another image." He said, "And if I stood for them in the seed time, at the beginning of the Gentile dispensation, I gave that as a type of what I will do at the end of the Gentile dispensation because the same way the Gentile dispensation came in, it is going to go out the same way. I had Daniel and Shadrach and them. They had access to God."

Did they have access to God? In God's Library, He gave the access. Is that right? That's right. A way had been opened up to them to catch the Thoughts of God. They spoke It, in a time of religious persecution. Did they have people when they set laws, the laws were designed to trap a certain element of people in society? It was really a hidden agenda and it came through the nobles and the elders. And then they found Daniel praying. And then, even the king realized they manipulated the law but his hands were tied. He couldn't do anything against it, but God came down there. Is that right? And God kept them in the Hour of Temptation.

I am showing you places in the Bible how He will keep you. And you will see the means by... How did He keep them? Daniel had gifts operating in his life; he had wisdom. He had revelation. He had dreams. He had visions. He had faith to shut the mouths of lions. The Hebrew boys had faith to quench the violence of fire. That is the operation, of... Daniel had the wisdom to know the image, and to know the Beast, and to interpret the handwriting on the wall. He interpreted the unknown Language. Why? Because God raised them up, knowing Babylon was going to make that move and force the whole earth into that condition.

Do you know Babylon is in a move to bring the earth that way? And if Babylon is in that same move, are you growing up? Are you seeing the Word starting to work through you? Are you seeing... Daniel and they were exercising their faith in school before they got jobs. He was in school before he got a job. In school, he stood, and when he got a job the faith increased on the job. Is that right? God was with them in school and, God was with them on their jobs. And even for that wisdom, he came and got a promotion on the job too. And Nebuchadnezzar made him master of all the soothsayers and magicians and everybody. And when he got that control, he started to teach them the Word of God. And that is where those wise men after studying, were able to go down, seeing Balaam's prophecy: "A star would rise out of Jacob," because Daniel had set those things back there at that time.

What a great thing! What a great thing when we look in the Word and we can see, right now, how God is working with an elected people while Babylon is caging up the whole world. Amen. They have already taken the mighty, and now they are going for the holy people. And with this recession that is shaking here, they will get the holy people here because the world is

shaking. The financial system of the world is about to collapse. That is what we were warned about.

How many know we were warned about that, that the whole financial system...? Like I showed you on Friday night, if you caught it in there. I said, here was the Prophet in the Great Depression, 1929, going all through to 1933 until Roosevelt, FDR was elected and brought in. He went there and he took all the intellectual people and he changed the money system, changed the constitution and these things, and he put them on credit cards. And by 1963, the Prophet said, "Now, we are forty years in debt already." [1963-0318 *The First Seal* page 166-5{338} -Ed.] And he said, "And the greatest rascal we ever had in this nation is FDR Roosevelt." [1960-1204M *The Revelation Of Jesus Christ* para.407 -Ed.]

Yet, that man is noted as one of the greatest American presidents. But here a Prophet, not seeing with the eyes that people see with, he was watching those four angels in the river Euphrates that was bound there. That was the agents of Papal Rome but God, by vision, was showing him how the Catholic church was going to take America. And if she took America, the seat of power, how she infiltrated her way and how Roosevelt...

He [Bro. Branham -Ed.] said, "Look at him there, when they were in World War II," he said, "and those German soldiers ran in the Vatican and Roosevelt wired from the White House and said, 'Do not fire on that place!'" He said, "And yet, the Americans were being fired upon by the Germans." [1963-0707M *The Indictment* para. 95 -Ed.] But Hitler had a concordat with Pope Pius, that's why they went there because Hitler and Mussolini and they were put into power by Catholic votes, sponsored by Catholic wealth to achieve the political ambitions of the Catholic church. They gave their strength and power to the Beast.

On *The Feast Of The Trumpets* when Bro. Branham saw it, he said, "Oh God, how can I say that?" He

knew they would lock him up if he said those things. He said, "Oh, but the Holy Spirit is moving through me." And he started to speak it in mystery. We teach the wisdom of God not with words that man's wisdom teacheth, but Words that the Holy Ghost teacheth. [1st Corinthians 2:13 -Ed.] That's right, friends. Because the Catholic church already had him on the tax case, (you know that?) trying to silence the Voice; what we went through there.

See, sometimes you are in the Message, but the Message doesn't mean anything to you. You see Bro. Branham is the man – Pillar of Fire; walked in the desk every time, discerning. You don't see the man laboring for the Word. The man was under pressure; the government was trying to shut up the man. The man had to be careful. The man had to try to stay under prayer, "Lord, how to go? What to do?"

Why God didn't tell a vision? They couldn't understand that. Why didn't he do like Oral Roberts? Today Oral Roberts' place is in so much of scandal, over fifty million dollars in debt again. And Bro. Branham said, "I was preaching in Tulsa, Oklahoma. I looked out there and I saw all those young boys in Bible school, they were playing blind Bartimaeus with their cup, when they were coming to pick up the offering, and they were joking in the back." He said, "I sat there." And he was watching them.

He saw the kind of seeds they planted. He came on *The Spoken Word Is The Original Seed* [1962-0318E -Ed.]; he said that they planted for the tares, the ecumenical move. That is what that is going to bring. He said, "But I sowed the Seed for the Bride."

Yet, the historians said, "Oh, he should have done like Oral Roberts. Oral Roberts is the giant, not him. He ruined his ministry."

You see, sometimes when... you don't get carried away when people talk 'dotish' talk [nonsense -Ed.], friends. You know ministry by revelation and discernment.

You discern the Body of the Lord, not people's carnal understanding of how they think the man should be. You learn and you watch. The first thing you look for is the Word. Is the man on the Word or not? That's the top and bottom line. He could be sweet, he could be a mixture, he could give jokes, he could get people to like him, he could seduce them, it comes down to, is he on the Word or not?

You watch any man that has the Word, he is not a crowd-pleaser. Any man who is in God's Presence, he is not trying to win a popularity contest because he knows his 'self' can't do anything for you. It has to be the Word inside of him. That is why he said, "It is not a man you are feeding on, It is the unfailing Body-Word of the Son of Man you are feeding on."

So look: [1960-1210 The Philadelphian Church Age -Ed.] *"I will keep thee from the hour of temptation, which shall come upon all the world, to try them that dwell upon the earth."* ...

This thing is so far advanced, friends. And that's why I am trying to trust that God gives me the grace to bring it out to you because that is so far advanced.

... This verse is not a declaration that the true church will go into and through the tribulation. If it meant that, it would have said that. But it said, "I will keep thee from the hour of temptation. This temptation is exactly like the temptation in [the Garden of] Eden.

What was the temptation in the Garden of Eden? Eve fell. Adam's bride fell. What was the temptation for the second Eve? She fell. How will the third Eve get back to Eden? She has to overcome, where the first two failed.

This temptation is exactly like the temptation in Eden. It will be a very inviting proposition held up in direct opposition to God's commanded Word, and yet from the standpoint of human reasoning it will be so very right, so enlightening and life-giving as to fool the world.

Only the very elect will not be fooled.

Now hear him now. And this is prophetic here now. He goes, "The temptation will come as follows..." You can't say the words that I am going to read from here on without vision and without revelation in the Bible. Because he in 1965 is telling us, (who I am here in 2007, reading this, December) he is telling us how this thing will unfold until the whole world is deceived.

The ecumenical move that has started on what seems such a beautiful and blessed principle (fulfilling Christ's prayer that we all might be one) becomes so strong politically...

Catch that. The ecumenical move, a religious move becomes so strong politically. Jezebel is religion, but Jezebel wants to control the politics and economics. So she knows how to use her wealth, her membership, her real estate, her assets to either make or break a politician.

Every politician; this last election here, they go to the business people to help sponsor their campaigns, so they can get re-elected into office. If they get that, they can promise them 'back perks'. If the churches tell their people, "Don't vote!" then you'll have a low electorate. And then if it is not going too good, then what is going to happen? They want the voters out and they start to realize, you have strength controlling masses of people, then they are going to come to you.

Didn't the politicians go to criminals and called them 'community leaders' to try to bring down crime? Why did they go to them, and they have the police force and an army, and those people have no police force and no army? They have a couple of fellows with gangs. The police force and the army have bazookas, all kinds of rocket-launching weapons and different things. They went to the military base to be trained; they are lieutenants and colonels and things. But to control the city, they had to go and sit and talk to these people to ask them to keep off their 'bad dogs',

let the people go free; don't terrorize the people so much.

Politicians recognize the value of people who have influence and control. And that is on an island seventy miles by forty miles who has no global influence. Do you understand what I am saying? We are talking about the Catholic church, the fourth empire that rules the world until Jesus comes and sets up His own Kingdom. We are talking about Rome, the Beast that was wounded and came back alive, who has been here for the last twenty-four hundred years, we are talking about.

[She] becomes so strong politically that she bears pressure upon the government to cause all to join with her either directly or through adherence to principles enacted into law.

Because if it doesn't come into law and legislation, people will not take heed and you have no way to force them. They need the law so that if they don't do the law, then it becomes a criminal offense for them, then they are subject to a penalty for violating the law. And so, the state can move people if the state has a law that they could enforce to get a certain behavior out of the people.

Well, this is what he is saying. How can you know that if you are not watching religion's involvement in politics; if you are not observing the laws in a certain realm? It requires that to see this coming. And that's what Daniel talked about, how it is coming like flatteries and it's taking the kingdom; how he will destroy by peace. Why are they doing that? It is terrorism. Know who is in your church.

They said, "Well this fellow, he appeared in the mosque one day, but we don't really know him. And you know, this is an open thing; we were saying our prayers and he came in. You can't blame the whole mosque and say all of us are terrorists just because

you found this man with plans to blow up Kennedy's airport, JFK. This man came to the mosque twice."

How did they try to get Jesus? They sent men to say, "No, no. We believe. We are believers." and they got in among them. And they said, "Yes, I heard Him say that in a service. Look I have the tape right here. Those deacons didn't know I went in there wired."

See? Now that is the Bible. That is the Ministry of the Son of Man. Son of Man is not just healing and discernment, you know. Son of Man died because the church gave their support to the Roman power because the church wanted Him killed and they had no law to kill. And they put pressure on the Roman government, and the Roman government gave the sentence. And that's how we got salvation: by a Saviour dying. But that is how the political and religious machinery worked to bring about the death of our Saviour.

God planned to give us a Lamb, but this is the way the Lamb came. And the salvation in us for the world today, this is how it is coming too because you have to go beyond the Camp, bearing the reproach to be identified with the rejected Messiah on the outside. It is not a popular Thing inside that everybody is going to accept.

I trust that you can see this Word as we try to open It here for you.

...that no people will be recognized as actual churches unless under direct or indirect domination of this council.

What I read for you with the U.S. senator from the White House, the alligator-like man with the iron hand coming with the tax case, and I showed you back in the Bible, Jesus Christ yesterday and Jesus Christ today. And then I read for you where he said, "Any man that had spiritual office," and he started from Moses down to where, even he was standing, "the

government was trying to get them.” [1962-1230M The Absolute para. 2-5 -Ed.]

When I saw that, I saw this Scripture here being fulfilled. I saw how strong, politically, they got. And I see how Jezebel could write that and put that document, and with one stroke broke six of them like that. Forced them in or they lose property, or all your scandals come out through blackmail and extortion like they had the goods on Jimmy Swaggart; like they had the goods on this one. And they will use it when they need to use it, to break you in the public because they control the communication networks.

In an Age of globalization, it will take five seconds on CNN’s primetime, and every nation in the world will see you, and they’ll finish you once and for all. It will take the political and the special journalists who write pro-government and pro-Catholic and have the main pages, and the editorials to write and show you in a certain light, in no time.

It’s like how we heard how Bro. Branham was a homosexual. We heard how he got drunk. We heard how he was driving his car that day. We heard how he couldn’t humble himself to God. We heard how the people warned him and God had to take him off of the scene because he wouldn’t listen. Where did all of that come from? And the Pentecostal world you can’t tell them anything different. And in those days, you didn’t have an Age of globalization as we have it now.

Look at these poor little Muslim people who they picked up there, and showed where they were plotting all kinds of things for JFK airport. Before you know it, they were extraditing them and all kinds of different things out there. Who could stand up for their defense? When they could take down a big Chief Magistrate and everything else, and Chief Judge, and it was just on suspicion.

You see, but this is when you don’t have revelation, that doesn’t mean anything to you because you are

living in a small nutshell. But when you are watching the powers at work, in the same society where you walk on the roads; you don't realize how much grace and liberty you still have. And you are not realizing how to use that time for the Lord, that when the time comes and you want to get desperate and run and tell people about Jesus, it's because to open your mouth and say, "Jesus", you could be in trouble.

This is where this kind of Christianity I am talking about, this morning, you realize that is not the kind you just want to come to church and sit on the bench and say, "I am in Third Exodus Assembly." You realize where I am talking from here, I am talking about where the Bride has to be. And what you call Final Voice to the Final Age and Final Quickening, it is not a slogan then. And when we are talking about the manifestation of the sons of God and Adoption, we are not talking about babies then.

Listen. Little groups will lose charters, privileges, ..., until they lose all property and spiritual rights with the people.

Do you see on the document how they know everything they own? They know every bank account. They know every investment and they could lose it. So what are they going to do? They said, "We are not telling you to stop preaching. We are telling you now, 'Don't preach that'."

Didn't the man tell Bro. Branham... didn't all those people come and say, "Just don't mention the baptism; that is disturbing people, man. We are guaranteed three hundred churches on the West Coast here, you will be speaking to, Methodists and these people who have not come out in a religious service - they're wearing pants and went back on sanctification. They all want to hear about this Gift and these things but we noticed in your meetings you get charged up, and the next thing, you start to beat bobbed-hair, painted face, all kinds of different things and you are running

the people. And we are getting a chance to bring these people to Christ.”

You see one person is seeing, a big crowd equals big money.

The other man is seeing, “I am throwing back eels and lizards and crabs and spiders in the water because I am only sent to catch rainbow trout.” One man is seeing an economic thing behind the service; another man is seeing, getting a Bride ready for the Rapture.

Jesus had that in His church. When the woman anointed Him, all those big, big apostles around Him said, “Unto what purpose is this waste? We could have fed the poor with this.”

He said, “Feed the poor? Is that what you all are on?”

And the Bible says that Judas said that because he was carrying the bag. Do you understand? Jesus had that in His church.

You have to be spiritual. This is not about carnality. This is about being spiritual. The Bride is part of the Bridegroom. Jesus was not a carnal Man and He is the Word, and She is part of Him.

... As this pressure increases, and it will, ...

I am seeing that being fulfilled when I saw that they made that move. I saw the pressure increase.

...it will be harder to resist, for to resist is to lose privilege. And so many will be tempted to go along, for they will feel it is better to serve God publicly in the framework of this organization than not to serve God at all publicly. ... But the elect will not be deceived.

Furthermore, the elect will not only be kept, but as this move... [Get it now] ... but as this move becomes the “IMAGE ERECTED TO THE BEAST,” the saints will be gone in the rapture. As this move...

So when you are seeing that pressure is increasing and they are moving like that, how far are we to the Rapture? And when you are seeing this Glory in the

sky, then you have to learn to see beyond flesh now because that is not people's flesh represented there, that is the gene in people represented there; that's the attributes of God represented there. That is the soul, the part of the Word represented there and the badger skin hides the Glory.

By revelation, you have to know God is veiled behind skin. You can't treat that brother and sister, the way you think they look. You can't feel you have better clothes, you are better than them. The devil is deceiving you if you are thinking that. You can't feel because you have better education, you could embarrass them and humiliate them. No sir! Not at all!

And this little delightful, winsome [group] that started out in fellowship at Ephesus ["Oh, that we all may be one."] will become the monster of Satan... [Do you hear how he described it?] ...the monster of Satan that defiles and deceives the whole world.

How did he defile them? Their thinking, with all this propaganda and misinformation, he defiled. But how are you cleansed? You came through the Water of separation, 'a thinking man's filter, a holy man's taste'. That pollution couldn't enter your mind because you only looked for the Bible.

...For the church system of the Roman Catholic and the Protestant in coming together will control the whole wealth of the world's system...

He is giving us these steps to the control. He showed you how it is going to start, how the pressure is going to come, how the control will come in, and when they're controlling the wealth, how the economy will change and how you will find yourself in a recession.

I am coming in. I am now laying in this quote here. Oh God, I can't be here this evening and I don't want to bring It broken up. I want to take my time. I want to follow Him. I am not going to hold you long either.

We have to sit down and eat and relax and talk about It.

... *and force*...[when they get this control now] ...*and force the whole earth*... That's a lot of power: the whole earth. That means governments have to agree and support this thing. That means international bodies have to be infiltrated by them also. That means they have to get their people engineered into certain positions, so where decision making is taking place and they make that decision, they can establish their policy. Do you mean to say Rome is doing all of that? Who brought down the Berlin Wall and the Communist system? The pope and Reagan [Ronald Reagan 40th President of the US -Ed.]. I preached it here over and over.

When I went to Poland, the little message I preached there, I went back the next year in the Czech Republic. In those days there was the Iron Curtain still; long, long lines. And I was going there, saying, "Lord, what am I doing here?" And I jumped in a car to drive four hundred miles, with people I had never seen in my life. I stepped out of the airport, they just let me through. I got in the car. The brother showed me the eagle on the book and I said, "Yes, it is me."

I got in the car and he drove me four hundred miles, going to a village where I had never even been before. I was by myself. They stopped the car to take a little coffee along the way. One of the brothers opened the trunk and I saw he came out with something like two pieces of cardboard, with an ice pick stuck through and some twine tied it up, but I could read in their language 'Ahab and Jezebel'.

I had preached *The Vatican/Washington Alliance* and *The Destruction Of The Present-day Money System* [1989-0721E -Ed.]. I was going at that time to preach on *The Destruction Of The Jericho Wall And The Deliverance Of Rahab* [1990-0721 -Ed.] showing how Rahab was caged up behind the wall, but the attack was to tear down the wall to deliver the Elect who was shut

up in that system behind the wall. And the Message was now going into the Communist block.

This last witness, 2007, the convention they had, the brothers and they were sending the DVD for me because they kept asking me, "I want you to see this. I want you to see this." Because I had baptized these two ministers there in Poland. And later on when the western world got to find out that these two men are the men, who control most of the work up inside of there, oh, everybody ran in there with cameras and everything. He said, "But we made a DVD and we carried it out, and we were testifying you were the first one that came in here and supported us and stood with us." The man was being ridiculed and rejected, and everything else, but I don't listen to gossip.

You have discernment and God has strange ways to show you things. A lot of the man seemed... the man 'carried me back to see' [reminded me of -Ed.] my father, and I was drawn to the man. And I started to befriend the man. And then, when I baptized him, everybody was saying, "Do you know what kind of man you are baptizing?" and different things.

He was telling me, he said, "Many people came in here," and he started to call the big names in the Message, he said, "but when you came I saw the style of the Prophet. You preached *The Master Is Come And Calleth For Thee*" in '87 - 1987. The Wall came down in '89.

I'm not blowing a trumpet but giving you a testimony. I am giving you a testimony to show. You see sometimes you sit down here, but the church evolved through these things. Some of you all come through the ranks and these things don't retain in your mind because you can't see beyond this little group here, to see the kind of influence and how people will believe the Word.

Sometimes I say, but... from the time they saw that Trinidad passport, they held me, and Steve [Bro. Steve

Walters -Ed.] about five hours or six hours one time, thinking we were drug traffickers. Our passports were filled with stamps, we are black, from an island they never heard about, and we were on a Russian border there. What were we doing in the back there?

They interrogated him by himself. They interrogated me by myself. They brought us together. They tried all how for us to say two different things. They were calling up, all kinds of different things, and we just sat there laughing, talking; relaxed. We said, “We have to wait this one out, but stand, still. This is no time to sweat.” Because we knew they had nothing on us, you see, nothing on us.

You say, “How could God send you around the world into such faraway places?” It is a paradox. And when they come to the meetings, they don’t know about you? And they hear that Word and they say... Like Timmy [Bro. Timothy Dayal -Ed.] and they had... they streamed the service. I didn’t even know until the service was over. They said, “We streamed the service.”

I got an email from my brother, he said, “We sat and we were able as a family to listen to our first service.”

He sent the link for them and they saw the service here. Sis. Ramona in the States, she and Becky, they saw the service right there.

I said, “What did you do?”

He met some man, and something, and whatever it was, and some connection. You know how they are. I am slow in those things. But what is coming, let me tell you, the saints are already looking forward in the islands that before... by April or so, should the Lord grant us grace with this new high-speed internet, they will sit right there in Grenada, Guyana and those places, and be seeing the service ‘live’ like this there.

That is a dream of Bro. Errol Pereira. He had that dream in his heart, hoping way back in the ’90s, trying

to see this. When they started to enquire, the kind of money people were talking about.

Then Bro. Bishop and they came, met some man; brought them in, some electronic people and so on. They said we have to put in some kind of big, big transformer there. We have to pay for it for ourselves and things. We said, "That is so difficult."

The saints in Cedros couldn't come up, and we were trying to figure out how we could have done that. But in the last few years, with the things developing and moving so fast and the kind of speed of the internet, right here. Last night, quite in New Jersey, they were seeing the service right here. In Brazil, he told me he sent it to some of them in Brazil, they were seeing the service too. It just shows, friends.

Then Daniel Bishop and they have some people they kind of send a little link to, Pentecostal friends of his, they said, "Wait, this is for real? This is for real?" They sent back an email, "This is for real? This thing exists?"

He said, "Yes. That's the church I go to."

The things that they were hearing there, Friday night, being around all those darkened, Pentecostal church doors, and then saw a service like this, "Wait, it has something like this going on and we don't know about this?" When you see what man runs to the television with and stands up there and carries on; (do you understand what I am saying?) it baffles the world.

Don't let it baffle you, friends. It is sent to wake you up, not to baffle you. It is sent to wake you up as a people out of a sleep.

For the church system of the Roman Catholic and the Protestant in coming together will control the whole wealth of the world system and force the whole earth into its religious trap, or will kill them, by refusing them the privilege of buying and selling whereby they would make a living.

Now, many of you know, right now the cost of living is going up and going up. And many of the Caribbean islands that never had V.A.T. before, all of them are paying V.A.T. now. And right now, the heads of CARICOM, and people... while we were there, traveling, we still have our Trinidadian passport because Trinidad has 1.3 million people. Some of these islands have a hundred-and-something thousand, two hundred thousand and so on; they all have CARICOM passports already. While they are going, they push their CARICOM passports, we still have our Trinidadian passports. I guess, with the number of people here, the kinds of fraud with passports and these things here, they have to do whatever they are doing, before we get our CARICOM passports.

You see, that was with the World Cup, and the Holy Spirit pointed that thing out and showed you what was happening and what was coming. The stadiums and they are still empty. And they are still in debt, and the repayment is coming. And the cost of living started to skyrocket in the same region.

You see, sometimes, you hear the Word coming but you can't, in your mind, put It together. But it is like a meteorologist, he is standing in a weather tower and he is working with a power in the sky. He is getting his information from a power in the sky called a satellite. We call our own the Angel of the Lord. Sometimes, we give Him a personal Name and call Him, Michael or the Lord Jesus, or what, but you know that is Who we are talking about – the Headstone. We have different names we call Him.

That satellite is an eye and that eye sees that storm. That eye evens shows you the eye of that storm. He looks straight in the eyeball of that storm that is coming, and he works out that fellow's speed, his distance away, and the route he is taking. And he monitors how he is building up momentum and

getting and increasing in power, and how he is being influenced as he comes from one territory to the next and is changing form. And they could anticipate what he will do when he changes that form, with the build-up of speed and power. And they could tell you what kind of destruction is coming and then, they tell you where you are at, if you are in the line of that path. They tell you what kind of speed you will be hit with, the fury that you will be dealt with, and what kind of shelter you need. And if they tell you that an hour before he comes, you are dead. But if they could tell you, "In two days or three days he will get there." you have a little time to take up your valuables, fly to a shelter, or get the things you need to survive the onslaught.

Well, that's how it is with the Word. This economic storm that is coming and the fury and the devastation, but the Holy Spirit in the Tower, the Communication Tower, is bringing down the graphic images and is showing them to you 'live', and showing you the intensity and showing you it is coming, friends! It is breaking, coming and the people who it is striking, right now, and they are forcing them into the system, and they have to declare all their assets and everything else, the same way it is coming!

When it was coming on the Muslims, it was telling you too, quite there, it will be coming upon you because it is really for you. Because while he is dealing with them there, he was talking with the Muslim clerics in the Vatican about peace. And he had a meeting with the king of Saudi, of Saudi Arabia. And the king of Saudi Arabia there, they sat for half an hour in the Vatican and nobody knew what they talked about. And he [the king -Ed.] presented him [the Pope -Ed.] with a nice gold jeweled sword.

Do you remember the time when the queen went in black? And the people in the political seats could read it right away, they said, "Black is a repentant color.

What is she going there to do? That is the wrong color to go with.” But Runcie [Robert Alexander Kennedy Runcie - British Anglican Bishop] had already swung the whole thing into there. Now they have Gene. His name is spelled G-e-n-e, but it is really *Jean*. He is a confessed homosexual: the head of the Anglicans.

I will read something for you, in a little while, before the day is over, maybe tonight. It will shock you where they're giving eleven... They passed the law, signed it, on January 1st 2008, it is an established law in California there – Arnold Schwarzenegger, the governor of California. Eleven-year-olds and twelve-year-olds, they are giving them patches and birth control pills and everything else. And all the books are being changed: they are taking father and mother out of the book, and his and her and all these things out of the book, and now they are bringing what they call, sexual orientation. If you like animals, bestiality, they will demonstrate graphic images of how you can have pleasure.

Remember, right here, they were bringing the f-word in the book, coming in here recently. Remember I preached to you on the Sodom sign and all those things and I showed you what they were doing in those Latin American countries? But how don't you see it in our newspapers? That is what I was telling you in the beginning. That is what I was telling you in the beginning because the people who are giving – reporting the news, don't report news for edification. You have to first be thinking about edification. You have to first be thinking about families and different things.

You have enough pages to advertise whiskey, this here, nightclubs, all kinds of different things. You have to have pages for that because the market for that is bigger. They have more demand for that kind of news and they are trying to serve a demand because

this is an Eden where sin is legalized, the Prophet said. He made a better world to sin in.

[She will] force the whole earth into its religious trap, or will kill them, by refusing them the privilege of buying and selling whereby they would make a living. This will be accomplished simply, [simply, he says] for the harlot's daughters are all but gone back to her. In the meantime, Rome has acquired nearly all the supplies of gold. The Jews have the bonds and all the paper. And at the right time,...

As the pressure increases, they become so strong, politically.

And at the right time... We, also are coming into the right time. This is the right time he was talking about. ...the harlot will destroy the present day money system... [That is one of the things I am going to get into.] ...by calling in all the paper and demanding gold. [Right now the gold prices have skyrocketed.] ... With no gold, the system falls. The Jews will be trapped and come into the alliance.

Here is the same Prophet when they were asking him questions back there, he could not explain it. In the book, here, he explains the whole thing: from the time... how it will start and how it will end up. And he shows you the steps of how she will come in to take total control. Because Revelation 13 says, nobody on the earth will be able to buy or sell without her. That means she will control the world's economics.

Daniel 7:23 says: The fourth beast will devour the whole earth. Revelation 13: 4 and 7, and Daniel 7:21 and 25, it shows how the little horn, the king of this fourth kingdom, in the last days will control all politics. All the kings of the earth are drunken by her. All gave their support to her. Revelation 13:8 and 15, he will control all religion. All those whose names are not written in the Lamb's Book of Life will worship him. Revelation 13:6 and 17, you can't buy or sell, he will control all economics.

All economics, all religion, all politics, the whole earth is under his control. He shall destroy wonderfully. That's why people can't see it. It's a mystery in symbol form. It takes a Prophet to uncover how it is going to be. He will cause craft to prosper and by peace shall destroy many. And people are going into the ecumenical move to fight terrorism, to fight communism. Yet, we are living in a society where all the principles of Hitler and Stalin and they are now being implemented by the USA, the very same system...very same system.

I was reading an article a woman wrote, showing the ten steps to bring in something like that and showed the ten steps already implemented. Since September 2001 when the Holy Spirit told you, and I have kept posting you and pointing you back there, that you will see the things that are coming.

It is getting pretty hot, but you have to fight the heat, this morning. You have to prepare to throw that heat off. Satan would like to make it so hot that we don't talk about these things. But, this is the difference, friends, whether you will be here, how you will face it, how you are going to deal with it, what is moving in your heart, right now, as a believer; where are you at; how deep your convictions are if you can't overcome little things in your life, little ordinary a-b-c obedience, dress right, walk right, are you ready to face with these things?

This is the might of the power of the demonic forces. This is not being enticed just to trim your hair or shave your eyebrows, or kind of pull up the... No! This is the might. This is your life is going to be involved in this.

...destroy the present-day money system... calling in the paper. We are right on the door of this. Hear this quote.

Look. In a few years from now, I will say within the space of five years, [A message called 'At Thy Word,

Lord' 1948-0305 para.8 -Ed.] ... *your money won't be worth the paper it's wrote on. It won't be worth nothing.*

He said: *Over in Russia today [that is when he was preaching this] they have their houses papered with thousand-dollar bills. Confederacy... That's right. And we're coming to the same thing.*

A missionary here in Miami the other day was talking to me. He walked down the streets of London, England, where we were going to there at the London Hall. He said, "I had six hundred pounds in my pocket," which was dollars [converted into six hundred pounds]. He said, "My little girl wanted a little cookie. [This was after the first crash, in the years after the Great Depression.] And those six hundred dollars would not buy that little cookie. I had to have a stamp first. It's rationed."

And the Prophet said: *Mark of the beast... No man can buy or sell except he that had the mark. And it's coming right here. You listen to it. You'll probably be seeing it 'fore I get back here again. It's right at the door, and we're near the end.*

So don't think of money.

Now, catch how I am bringing this. I just read for you they will recall the paper and destroy the present-day money system. I am saying we are there.

He said: *So don't think money.*

Right now the U.S. dollar is about to expire. Many of the nations have already come off of the U.S. dollar because they see where it is going. This Word out of the mouth of this Prophet has to come to pass. This is prophesied she will ... buy and sell. The mystery behind how that will be done is what I just read for you. This is what has been going on for years since he spoke the Word back in the '60s until where It is today where he kept saying, "Back there in 1929, when those visions came in the years of the Depression, in 1933 on the Ohio River, a Pillar of Fire came down and gave

the promise: your Message will forerun the Second Coming.”

Right there, a couple of weeks after, he saw seven visions. The Catholic church was in America and the bomb was coming to explode the thing. All the way from that time, World War I, World War II... in World War II rather, he saw it coming, and he saw what was going to happen after World War II, how science was going to increase in the earth, how the women will come to a place of undress, how women would be given the right to vote; how Kennedy, a Catholic president will come in; how the Catholic church will use her power like Jezebel behind the throne. He saw it all and preached it from the Bible.

While he is there in '63 now, he who was in the years of the Great Depression, he who knew when the cookie was worth... six hundred U.S. dollars couldn't buy it – and had to get a stamp, and the man couldn't buy it for his daughter. He was standing and saying, “And my little grandson will be living on the taxes paid forty years from now.” [1965-0120 Lean Not To Thy Own Understanding para. 78 -Ed.] And he is making this prophecy, and then he is explaining to us how they will call in the paper because if it is not backed by gold, it is useless.

He said, “In Russia when that system fell, people were plastering their walls with thousand-dollar bills. It didn't mean anything.” It couldn't buy a thing. Right now in Zimbabwe, where I have been about four or five times, the inflation is thousands and thousands of dollars to one U.S. dollar. You think in Guyana is bad, in Guyana it is easier than Zimbabwe. Wheat shortage, food is measured. “A measure of wheat for a penny, a measure of barley...” I am coming to it. I am coming to it to show you the recession prophesied under the Seals, it will be measured out. When the Bible says ‘measure food’ that's a sign of scarcity.

You know in Trinidad you had the baker's dozen was thirteen? You say twelve and the baker gives you an extra one. And then you stand up there and you say, "Give me a *lagniappe* [something given as a bonus; extra -Ed.] please?" You're buy some eddoes [tropical vegetables -Ed.], the man throws in three or four more eddoes. You buy some plums, he said, "Take an extra handful. Carry it for the madam. Take a *lagniappe*." Things are plentiful.

Boaz said, "Give the extra handful." But when he starts to measure it, it's scarce. Two grains fall down there, you pick it back up and you throw it back in. You should have left that for the birds, but you picked it up and threw it back in.

You see, people don't like to see the world like that. But what followed Elijah's message? Famine, depression, and war. I am coming to it. Elijah's message, when the message was turned down... and the Prophet said, "Look what is going to follow turning down this Message in the last days!" when Israel's history begins to repeat itself in America. ...there was a little widow who discovered her potential. We preach that even now when people have money and shoes. That's why they get a little conviction in a service and it doesn't last for the next week. When that becomes real, when that becomes real, then you would see that Woman.

We talk about that woman and say, "That is the Bride and the two sticks, that is the Cross (and these things) – Christ on the Cross." But right now, we are not on any Cross, in that sense. That is when the Roman power shut Him down completely. That is after court trial where they tried Him and found Him guilty and sentenced Him to death, then you will see what it is going to be there.

So that's why as the Meteorologist, as the Weather-prophet standing there receiving Information, revelation from the Heavenly Eye, seeing the things

that are coming and where it is already hitting, and the speed it is coming in with – and you're on the economic fault line.

Do you know why you felt that shake in the Caribbean there? And you felt it and remember, I told you (what?) the only two buildings in Fort-de-France, Martinique: a store and a bank, and down here, the Central Bank and the Twin Towers: the Ministry of Finance building. Isn't it strange? Those are the strongest buildings they built. That is what they got big overseas contractors to build. And the little old lady's house didn't shake and two galvanize sheets didn't even fall off. Blessed are your eyes that you could see. Blessed are your eyes that you could see.

My! You will get to go for lunch just now. I want to take Revelation 5 and 6, and we will go for lunch. We will come back later. Turn to Revelation 5 and 6, and Hosea 12. Hold those two, we will just take that and we'll go for lunch. Praise His wonderful Name!

He said, "I will keep you in this Hour. I will keep you from it. They trapped you to force you into it. I will keep you. I have a way to keep you." What He is giving you now is to keep you. It is to build your faith into a place for Jehovah-Jireh. It is to build your faith to see God could provide a ram when there was no ram, (to see God provide squirrels when there are no squirrels) but that was Abraham's final testing before the promise. And before you get the change of body, you are going to come into that final testing. Before you see resurrected saints, there's public crucifixion: that Squeeze, the final testing to come into it.

Revelation 6; this is your Seal here. This is the Seal. The Secret is right here; this is the Seal. This symbol ties the entire Bible to reveal how we will come into this, in the last days. This is why this is put in the Bible. [Revelation 6:1 –Ed.]

⁵ And when he had opened the third seal, I heard the third beast say, Come and see.

What was the horse before that? A red horse. That was war. What follows war? Famine: famine always follows war. War destroys everything. War disrupts everything. And the way war is fought, it is even to starve your enemy out too. It is to disrupt all their food supplies and everything, to weaken them into a place of surrender. It is even to pollute their food supplies or cut them off from having access because you weaken them faster, and you can finish your war quicker, and you could save lives and save money in fighting that war.

⁵ And when he had opened the third seal, I heard the third beast say, Come and see. And I beheld, and lo a black horse; and he that sat on him had a pair of balances in his hand.

The first time in the entire Bible where you saw a balance is referred to, is inferred in Genesis 23 where Abraham is weighing the money to pay the price for a possession. It was a type of Christ being weighed in the balances of God to give His Life, a ransom to purchase a possession. And He did that so the enemy could have no claim upon it.

This is the last reference in the Bible of the balances. This man has the balance in his hand, the same way Jesus had Seven Stars in His hand. This man has a sword in his hand; this man has a balance in his hand. He has power over systems in the earth. He has built an Eden and he controls his Eden by political power, religious power, demon power; he controls his system – financial power. He built his system on these principles and he holds it in his hand. And that's why he said, "Who is able to make war with him?" He is holding the pair of balances in his hand.

⁶ And I heard a voice in the midst of the four beasts say, A measure of wheat for a penny,

It was not the man with the balance saying this. This was a voice in the midst of the four living creatures. And the four living creatures are the guards of the Throne: the lion, the ox, the man, and the eagle. And in the midst of the Throne is the Lamb. And the Lamb is speaking. And the Lamb is telling us what this man is fixing to do with this balance.

Can you hear that voice from the four living creatures? The balance is a symbol of trade and commerce. It's also a symbol of judgment. God told Belteshazzar, "You are weighed in the balances and found wanting."

I want to show you how the white horse rode, but then Christ ended up on a White Horse; he was just an impersonator. The red horse rode and killed with the sword, but then Christ was slaying the nation with the Sword of His mouth; this other one was only an impersonator. This one had a balance in his hand weighing out things with the world, breaking nations; but Christ is going to weigh Babylon and her king and dry up the river Euphrates, to make a way for the kings of the east so Babylon could fall.

I said a whole mouthful there but I had to say it in those terms. If you have any insight, you see the same God weighs too and He is going to weigh this generation. Right now, He already weighed them and found them wanting when they rejected this Message, and He shut them up in prison. That's His justice because He found them guilty. They were guilty of the Body and the Blood of Jesus Christ.

⁶ And I heard a voice in the midst of the four beasts say, A measure of wheat for a penny, and three measures of barley for a penny; and see thou hurt not the oil and the wine.

He is saying this from the midst of the four living creatures, not the man on the black horse.

Hosea 12, verse 7: Ephraim here is a type. And I have direct quotes on it, as a brother used to say, "I could quote it for you." But Ephraim here is a type, the same as Jeroboam, Absalom, Adonijah were types of Lucifer. Was Jeroboam a type of Lucifer? Was Adonijah, and Absalom who tried to steal the throne a type of Lucifer, who broke David's kingdom, who pulled down one-third of David's angels and tried to make himself king? That's right. The same way here.

Hosea 12, verse 7:

⁷ He is a merchant, the balances of deceit are in his hand: he loveth to oppress.

This same one you see under your Third Seal, he's a merchant. He loves to oppress and the balance is in his hand.

⁸ And Ephraim said, Yet I am become rich, I have found me out substance: in all my labours they shall find none iniquity in me that were sin.

Do you see how he is boasting? He is boasting and he is confident in his deceitfulness. He loves to oppress. He has the balance of deceit. He becomes rich by his deception, but he said, "I will not be found out." Revelation 18 says that she said she sitteth as a queen and says, "I am no widow."

God said, "Her plagues have come up to Heaven. And strong is the Lord that judgeth her and weighs her in the balance. All her plagues shall come in one day. And that great commercial city, Revelation 18, all the merchants of the earth are going to howl and weep."

This is your shadow of that End-time prophecy because the Bible speaks of one great End-time city who will control the world's trade and commerce, who will capture the wealth of the world, who will work through economics where you can't buy or sell except you take the mark. It is prophesied, all to one great

city in the last days in the End Time. And God is showing shadow and type and symbol down through the Bible, unfolding the mysteries of this one system.

That Seal there is showing... Who was that rider? Lucifer. Is that right? He rode the white horse. He rode the red horse. He rode the black horse. And he is uniting all three right now; religion, politics, and demon power under your Fourth Seal, the uniting time and sign. Under the Sixth Seal: the man of sin sitting in the temple as God, and you can't buy except you have the mark. And everybody has to bow down and worship the image just like in Daniel. Here is the same thing.

So look at him here. He's so confident in his deceit. Because of his shrewdness, he was able to deceive the world. He fooled the world so he was able to cleverly conceal his manipulation and his exploitation of the unsuspecting masses. He blinded them through the media. He controlled them by religion. He hid, himself, from religion and politics, and they thought that he was only interested in abortion and lighting a candle for Mary. The same as Ahab and Jezebel had thought (the two beasts of Revelation 13: Ahab – America; Jezebel – Rome) when they stole and killed Naboth for his vineyard. They thought nobody knew and, they had the whole world fooled. They had nothing to do with it.

He went down to possess and the Bible said, "The Word of the Lord came to Elijah, 'Go in Naboth's vineyard and wait for him.'"

Elijah stood up, picking a grape or two and eating. And he [Ahab -Ed.] came down in the chariot and Bidkar and they were there. They were his escorts, that day, Jehu and Bidkar. And Elijah stepped out and said, "You didn't only kill, but you came down to steal and possess too."

He was shocked, he thought they had the whole public fooled. And when they thought that they had

the whole public fooled again today, they hadn't Elijah fooled. Elijah had the mystery, and Elijah opened It to seven thousand who didn't bow their knees, to take them out of that Jezebel's system. And Elijah turned their hearts back to the faith of their fathers, at the time of the Evening Sacrifice.

When you see the Hour of Temptation, it is coming in the days after Elijah. Elijah is the last Messenger who gets the Bride to go in the Rapture, and the Bride has to face that before She goes in the Rapture. So that would mean, it will have to be in the days after Elijah. It is not before Elijah, it is after Elijah because Elijah uncovered the mysteries of the one with the scale in his hand. Elijah uncovered the mysteries of how he captured the wealth of the world, how he changed the laws, how he brought an economic snare on the earth, how he forced them into his religious trap. These are his methods of destroying wonderfully.

When we can read It and understand It and then see It, this is the value of the promised Word to us that uncovers the scheme of the enemy and saves us. When the whole world says, "It is a good thing. You all are foolish. You all come in. Look at me I didn't change anything in my doctrine."

Yes, you all are in the Trinity. You are born from the womb of a whore. You are born by denominational seed. You are like Esau, you sold the birthright for a morsel of meat and looking for a blessing still. No, no, no, no.

They said, "I am going to wait for the ravens to come. I am going to wait for God to multiply the Food. Do you know why? Because God has a way to keep me in that Hour of economic recession. He already showed it in the type. If Elijah came and repaired the altar, Elijah came and repaired the Altar here. He did that in the evening time there; he did that in the Evening Time here. He turned the hearts of the children back to the faith of the fathers, he turned the

faith of the children back to the fathers here. Economic recession there; economic recession here; God kept them there, God is going to keep them here. You can't beat the type. Hallelujah! You can't beat the type!

How did the woman come into that faith? She obeyed the Word of Elijah. She didn't do half of the message. The Word called her to sacrifice everything. "Put God first. Bake me the cake first." It restructured her thinking. It lined her up and gave her the requirements, exact and precise and she had to carry it out just the way it was given. There was no other court of appeal to come into it. And that's why your faith is being tried right now, many of you.

Many of you, you are faced with the Word, but your faith is failing you in the Light of the Word, and you are weakening under trials. And many of you are walking away from the Word and showing you are untying yourself from the infallible, proven, vindicated Word the Angels brought, to hold on to some quack, and some man in some laboratory who could say, "Smoking is okay, and this is okay", and could endorse products because they could get a big pay off from the industries to say a complimentary statement. And you are not checking any of these things but you could untie from the Word of God so easy.

Then you want to go into the promise and don't realize, to go into the promise, you have to prove you are worthy of the promise. And to prove that you are worthy of the promise, you have to be tested to the final point, to show that you will stay with the Word. Because the deception of the devil was to get them away from the Word in the Garden, in the First Age of the Alpha Church. And in the last Day, the Bride will prove She does not leave the Word, She is married to the Word, "Till death do us part." He has Eternal Life, She has Eternal Life; they could never part. She is a prisoner to the Word. If She dies, She will die believing

the Word of God, than trying to look for life by loosing Herself from the Word of God.

That's the conviction, friends. That's why He put you in this Age. He could have put you in Luther's Age, you could have smoked your pipe, and you made it. But He put you in the Age of perfection to become the Word, to show His victory and the reason of His death.

A couple of statements and we are finished. The musicians can get ready for me. If they want they can come and play, sit and listen from here; that will be fine too.

The breaking of this Third Seal; when you see black in the Bible: Lamentations 4:8-9, Jeremiah 14:1-2, Lamentations 5:10, black always speak of famine, a dark time, like how you had the Dark Ages. They took the Word from them and gave them the prayer book. They killed them. It was a dark time, no Light. They put out the Light of the Bible and the prophets of God.

Did Jezebel do that when she came into power? What was Pergamos? Married. Did Jezebel marry Ahab? Was that, church and state? Did she use the power of the state to kill the prophets? And Elijah said, "I am the only one remaining and they want to kill me too." Did she do that in the Pergamos Age? 'That woman Jezebel', did he call her that?

In the Thyatirean Age, you have 'That woman Jezebel' there. He took the Old Testament woman, brought her into the New Testament and identified that *that* was a mystery of Rome all the time. And when church and state joined, Pergamos, the church married the world, they used their power. And we have come back to another Pergamos and another Thyatira. Do you know that? Because church and state are coming together here, friends. To do what? Bring supreme rule of the Catholic system when Jezebel controls the whole world.

We are back... that's why it's the Hour of false union. And, many like the sons of God, saw the daughters of men. That's your type in Genesis. That's your Seal right there. That's your Pergamos Age there in Genesis. Out of there, you are seeing Nimrod went forth and began to conquer and build Babel, and forced the whole world to bow to Babylon. That's your Seal there, too. Then you come here and you have your type: control the economics of the world, but how do you get the economics of the world? You have to fight wars.

How are they going to get oil in Iraq and have control over it without fighting a war? How will they control the corridor for the big pipelines coming out of Siberia and Russia and those places there, if you don't go and fight war in Afghanistan? And if you can't do it, then you have to orchestrate a war, make yourself look like you are attacked and then accuse an enemy and go after them. And change the world by a New Age called 'War on Terrorism' but it's a subtle way to take the rights away from the people. And in seven years, they gave up all their rights.

They were fearing an enemy they don't know, they are not seeing, and they are not seeing any army anywhere, only the image on the television; electronic media to manipulate the way they think, while she was making communism look like the enemy. Now she is making terrorism look like the enemy.

I still could hear the voice of the Prophet saying, "Don't fear the Bamboo Curtain. Don't fear the Iron Curtain; fear the Purple Curtain! Fear the Roman Catholic Church! She is deceiving the world; that Jezebel who is drunken with the blood of the saints and the martyrs of Jesus Christ. Fear that."

You understand why Elijah spoke; why the Pillar of Fire came to vindicate the Word because when you come in these times and the whole world is being deceived through the media, you better have a place

because you don't know what to believe is true or is a lie. It's a tree of knowledge of good and evil, an information-based civilization back to the tree of knowledge, the tree of death in the midst of the Garden, Satan's Eden.

Thank God that the Tree of Life dropped down in Satan's Eden. Hallelujah! Glory! And the cherubims identified the Tree and said, "Go and take and eat and live forever. Leave all those denominational trees." Because there was a subtle beast in the field in that Hour, very subtle. He was the wisest of all the beasts in the Mind Age. He had powers to seduce and manipulate emotions in that Age. But thank God, this Eve is not looking at that Beast who could seduce. This Eve is looking at her Adam. This Eve is looking at her Adam. Glory!

Those first two Eves took their eyes off of their Adam, but this Eve is keeping Her eyes on Her Adam. She keeps watching the Wedding Band, and the Marriage Certificate and She has the Name written in the forehead. And Her desire shall be unto Her husband and He shall rule over Her. Her womb is only for His Seed, the Seven Thunders. The Seven Seals opened in reality form that showed Her every spirit in the earth. Oh my!

This rider has a pair of balances. What are we seeing here through the symbols? A careful weighing of the things weighed. And what is being weighed? Wheat and barley. What is that? Bread. What is bread? The staff of life. If he has control and is weighing it and is giving it out in scarcity and is charging a big price for it, what is it? It is famine, depression.

There are four severe judgments. Do you know them? Sword, famine, pestilence and death. They come as what? Chastisements on the earth. Why did famine come on Israel in the time of Ahab? They listened to Jezebel and not Elijah. They refused to

turn away from Jezebel to come back to Elijah; famine came. When that history started back, why are this famine and these things coming on the earth? Because the people are worshipping idols, fashion idols, movie idols, sports idols, religious idols, all kinds of different idols today. It's an Age of idolatry.

What did God say in Deuteronomy 10 and 11? "If you fail to obey My Voice and you turn away to idols, I will do what? Shut your heaven up." Under the Sixth Seal, what is coming? Is Elijah going to shut the heaven for three and a half years? Why? Because Israel is going to be in a covenant with Rome; they are going to marry a pagan in the money covenant. And the same judgment is coming back, and the same history is coming back.

But a Woman is going to be given two wings of a great eagle to fly into a place into the wilderness. "But there is nothing to eat there, what are we going into the wilderness for?" No. They are going there because they are being kept by a faith economy. When Moses and Elijah came, did Moses bring them into a faith economy? Did Elijah open up a faith economy? Did he alone eat or did the widow eat too? The widow ate too, right?

In the time of Elisha... every time I am coming to my text, I can't even get to it, you know. Two services, I couldn't get to Jehovah-Jireh; now, I can't get to the woman with the oil in the house. I am so far behind, trying to break down some of these Things here.

Watch something. When that time comes they are already being brought... How did the woman come in that to come out debt? A Word was coming out of the mouth of a man, anointed and robed. How did the widow come to that place to eat three square meals when there was no food, and she was on her last and about to die? Because she put God first and obeyed the Word and submitted; humbled herself to the Word that came out of the mouth of that man that God sent

to her. “Behold, I send you, Elijah, to sustain him.” Is that right?

Are Moses and Elijah coming back? Did we have the Spirit of Moses and Elijah here in this Day? Did he call a third Exodus? Did he bring the Token? Did he have a Pillar of Fire and a Pillar of Cloud? Did he turn the hearts back to the faith of the fathers? Did he bring us out of a Jezebel system? One thousand, two hundred and threescore days: time, times and half a time, they will feed Her there.

“With what? There’s no grocery out there!” No, the way God fed Elijah, the way Moses fed them, it is coming back. When? When the Beast has the mark, down and you can’t buy or sell because the Jewish nation is trapped. And these come out of the system to leave the Jewish nation in that because they are the real Elect, not like Ahab and they. They come out of that Ahab and Jezebel’s business and they come to identify with the two prophets that God raised up under the Seventh Trumpet. And their Seventh Trumpet is parallel to our Seventh Seal. They are going in by a faith economy; we are going in by a faith economy.

That’s why you are failing the test, some of you, where you are being tested right now, and you don’t have faith to stand because you are not seeing ahead. You are being weakened under your trial because you can’t see the God, Who predestinated you to be a part of the Rapture in that Hour, testing you here unto your promise; preparatory trials before your great and final testing because you are walking in the same steps of the faith of our father, Abraham. And you don’t meet Jehovah-Jireh, coming, that way. I showed you the Prophet because he ‘kept the Word of (what?) My patience’.

“My Word said even though you are waiting on your knees and you cry for healing both night and day, know faith is not forgotten by the Father, Above.” You

stay there and you keep on begging and crying and pleading and waiting. And if you are like Buddy Robinson, if you have to die there, "When He comes He will find me right here."

God carried them over Jordan at the deepest time. He said, "You might be in your deepest trial right now and you can't cross that Jordan, and the doctors gave you up and said that you are sick and there is nothing that they can do for you, and it is dark and it is deep and Jordan, that river of death is raging." And God is saying, "Now we are going over." God said, "Now we are going over!"

When it seems like the worse time to cross, God is carrying you. And if you are coming into the Ephesians at the end of the Age, if you are coming to possess your Inheritance, if you are coming to enter, to live in your inheritance, that in your Childbirth when this church is groaning and travailing to place the Bride in position in this Hour where She ought to be and you are part of that, then you are walking in line with the Word. You have to go through that same step because from Egypt to Canaan is the journey for all of us. If you are living your life and you don't have any Roadmap, and you are just coming along and you are just doing little religious things around the church, and you are just coming along thinking, that is the Life and that is how you are going to live your life; without faith, it is impossible to please God! What is not of faith is sin. You have to know.

I am talking now from the standpoint now, "Are you a seed of Abraham?" God proves His Word by believers. Does God have the right to test the Word in you? Are you going to go in without being tested? Is the promise to the overcomer or the escaper? Is there a plan in the Bible where God takes you without testing you, and without proving you? Is there such a place? Is there such a revelation? Is He the Author

and the Finisher? Can He keep? Can He keep? “I will keep you!”

If you are a hybrid plant, you have to be sprayed and babied but Christianity is everyday, rugged living for Christ on the battlefield, learning to work with the Word. Not quote the Word, work with the Word, operate in the Word; faith to operate the Word. All the power is in the gunpowder, but it takes the spark to charge the fire. All the octane is in the gasoline but you need the spark to charge it to get the mechanics moving. You have to have faith to operate the Word. You need faith like a grain of mustard seed (some of you have a different kind of faith); faith that can't be hybrid. Faith that when you say It, you don't doubt in your heart. You don't have a Word of knowledge and a demon of doubting; the subconscious lines up with *here*. [Bro. Vin points to his head -Ed.]

God, have mercy! When people live shallow, they can't even see what their tests are. They have no perception of what God is doing. They can't even see all these are exactly in line with the Hour and the Season because a Woman in travail, have pain and distress to give birth to the Manchild, to give birth to the promise! It's like a woman saying she is going to have a baby, and she starts to get pain and goes into labor, and she says, “Oh gosh, I can't have the baby! I can't have the baby!”

Well, what do you want, a cesarean? There is no cesareans in this at all. This has no cesarean. This has a groan, and bawl, and cry, and press, and sweat, (amen!) and push. And no wild push, wait until you get the pain and push with the pain. If you are pushing without the pain and have no strength to push, it's because you don't understand your experience. But when you understand your experience, even before pushing and pains come, you know you are going to come to a pushing and pain

season because the baby can't come out, until you come through that season.

If you are only looking back at conception, and looking at baby names in a book, and looking at little gifts in the store, and the baby has not come out yet, be careful you don't have a stillborn child. You can't look back there in any kind of Disney World business, you have to look forward to your pushing time. You have to get ready for your testing time. You have to get ready for when your Hour is come and sorrow is come. Weeping may endure for a night but joy comes in the morning; joy that you gave birth to Christ, the anointed Word of promise, Seven Thunders thundering out of you.

Then your nebula is not in the sky. Your nebula is out of you, walking and moving; your nebula is all around you. Your 'MCW 922' is shining through you. My!

When things are plentiful; exact, without measure, is not regarded but when it comes with a high price, when it becomes scarce, that's when things are weighed, friends. And every ounce has to be taken into account. Many places in the Bible... you go back to Ezekiel when that Babylonian power was taking Jerusalem and they laid the siege, God told Ezekiel, "Show them they will eat bread by weight and drink water by measure."

Remember when the woman said, "We only have so much to make one more cake." She had her dough measured out for each day: this is for tomorrow, this is for the next day; this is for the next day.

When she ate this, and the boy said, "Mummy, I am hungry."

She said, "No, son. We just have tomorrow's left. This will carry you through the night." She had to know, even, what time of the day to cook that too for it to last. Believing that maybe God will change... maybe something will come on the scene, but waiting; waiting

constructively, waiting focused, waiting with understanding.

Watch the Time, friends. Don't get any little Pentecostal 'dotishness' [local word for foolishness -Ed.] in your mind about the Rapture and these things. We are talking about where we are walking in this very Hour. We are talking about what is moving into the land already. Maybe I am not a good expositor of these things of breaking it down. Maybe I never have enough time to preach. I feel like I am doing a bad job of what I am saying, but I trust that you are catching some of the pictures.

In Leviticus 26:26, God gave the law how when people fail to walk in His Word, He'll make them eat by measurement. That is a prophecy of famine, always, in the Bible. It's a picture that shows scarcity, depression. But notice, the prices of the goods did not come from the man with the scale. The prices came from God. From the midst of the four creatures, the price came. What does it say? Nothing doesn't happen on the earth except it is decreed by the Throne.

It is decreed by the... It is the Throne of God that rules everything. God rules in the affairs of man. When they are giving it, they say, "This is the fiscal year of 2006, 2007." They say, "This is the budget coming out." And everybody is on their radio waiting for their budget. Oh God and the prices have gone up. Flour's gone up. Oil's gone up. This has gone up. That's gone up. Gas has gone up. They say, "What is happening?" And they are vexed with the politicians.

When Caesar Augustus called a taxation, priests started to curse, politicians started to make noise, but God was working behind it, (is that right?) to move Joseph and Mary to the Scriptural place. And the Prophet said, "While they were watching it in the natural realm, God ordained their steps to get them

into Bethlehem where they had to be, to give birth to the Word.”

Just when the tax case started to cut him off from going West, God knew, “It shall be Light at Evening Time.” Son of Man in the Morning Time and Son of Man at the Evening Time; they can’t cut it off. God intervened and they took him over... he leapt over the wall and jumped over the troop and, he was caught up in the midst of the Angels who said, “Go back east, and open the Seven Seals.” My!

You don’t fight up with that. You know it is God who fixes the prices because it’s God’s judgment. It’s God’s judgment on a land and it is His methods of when He is bringing the chastisement of famine and breaking the economy. Did Moses say, “And now, locusts will eat all these fruits? Your fruit and your wheat industries are gone this year.” He said, “You will have to go into your lump sum in your garner.”

Then the fishing industry was looking for a boom, in that year with all their experiments in breeding more fish, making more lakes, putting in more fish to bring up the fish stock because they are getting markets for fish, do you know what Moses did? Moses said, “Now your water will be turned to blood.” And what happened? He destroyed the fishing industry. It started to stink all through the land.

Then the wheat that they had piled up there in the granary, he said, “Let the lice go in there and start to eat that—the weevils.” And when they went, weevils were all in their flour. Didn’t the Bible say it was in the kneading trough? Yes, it was in the kneading trough, frogs and everything else, inside of there. And plagues started in the land, pestilence was moving.

What was God doing? Breaking the economy of a people who used economic might to lift up themselves against God and dealt subtly with God’s people, and enslaved them, and brought an Hour of Temptation upon the whole earth. But God sent a prophet who

was coming from the wilderness with, THUS SAITH THE LORD. Hallelujah! And that's under the Seventh Trumpet and that's under the Seventh Seal.

Can you see? Is it getting clear to you? Do you see what I am talking about? I am not just preaching. I am proving to you by Scripture. I am proving to you by type. Joseph, Moses, Elijah, and Elisha; in Jesus' time and the Alpha Bride; in this Day with the Prophet and the tax case; with us now but always 'those who kept the Word of His patience', "I will keep you. I will keep you."

You have your chance here. There's a time when you can't keep the Word anymore. From Evening Time to Midnight, you have to apply It. You don't try to apply It at Midnight, friends. You let It pass you and then when you see death coming now, you are looking for safety. No, no. You had a space of time to stay under the Word, feed on the Word and grow up in the Word and become the Word. So when this Hour comes, God could speak through your lips because you are in the image. You know God's ways so you can be receptive to God. You can hear His Voice; you are in fellowship with Him.

When you fail to walk there and church, to you is just a pretense thing and an image, and you are coming along, and you are on a boyfriend and girlfriend business, and you are living your life halfway, and you think this church will be around here until 2150, so you will take your time and come along, and you don't realize you follow God by following what the Symphony is saying. Once you have a director who is in the Spirit of the Composer, you have to watch the baton in his hand. And you have to watch and see which part of the Music Sheet he is playing out to know if you are in the rhythm or out of the rhythm. John had to be in the Spirit to see, and to hear, and to move.

Where are prices fixed? In Parliament? In Cabinet? The minister of trade and commerce; is it they that fix prices? Which board, does the tax board fix prices? It is fixed in Heaven. The voice Up There said, “A measure of wheat and a measure of barley.” That word *measure*, (hear this) that is judgment prices, you know. You see, that doesn’t sound real to you if you don’t look-up the Word. You hear a measure of wheat for a penny; that doesn’t sound too bad. You are thinking, that is a penny and you have a lot of money, you can buy it. No, it doesn’t mean that.

Hear what that is. It is a Greek word, c-h-o-e-n-x. I don’t even look up the... I don’t spend time, I should say, trying to get the right pronunciation so, sometimes I just read from an English standpoint. I wouldn’t even know how to pronounce that: *choenx* but that is the word for *a measure*. That is about a pint and a half. And that was the ordinary allowance of wheat to a man of one day’s scanty substance. *Adinaris* was the ordinary *wages* of a full day’s labor.

If you are working for five hundred dollars a day, today or you are working for two hundred dollars a day, well, it was a day’s wages for a pint and a half of wheat which was enough for a man to eat meagerly for one day. So if a man now has to eat for five days and that is his pay, when he is done, he has no money to buy shoes, he has no money to pay for lights; he has no money to do anything else. And if he has a wife and children, he can’t pay anything for them. Do you understand where we are coming from now? Now you are understanding where It says ‘a measure of wheat for a penny’, how it is fixed. But notice something.

Even though the rates were that high, there was not enough wheat because they were also selling barley. And this evening, you will see where an ass’s head was worth so many shekels of silver, and dove’s dung was worth eighty shekels, and these things. The most wasteless goods, the cheapest and no-good goods were

now carrying the highest prices. It comes as if you are selling plastic shoes for two thousand dollars. And you know they used to sell that... they called that *alpagat* or *washikong* [names for cheap shoes -Ed.], and now look at what it costs. Do you understand what I am saying?

Yes, the economics, the inflation because when you have a recession, you are going to have inflation. When you have a scarcity of goods, you will have a demand for it. Once you have a demand for it, you will have an increase in the price.

I don't even have time to get to it, but I had a whole thing to read for you on the wheat shortage of the world; why all the wheat – flour prices have gone up. Because four of the leading wheat producers in the world, every place has drought: Russia, Ukraine, Canada where they have drought; Australia. And they have not been getting what they normally export. And then when people in other countries see the scarcity coming because of the weather, the drought... and the drought is coming because idolatry fills the earth. When there is idolatry, God shuts the heavens and the days get hotter. It shall burn as an oven.

The hot winds of judgment and economic recession are moving and the U.S. dollar is plunging, and they are going to call in the paper. And the pressure is already coming through the government but it is the church behind it. And it is coming on the tax cases just before the public crucifixion, like it was in the Bible – and in this Day. Barley was the food for the poor. The real, real poor used to eat barley because that used to be fed really to the beasts of burden: horse, and ox, and donkey and things, they used to give barley. The wheat is what people used to eat. Then you had what they called the fine flour, sifted.

Then you had the refuse of the wheat, what they send to the Third World countries, to the poor people. When we say our Flour Mills—like some of the

brothers are working in Flour Mills. [NFM - National Flour Mills -Ed.] Flour Mills, there doesn't mean... We don't grow wheat. Flour Mills mean they have some receptacles for the imported wheat – the refuse of the wheat. Do you see how our whole wheat doesn't look like whole wheat? When you 'go away' [travel abroad -Ed.] and you eat whole wheat, in wheat-producing countries, you realize what we get down here. And you see that thing that they bleach and it gets white, white, white; that is why there are all these intestinal diseases and different things in Third World people because it is even methods of depopulation.

That is why you see everybody has fibroids in their wombs. And you want to know how in these Third World countries, they are laden with fibroids; young girls growing up there, going to get married. The World Health Organization rushes those children to go and get vaccines, and people are pumping those things in the children and you don't know what they're pumping it for. And nobody knows what it is; nobody can test it. Nobody has the means to find out where it came from or who sent it, or why they sent it.

Now, every time you go to have a baby, they are telling you... it is only 'scare' stories, "You can't bring the baby, it will be dangerous." And we read about how a woman in the back of a car, they pulled up in the police station; police delivered the child. The husband, in the back seat of the car, pulled the baby out. All kinds of different things we hear.

Even with Elijah [Bro. Elijah Walters (minister, St. Vincent) -Ed.] right here recently, where he delivered his own child at home and different things. And they are telling you all kinds of stories: they have to cut. Do you know why? When you get cut once, and you get cut twice, they say, "We are not cutting you again." So it is a way they keep down the population.

It is not the good old times like when our precious sister was a good nurse back there. It is the time when

the World Health Organization is putting down policies in the name of world health to control the poor nations.

Let's stand to our feet. I have to close.

What challenging times, we have come to! Can you see the picture I am talking about? "Bro. Vin, don't these things scare you? A church with so many people, what are you going to do?" If I could get them to believe, if I could get them to believe this Word... If God, by His Holy Spirit (I haven't even touched the surface yet) could get you to see the things under the Seal, economics, the balance, the world's trade and financial system, 'a measure of wheat for a penny, a measure of barley' – trade and commerce, buying and selling; fixed prices coming in upon a world.

In other words, because they didn't love the Truth, God gave them the strong delusion... they didn't want the Seven Thunders from the mouth of the Prophet. God said, "Take three lying spirits from the mouth of the false prophet. Become the slaves if you don't want to become My freeman." So the world, actually, has sold themselves for Babylon to rule over them. 2nd Thessalonians 2, they did not have the love for the Truth. There will come the great falling away first.

God sent His Prophet, like Elijah and called them back. Did they come out of Jezebel's religion? No, no. They never came out; they saw the Fire come down, they saw the priests couldn't do anything. And they all stayed there.

Elijah said, "Oh God, such a powerful ministry, such mighty works, and nobody came out?"

God said, "There are seven thousand who are hearing you all the time. They were hearing you all the time. They were never in." He said, "You have them. Your message didn't fall to the ground." God said, "But these, I am going to give them famine and then Jehu's sword will finish them. After I starve them good, Jehu's sword is coming to finish them."

By these four they will kill one-fourth part of the earth: do you know that Scripture? Revelation 6:8. Who said that? The Eagle. He said, "Come and see." Power is given unto them to kill with famine, with sword, with pestilence, and with the beasts of the earth. When is that? In this Hour.

Can you see how they are bringing famine? Do you think it is just scarcity alone? No. It is manipulation also. Part is drought. Sure. The world's weather system has gone into chaos because they tampered with nature, it backfired on them. Under the Sixth Seal, nature will take a tumble.

What is happening in Trinidad right now? What is one of the big things? Get rid of all the small farmers, bring in the big high-tech machines; put all the lands in the hands of foreigners who will come with their big equipment and control your food for you.

Do you know what they did recently? They have cows making skimmed milk, straight from the cow because they are cloning. They are cloning. Did the Prophet see them when that ride was going forth with the test tube? And they were even trying to breed the white horse with the black mare. And he said, "Science is of the devil."

Do you know what they are doing with the sheep now, too? They are pumping them full of human hormones, so the sheep are growing a lot of human cells that they are taking from there, for their medical research. Because they found a new way through their genetic engineering and their biotechnology to remove sickness and hereditary sickness, that God put as a curse and a whip unto the third and fourth generation, to bypass the whip and have good health.

What did Cain do when God cursed the earth? He started to work in science. But what was Cain? The seed of the Serpent that came through the womb of a deceived church and became the false prophet with the false religion, who was marked and separated from

the Presence of God because he rejected the shepherd's message. That is the seed in Genesis that came out of the first Adam's bride. When you look in the earth in these last days, what are you seeing?

Look at us, we can sit in a church like this, this morning, and we can look realistically and don't have to wonder about those things in the world. We can see those things in the Bible, we can see how the church and the politics and the industry and the science are all tied up together because Cain was working in science. Cain had the false religion. Cain came through the womb of the deceived church. Cain was the one who started the war and even killed his own brother to even keep changing the world. And people find it hard to believe how religion will control politics, and how it brings science and these things. And here It is staring at them in the Bible, in Genesis. But that's the beauty of the Word.

When God broke the Seals and the Light began to shine, we can see where we are going. Seth's children were humble herdsman. But you know something, among them they had a Divine Science. Do you know one of the first great Sciences that they had? They could look in the heavens and know their times and seasons. That is one of the first great sciences they had; and said, "Hey, look at that star in the sky. Look at that constellation there."

What a great thing! Can't you see why I'm so happy? This is my joy. When I preach these Things, I preach these Things in honor of the Message and the Messenger. Because when God gives grace like this, it is to say, "Do you see? Do you see what has been delivered to us? Do you see the source It came from?"

Could you take It and put It on your shelf and say, "Well, I am in the Message already"? When you see those Things, you realize, "I don't even know the Message as yet. I haven't even started to understand one tenth of the Message yet. I have not begun to

break in to see the reality of when the Logos came down and began to speak through that Prophet, what was being spoken there.”

Do you know something? We would have been blinded to all these Things, had it not been for these little sermons and these little books that we have stored up there, from a man who they called a false prophet and a crack-pot in this generation. But you know something, do you know what makes this great? Because God is taking nobodies, who don't even have a good education and could teach about astronomy, and teach about politics, and teach about science, and teach about economics, and prove these things in the Bible, and show these things in the Day we are living in.

Then you know we don't get blood out of a turnip, so that can't be a turnip. But whoever has Blood; that kind of Blood is hiding in that turnip because he knows those secret Things belong to the Lord. Those secret Things belong to the Lord, friends.

You wait until later this evening, I will show you how this recession is an organized recession. The whole world is being snared, right now. They have these big ministers of trade and commerce, they are having a big meeting, the Caribbean heads of governments. I read it in the papers. I have the article there.

Caricom heads are sitting to try to bring down the food prices in the region right now, “What can we do to bring down the food prices?” Because they realize, “We are being squeezed.” And they realize the pressure made them build all these big stadiums, threw themselves into millions and millions of debt for this ICC Cricket. And now their payments are up, they have to carry up their prices; a new budget came and they don't know what to do. And people are bawling, and people are strangling.

They started to put their hands on the TV evangelists. And the pope started to say that they are the only true religion. Do you know why they can talk like that, now? If you try to open your mouth, “Who is this lady you were with here in that hotel? And when you were on your private jet over here; and when you took this money and dropped it into that offshore account here, and you laundered it here and you brought it back here?” What are they going to say? What are they going to say?

They said, “You all laughed at us and called us all kinds of names when all those scandals came out of Boston, with how many pedophiles we had there, and how much pedophiles we have around the world, and how many Catholic priests got caught in all kinds of things. But we sat down before the public on television, and we had all our cardinals and we decided should ‘put on face’ and show that we are going to try to clean up our act. And at that time, you all were calling for money, but now the tables are turned. We aren’t outdated. We are false because we have false religion and we have a plan to rule the whole world. We are Satan’s disciples.”

That is them; it is going to come out openly, “You worship this image or you die.” Maybe not a bunch of mass murders, you know; you can’t buy and sell. You can’t buy and sell. They are killing them by that too. And you can’t manufacture faith, but there’s a Voice, there was a Message sent to give faith, sent to give faith and not just any little kind of faith, faith for Rapturing Grace. ‘Wait until those Voices thunder to that little group’ and that’s not down the road; that’s for the last thirty years, taking away amnesia; showing you your position in the Word, to raise you up to walk in a world of perfect faith. Have you listened close? Have you listened close?

Do you see how they are measuring their wheat and their barley? How have you listened? How have you

measured the Word? How have you weighed It in your mind? You have a scale too, you know. You have to weigh what you hear. You have to see It balance out with the Word. Weigh It in your minds before you make the decisions. Because let me tell you, every man is being weighed.

When Babylon fell when the kings of the east came... Is Babylon to fall by the kings of the east? What is your Sixth Vial? Babylon is fallen; dry up the river Euphrates. What is Revelation 18? Babylon is fallen, burnt in an hour, making a way for the kings of the east. At that time, what did God do? He was weighing Belteshazzar that king. He was weighing him, "You are weighed in the balance."

They weigh the systems. They weigh people. They have control. They lock up who they want. They kill who they want. They force into the trap, who they want. But then God says, "I weigh too. I have a scale too because you are only an impersonator. And you too, I am weighing you too."

Hell was created for the devils and his angels because God already weighed them out, way back in Heaven. He had already weighed them out already, friends. They are weighed, friends. How many know at the end of the seventh decade when they were bringing the vessels back to Jerusalem, they had to weigh those vessels? I preached on that for you back there. They had to weigh those vessels.

In 2001, I had preached to you on the weighing of this Age, the weighing of the nations, and showed you even the vessels being weighed. And right now, they are weighing, but God said, "I am weighing too. I am coming to weigh."

If you are being weighed this morning; justice is blind. Justice always a woman with a blindfold. Look at the symbol: it is a woman blindfolded, with a sword in one hand and the scale in the other hand. The sword is the justice of God. The scale is that God

weighs man by the law of His Word. And the blindfold; she takes no man's person into regard. You could be a king or you could be a pauper, this Word will not look at your position or your reputation, or your image because every man would have to stand before the judgment seat of Christ.

How are you balanced out this morning, friends? Where is your faith at? Are you like that little widow in the time of the economic recession? She was led to go to this man, and he said, "What do you have in your house?"

She said, "Nothing." She said, "A little oil, it's a pot, that's all. I wish I had something. I am so unfortunate. I have nothing."

He said, "Nothing?" He said, "You have something, but you don't know the value of it. Ignorance is talking, lady. Let me open up to you what you have."

And she came under the influence of a voice who knew what the oil was, what the oil is given for, and how to work with the oil. (What is the Holy Ghost? What is It given for? How do you work with This?) And he began to show her a debt-free life, in an Hour of economic recession. He began to open up a new kind of economy, "But you will have to take instructions because oil, to work with this, will require empty vessels.

There had to be a time come: a gathering of empty vessels, an emptying out of vessels, only empty vessels. Before there could be any outpouring, there had to be an emptying. And then they started to empty every vessel before the outpouring could start. And the outpouring started and when she was finished, there wasn't an empty vessel in that house. She ran out of vessels. She never ran out of oil. She just ran out of vessels. Do you get that?

And She, the Elect Lady and Her children under the influence of teaching from a Ministry, anointed with the Robe in the days after Elijah, in the time of

economic recession, in the Hour of famine was being raised up to live in a Supernatural Economy being opened up to them; that God was going to keep them in the Hour of Temptation. There's such a Woman...there's such a Woman! And there's such a Ministry. And there's such a Word. And there is promised such an outpouring. And the requirement is such an emptying. Can you empty your vessel out?

She looked around and said, "Get me another empty vessel!"

They said, "Mama, even little, Esther and Vicky are filled. Mama, the little baby there is filled; he's talking in tongues in the corner. Mama, the old vessel, look at it; it is cracked and kind of sealed-up, even that is filled. Mama, this old vessel is filled, too. Mama, this tall one is filled and this short, fat one is filled, and this round one is filled, and this one with the handle, broken off, that is filled too." They said, "Mama, we've gone through, row by row, checking to see if all are really filled, but it is not a mirage, everyone is filled; there is no more. And the Oil stayed.

The oil never diminished, the oil just stayed because there were no more vessels. Every vessel in the house, every vessel that was gathered in that house, there was a filling for them. She said, "Do you know my husband?" she said, "Do you know him?" She said, "Do you know my husband, Elisha? My husband is one of the sons of the prophets. Do you know him? He believed what you preach." He was one of the seven thousand. She said, "You know he never fought up. You know he always stood behind you and held up, your hand in prayer."

He said, "Yes, I know him. He was true blue. He was the genuine article. He might have died and left you in a condition here, but you are not falling apart; you have to obey just how I said it." It can't come... that is the part people are troubled with. They want it, he said, "You go in your house; shut your door. This

will not be a public show. You are not going to clean out hospitals. You are not going on the promenade and get the media, and go on TTT and TV6 [local television stations -Ed.]. No, no, no. Get in your house and shut your door. This Third Pull is not a public show. This is for the Bride and the Church. This is a testimony to the lost but this will start the Rapturing Faith, for the going away, among you.”

In that Hour of economic recession, She saw those Seven Thunders out of the mouth, opening up the way to bring an emptying of the vessel and a filling of the vessel and a loosing of the debt. And that Church that could carry out the teaching was raised up to live in another Sphere, where they didn't have to be under the bondage of the creditor. And where the sons born from the womb of that Woman, the Elect Lady who were under the control and bondage of the creditor with his deceit, She saw Her children free from the oppression and the influence of the creditor. She saw Her children could enjoy themselves together with their Mother under the teaching in the Presence of God in the days after Elijah, in the time of economic recession.

All through the Ministry in the days after Elijah, it is famine, depression, and war. Do you know why? That was for the rejection of the Message. That's what happened here in the Gentile world, it's for the rejection of the Message. Elijah was a prophet to the Gentiles, not to the Jews, to the Gentiles.

In your little heart this morning, you will face those times. But here's a Word that you could hide in your heart, this morning, and say, "Father, Thy Word I will hide in my heart. I will not sin against You. Take this Word, let It grow in me. As the days advance, let me grow up in this faith, Jesus. The Scriptures have been quoted to me from Genesis about Joseph, and Moses, and Daniel, and Jesus, and here, in the time of Elijah and Elisha showing how the food, the transportation,

the communication; the clothing, everything was intact when the whole world was falling apart. When the prices skyrocketed, it couldn't affect them. And if this couldn't come because they kept the Word of Your patience, teach me how to keep it, Lord. Teach me how to keep it today."

I want to call Bro. Sammy, to come and pray before we sing this little song: *Can't you see why I'm so happy?*

God has spoken by, His Prophet, friends. I am just reiterating what has been said, trying to show a little Light on the things that we have been warned of and to show you how they are coming in. You, today, have to do the rest. Take it into your heart: I WILL KEEP THEE FROM THE HOUR OF TEMPTATION.

[Bro. Samuel Johnson (deacon) prays -Ed.]

Amen, amen. Let's sing this little song in honor to our Lamb, (our Isaac, our Boaz) Who sent this Eliezer, this chief reaper with this great Message of redemption for us, (His Rebekah, His Ruth) this Word that is preparing us and making us ready. What a joy! He Who said, "Hurt not the Oil and the Wine," the Holy Spirit and the revelation which He gives that brings stimulation to us. The Prophet said, "Look this one here was natural but this one here is spiritual. Don't hurt this." Amen. "Let them do what they are doing on the earth." But there's a Word and a loosing of the Holy Spirit that has come to us, that we can worship God in this dark Hour.

Let's sing it: *Can't you see...*

Go and have your lunch. Have a wonderful time. I give you until five. If you can do it before and you come back in, we will use the time that you come back in, but you still have until five.

...have accepted...

Just share what you have with one another. If someone doesn't have any lunch, pull them aside and share yours with them.

...the revealed Word that was spoken

By the Prophet

By the Prophet of Malachi 4

If you really, truly believe that and love that, why don't you lift your hand in honor to the Lamb and sing it?

Can't you see...? Let Him know you are happy.

Can't you see why I'm so happy...
