You are the rock of my salvation; you are the rock of my life. You are my hope and my inspiration. We want to sing that tonight as we begin to worship Him. Is He your strength tonight? Is He your inspiration? Let's lift our hands and praise Him in the building tonight.

Father we thank You dear God, we lift up our hands, we lift up our voices in praise in thanksgiving unto to You dear God, oh Jesus You have been so good to us, how we appreciate You dear God. How we appreciate what You are doing for us Father. How we thank You for the blessed Holy Spirit and the way that You are moving in our midst dear God. Father God give us the insight into the things that we need to see and understand to make ourselves ready in this hour, it has said that the Bride has made herself ready they that were ready went in with the Bride groom and Lord You have given us this great Message for preparation.

How we ask tonight dear God that Your Holy Spirit would continue to move in our midst dear God, continue to pour out Yourself dear God in our midst dear Father, Lord as we empty ourselves out, as we make ourselves available unto You, that Your blessed Holy Spirit could come down and fill every fiber of our being oh God.

Father this is what You promised and we take You at Your Word we believe Your promise oh God and we come Lord, Jesus in consecration making ourselves available unto You this evening Father coming to your courts with praise, coming to Your gates with thanksgiving offering up our prayers unto You, in prayer, in praise, in thanksgiving oh God, mixing it together as a sweet smelling incense and saying it off the incense alter at the time of

the evening sacrifice dear God, like Israel of old dear God when they came Father and You gave them instructions how to mix that incense dear God and Lord they mix that Father and it was pleasing unto You dear God, it brought Your presence down among them dear God and so we desire this evening Lord, so we believe You are the same dear God, oh praise waited for You in Zion and blessed is the man whom You cause to approach unto You dear God, hallelujah, oh glory be to God in the highest this evening.

Sanctify every worshipper Oh God, may You pour out Your oil of praise dear God into every heart dear God, may You cause every one oh God, Lord to be lifted up dear God in the Spirit this evening and the Holy Ghost can move in our midst.

Heal the sick and the afflicted, give strength to the weak dear God, give rest to the weary oh God, Lord God may You give us understanding dear God that we can sing with the understanding, we can pray with the understanding oh God that it can be acceptable in Your sight this evening, grant it dear God we ask these mercies in the name of Jesus Christ, Lord for Your honour and for Your glory, in Jesus precious name, thank You Lord, hallelujah, hallelujah, hallelujah, amen worship Him this evening.

*He will make a way,*

*He will make a way.*

Oh just lift your hands and praise Him, if you believe Him with all your heart. If you really believe Him, if you know He's faithful, if you know He's a covenant keeping God. If you know

with God it's impossible for God to lie, this is what He promised. We sing His promises, this is what He promises to do for every believer, and He's the author and the finisher of our faith tonight.

Father we thank You, we trust in You Jesus, oh it's so sweet to trust in you, just to take You are Your Word, just to find rest upon Your promise, Your promises that cannot fail, Your promises that are yeah and amen, your unfailing Words of promise oh God, oh Heaven and earth will pass away but the Word will still remain, something new today, for every one oh God that, that faith will step out and step into this atmosphere, oh we want to be tied to the absolute of Your Word knowing that though matter the circumstances is you will make it work together for good, it will give glory, it will give a testimony, hallelujah. Is not for us to fall apart Lord, it's to show your greatness, it's to show Your glory and Your power, blessed be Your wonderful name tonight.

This Rock is here among us, the ever present water, we thank You Jesus, praise Your mighty name tonight. How great thou art Lord, how great thou art.

I have this song on my heart, I would like to sing Speak And Don't Doubt, Speak And Don't Doubt. Oh my.

I'm just a believer, I can't help it. I thank God I'm no unbelievers, no make believer, I thank God that while the circumstances in my heart, I say I believe what God says regardless.

I thank God in this hour when this world is falling apart amen the angel has already descended, and the seven seal is already open and the bride is already called out, I can look in my heart and see faith and know that I am one of them, He came for me amen, hallelujah, He couldn't send them angels and I stand here in unbelief. He couldn't send them angels and I'm in doubt. Why did He send a prophet, amen? Not to give you a creed and put you up against a wall but to bring me to the seven thunders amen, to walk in the faith and know I am a son of God, a redeem son in this hour, glory be to God in the highest, that's my belief, that's my identification tonight, hallelujah.

I believe every Word the prophet says. I believe the Message he brought amen, my soul is tied to it. I've never found

disappointments, I've never found any situation that this Message wasn't able to take care of, I am walking thirty three years in this Message and I watch every kind of evil move back and I see the power of this Message while I'm standing here in this condition, with this faith tonight, do you know why? This message unveils Jesus Christ for me. this Message shows me my Lord Who He is and when I see who my Papa is, I understand what kind of children He has and I am one of them tonight, I have the DNA tonight by the grace of God.

And He promise we shall even speak the Word and see them angels flash like lightening, watch the third pull in this hour amen, I have already seen the mystery being reveal, opened up beyond our wildness dreams amen. I know when the squeeze keeps coming down, watch the dynamics move into that church amen, that why I'm trying to get you in the spirit because you can't get anything in the flesh, it don't come to the flesh, it comes to the spirit amen, life must connect with life, glory be to God in the highest. God gave me a people that believe this Word, do you believe it?

Then let's worship Him in Spirit and in Truth. This is the kind of worship God wants; in Spirit and Truth amen, this song was written right here among us. This song was written by inspiration and revelation in the Message, this song was written by experience things that God birthed in the hearts of a people under the experience in the Word.

Oh my we could worship God in reality, in a song that has shown to us who we are and what God says about us in this hour amen, Speak And Don't Doubt.

**SPEAK AND DON'T DOUBT**

*Speak and don't doubt,*

Just believe in your heart,

In your heart, that's what He says in Mathew 23, in your heart don't doubt. Believe in the things you see.

Speak and don't doubt,

Again don't stagger

Till His Word comes to pass,

Whatever thing you desire in your soul,

.....in your soul,

You just believe with simple child like faith, you believe papa

.....*that my Lord, He will* .....

Because He is able to perform what He promised.

CHORUS

Joshua spake to the sun,

A man under the blood of bulls and goats. That Jesus Christ had to come and die . Joshua a man the first exodus, it took a natural rock to do that

.....He knew who He was

Oh bride tonight, bride let us speak

... *let us speak His Word*

*Having known who we are;*

*Revelation 10:8 – 11 that's who we are.*

That's the living descendants tonight.

We have arrived.....

The ones who got back the title deed

*We have arrived*

can you believe it?

.....at that junction, Sir, is this the sign of the end? What are we doing on the seventh peak?

We have arrived

where something must give way;

oh the faith of God....

Where is this faith Brother Vin?

....that's locked up in

Our hearts,

Oh we'll speak this very Word;

We'll see His glory pass.

Do you believe the prophet's testimony?

Our prophet spoke...

*Our prophet spoke...*

He believed the Word, He was testing him, he didn't doubt it.

*Our prophet spoke ...*

....and squirrels did appear;

....he even shut them and ate them

God's redeemed Church

God's redeemed Church

....has reached up...

Up to that seventh mountain. The guide brought you up seven steps

Inside that little room....

In the King's chamber

....where the power cannot fail.

Oh why don't we lift our hands all around the building, all in the rooms every where you are.

Joshua spake to the sun,

We are a people under a Joshua's commission friends

*And he said, "sun stand still."*

It's all because he know

By revelation

...who he was

Same God gave it to him, same God giving it to you in this hour.

Bride, let us speak His Word

*...Let us speak His Word*

*Having known who we are,*

*Revelation 10: 8 – 11 that's who we are.*

Enter in there....

Say I will meet you in there

*....where the light went in*

*that room,*

enter in there....

That's the great challenge in this hour we must get there to go in the rapture. Where the angel said.

Oh you believe it friends, you believe

You'll come out whole,

No more crippledness

With your crutches in your hand

No more paralysis, no more impotence, a super church.

Leaping and praising God for there's power...

The Shekinah glory, God Himself, the Holy Ghost

.....in that room.

Oh that One Who over shadowed Joshua, He spoke that day.

That was the Creator the He that is in you.

*It's all because he knew who he was,*

You shall know as you were known

*Bride, let us speak that Word*

*Having known who we are*

*Revelation 10:8 – 11 that's who we are.*

Just praise Him and thank Him, unto this end were we born, for this cause we came into the world, to be a witness in these truths. This is the hour, we have come to that time

We thank You Jesus, praise Your mighty name. What a blessing, what a joy to be in Your presence, singing these songs in praise, in worship in testimony. Being in Your great mighty presence and You coming down among us tonight, opening up this great revelation Father, setting a church in order and every one can take their place, every one in rank and file a people getting ready to go out of this world, an Ephesians at the end of the age, Ephesians parallel Joshua, same things to repeat, a people placed in the Holy Ghost, tonight Lord fighting to take that place as they fought in that natural land and placed in that natural land.

God if that is a shadow, then how much more would the substance do tonight, we thank You Father. Make these things real oh God, let it inspire our faith. Set us upon that Rock, that our hope and our inspiration. Let this Word open up and open up a way that no matter what the circumstances are we can walk in that way that is open up in Your Word, knowing all things are under our feet, grant it Lord, thank You Jesus. Bless the remaining part of the service as we look to You and wait upon You in the name of Jesus Christ amen.

Mathew 16.

God bless every one again that is in His house. Certainly want to be grateful for the grace of God, the blessings that He has so richly bestowed upon us.

I think Wednesday night was a very outstanding meeting, certainly appreciate being here gathered together with you and to be in His presence, in such simplicity, the Holy Spirit certainly is doing great things.

Sunday the Spirit spoke very expressly in the Word to us, it just seems that if we can really break through to be sensitive, to be alert, you can't be listening to a Message like this and be casual friends.

If you have been studying the Message and you have been going through it you cannot come through the doors and just sit down like this. It shows you have missed every thing. Because it tells you is this the sign of the end? This is a 1962 message, this is 2006. You hear the prophet screaming, you hear him affected, never had a vision like this in all his life, went to the bible and showed to us, what grace has been extended to us and how we should be a people with a certain attitude, we should be here and every body should be coming through them doors crying out on their face, oh God help me Lord we see, we understand whap the Spirit is saying, we understand the Message. Lord I'm in the message all these years and I never study that close, I hear there is such a message, may I listen to part of it and I fell asleep on part of the tape or something.

But Lord I have been sitting and following, I've been hearing the exaltation, I've been watching the points as it has been open to us Lord I am catching and then Lord if that is what the Spirit is saying then Lord what should my reaction be? What kind of effect this should have on us Lord? Did he come back from east after going west? Did the angels come? Did the mystery unfold? Did he introduce Christ? Then where are we at?

He left 1965, he say behold the Lamb of God and went. Left 1965. Where are we at friends?

Understand friends, understand please understand. You won't have anther chance; this is your time, please.

Next time it's going to the Jews friends. He's come back for the honest in heart, them who couldn't get a hold of faith the first time.

*The Pharisees also with the Sadducees came,  
and tempting desired him that he would show  
them a sign from heaven.*

*He answered and said unto them,....*

Notice they came, Pharisees, also with the Sadducees, the religious systems, this is the leaders, the great teachers who felt that His doctrine was unscriptural, they felt he was going contrary to Moses because they came at him and Moses said we could do this and He had to say it was not so from the beginning. He say if you would have known Moses, you would have known Me.

They say but Abraham is our father. He say you are of your father the devil because if you was Abraham's children you would have been doing Abraham's works.

See, so they saw Him with false doctrine, they didn't believe John was a prophet. Yet John was the Elijah. But they thought it would come out of the Sadducees church and the Pharisee church, which it didn't. Just like today they thought it would have come out the Pentecostal Church, or the Baptist Church, or the Methodist Church or the Catholic Church but it came out side of the system because God does not come through a system.

Now watch?

So He answered them

*...and tempting desired him that*

*...he would show them a sign .....*

They wasn't believing the ones that God was giving that was in the Bible. Because the first thing he say if you all don't believe me believe in the works, they testify who I am.

He was doing scriptural signs proving He was Messiah because when the woman at the well saw him discerning the heart, she say I know Messiah would do this when he comes.

When He did it that Sadducees and Pharisees say He's of Beelzebub, He's a fortune teller, He's reading the people's mind.

Do you understand?

So they want now a sign from heaven for them to believe.

*He answered and said unto them, When it is evening, ye say, it will be fair weather: for the sky is red.*

*And in the morning, It will be foul weather today: for the sky is red and lowering. O ye hypocrites, ye can discern the face of the sky; but can ye not [discern] the signs of the times?*

All the signs to identify what day they was living in was there, done to them in their midst, in their synagogue and He went and took the scriptures and say this day is the scripture fulfilled. He say what the spirit was upon Him to do, he did those things and yet they didn't believe, but yet they want another sign. And they telling you where they want the sign from. See?

Man like to dictate to God. Man don't want the thing the way God promise it and the way God promise to send it. They don't want to align with God; they want God to align with them. And so he says,

*.....O ye hypocrites ye can discern the face of the sky; but can ye not discern the signs of the times? A wicked and adulterous generation seeketh after a sign; and there shall no sign be given unto it, but the sign of the prophet Jonas. And he left them, and departed.*

*And when his disciples were come to the other side, they had forgotten to take bread.*

May the Lord bless the reading of His Word; you may have your seat.

I trust that you have been taking maybe a little time as well, and going back over some of the points on the book and maybe you have been marking your book and watching those places and you know that all these things that is promised and how it is laid out there, how He tried to follow close and bring out the points the way the prophet was brining out some of those points for us and that you will be able to catch those points.

I trust that you have been getting it and its being quickened to you and you are able to grasp what this Message is because this Message what we have been studying here is **Sir, Is This The Sign Of The End?**

I promised to put together a little companion booklet to go with this for some of the other things I have been reading bringing out points in the Message. I have it kind of finish I just want to check it over and in the week I guess you will be able to get that. So I say that put all the publishers on stand by to know that you have some work this week and Brother Bishop will contact you and you will

be able to try to have this little booklet put aside for us that it can help us in this study and I hope you keep it in mind how we arrived at studying this tape, **Is This The Sign Of The End, Sir?**

Because we have been coming down from the book of Ruth and the book of Ruth we picked up harvest time. Harvest time was the end of the world. We went back to the scripture Mathew 13, they came in at the beginning of barley harvest, at the end of the harvest which was the harvest consists of reaping, threshing and garnering.

At the end of the harvest is the garnering and the harvest is finish but Ruth came into marriage and went to Boaz's house at the end of the harvest and during the stages of the harvest she went through these experiences, from justification, to sanctification to the new birth, to marriage and translation to Boaz's house.

So we took those things and showing how there is only two books in the Bible, which is a Jewish book with Gentile names and Gentile names with Gentile women which is Ruth and Esther.

Though Esther was a Jew, her name was Hadassah, her Jewish name but in Persia she got married to the king and she got a Gentile name and they called her Esther. That was not a Jewish name, as a matter of fact that was a Gentile name and the book is not named Hadassah, the book is named Esther after the Jewish name.

And so in those two books, we see how Esther comes into marriage. In the book of Ruth we saw how Ruth comes into marriage. We know we are living in the age the marriage of the Lamb has come and she has got her self ready, behold the Bridegroom cometh, go ye out to meet Him, they that were ready went in with the bridegroom.

So we know that this is that time of the marriage Eleazar found a bride at evening time and brought her to Isaac.

And so the scriptures shows clearly the day we are living in. in the book of Ruth also from in the harvest time which is the end of the world we found out also that Naomi coming back in her homeland but you see Israel begin to be restored back to their homeland, when the fig tree begins to put forth its bud, you know that's the last generation. This generation will not pass away until all thing is to be fulfilled.

And we found out in the book of Ruth that not only we've come to the end of the world but the generation comes to an end.

And when that mighty angel, when Boaz appeared to the chief reaper between Naomi coming back in the homeland and Naomi receiving full redemption. Naomi coming back in the homeland Six Trumpets brings the Jews back in the homeland. The seventh Trumpet the Jews come to full redemption and between the Sixth and Seventh Trumpet is the coming of the Lord. The Lord of the harvest was coming, behold Boaz came from Bethlehem. He came to one man, the chief reaper on the earth and we find out when that begins that's the end of time Seal.

Right in the book of Ruth we see something there, what do we see? The second coming, what shall be the sign of your coming? And the end of the world?

Mathew 24 which is the Seven Seals, in Mathew 24 is the Seventh Seals. How many know that? Jesus was answering three questions. What shall these things be in the temple? What shall be the sign of thy coming? And what shall be the end of the world?

The book of Ruth shows you the sign of the coming and the end of the world. The end of the world is harvest time, the sign of the coming, is Boaz coming to the chief reaper. Is that right?

When through these things, then from there, we went in the meetings in September... in that was from March all the way to September and in September we went in to "**On The Wings Of A Show White**" **Dove** and we had that for years and not even knowing what we were going to discover, how God was going to deal with us. We just felt lead to come back and have that meeting at this time because of needs in the church, because of certain things people was sick and so on and that faith could come back and we can revisit this great place that God has given us in the Catalina Mountains and we came back there and had that meeting and God truly gave us the greatest time even beyond 1986, 1988, 1992, all those times there in such a great experience because we came back this time which we had never done in those three periods or four previous time. We had never taken the book and sit down with the church and go through the tape with piece, by piece by piece and we did that and all these Messages that came out.

And then inside of there we even brought out **“Of Whom Speaketh The Prophet This? “I’ll Ride This Trail Once More”**, that final prophecy with **“The Dove Leading Eagles”**. Next message, **There Is A Message Coming Forth, Dove Leading Eagle** into the resurrection. And how he died after he saw the dove waited for forty two years and died a couple weeks from seeing that Dove and showing that that was the Holy Spirit it was not a bird, it was God Himself coming in a form of a Dove, just like the Holy Spirit moving like a dove in Genesis 1 in the beginning of the Bible. Open up the Old Testament, open the New Testament, the Dove come down upon Jesus, God in the Spirit in the form of a dove again.

Between these two times of the substance of the Dove, God the Spirit, He have all the birds. Kill a dove over running water, Dove came to Noah with the olive leaf, all the bird types but the types of the substance. It starts with substance in Genesis 1, with the Spirit of God. It starts with substance in the New Testament, opening the New Testament. It ends the Bible with the same substance, not shadow, substance because we are not in the day of shadow we are in the day of substance, how many knows that?

And we took those things there and when we came there in that Message, then we struck those Messages on Noah and when we preached on all those Messages. Then I went out west and preached there in Arizona, then I was going Australia, abort the trip and came back, after taking a few days rest and the Holy Spirit gave me that Message. **The Loosing Of The Raven And The Dove** and I preached a few part of that and then **The Dove Is A Sign Of A New Creation** and continue speaking of that Dove.

But on **The Raven And The Dove**, the Holy Spirit opened some very extra ordinary things, if you sit down here tonight and you say but I can’t remember what he preached on that Message, then it shows it passed over your head.

It shows things are happening and you are not following me because if you miss that how are you going to understand this. The relevance of this studying this Message is in connection with that.

Where the Holy Spirit through Genesis 8: 4- 12 and showing that's the last view of the elected ones after they were taken out of the old world before they went into the new world.

You see the experience of the believer and what is happening to them in transition and the Spirit was so remarkable when He came back from the book of Ruth and brought that Message there, I think on the second or third part of **The Loosing Of The Raven And The Dove** and showed to us the same way it was reap from the field, the grain it couldn't go in the garner it had to come through the threshing floor and the threshing floor was in transition to the garner. Is the same way when God reap the earth in the days of Noah, Noah and them was the grain and then He came and He moved them into the ark and from a man; Noah in the world, Noah in the ark and Noah in the new world. The believer in the world, the believer in Christ and the believer in the new civilization and this is what is happening.

And then we found out there on that Message how the ark was raise up those showers raised the ark up to the top of that mountain and from that mountain they went into the new world. Their last set of experiences is on that mountain.

And I took that back and showed you how the prophet, where God gave him an everlasting sign.

Did you hear what God called that? God say I will give you an everlasting sign. He say but everlasting sign what is that?

He say look God gave Noah a sign for a mountain. God gave Moses a sign for a mountain. God gave Jesus a sign for a mountain. God gave Elijah a sign for a mountain. God gave him a sign for a mountain; do you understand what I am saying? That's the Bible.

Moses has a Mount Sinai experience when the Pillar of Fire came down. Moses had a Mount Transfiguration, and all those experiences are what Brother Branham had.

Brother Branham had Moses experience with the Pillar of Fire coming down, the little boy say that is God talking to the prophet, he went up there and got the mystery of **Marriage and Divorce** and came back to the church, like Moses.

The Brother say, Brother Branham I saw you on a mountain and a cloud overshadow you, he was yeah, like Mathew 17, that was Jesus experience in the mountain, Brother Branham had that experience. When the Angels came there in that supernatural cloud, picked him up in that cloud.

Do you understand what I am saying?

Then Elijah had a Mount Carmel, while with the prophets of Baal, Brother Branham came and had that experience too, against all them ministers in the Chicago Church, hear on this tape here, he say they had more sense than I thought.

He say is not me its that Angel because if that angel could even tell me they can't get that room and where they will be sitting and who will be sitting there and every thing else. And he say even the Buddhist minister, Christian ministers with a Buddhist minister coming to challenge a prophet, to show how backslidden they was. And they have a Buddhist in their midst and they coming to challenge, I mean to say if they had a Christian minister with them.

But you see that is the blind age, and when he begin to speak he say they had more sense than I thought. They are brighter than I thought.

Because if they was going to come there it could be a very dreadful place. You see?

And then we see how all those experiences like Noah, the same way God showed him it has seven mountains, that last mountain before you go into the new country.

So did you notice all them....then he came and preached **What Is That Attraction On The Mountain?**

All these mountain top experiences ended up in his experience. He was Moses, he was the son of man, he was Moses, he was Elijah. The spirit of Moses, Elijah and Christ is here.

Abraham had an experience in the mountain, Mt Mariah where he saw the Spoken Word create the ram, brother Branham had that experience with creation too. Is that right? He had all those experiences in his own life.

And we took things like that and bring it down and then when we came there he say time runs out on that last mountain and that's why we come to this, **Is This The Sign Of The End, Sirs?** And I

showed you what is the “This” The “This” is the blast and seven angels in the form of a pyramid. The end of what he’s talking about? The end of time.

Why I read Mathew here? God describe the end of time to the Gentiles by a sign and the Gentile clergy was blind they couldn’t discern the sign.

And all the other signs turning the back, discerning the heart the last sign before the change, the cloud being turned a sign of judgment, the priest handing him the book, a sign of the day of vengeance is at hand.

All the signs there that God showed in this day, two signs like the prophet Moses, connects his occupation and his person, sign in the hand, knowing the secret of the heart. Then from that he say if you don’t believe them two signs, then judgment is going to come, he took the rock and throw it up like Moses after they refused the first two signs, poured water on dry land and the plague begin to full up and that is why the world is in the condition it is today. That is why the gentile world is falling apart, then he came and preached **The World Is Again Falling Apart.**

Why? Mercy has been spurn. Then the next one was to get the bride to safety. The Token, only one place of safety, **The Token**, get under the Blood.

Because when Egypt began to full up with judgment before the church left Egypt they had to get into a place of safety, **Desperation.**

Why? Because at evening time the prophet brought the Word to them and then the next thing at mid-night I will pass through Egypt. So from evening time to mid-night it means the time was running out, that was the end of time Seal when it is going to be finished. They were going out when the morning break because everything would be dead in Egypt.

And all those things that have happened in this day, this wasn’t like sermons, this was happenings, this was happenings.

When we look at the world today we see how politics become rotten, we see how religions become rotten, and we see how education becomes rotten.

Did you see in the papers a couple days ago in Tobago, all the pornography ring in the school, sex acts in the classrooms, all them boys and girls have it stored on their phones.

Did you hear me when I preached here on the telephone, that's a spirit.

You watch young people, they think it's a classy thing to walk around with this phone, they think it's a style but the devil have lured them. a lot of them open up doors to give themselves more trouble than any thing else, why? Because they could talk in secret, they want to talk shoo, shoo, shoo, they want to talk on phone, they only texting so you can't even hear the phone ring all kind of things, they learn they become smart in all these things.

God, I hate a telephone, you won't believe. When I hear that phone ring home so, I does run out the house. It becomes like a disturbance.

I mean if some body is calling and they're in danger and they're in emergency and want a word of prayer, fine, praise the Lord. But outside of that God have mercy. Talk, too much of talk with one another. Talk to God a little bit. You see you can't talk to God on that. You could only talk to one another, so girl let me tell you this, they have communion with one another, come with talk, talk, talk, talk, talk. When it come for time to talk with God, put them to pray, they can't talk for two minutes and they fall asleep. They learn all the arts of talking to one another. They could read one another text, when God gave them a little text here to read, they can't even read God's text. God texting them, sure.

But you see it is advertise in a way to glorify your image when you have the phone. But is people become victims of a communications network war because they have to advertise so to get the minds of the people to buy the product and its fierce war and powerful advertising design to grip the mind.

And when you watch the kind of money just for talk, Jesus. Things you could wait to meet a person and tell them after church, they spending their money like its going left and right.

Brother when I read a phone bill, I does tremble some times. Before you could even turn your back TSTT drop that bill on you, like if they throwing out bill for the year and they only posting.

Miss two days, boom and they unplugged you. See? And they have the people living there.

Let me tell you, I see nothing prestigious in that, that is no prestige. What you trying to impress one another you have a phone. What does that do?

If you want to impress some body because you have the Holy Ghost, proudly displaying the blood of Jesus Christ, the message of the hour, the Token.

You buy some little garget have you in more trouble and have you in more death and you only pretending things, an image you trying to project, that is a false image. That ain't going to heaven. Because the communication system up there is far beyond that and we already have access to that communication system.

If you have it like your pen you need to write something, you take out your pen and you write something and when you are finish you could put it back in your pocket in your bag, that is where that should be.

Like you have your glasses, your glasses is to see. Some people they want to put on the glasses because that is an image too. I find I look nicer in glasses. You know if God had made them with a glasses they would say but what kind of strange child is this. Child born with a glasses but something wrong here this is of the devil that can't be God.

And it is a reading glasses. Put on the glasses to read, take it off put it back in the bag when you finish read.

Well they like to walk around with this glasses.

It's strange how these things does get into people's systems and get into the thinking and become like something that unlocks their mind in a certain channel causing them to see through that kind of eye.

A glasses is a sign of ailment. You don't realize that? Glasses are a sign you are sick, you have eye sickness.

You wearing it for necessity, that can't be for style.

But you see so false things does creep up on you, get a hold on you become part of you and then you think that now your image become a little better and you are projecting sickness and you are

projecting you are a victim of some advertisement that tells you that's a style, and that is a certain image to have.

If you have to wear your glasses because you are near-sighted or far sighted and if you're walking and you could stumble and fall well then keep it on, but the thing is if its to read something , put it back in your bag after you done read man.

At least that is what I think. You don't have to go how you think, but I just expressing my thoughts loud, talking to myself.

Next thing people say I wearing glasses and I feel so embarrass in church because people watching me and how he could say that.

I'm not saying anything, I'm just trying to say rise up man.

So I kind of get off there on that but we've come into this book because it's the sign of the end. This is us coming to realize that we need to understand what the Message is.

And one of the things that are supposed to be settled in your heart here is what the revelation of the Seven Thunders are? Because that's what this book, the prophet called it, he say have you heard by Message on the **Seven Thunders, What Time Is It Sirs?** Because that's what he's preaching about.

The unwritten Word, because we found in the Message there was written Word and unwritten Word. We find there was written mysteries that had to be finish by the seventh angel because the reformers was not prophets, the Word didn't come to them in its fullness it was not going to be reveal in its entirety until the seventh angel.

So after Paul left you have Irenaeus, well he is a reformer. Martin, a reformer. See? All of them coming along, reformers. They're not prophets.

So they are fighting to get that Word back, hold that Word pure because that white horse rider begin to sweep through that church. Just like the serpent swept through Eden and had Eve in a mess.

As the serpent beguiled Eve so it's going to beguiled the second Adam's bride, which he did. See?

And then you find that when that happened there, God had promise the full revelation will come back in the days of the seventh angel.

So as great a message, as great a man Luther was, the mystery was not going to be reveal until the seventh angel.

So that's why they couldn't straighten it out, it was not time.

You plant a grain of corn a blade comes up, the blade is the life that was in the seed but the blade is not the life in maturity, the blade does not resemble the seed that went down.

So Luther came up but he didn't resemble Paul, he didn't resemble that original Word that Paul and them had. Do you understand what I am saying? Wesley did not resemble that original Word that is a tassel it is getting closer.

See? But in the last days, the original Word the same Zerubbabel that laid the foundation stone will bring back the headstone. He is alpha and omega not in between.

The first bride came back the second time as the last bride. **Master piece**, preview of the bride when he saw the vision.

Between that bride it was the churches of the world, a type of the carriers. But the first bride came back a second time showing the grain when you plant it. It does come back a second time to grain in the end and that is a sign of harvest. Amen.

So those written mysteries from 58' to 1962, he will start from **The Serpent Seed** and **The Serpent Seed** was preached in 1958. That is after the healing revival, now the voice of the sign is coming forth but revealing the written mysteries.

One of the things you were supposed to understand in the message was.

When the written mysteries were finish, no body even know written mysteries was being reveal. It had come and done and finished. Seven thunders was now fixing to be reveal and they didn't even realize that all that preaching he was actually doing a spiritual work by the leading of the Holy Spirit tying all them loose ends and brining it up now to the headstone where he himself was going to come back there with the very life and ministry of Jesus Christ reproduced.

Not just the signs of the Giver now the life of the Giver. Not just the gifts in the first and second pull of the Giver, it was the Giver Himself the Person in the third pull, the He that is in you, the **Masterpiece**, the **Token**, see? Masterpiece is the image.

**Why Cry, Speak** is the dominion.

Adam was made in the image and likeness, then Adam could speak.

When He came back in the Word image, then he preach **Why Cry, Speak**, if you say to this mountain. New ministry, going to Spoken Word now. Why? Because a man was in the image. It can't speak until it becomes the image. It can't have dominion until it becomes in the image.

So something was happening behind the preaching. Behind the preaching a man was becoming the Word that's why he could reveal the Word.

You don't reveal the Word out of your mind friends. You reveal the Word as you grow up and become the Word.

And that's why he had come to the place when he reached that place to prove it. The dreams now wasn't Brother Branham going west.

The dreams now start to come, Brother Branham we saw you on a white horse and you had vestures of chief authority, like a chief Indians over the Indians. He say we saw you like a chief ranger over the rangers, we saw you at the head of the table, placing now, adoption, placing and something had happen.

He was on the mountain and the cloud over shadowed him, not just going west now. He had come back and be placed.

And **Unveiling Of God** and Moses had the Word to be given out and was God to the people.

God say Moses I make you God and I make you a prophet. Do you understand?

And the people sitting there they couldn't discern these things, they was still caught up. Yeah, Brother Bill, yeah down in the river, yeah where he have a little church tenth and Penn street, yeah I know he does preach some kind of strange different from the organization.

But they didn't understand what was happening.

All these things in 2006 we have to understand what happen there because if we don't know what happen there how could we understand what is happening here. If you could not understand

who Luther was, could you understand Wesley? If you can't understand Wesley you could understand the Pentecostal.

That is why we have a bunch of Catholic today. It shouldn't have any Catholics in the world.

After Luther Message, every body in the world should be Lutherans. After Luther Message every body in the world should have been Methodist.

But they couldn't see it was an advancement and they never moved into it they stayed in the old thing.

Why you think in the Message we have people looking backward and some still in 1965 and you don't know what God did after that, and they afraid of every thing, skeptical of every thing and can't follow anything after that. And when you think they know what happen back there, they don't know what happen back there.

Why? Because they never moved on neither.

You have to know what has happened to know what is happening. When you know what is happening you could be under expectation to know what is happening.

Because he knew he had finish the mysteries, what had happen that was finish, he was under expectation for the unwritten part now, Sirs, could this be that other part coming?

If that's that other part then the Lord Himself is coming down from Heaven because that is the next announcement, the next announcement is that earthly messenger, next announcement is Christ Himself.

In other words, Israel for four thousand years waiting for the Messiah. They have had good men a Moses, an Elijah, a Jeremiah, an Isaiah and all of them is just part of the Word, and then one day Elijah came on the scene. When Elijah comes on the scene, they're getting ready for all the Word Moses, Elijah, Jeremiah, everybody bottled up in one man, the grain again. Adam was the grain, Jesus was the grain, in between was the carriers and that is part of the life and the prophets only had part of the Word. Paul was the Word, Brother Branham was the Word, in between there had men who was part of the Word. Alpha and Omega. The

son of Man here and the Son of Man here, the foundation here and the headstone here.

Then to come short of becoming grain in this age, we're not in the continuity. Do you understand that? Because once grain comes we're in grain time. Every body have to be grain from there.

That's where the building reach, that's where the church reach.

That's why on the pyramid he says where is that messenger that meets the comer on this seventh step?

What does he do? Introduce them to the King. This last one. He say and who is that last one that introduce them in the Old Testament. John Elijah foreruns the King.

Oh you daughters of Zion, your King cometh unto you meek and lowly, riding on a foal of an ass. The Headstone coming, who do you say this is? The King.

Do you understand? This is a lot of grace right here. This is a lot of grace right here. And they couldn't recognize it. This was the last Adam coming in. This was the Melchizedec in flesh coming in. This was the fullness of the Word coming in. This was the corn of wheat coming in. See? But they couldn't see it.

And when he came, he sowed the fullness of the Word to do what? Make little ones like Himself and they took note that these had been with Jesus. The same God that was in him come in them.

That's why as I say, if you see it and you understand it. The first thing you realize you don't get work up, you realize look where we at, look what God wants to do. Then you realize.

I want to be part of that. Am I part of that? Is there something in my heart looking for that?

If you don't have a desire for that, you know well am I the bride in this age? I am a human being on earth in the year 2006 it have billions of that but I'm not bride because bride means if I am that then we have to be like that. It have to be more sons, the manifestations of the sons of God. There has to be a whole harvest. If that is the first fruit.

So then now you have to know but I have that desire in my heart and it ain't no carnal desire, like I'm trying to work up a

desire in my flesh, I always long for God and now I start to understand the plan of God. Now I start to understand why, is not my mother and father choose to bring me in this age because is God who put my mother and father in this age to begin with, planning my birth to come.

If God had my mother and father in Luther's age I would have come out with Luther's Message. Do you understand what I am saying? So God plan my birth to meet this Word.

Peter and they God could have put them in Jeremiah's time and put Daniel and the Hebrew boys in their place but God put Daniel and the Hebrew boys in Jeremiah time and God put them in Jesus time. Jeremiah was part of the Word. Jesus was the fullness of the Word. So the same way God didn't put us in Luther and Wesley and them time, but He put us in this time is when the fullness of the Word come.

And then you find now even though which age you come in, because you are an elect you would have want to be in that Word in that age.

And to prove you are elect in this age, you want to be that Word and you see the time and you see what Word and you say oh my goodness Lord this is what I am born for. Because if this is happening the world is falling apart. If this is happening the world is falling apart. Because when the grain is becoming ripe, for the grain to get ripe, all the life has to leave the stalk, the tassel and the husk. So that does be drying up and dying.

So if you are in this world and you come into maturity, then the world drying up, the world dying that is why it has to be burn. Because when you pick the corn off of the tree, the tree does become yellow. While that corn is becoming mature, the tree should becoming yellow. The reason it becoming yellow is the sun drying it up because the sun pull all the life to make the grain. You don't leave that there and hope it bears again, it can't bear again, the life done gone through it, it has no life in it, fire for it afterwards.

So you see even in nature, the continuity of the Word, so you can't be looking for a future in the world and then you see a full

son waive. It shows you don't understand the Message, you don't understand the age, you don't understand the scripture.

You can't see Christ rejected by the world and the world that rejects Him, you looking for a place in that world to advance yourself in that world.

From the time you see.....because the body has to be where the Head is.

It's such a time. It's such a time.

We went through that.

So, I'm saying you understand in this Message, three of the name things, all them dreams showed he had to go west. But he only went west when all the written mysteries were finish. He is going west to meet the angels. The angels wasn't the little birds, or the doves, the angel was the last pull, the third pull. And connecting with the angel was what? The revealing of the unwritten mysteries. So the third pull is what? The mystery is reveal, the opening of the Word, to reveal what? The hidden truths seal in the Word. It's so perfect.

He say the third pull is the opening of the mysteries, the revealing of the Word to reveal the hidden truths that was seal in the Word.

You see, he is saying it. In other words he coin the statement off of the vision because he understood in the vision what he is doing, he's interpreting the Bible. He understood to interpret this part angels have to come. He's seeing in the bible, it's God Himself. It's He coming from Heaven, the Lamb in other Word is stepping forth to take the book.

Did you get that?

If the lamb is stepping forth to take the book then seven church ages have to be run out.

That's why he says in the Breech, this book could only be reveal after denominational ages are run out, then seven thunders will utter their voices to reveal. Because seven thunders is not in the church ages. Unwritten mysteries are when church ages run out.

That's why Christ can't come down to reveal the unwritten mystery in the Church Age because He's doing intercessory work.

When H took the book of redemption, redemption has to be reveal. While he's there, catch the picture. While he's there in the sanctuary seven drops of blood, Ephesus, Smyrna, Pergamos, Thyatira, Sardis, Philadelphia and Laodicea. He's stepping out now.

When he' stepping out now in the fiftieth year, every fifty years was the Jubilee and the Day of Atonement was once every year. But in the fiftieth year, the Day of Atonement and the year of Jubilee came together and the jubilee was redemption, a man going back to his possession. So when intercession was finish he's coming out and the priest seeing him coming out and the priest begins to blow seven long blast of the ram horn and the man in the wall city who is a slave in bondage, come out of her my people, where? To go back to the land of your fathers, to go back to your possession. Redemption is being revealed.

That's why he says when the Lamb steps forward it is redemption being reveal, intercessory is over and this same Jesus Who went up in a cloud, He's coming back in the cloud and when you see Him coming in a cloud, know what? Your redemption draweth neigh.

And to prove it that the book is open after denominational ages run out.

What God did after the Seven Seal is open? Anybody knows? The moon went in eclipse seven times. Seven eclipse of the moon. And the last one it black out completely. To show it is finish.

When the pope is going towards Jerusalem, what for? For fellowship, the ancient enemy of the church going out to do what gathering them, the binding of the tares. The false prophet going there, while the true prophet here is coming to introduce the Lamb among us, to gather the grain together.

Seven thunders do what? Gather the bride together. The other one is going to do what? Gather the world council of churches together.

God showed it in the heavens to prove it.

Then what followed that? Preview of the bride.

The first bride came, churches of the world, then that same bride came back a second time, to show full restoration, full

redemption and she was marching and doing what, going up into glory.

Can you see the perfection of those things? Can you see the line of that Word? Can you see the continuity of the Message?

Then right, while all that is happening there a man is standing here and begin to reveal things that the book, get this. The Book was a seal Book.

No man on the earth could even look at that Book, open that Book, it had to be the Lamb. The Lamb couldn't even touch that Book until His intercessory work is over.

We went back to Jeremiah; do you know my Message on **Jeremiah?** He paid the purchased price seventeen shekels and there was seven decades. They put the sealed deed in the earthen vessel for seven decades but between the purchase work and the claiming work is seven church ages. Is that right? Then you go into the claiming work.

And watch another thing again.

John saw the Lamb open the Book in symbol form, there was a blast of thunder and then it opens in symbol form.

He says if the seals in the Book opens in symbol form. First a blast of thunder one blast, then seven seals open. He say in my vision I saw a blast that shook the earth and seven angels coming and He told me that each one of them would be the seven seals. And he says those seven angles who are holding those seven thunders I pray that they would reveal them to us.

And here he came back after the angels came and reveal in reality form what John only saw in symbol form, but first there was a blast of thunder that shook the earth, then seven angels and then seven seals open.

What a great things.

And when this seven seal book is open to the Bride, the Living descendants. What did He say? He say I no longer call you church, I can't call you church now because if the jubilee trumpet sound, you are not going to walled city, you are called out.

Revelation 19, is what? Bride, marriage of the Lamb. When they was called out of Egypt, they had to come over where? In Canaan, the inheritance.

He say there is to be an Ephesians at the end of the age.

God describes the end of time for the Gentiles by a sign but the blind clergy couldn't see it.

I'm watching that clock there; I don't want to hold you.

I'm going to read this quote here out of **The Uniting Time and Sign** and we'll close with this for the night.

But are you understanding me so far? It's on the tape and these things watch it, it is so précised, it is so exact.

The grace of God friends. To see that God rich in mercy in the church here, things that seem so confusing out of the simplicity of the Message and the grace of the Holy Spirit to take it together with the scriptures and make it so clear.

### **Uniting Time And Sign**

He had preached this message about five months after the seals were opened And he is dealing now; he took the same scriptures I read tonight.

The Sadducees and the Pharisees couldn't discern the sign of the time. They didn't know they were living in the day of the Messiah. Though they looked for it for four thousand years. The Messiah was right in the midst, he came unto His own and His own received Him not. The Light shine in darkness and the darkness comprehended it not.

John was a man sent from God, but John was not that Light. But John was sent to introduce that Light for every man to come into the world and this Light was the Word Himself Who was in the beginning. All things were made by Him and with out Him there was nothing made that was made.

That same thing happened back in this day. The One that was introduced to us was no body else other than the Creator. The One that came down in Revelation 10 was the Creator Himself. He lifted His hand and swears by what? By Him Who created the Heaven and the earth and the sea and all things that are there in, that time will be no longer.

Did you see the Word? Oh my.

So listen to these couple quotes here, out on **Uniting Time And Sign**, when he preached this here.

*Now He, we're talking of this uniting, uniting time, the sign of the uniting time, see Jesus was here in this last scripture Mathew 16: 1-4 reading. He was rebuking the clergy for not being able to discern the time or the sign of the time.*

When he preached **Is This The Sign Of The End Sir?** That blast and seven angels is the sign of the end time. The scriptural Bible end time sign that it's over for Gentiles because when you go to Daniel 12, I took the two scriptures Sunday, Daniel 12 time is going to run out for the Jews, Revelation 10, time is going to run out for the Gentiles. Both time a mighty angel with an open Book, both times the ancient of days, both times the Son of Man come in the clouds of heaven, same vision here, and same vision over there. Seven Trumpet there, Seven Seal here. Jews there, Gentiles here. Two prophets on earth there when that Mighty angel comes, one prophet on earth here when this Mighty angel come and we prove those things back and forth.

*the clergy for not being able to discern the time or the sign See, Jesus was here; in this last Scripture reading He was rebuking of the time. Now that has always been a great thing to the people (See?), to be able to discern the sign of the time that you're living; because God writes it so plain nobody could escape it.*

*Now, ordinarily, I'd go back and pick up from other ministers, or other servants of the Lord in the Bible time, like the sign in Noah's time, the sign of Daniel's time, and--and so forth, the different signs; but I want to bypass that tonight to--to save time, to be able... But it's always been God's way to give them a--a natural sign of the time,*

He say that's why when you see Israel go back in the homeland that is the sign of the last generation. When you see the son of man being reveal again in the last days that is the sign of the end of the world, harvest time. The wheat comes back to wheat. Son of man was the corn of wheat, when son of man comes back in the last days is corn of wheat between that time from Son of man in the first age, to Son of man in the last age, He was Son of God. Son of God was the Holy Spirit through seven church ages. Amen.

So you look at those things and you see how we have come. Then when we see the son of man coming from heaven in a cloud,

that's your end of time sign. When that begins it's a total secret. When that begins it's a total secret. But as it was in the days of Noah, that's why we believe in the days of Noah because that's that seven seal.

Why? He caught a mystery to take a people out of the old world and bring them into the new world. And we've come through those things, Noah had a ministry of a dove, Noah had a ministry of a mountain, Noah had a ministry... he caught the thunders between the trumpets and the vials, the earth filled with violence and the end of all flesh, its during that time it's a three fold secret of the ark, the rain and the dove that took them to a new world.

Brother Branham had a mystery of seven thunders between what? The sixth and seventh trumpets between the trumpets and the vials. Under the seventh trumpet, is seven vials between the sixth and seventh trumpet, the world filled with violence, the world is to be destroyed just like it was in Genesis.

Caught a three fold secret the seven seal, a three fold mystery. See? The ark was Noah's message; shout. The rain; the voice, final voice. The Trump; took them into the new world.

Now watch friends.

Let me show you something here.

*Now, that has always been a great thing....*

*But it's always been God's way to give them a--a natural sign of the time, so that everyone would know just what time it--it was. And these Pharisees should've known their time. They should've known what the time was. He said in another place, "If you would've known Me, You'd have known My day." See? It--it's very--a--a great thing that we understand. See,*

*That's what they always referred to the prophets about, they said, "And he had understanding by visions from the Lord. And the Word of the Lord came to the--the prophets of old." See, they had understanding through the Word of the Lord, by the prophets. And then the prophets give a sign. Like one man laid on his side for so long, then turned over and laid on the other side. One man had to strip his clothes. And oh, there's many things that they did to show the sign...*

We had a prophet in this day he threw a rock up. We had a prophet in this day had the ministry with the dove coming, with the weasel in the cactus giving us signs, giving us symbols that holds a mystery. Sign in the hand too like Moses. Hand turned to leprosy.

*So we must be, something... As we see the--the time that we're living in,. And know that the God that made the heavens and earth, and--and so laid out His work that He would describe His time by signs,.....He would describe His time by signs.....*

When you see man begins to increase in the last days. When you see the women begin to get more fair. When you see the people begin to get more immoral and they begin to marry and give in marriage, end time signs as it was in the days of Noah so it shall be.

When you see that Sodom sign as it was in the days of Sodom so it shall be.

When you see one come to Abraham God in a man turned his back and discern the people's heart, you know you are getting ready for the change, you know the world is getting ready to be burnt, God is describing His time by signs.

*.As we see the time that we're living in, there must be something that somebody's overlooking somewhere.*

Because he had seen the vision, he spoke it on tape, he told them what it is before it happened, then it happened. Then he came and reveal the Seals and showed the revelations to prove that those things were being fulfilled and after he spoke it God came down and discern the people's heart, doing everything to let them know, how could God be backing up a lie if a man----- . God is vindicating what the man is saying.

Because when the man when he finish speaking say Father if I've told the Word tonight then come down and show it and prove to the people I am your servant and I've told you the truth then God would come and do that.

That's how it was presented.

*As we see the--the time that we're living in, there must be something that somebody's overlooking somewhere.*

Five months had gone and they didn't even know what it was. So now he's bringing this Message to show them, look science put

it in Life's Magazine because in the fifth month May 17<sup>th</sup>, it was in Life's Magazine and he kept referring to it.

Now here he is in August preaching this Message and the church world didn't run and say Brother Branham what you said come to pass, Brother Branham you open the Seven Seal, Brother Branham you interpret the writings on the rock.

The clergy should have known that. Because remember all eyes was on him, he started, this is the man who started the healing revival. This is the only man who had the miracles in the meetings.

Oral Roberts and they praying for the sick. Billy Graham and them saying a prayer for salvation, like an alter call. Lord bless your people, I pray save your people tonight Jesus.

Oral Roberts, lay his hands on them and say Lord heal this woman, Lord heal this man.

But this man when he came, he say how did Jesus make Himself known when He came the first time. He say remember in the Bible, He told the story of the woman by the well, how He know the secrets of her heart, how He knew her past life, how He saw her in visions.

He say how did Simeon, called him Messiah, He say upon this rock I will build My church. Then He showed those things, then He came and He repeated that. He say when he came to Abraham before Sodom burn, the bible say his back was turned to the tent. He day okay I will turn by back to the congregation tonight and then do the same things.

That's how it was presented, so they knew it only had one man because it only had one man with an angel for two thousand years.

Everybody say an angel appeared to me, I dream an angel, an angel talked to me. But every night he say and He is here and He's being photograph and He's hanging over that lady and he say you just was thinking, so and so and so, is that right?

So this was a different thing.

Now catch this.

*.the time that we're living in, there must be something that somebody's overlooking somewhere. Because God would never let*

*these things happen without giving us a definite sign, that we'd understand.*

In other words you mean to say the world is coming to an end of time and God didn't give a definite sign and all through the Bible God is describing time by sign. And now that the end of all time has come and not just for the nation, for the world, for man.

He say we have to be overlooking something somewhere. Because the God in the bible in every age from Genesis describes times by signs.

*Now here is he same today, now the clergy we don't read it right, it's just like it was then. They didn't think it was time, they thought that they were living pretty peaceful then, and so they wasn't looking for no Messiah.*

Man was checking members in the church. Man was checking money. Man was checking how much places he went. He say nobody wasn't looking for the end of time, nobody wasn't looking for any Messiah, any promise.

*And Jesus had said that His coming would be as a thief in the night, when the people would be unaware of His coming.*

So he is saying if we are in the coming, God will give a definite sign of His coming. A definite sign of the end of the world.

Is that what they asked in Mathew 24? Every body know Mathew 24 is the end time scripture in the Bible. You can't take the end time scripture until you go to Mathew 24, Mathew 24 is the end time signs. And Mathew 24 is what? The sign of His coming and the end of the world.

That's why he preached, **Sirs, Is This The Sign Of The End?, "Flashing Red Light", "Uniting Time and Sign", Signs Of The Time.**

He say look at how all these messages on the end time sign are coming in to prove we are in the end time, prove by scripture and on things in the world where the world had come too and then showing look a sign in the heavens when the pope is going, God always show it in the heavens first before it happen on earth.

He went back in the Bible to interpret that sign, preached a Message call **Shalom**. Priest hand him the book, he went back in the bible and preached a Message, **This Day This Scripture Is**

**Fulfilled.** Had that vision, went back in the Bible and preached if the Message Is to be interpreted by the scripture, **Is This The Sign Of The End, Sirs?**

Every time something happens, he took the sign and he went to the Bible and let the Bible interpret the sign. He wasn't inventing things. He was posting the church. He was interpreting the handwriting of the wall, so we could see what time we are living in.

*But there were some of the virgins that went to meet Him, half of them had oil in their lamp and was ready; they were watching for that sign.*

The sign of the bridegroom coming, the head coming to the body. The Bridegroom is the head, the church is the body. The heavenly Bridegroom and the earthly bride. The bridegroom comes down from heaven for His earthly bride.

But the ones who didn't have any oil, they don't understand. There are those with out the Holy Spirit tonight they don't know what is happening, they are in church, they are hearing the Word but they need that understanding.

That is why they need to say Lord open my heart. Lord I am not getting it, make it clear to me Jesus.

You want to go back in the Word, you want to hear it, you want to search it out.

*And that's who I'm speaking to tonight to those who are looking for the sign now, the sign of His coming.*

*These signs given by the Lord is given only to believers. The unbelievers never see it. They go right over the top of them, and they don't see it.*

Then he goes on.

*Did you notice how vivid the sign for the wise men? They were Hebrews. They wasn't really Indian astronomers; they were Hebrews; because they were up there in that country studying astronomy to finish their education..... they had seen them stars in their birth path. That was a sign to them, that when those stars were in line, the Messiah was on earth.*

*No wonder they came, "Where is He? Where is He that's born King of the Jews?"*

That sign was a sign telling them that Messiah was on the earth, because Balaam say a star rising out of Jacob, a sign in the heavens in the first Bible which is the Zodiac. But that sign is Genesis one was given for what? Signs and for seasons.

Do you know we are constantly in every thing we do work by signs? A sign is something which symbolizes a message. A sign is a medium to communicate information of a particular nature.

When you see a traffic light that is a sign; red means stop. You didn't hear any voice saying stop. But that red light telling you stop.

That yellow light, amber light telling you caution.

That green light telling you to go.

Because that is the voice of the sign.

When you see that road sign and it say narrow bridge ahead. Sometimes it don't mark narrow bridge ahead, you just see the symbol.

If it's a sign of a restaurant you'll see knife and fork and a bed, and if it's a hotel you'll see bed. If it's a restaurant you'll see knife and a fork, that will tell you a restaurant here.

If it's a filling station, you'll see the sign of a pump for the gas because the gas station coming up.

If it's a hump in the road before you, you'll see the sign of the hump so, is that right?

It have road signs. You learn to observe your signs. The man who miss his sign is the man who gets in accident.

You doing mathematics every little thing is a sign. It have a plus sign, that means plus. If it says plus, that, if it says minus, you know that is what its saying. if its divide you know what that sign means, that means division, a straight line and two dots, one on top and one below, is that right.

If it's a multiplication an x, you know that.

If its music, musical notation, it have certain signs, is that right? That means a certain stress here, that means a certain bar, that means a certain music in the music and the person who watching that music sheet it looks like an unknown language to you but they could tell you every thing right there because they know the symbols what it means.

Well the same way you go in the book of Revelation, in the book of Daniel, is the same way there is a sign, it's a symbol its communicating a message.

Then you have horoscope signs, astronomical signs, zodiac signs right. You see the one with the arrow and half man, half horse with the arrow, you know that is Sagittarius. You see the lion coming; you know that is Leo the lion. You see the scales, you know that is Libra, is that right? Because the sign has a voice. It's a symbol communicating a message.

And back in the Bible days that was for signs and for season. So when they are seeing the heavens now they know that constellation is saying Messiah on earth.

When they watch the longitude and the latitude where that sign hanging, just like he had to go westward they see that sign they know exactly that means this child has to be born somewhere in Palestine, so they come to Jerusalem, the people in the headquarters must know. When he comes there no body didn't even know it.

Then the priest come with the scroll they say yeah out of Bethlehem is supposed to come the governor, see? And they went to Bethlehem and the child was right there. Two years in traveling, the child was two years old, is that right?

They went with expectation because why? That sign was a God given sign, it was written in the scripture look for such a sign it will identify the time when the promise Messiah is on the earth.

So this is what he is bringing here in this Message, **Uniting Time And Sign.**

That's why you see sometimes you need to read the Messages because if somebody is preaching the Message and you don't know the Message, you have, when you are not watching the person because you say something wrong because you don't know what they're talking about.

And he's bringing this thought on this Message showing the clergy is missing something because there was a sign to identify time just five months ago when he preach **Sirs, Is This The Time?** And it was there and it was happening when the seals open for two thousand years they were waiting for that lamb to come forth and

break the seals and then it happened. The greatest thing, when John even wept, they were now redemption for the church and the church world didn't know it.

And now he now is doing what, take this Message in Mathew 3:16, the Son of man now is rebuking the blind clergy for not knowing their sign. Which Jesus did in Mathew 16, this same Jesus now to the Gentiles, the same Son of man to the Gentiles that had come to the Jews and found the Jews blind. The son of man comes to the Gentiles and finds the Gentiles blind too.

Is that right? Laodicea prophecy to be blind. Same way they crucify him back there, then he came and indict them, second crucifixion for the same thing too, on this side, Can you see how real that Message Is?

Friends as I say, if you are understanding the things that are being said in the tabernacle, you come through the doors, you come in Sunday morning, you come in Friday, Wednesday you want to come in a spirit of prayer because why? You are expecting.

You mean God is just giving you information when you are in the Message all these years and the Spirit now in grace comes back around to explain some of these things. I preached this all the way back in 1993 on a whole series, on **Sir, Is This The Signs Of The Time?**

Look, oh my.

*Oh, my. He says they seen them stars aligned they knew messiah was on the earth no wonder they came, "Where is He? Where is He that's born King of the Jews? We've saw His star in the east and have come to worship Him. Where is He?" They knowed that that infant Messiah was laying somewhere, because God gave them a sign of the time, that God and man were uniting together.....*

When that sign comes down God and man were uniting together, that's Revelation 10:1 that Heavenly Angel was going to come down now in this earthly angel Revelation 10:7 and to bring **Super Sign**, God and man uniting together, **Emmanuel**. Preached **Uniting Time And Sign**, God and man uniting.

Here this how he say.

*What a unity, when God united Himself in human body..... What a unity, when God united Himself in human body.*

That Mighty Angel comes down and unties himself in a human body.

I does always talk about the picture about the prophet with the Pillar of Fire over his head, he say when you watch that picture that is two angels, a Heavenly Angel and an earthly angel. Revelation 10:1 and Revelation 10:7.

*...there was a watchman went on top of the tower, and he would get up there and watch. And he seen when a certain stars was in certain constellations, as they were passing, he knowed what time it was.....he knowed what time it was...*

You remember in the scripture, what time is it watchman? And the watchman came back and told them what hour it was, and they kept time by the sky. This watchman was watching the time and when he saw that vision, he came back and told them Sirs, I saw a sign. He's in a form of seven angels and a pyramid, traveling faster than the speed of sound and they're coming from eternity and a blast shook the earth and then they appeared and they caught me up. He say Sirs, is this a sign for us? Is this end time sign? Later on when that union took place, did you know what he come and preach? **End Time Seed Sign, Super Sign, Super Seed.**

*...Now, isn't it strange that these stars were exactly in line?*

Get this!

*....for three men and nobody else saw it?*

Here what he says now.

*Now, you can be so in line with the Scripture. When those stars become in unity, uniting themselves together in this constellation, three men were also united at the same time. And you can be so united with God in His Word, until these things become realities, and you can see them and know it is true.*

I feel that is what I am saying tonight. I feel there is nothing different to what I am saying tonight.

*The sign of the time.....*

*Notice, He pointed out national signs Now, when they asked Him about this, they wanted signs; and He gave them signs that*

*happened. And they wanted to know when would be the end of the world what would be the sign at the end signs.*

He's going back to Mathew 24

*.....And He pointed them many Scripture about national signs*

He told them one time when you see Jerusalem compassed with armies, national signs. He told them when you see the fig tree putting forth its bud, signs in nature. Is that right? He was giving them different signs, showing them how they would understand because God always describes time by sign.

This was a major sign, this was what? Sirs, is this one the sign of the end? Not the beginning, the end.

*.....He gave them signs, signs, signs, just constantly a sign.*

*.....He told them there in one place about a national sign, He said, "When you see the nations (See?) begin to gather around Jerusalem, see?"*

*Titus, this great Roman general had to unite his armies together and come around after these Jews had rejected the God-given sign of the time....*

When they rejected the sign it had a slaughtering angel sign coming, armies, woe, the Second Woe is past and behold the Third Woe cometh quickly. And between that time the Sealing Angel following the message angel going through the church like in Ezekiel 9, to seal them.

And Paul and them quickly goes to the lost sheep of the house of Israel, is that right? Bring them out of the city and dust their feet and shake their raiment, they know they was carrying that Word and that time was running out for all them places.

Why? They had seen the Elijah come; they had seen the Son of man reveal. They had seen the Son of Man crucify rejected by the church world and they know the armies now is uniting because the prophecy says the church that united with the state to crucify the Word and the armies was going to come and destroy that church.

Those Jews had given their support to the Roman Power; Protestants had given their support to the roman power, to do what? Bring a squeeze and close down places like these. What is God going to do? Bring the slaughtering angels to destroy that

church but the bride is not going to be caught in the day, the elect will be taken out.

And when we sit in a place like this and we're going back over these Messages and we are playing the tape and reading the Book and we studying the points and we polishing it up and we're going back to the scripture and making it clearer, then you understand you ought to draw some conclusions, you ought to come to the place to know look what we come into friends, look what we have come too.

Let the musicians come for me, let's just worship Him in song before we leave. Bring your book on Sunday again because we want to finish it out.

And really nail it down in your heart and we will see and understand. And if you have any questions, as we have gone through all these explanations and so on, just write it here and as I say jut bring it up and I will take your questions and try to help in some way to throw light on things, to help bring a clear understanding by God's grace, As much as God will help us to polish these things and make it clear for you.

He'll never let go of my hands. There is a hand that covers the mountain.

I'm so thankful for His faithfulness tonight, my faith looks up to Him tonight.

Oh father, we thank You tonight, we praise Your mighty name. want to call Brother Sanchez to come and pray here before we sing this song. Oh blessed be His wonderful His name.
