SUPERNATURAL ATMOSPHERE PART FIVE
7th, September, 2003

*In your presence, that's where I'm strong,
In your presence, oh, Lord, my God,
In your presence, that's where I'm belong,
Oh seeking your face, touching your grace,
In your presence, oh, God.*

*I want to go where the rivers cannot overflow me,
Where my feet is on the rock,
I want to hide where the flames of fire cannot burn me,
In your presence, oh God.*

*In your presence that's where I'm strong,
Halleluiah! Oh, Lord, my God,
In your presence, that's where I belong,
Seeking your face, touching your grace,
In the cleft of the rock,
In your presence, oh Lord.*

*I want to hide where the raging fire cannot reach me. Oh let it be
a prayer.
Where I'm covered by the blood,
I want to be where the streams of darkness cannot touch me
In your presence, oh God.*

*In your presence that's where I'm strong.
In you presence, oh Lord my God,
In your presence that's where I belong
Seeking your face, touching your grace
In the cleft of the rock,
In your presence, oh God.*

Thank you; let's bow our heart before him in prayer. Whereby a new and living way where we can come with boldness before the throne of grace, entering into the holy of holies.....God that rents that veil in twain, that sons of God, a royal priest hood, can approach unto Him crying "Holy, holy, holy." Having access to

this great divine presence where the veil can fall around us and shut us in. Where we can be standing there alone with God, shut in with God in a secret place, where the world is shut out on the outside. There is such a place, a world of perfect faith where we become an immune church.

There is a repellent in that life, you are sealed in and the devil is sealed out. You can hide in the secret of my pavilion and I'll set you upon a rock. I will lead you in a plain path, it's plain to you, it's unknown to the world. These secret passages that bring you right into the King's chamber. Bring you into a rapturing faith; the secret that was unfolded to Enoch brought him into a rapturing condition. It is repeating again in reality form, it's being unfolded unto us. As the evening light shines upon that white rock that light never shone upon, revealing the hidden the secrets of redemption. How we are being made the Word again, coming back to the Word that we by passed.

God putting this great secret that he had in the back part of his mind, in the hands of His bride. This is the secret *'the Word is in the bride she has the mind of Christ and she knows what He wants done with that Word.'* He is whispering those secrets in her ears as he brings her close up to Him. Oh let Him hides us away, let's draw near today let's truly enter in. Let there be a hunger and thirst after this in our hearts for this is His plan. This is what he is working to achieve this is the entrance he is ministering abundantly.

Open up that Jordan to bring them into that land where they'll be no longer supposed to be in bondage, but have all things under their feet once again. Father we bow our hearts in your great presence today. Lord we stand here, so thankful for your precious Blood, and truly it is precious, for when we think that you gave your very own life for us. When we think, dear God, of how you were humiliated and ridiculed and persecuted, yet you despised the shame, you endured such contradiction for sinners. You never let it influence you Lord, you looked to the joys that was set before you. You endured the Cross, because you desire to see us walk in liberty, you desire to see us be delivered from the bondage of Egypt. You desire to see us journeying under a Pillar of Fire, where the angel of your presence can bring us to a place you have prepared for us You desire, oh God, to see us in that land, Lord

God, in our inheritance. Each one knowing their lot, Lord, seeing how the lines have fallen in pleasant places. Each one, oh God, standing knowing what their landmarks are. Being placed positionally with all things under their feet.

You desire that, for your church, oh Lord, so you show that mystery in that slain Lamb, that Smitten Rock, that brass serpent, that ark in the midst of Jordan.

You unfolded to us what your death would mean, what would be achieved for us. What would be made available again, dear God. Sons and daughters of God in the last days who have access to your presence. Who have access by faith they have access to that great grace, Paul said. To walk in this grace, to live under the influence of this power, where sin can have no more dominion over us because we are free from sin. We are free from the indwelling power of sin, oh God, where the Word is mighty in our hearts, to the pulling down of strongholds. We don't have to live in pretence, we don't have to, Lord, try and evade and run and hide, but we can know *"greater is He that is within us, than He is in the world."* Halleluiah!

He said, "In that day you will know that I was in the Father and the Father was in me and you in me. We shall know as we were known." We thank you that seven thunders utter their voices to take away our amnesia, to bring us into this knowing. We can look into the mirror and begin to see face to face, begin to see what your perfect thoughts concerning us was, when you chose us, predestinated us in Christ unto the adoption of children.

Oh gracious God, take us deeper today into the fellowship of that great mystery. Bring us to that realization that was designed and intended to bring us into. Let us walk into that atmosphere, where there is prevailing power in our souls, because that revelation is being made spirit and life within us. The very kingdom of God being established in us Lord. May you grant it Father.

How you long to see a church that is predestinated to be in victory, showing truly they are more than conquerors, because that is what you've made them. They got to live in that realization. This great oneness would be on display, where you prayed they may be one. God here in this hour in the marriage of the Lamb, the old husband being dead being loosed from that, dear Lord.

Now, oh Lord, we stand in liberty in this united time with the Word, the Word Himself. Thank you Jesus, God, you see your plan being realized, you work patiently down through this six thousands years, now in this Bride age in this eternal age at the end of the Seven Seals.

You bringing these sons into manifestation. You showing forth, this great harvest this great commission, that you gave to Adam and Eve to multiply and replenish. That which they have failed to do because of being robbed by the enemy through the fall, but now Lord you are bringing them, Lord, the literal Spoken Seed Bride. A super race, a super church, in the last days. Make these things real to us, let this Word create such an atmosphere within our hearts. Let it radiates and emanates Lord, out of our lives and so surround us where we live Lord, under this anointing, this very creative power of God.

Knowing that we are offspring of the one true and living God. We are your very attributes, we are your very thoughts manifest, having the same characteristics Lord, just like the spoonful of water from the ocean having the same elements and chemicals the whole ocean has. So that we know that there is only one form of life, Zoë Life, oh God. To believe this Lord, to realize it Lord, to pray for more and more understanding of it. That it may so grip us and influence us. This is our desire Father, Lord, not just for us standing here to ask it but we believe this is the desire of your bride.

Oh God, we ask even today that you see us, standing here but yet we are conscious we have those connected with you throughout the region. Out in Tobago, Grenada, St. Vincent, Dominica, St. Kitts and across the world, oh God, where the elect of God is gathered together.

Even as a brother stands here, our fellow laborer, dear God, way down in New Zealand, to the very ends of the earth, where the influence of the church of God has gone. God may we stand in this great invisible union, to know we are one bread, one body, to know dear God, in this great hour when these thing are being realized. God, we can walk in this consciousness and see you the omniscient, omnipotent God, create such an atmosphere that your prophet spoke of it being created in his home. Dear God, could be created in this church, there will be not one feeble one among us.

There will not be one held in captivity, the enemy could hold in bondage. When that atmosphere of perfect faith, God begins to envelop this church, begins to envelop every life that oh God being quickened and raised up in the heavenly place, the believer's position in Christ.

Where there could be no leaven amongst us. All leaven could be purged out, and we truly can be that family. The family in heaven and the family on earth, oh God, that's named after the Lord Jesus Christ. Grant it today, Father, get honor and glory bless your children. May there be great deliverance in the House of God today, these things that you are opening to us. May your Holy Spirit speak so expressly and make it so clear that it may be the individual personal possession. God direct your servant to speak the things that your children have need of. God knowing there are so many needs in the assemblies out in the region. And we want to stand conscious that they sit listening to these tapes and that the Spirit of God could speak what they have need of. May you grant it dear God.

We commit ourselves into your mighty hands today. Both speaker and hearer Lord, get honor and glory, may your presence be felt. May you show your glory and your power. May you do the exceedingly, abundantly above all we may ask or think we'll not fail to praise you, we bow before you and worship you. We acknowledge there is no other God but you, Father. There is no other name given under heaven whereby a man can be saved but the name of the Lord Jesus Christ. Have your blessed way now, dear Father in name of Jesus we pray. Amen. God bless you.

Let us just open the Word. We're glad to be in His house today. All the precious saints that would also sit and listen to the tapes out in Dominica, Grenada and St. Kitts. May God so richly bless them. The prophet would have said it's a fine day over here, the sun is shining brightly, and we all are gathered in His presence, and we are ready to hear the Word amen!

I'll invite your attention to the Book of St. Mark Chapter Four.

Since I came back from Europe and Poland there, and began to speak on this '*Supernatural Atmosphere.*' I am into the fifth part today and still I just can't seem to get settled in. The time passes, the service is over and between services the Word keeps breaking and unfolding. It becomes so difficult but I trust that as you sit and

listen especially follow my Scripture where you see my thoughts are.

When a minister will read certain things and he focuses on a certain part of the Word, there is something in there he is looking at. For he is not just reading Word for reading Word sake but he is trying to get the church to look there and grasp and draw certain things to build them up in this faith.

I am very glad to have Brother Wak with us, how we appreciate him amen! When I met him first back there in New Zealand he was a wilderness man, a rugged back of the wood man. Came out there and see how God has blessed him down through these years. Stand on the side of Brother Malcolm, they are doing a great work there. I've been speaking to Brother Malcolm these last couple of days, and he also sent his love and greetings to you all.

Also Sister Lori, I was speaking to this morning. She asked especially to greet all the saints. I think Sister Yvette, I don't know if yesterday was your birthday or sometime and she was supposed to call you. She was so glad that I called, she asked me to convey greetings to you all. They are doing fine, she was busy cooking, trying to finish early, because she had to go in a maxi to go way out in the country to bring down a whole family. And there in the service or after service to spend sometime with them and fellowship. They are on fire.

The brothers from St. Vincent went back they had four people baptized. From the time they went back, they just seem to have a new burst of faith. Went in church, everybody who went on the trip testified, the service wasn't completed until twelve o'clock that night. They're just so inspired and blessed. I trust we too as we can catch what is happening, just being able to draw not just float along, but get deep and get anchored. To grasp and fellowship in the things that the Holy Spirit is showing to us.

And then not just here in service but in your heart you'll rise up in a place "Lord what are you trying to tell me? What is this you are drawing our attention to? Am I getting it Lord? I want to fellowship deeper with this. You know, show me how to apply this in my life. Show me how to work with this so I can see the results it's designed to bring to me. It begins to take effect in my life." Then you will be going somewhere, then the Word can profit you.

Remember hearing the Word is not all. The Bible says, ‘they who didn’t mixed the Word with faith, who hears it, it never profited them. They were there, the Pillar of Fire was there, Moses was there, the prophet was there, things were happening but they were all dead before they even knew it. They never come to the promise. Is not having a prophet in their midst. It’s not having the Pillar of Fire in your midst. It’s not having signs and wonders in your midst. It’s you being able to hear the Word, mix it with faith and apply it to your life, and then all of that mean something to you.

Church think of it “I wished the prophet was here, I wished the Pillar of Fire, I wished I could see the Pillar of Fire this morning, I wished I could see the signs and wonders” that didn’t mean a thing. You still could be dead as dead could be if you don’t mix that Word with faith. They were touching Jesus. Could you imagine, Jesus, the cherubim maybe never even got that close to Him and the people were bouncing and pushing Him everywhere and He said “somebody touched me.” And Peter rebuked Him and says ‘Lord, how you mean somebody touched you, everybody is touching.’ He said “no, this is different.”

For you could be bouncing God, holding Him and pulling Him and trying to stay close to Him and still be lost, don’t even know He is there, even don’t know what is there to help you. Learn these things friends, don’t get religious here. This is working with the Word, this is the inner man. Not the outer man, we dress the outer man to come to church. We sprayed him up, combed him up, dressed him up and every thing else, but the inner man is somewhere down in Icacos, or somewhere in Toco and you sit down right here all dressed up looking like a church person. You don’t want that?

You don’t care, you could be ragged as can be this morning but that heart is hooked up with God, linked up inside of there. You sit in His presence, there is a pull of faith in your heart on that Word amen! Because you know, He keeps his appointments. Is that right?

My! “Supernatural Atmosphere.” and you know one of the reasons I’m holding that, because I want that sink in there. **‘Atmosphere, Supernatural Atmosphere,** this is not church

service now. This is walking in the presence of God, being directed out in service, led out here, do this here.

Mark Chapter Four, let's read. All scripture is given by inspiration, do you believe that? How many believe every drop, every title is inspired, every punctuation mark. I didn't say, "How many know that is in the Bible, you know?" I say, "how many believe that?" That is a million miles apart friends, you all know that's in the Bible.... but if you believe you're tied to something, you cannot be shaken, when you know that. That is the creative Word that comes out of the mouth of the Omnipotent God. Then if you abide in that Word and that Word abides in you then ask what you will. See the difference? Everybody knows it is inspired, it is written in the Bible it said that, but that is not what we are talking about. We are talking about 'do you believe that in your heart? Have you realized that in your mind and you live and you don't even let your own thoughts and feelings govern you.

You let the Word govern you because you know that the Omnipotent Word because heaven and earth will pass away but that Word can never fail that's what we are reading here right now amen. Now watch!

And the same day, when the evening was come.

Oh my! How many knows the evening time had come, there is a morning time but the same day when the evening time has come.

And He saith unto them, 'Let us pass over unto the other side.

How many know that it's this time we are on the move to pass over to the other side, that's right friends, amen.

And when they had sent away the multitude, they took him even as he was in the ship.

I liked that! They took him even as he was in the ship. And there were also with him other little ships. And that is true too, there is a string of them out in the region, other little ships with him, glory! They were heading somewhere.

And there arose a great storm of wind, and the waves beat into the ship, so that it was now full.

And he was in the hinder part of the ship asleep on a pillow.

How could Mark know that? I always wanted to know how could Mark know that? Mark wasn't even there; it tells you he

was asleep on a pillow. It had to be somebody in there, knowing he wasn't just sleeping he had a pillow. The Bible tells you he had a pillow. Now Mark wrote out of Peter's inspiration. Now look at this.

And they awake him, and say unto him, 'master, carest thou not we perish.

What an insult! What an insult! You could tell the Lord that he doesn't care that you perish? That is why he died, even while you were yet a sinner, he died for us. Could you have some circumstances that you could say the Lord doesn't care? He cares, do you care? He said, 'cast your cares on him because he careth for you.' But the point here is watch how people could be with Him in the ship and they're unconscious of who he is and what he is and His care for them.

And he arose and rebukes the winds.

I like that, there arose a great storm of wind and He arose, there arose a great storm of winds and He arose, brother He arose to meet the challenge.

And rebuked the wind and said unto the sea, "peace be still," and the wind cease. And there was a great calm. And he said unto them, why are you so fearful?

They questioned him, now he was questioning them. They questioned him 'you carest not we perish? He questioned them, "why are ye so fearful? Sometimes we like to question the Word but when the Word questions us, we get troubled. Because many times we are not looking in ourselves, to see ourselves the way the Word is seeing us. So it is nothing wrong in trying to wake up the Word. Because if you trying to wake up the Word and you're full of fear then you're in the wrong atmosphere to even relate to the Word.

If you're trying to question whether the Word cares for you; in waking up the Word then you just in flesh and desperation. You get into a crisis and you go in panic, "oh God, oh God, God you care for me?" Flesh and desperation. You can't wake the Word so. He has to turn around and ask you "why are you so fearful? What are you fearful about?" "Did you hear what the doctor said?" "Did you hear what I said? Did you hear what Seven Thunders

uttered their voices and said?" That's right. How is it that, you have no faith?

And they feared exceedingly, and said one to another, what manner of man is this, that even the wind and sea obey him.

What manner of man is this, that even the wind and the sea obey Him? Yet they have seen him break the bread and multiply it, now they have seen him speak to the storm and it shook them up. May the Lord add a blessing to the reading of His Word. You may have your seat.

Supernatural Atmosphere Part Five. I am speaking this morning, taking for a little subject (for those in the back there) focus on '**God the creator in man which is His Church now.**' God the creator in man. Here was Jesus, the creative power in man, here was Jesus in the midst of the same storm they were in. They were looking at circumstances and analyzed it in their mind, see the fear for the storm. See how much water was in the boat. See how their lives were in great danger, see that they were unable to change the circumstances around them. As far as they can see "we can't change it at all." Jesus is seeing "I can control that, that doesn't have any influence over me that didn't even disturb me from my sleep. Are these believers with no faith and full of fear who disturb me from my sleep. I was contented to take my rest in the midst of that storm, knowing that storm is not doing us anything." Amen!"

You know you get in God's thoughts, how he lays his Word out. This is not just some record of an event, this is a record put here that we might see how He operated in the midst of certain circumstances. And then for us to see why could he behave like that in the midst of these circumstances. Then if we can fellowship and get a hold of that secret then we too will have the key to master the circumstance the way He mastered the circumstance. He had a repellant that the circumstance didn't do Him anything. He didn't say you think is you all alone afraid I'm afraid too, you know. He didn't say that, in other words he questioned them 'why are you so fearful?' Even though the Word not in you, it's with you. Amen!

Even though you don't have the New Birth, yet you have the Anointed Word in your midst. Even though you can't spot, it the

one who called you and brings you to justification and brings you to sanctification is here to deal with that. Now when we see how he dealt with those in the Alpha, when he took raw material, Peter and old fisherman, Matthew a tax collector, different ones, James and John, fishermen, farmers, beggars blind Bartheumus and them and he molded into a church that wrote a Book of Acts. When the Super sign God and man was being united when at the end of the Old Testament when the Son of Man was being revealed and he came to call that second exodus and take the church out of Judaism. And He was saying I came to seek and save those who were lost and was going from city to city to find them, searching for His sheep, preaching the mystery, and calling them by their names separating them from Sadducees and Pharisees, putting them under expectation for the promise of the baptism of the Holy Ghost. Halleluiah!

Here he has come also at the end of the New Testament in a Third Exodus calling them by names separating them from organization is that right? Putting them under expectation that the dynamics shall be the refilling of the Holy Ghost. And Christ and the true church will be the continuation of the book of Acts. Is that right? Amen! And while He is taking them on day-to-day experience they didn't even know that day what they were coming into. They knew they were in the Message they knew they were around the Son of Man, they knew Elijah had come, they knew the Son of Man was being revealed. They knew they would never go back in the Sadducee church they knew they will never be a Pharisee again they knew brother we forsook every thing to follow him, amen. They knew one day he said "the works he do they shall do and greater than these." They said he will come back and be with us and even in us and so they had followed him, believing what he said.

But do you believe that he, the training officer knew that during the time he was with them, he had to open up all the things to them, so he can get them in condition so he can come into in them. Like enmorphe in the church he called out, is that right? Then how are you walking? When you walked with this Word, is a revealed Word, is it a Word, that is identified in the Scriptures? Is it a Word that was promised in the Bible to come at this time? Is a Word that is for an elected people that was sent to call them and to

train them? Is it for a people of representation and potential to come back to become the Word? That's why he called them by this Word because this Word is bringing a people to immortality.

The Word didn't come to the Baptist and the Methodist, or the Jehovah Witnesses, this Word came to the elected. My seed, all that the Father hath given me will come, no man can come except I draw them, is that right? Those he foreknew, he predestinated. Those he predestinated them he called according to his purpose. And all things are working together for good to them that love him and are the called according to that purpose. So they didn't even know they would've end up in a crisis.

And here is the Word sleeping between revivals. One revival is over he's headed to another revival. They came into some ...the weather changed around them. They didn't discern all the modern events, and things were changing and become dark. The winds became boisterous and fierce, and the little ship began to shake, is that right? And men were trying to bail the water out. Who was trying to hoist the sail, brother they began to find out how vulnerable they were, even though they were in the message, is that right?

And what began to happen? It dawn upon one of them, after they have spend all their energies, after they have worn out themselves trying to remedy the situation. Have you ever found yourself in that kind of condition? You try this here you try a two day fast, before the two day fast over, like you're not getting any results, you change the two day, you try something else. You go over here, and then you realize, no, no, you panicking, you're in panic mode, because that's not how He trained you. He said "stand still and see my salvation you don't have to fight in this battle." This battle is the Lord's and so here we begin to see how this is happening.

And while this is taking place they see a situation and they get under the influence of the situation that developed around them. You get it? In the boat they had a nice atmosphere they were testifying about the Word. They were testifying about the glory of the Lord and the great prophet that had come. And the great vindication of the ministry, and the great teaching that he brought and the doctrine was so different. He spoke with such great

wisdom of revelation, and he did such great works, and there was not a man like him. Oh my! And then what happen?

The atmosphere that was around them changed, then that atmosphere start to get in their boat. It didn't stay out of the boat and they stay testifying, that atmosphere beginning to get in their boat. Because the water started to come in, and the winds began to blow the sails out and now and they, themselves got under that atmosphere too. And fear began to become predominant. Is that right? And questions about whether he cared or he didn't care and these things began to flood their minds. That is a boat beginning to get full of water, they were beginning to get full of something too. Not a boat beginning to go down, they were already sinking out, in the atmosphere of testimony and expectation and praising God in the fear and misunderstanding and confusion and doubt. Is that right? But he didn't come around them, he was sleeping. They were trying, fighting to save their lives and everything else and he was sleeping and he so calm. Like Gehazi and Elijah 'Master! Master! You aren't seeing what's going on around you? Wake up!'

They try to wake his level of awareness. Next you know " is a good thing you know, you would have drown if we didn't wake you up you know." Brother, oh my! This Word that had called you knows all things, you know that? You didn't fellowship with that deep enough yet. This isn't some intellectual or some man in Pentecost, a prophet who preached a message and has it on books and tapes or something. The Word is the Revelation 10:1 who comes down, the great mama eagle who hunts you out, and quickens you to let you know you are my elected seed, and this is the hour.

It's time and I've quickening you, for you foreordained of God to go in this Rapture. The hour of the Rapture has come, Amen! That's why I'm here because I couldn't descend if the Seven Seals haven't been pulled back. I couldn't call you by that name, except these mysteries are opened, and I came to separate you from this world. Outside of that, you like the church, you like the preaching, the singing impress you, you join it. You stay in your little cliché and corner and you move along there, no, God didn't call you unto that. It has nothing in the message about that, nothing in the Bible

about that, nothing from Genesis to Revelation about that. Nothing!

No they whom he called in this day, their names are found written in the Lamb's Book of Life before the foundation of the world. And he knew, so much and so much in this age, and he knew they are waiting there for this type of message to bring them to life. And he knew he had to hunt them out and find them and give them this revelation. That they are one, and the hour is here and he had chosen them and separated them and when that strike them they throw their hands and say "Lord, then you lead me I'll follow, Lord you teach me you make it real to me, because something in my heart even before you called me, I wanted to know who I was, where I came from. There was something in me craving and crying out, but now you begin to speak, it begins to get real amen! I know I belong to you I know what I was looking for."

And he gets up and sees what was going on in the boat. And he said, "This is my ship, this is the ship's army. " I, the Word in this ship and these are my followers in this atmosphere? You mean look at that piece of water out there, you mean they were relying on their human energy they couldn't hold that sail still? All the back of the boat getting too much of water." And they start to quarrel, about all who didn't have a bucket, and who take out the bucket, and who should have done this, and they start to complain and fight among themselves. What is happening here in my ship? What is happening?

And the devil, who had gotten in the winds and creates an atmosphere around them was now covering them up, and had them envelop in this atmosphere. And the Word quick and sharp and powerful, a discerner of the thoughts and the intent of the heart. And the Word looked over His little ship and the members in that ship who were on their journey at evening time to go over on the other side after the first revival had finished and was coming to the second revival. The crisis hour came and now it was time for the Awaken Jesus, they were calling him on the scene to watch him go into action amen!

And he was going to show them, 'though I stayed quiet for a little while I'm as great as I ever was amen! Alleluia! You may not see any big set of activity but I was taking a rest amen! I wanted the testimony to bathe down in your heart so you can recognize

your day and recognize your message and understand what you called to. I want it to soak it under the fifth rib, while I was waiting there you all should be building and growing in faith. Here is what's happening, crisis comes and then you lacked crisis management. Oh my!

He said the Word I'm planting in you all I'll put the teaching on your hard drive I'll write my laws inside there. You can handle the situation, and the things I'm doing before you, I'm demonstrating that precisely I'm showing you the Bible, I'm showing you the approach, I'm showing you the attitude. I'm showing you what kind of atmosphere I'm in. I'm showing you the immunity and the repellent amen! That these things can't come to me because I'm inoculated, amen!

These are things I'm showing you but you're watching me and you're watching my beard, and you're watching my middle part and you're watching my garment without seams. And you're watching all these different things instead of watching how I approach the Word. Instead of watching how I handle the situation, amen! Instead of how I take control and change the atmosphere but now you're in your problems look at you. Nothing can't come back to remembrance because your mind full up with the wrong things. Oh my! And he said "why are you so fearful? You trying to get me to work in desperation and fleshly fear and you get so bad you're questioning if I cared for you.

"Moses, you bring us out here to kill us, is the Lord among us or not? Oh my! And they began to get in that kind of confusion among them. But watch the Word, watch the Word, everything he does. His message wasn't just for himself but his message was what he did, the bible said 'and Jesus both began to do and teach. Oh excellent Theophilus, In Luke Chapter 1 he said "the things Jesus both began to do and teach." Because he was the manifested Word, he was the written epistle. Behold I come in the volume of the book, because he was the written epistle, because he was the entirety of the book walking there. Is that right?

Every action reflected Jehovah to prove that he was the super sign. That this was the capstone revelation that comes amongst them. The Son of Man was revealed, the great Jehovah prophet was standing there, the Word made flesh dwelling among them.

That which was from the beginning, he who was Elohim has now worked himself down to Jesus, amen!

The sacrifice, the Atonement, the Lamb that was slain it had come down now to that hour. Jehovah condescending unfolding the mystery, bringing it from thought to reality, taking it from shadow to bring it to substance. Oh my! You get more in five minutes than somebody who went to Bible School for ten years. Because this is the atmosphere he was in the boat. He never got in that atmosphere. He walked in his world he lived in a world of perfect faith. They were with him in the boat but not in perfect faith, he was preaching to take them out of the humanistic realm and bring them up in a realm of revelation and vision. Is that right?

Because the works he did 'I can do nothing except the father first show me. But I'm opening up the mystery that the same father that dwells me can come and dwell in you. And as he leads you as he quickens you as he teaches you as he gives you discernment as he makes you take everything under control. He said "right now it's a one man scripture, but as a corn of wheat who when it dies will bring forth in multiplied form. You will be a bodied ministry, many corns of wheat and all of you will have a measure of that anointing inside of you." Won't you like to be in a church like that back there? You are in the same kind, this morning right here, in this end time age.

Same message, that's where they walked with him, that's where he lived with them, that's where he spoke to them from. That's where he opened the book and he began to reveal to them, and shine light. He said "I know you, you think you are a little nobody; you think you mightn't be able to finish this journey. Life seems so hard for you but he said, "It's not you. I chose you I predestinated you, I already say what you going to be at the end of the road," amen! He said "you think that lily struggle and struggle and struggle by itself to get up there? No when it get up there it realizes that there was a power a risen sun that was pulling it all the time. Because that sun rose, because of the resurrection of that sun amen! That had died the evening before," amen! It brought on a new day it had; transforming power, quickening power, resurrection power to loose that lily seed from the bondage of corruption of darkness and captivity and that binds it, from the filth

of that pond. And raise it up to serve a purpose where such as I have, give I unto you.”

“Come on bird draw, you honey bee what you going by that plastic flower for? Come and taste of this nectar and see if this is not what you’re looking for, then go make your honey and strengthen other people Amen. Alleluia. It knew what God had put it there for. Was He, the Lily of the Valley, was He the Rose of Sharon? Oh, my! Look at him in the boat right there in a world of perfect faith, and he didn’t like that atmosphere that came in and disrupt his boat. And he showed that by understanding who He was and what he was and the Father had made Him he could change that atmosphere. He could dispel that obnoxious, that fearful, that crystalline atmosphere, that skepticism ... he could dispel that from his ship. He is going to change the atmosphere on his ship. He is going to take back his ship under control. Then he is using that scene to get to what they need. That water way, and he will take back control over it also, for it is disturbing his little bride.

Just like Adam in the garden could have stand there back there could have said, “Wind relax yourself, you’re messing up Eve’s hair. You have the girl only pulling back the hair. Peace be still, me and my bride is taking a little walk through this paradise this evening. We want to get down by the brook down there and have some time to sit under the shade of evergreen tree and talk a little bit.” My! Oh thank you Lord! Isn’t the Lord wonderful? That’s not drama friends that is reality. He just trying to break it down to you to let you see don’t you want to walk there? Don’t you want to live there? Or do you want to keep dressing up the outer man who perishing everyday. Or do you want the inner man to be nourished up with words of faith to pull down every stronghold and bring this body subject and walk in that Word where you could operate in the supernatural?

You see they were unconscious as to how the atmosphere started to change around them. And they were unconscious that behind the changing of those conditions was a spirit, demon power, is that right? But right away he knows is demon power, that is the devil that got into the winds and the devil got in the waves. But right away he knows the devil is in that wind but God is in me. The Father is in me **and greater is he that is in me, than he that is**

in the world. I can do all things through Christ that strengthened me. It is getting it a little intimate and a little more personalized, because that is a realization that I can do all things, amen. Now you know, the I in the I is in me, in that day you know, I in you and you in me, that's the knowing now.

And that's the consciousness now, amen, and that's where you're standing in that glory. And that's why Moses before he can even deliver one person had to come in that glory. And God never sent a man unless he brings in contact with that glory. The commission was always the supernatural. Is that right? The scriptures get kind of little evangelistic a while ago it looks like a boat ride for a moment. Now I realize it's good for doctrine, it's good for doctrine, think of it, 'Supernatural Atmosphere.'

Now he was conscious, if this gets me too then we are all finished. But he had a repellant of predestination, He knew, no, no, this is something not for man; they try to use man's energies of the flesh, human ability to deal with this. This wind and this wave will obey the creator. But where is the creator? Shall we call a prophet and go out say "oh Father, God, come down from heaven?" No, He understood it was not that age, He understood his birth, he understood his experience, he understood his identification, and he searched his life and saw his gift. He saw the time and season he was born in, he saw the scriptures, he saw the kind of revelation that was being given to him to open up Messianic scriptures.

He understood his potential power because his life was in the Bible a mystery in Moses who could create, in Elijah who could control the elements. And then it started to open to him that's you, that's you! Just like your life in mystery, in the Book in Esther, it's time for you to go in. In the days after Mordecai, before the prosecution when Hatach in the reiteration.... Not a thought, not a booklet not a super nova badge. Yes sir! You came to realize, he said 'Rehab, get your family in, can't you see Joshua in the land? Can't you see captain come down? Can't you see circumcision takes place? Judgment is going to strike! Get under the token.

Yours laying there in bride form too just like his own was lying in messiah in bridegroom form. And that's how he understood what power he had, that's how he understood what God made him, a super son, God made him a messiah, anointed Word that could

master all circumstances. God gave him revelation to understand that revelation that mystery, to come in and live in that position, to understand that God didn't give him a little genealogy. God give him look at Moses; look at Moses he was born in the time of prosecution, wasn't he? Look at Moses here, is being made God to the people. For the Word come to him, look at Moses, can create. And Moses, "the Lord thy God raise up a prophet like unto me." Why did Moses say that, drop that quote in there that prophecy in there? Because one day when messiah comes, the messiah will catch that, and say, "messiah will be a prophet like Moses then let me fellowship with Moses. For Moses holds mysteries of me. My mother said, "when I born, there were the stars there, they said the magi's came, and there were the gifts. I understand the mysteries of those gifts.

David said the heaven declares the glory of God. Numbers, Balaam said a star will arise out of Jacob; he is accumulating all the evidences. It's heaping up and becoming a great background, he's beginning to know is not theology like what Nicodemus and them have. This not what they doing in the rabies' school, this is something supernatural. I'm born for this; I'm born to catch it. I didn't go to school to learn these things. Where is this kind of wisdom coming from? He was into a different realm, then he had to believe it, after he laid all the mechanics out, he could come to one conclusion then I'm that Messiah. I am born to fulfill that I'm he' I'm he, he begin to see his life was the matching piece.

Now catch this now. Now that is as far as some of you can go in this church. 'A greater than Esther, a greater than Ruth, you know the types, He didn't just know the types, through the types He understood the potential of his power. I see the kind of wisdom that Solomon had, that is the spoonful I am the ocean. I see how Elijah shut up the heavens, he could control something that God creates, but the Creator is in me, the fullness, he is just a part of the Word, I am all the Word. Because Messiah can't be stalk and tassel Messiah has to be grain.

And the Bride can't be stalk and tassel and shuck, the Bride has to be grain, because Bride comes in harvest time, bride in the Bride Age. So he fellowships with that mystery and he is seeing but I never prayed for this God made me this. It pleased God to do it this way, it pleased God to put you in the Bride Age. It pleased

God to open the Seven Seals to you when great learnt men like Luther and all these doctor of Divinities, and God said “ no matter you have no education I’ll give you anointing, eagle anointing, to understand what doctors of theology with degree can’t learn. I’ll give you eagle anointing, I’ll teach you in such simplicity in nature all around you, in your everyday life you’ll see a different kind of learning, a different kind of revelation.

It would be just intellectual and there you’ll know it’s not just a book you’re depending on,. One day he talked with a flower, next day he talked with the sun, next day he talked with a river, next day he talked with a bird, next day he talking with a farmer, out with the shepherd, out with the fisherman. He is opening up the mysteries of the kingdom of heaven. Is like a man when he catches fish, separate a hundred sheep, opening the mystery everywhere, I’m the light to the world.

He that follows me doesn’t have to walk in darkness, look at the sun and the moon, and even understand the mystery of himself. What was happening? He was understanding now, if I’m Messiah, in other words, if this is the day Messiah supposed to come in. Friends, this is the day that the bride and the bridegroom have been called in. This day the Book of Acts continued to be written in this day, this day! You know why? The Son of Man has been revealed. One like Moses, there must be Joshua and Caleb, one like Elijah there must be one like Elisha amen! One like The Son of Man, there must be one like the Alpha bride. Had to follow, because those were types showing a day coming, a day coming, and something had to follow it. For it was done it was presented, it operated to open a way to show the others how to come.

Come from Gilead to Bethel come from Bethel to Jericho and now cross Jordan and get ready to be robed in the mantel. And go and do more of the same kind of works, amen! Because the same anointing the same robe is yours. You getting what I’m saying? I’m bringing you down to the place of what’s creating the atmosphere. It takes the Creator to create his atmosphere, and a man has to recognize that creative power is in him, because he is an offspring of the Creator. You’re getting me?

I want to show you this principle if God saves one man by faith, God could save a whole family by faith. If God save one man in a family by faith God could save a church by faith, God could save a

nation by faith; God could save a world by faith. That's right we get them to believe and cooperate with his word. But the same way a man could create this atmosphere around him and he can begin to live and walk in this revelation that gives him power to create this atmosphere because he knows who he is. Why? Because that's the Spirit purpose. The spirit purpose is to what? To lead you and guide you into all truth. To bring back things to remembrance, why? Because the faith for today was locked up in yesterday's experience. The faith for tomorrow is locked up in today's experience.

That's why you watch God, God leads you in continuity. They came out of Egypt they didn't just end up somewhere in Kadesh Barnes they knew they came through the Red Sea they came through the wilderness. They came to Kadesh Barnea, they came to Jordan, he came Gilead, he had to come to Bethel, and he had to come to Jericho. Had to come to Luther and justification, had to come to sanctification, had to come to the first court, had to come to the second court, before he get there. Because there is a way provided to get in. That's the way he deals with a believer that's the way he deals with his church.

And when they came in that final place they were in an atmosphere, man was one with God in the Shakinah like where Adam was one back there. Now to take it away from that imaginary tabernacle, next you know you have man drawing three courts even drawing little laver and they drawing different things that's why we are here in the boat. And you see now what it is to live in that atmosphere. What it is to be in the crisis what it is to see your world tipsy turvy and falling apart. And your life and your security being threatened, and your demise like it coming in with rapid force. And you get desperate, then you try to wake up the Word.

Instead, you wake up the Word to help you the Word begins to rebuke you. And the Word starts to say that you operate with fear. How could you have an atmosphere of fear and operate the Word in an atmosphere of faith. And some people don't even have that personal discernment in their own life to know if they're coming in anxiety. He said "be anxious for nothing, be anxious for nothing. Take no thought what you're going to do here! Take no thought what you're going to say, the Father will give you what you're

going to speak! You have said so in your Word, I'm abiding in that Word, I'm coming to that place I'm expecting anytime now, you'll fill my mouth with what I should say."

The maniac was coming, he was coming he was threatening, the atmosphere in that church changed. Men scampered, all those men with their bibles, they only spray down themselves with deodorant and theology. Slick down their hair with all kind of ecclesiastical grease. The prophet came in there his shoes was not matching his pants, his socks matching the shoes, but he came with his experience matching the Word, anointed and commissioned amen! Yes sir! Stood there, and he watched him, destruction coming closer and closer, stood there for he knew I'm commissioned to stand here, I'm sent here with order from high. And he said nothing shall stand before you all the days of your life. I'll be with you Amen! I will not fail thee. He is waiting for the Word, he is waiting for the word all kind of things flashed through his mind. Because he is not there doing his own thing that's a key, when you're not there doing your own thing, that is a key.

That's where ambition and zeal and enthusiasm fail when man wants to run and do something and nothing doing for a while. But the crisis comes watch them, for the first one to know you're doing your own thing is them and they're looking for an exit and they can't see an exit sign and all doors locked. Sons of Scheva doing their thing couldn't find a way of escape, where Paul, where Paul is. Oh no, that atmosphere have to change. He had a repellent; he had an atmosphere around him, that's the same for you. Now let's go quickly now. Let me read something. You understand me so far, lovely.

These should be little forty-five minutes messages. To give people now a chance to exercise some of that, after the Word is preached. Sometimes you go past with these kinds of messages to get the faith anointed. And then you keep. going, going and get into preaching, and giving the teaching and you never get chance to operate, while the Word is there to take control of the things that they battling with. And that's what the Word was send forthright there. So get ready, amen, and bring it to a place quickly. I have so much, but I just feeling that in my spirit here.

I want to cut it short, I know I need to be reading some of these things here because this is the one who walk in this Word

first. And whose life had left the footprints, and whose word had open up the way to show us who coming behind how to come in there. Because that's what Jesus taught his church. He taught them ministry of angels. He taught them discernment of spirits, this kind don't go out except by this. How adultery kind goes out, do you know? He said you better go and confess that with your wife, other wise that isn't going anywhere. Is that right?

It has different kinds but you have to have discernment to know what it takes for deliverance for each kind. Discernment of spirits, how that spirit works. How it traps and ensnares how it binds, possesses and controls, how it blinds, you have to know it. If you know the way of God won't you know the way of the devil? It can't be church, tell me Brother Vin and the Third Exodus Assembly, tell me that. Have to be people catching that, knowing how to work with the Word.

Have to be people, not getting discouraged when they can't follow that. That tells you, I need the Holy Ghost. Because if I don't have the Holy Ghost I can't get in there I can't even interpret it. I'm hearing it but it's not meaning anything to me. But I need the Holy Ghost that begins to break that bread in your own life and feed your soul and apply that blood correctly, amen, to bring security to me and peace. And children, when that comes, you begin to say "Lord, put your Holy Spirit in me." How many knows he gives the Holy Ghost to them that obey Him. You don't have to do no big set of things you only have to get obedience.

How many knows the opposite of obedience is disobedience. That is rebellion that is resisting the Holy Ghost. That is putting it off for tomorrow, and he speaks to you, you put it off for the next day, and he speaks to you, you put it off for the next day and you're not doing what he tells you. And you're not moving when you should, and you let other things become strong and predominant. And then when that goes beyond it's time then the former method can't move it any more. That is if you had work with the Word then "today, when you hear His voice" while it is today, for when you missed your opportunity. Then you run up and say let's go and possess the land. Moses said "where are you're going? God is not with you." Go in the ark today not yesterday, and then they had to turn their back and run because they're trying now to go up now but outside God time and season.

Because they were rebellious to the Word. How many knows the Bible say there is a space to repent? How many knows, Nebuchadnezzar, when that space passed, Daniel had to tell him be careful, humble yourself and he didn't do it? And then the watchers sat in the courts. "And they said wasn't this man given a space of time he didn't do it what shall we do with him?" They said "cut the tree down and leave the roots intact." They decided upon, is that right?

It's the Bible friend, that's the truth, to show you, you're walking with God, that's why he said "go and sin no more, less a worse thing happens to you." You know why, what does that means? That it means I cast the thing away from you but it's going to walk in dry places, it's going to come back with seven worse. And if you didn't move and obey what I told you, when those seven came and found you still on that piece of ground, you have more problems What's that? Demonology, what's that?

Knowing your enemy. How he fights, how he operates, the contest, how to approach him in battle, how to discern him, how to disarm him. What is your fortification, what kind of strategy to use against him? That's what that is He was teaching his church demonology. Now the same devils in the winds and changed the atmosphere and they couldn't see it. He gets up right there and see that's the devil he now up against demon power. Satan trying to upset my little church, my little ship, I'm going to take back over, this atmosphere. Is that right? After that he began to rebuke the fear and all these things take away from them. They even got more fear; they got more fearful, exceedingly more fearful. What was happening" why can't we.....?

If we can catch these things we'll understand how he was coming into greater works you could understand what dominion is you could understand what oneness is. You could understand what the manifestation of the sons of God is. When you don't know these things, in your mind you're looking for power to come out of the sky one day and fall on what? Flesh, excitement, carnality? No! No! It has to come down on Word, Planted Word, it has to come down on planted Word, Former Rain. What is Former Rain? Teaching Rain, teaching you the approach for that, teaching you the approach for this, teaching you the strategy, teaching you how to handle... what you do when this happens, Teaching Rain. Thy

faith, power through confession, Teaching Rain! Ministry of angels, atmosphere! Teaching! What for not some theological background, it brings you to a place of adoption. To brings the church back into a place of victory, where God can have preeminence in your life in my life. Mystical Love.

He said now “have you ever seen a person that’s a good person, you think they are nice but it’s just something about the person, you just don’t like to be around them, certainly you don’t. What is it? And then, you just see people that you just love to be around them. What is it? It is that creative power that is around the people that creates that atmosphere around where they at.” I read that too fast you didn’t get that. You hear the part where they create that atmosphere; it’s that creative power upon them. Jesus..... It is that creative power that creates the atmosphere around where they at.

Watch where they talk, watch what they desire, let the word of thy mouth and the mediation of thy heart be acceptable in thy sight. Speaking in spiritual hymns and songs and making a melody in your heart. And mediating on the Word day and night not turning to your right or left. I’ll prosper you and you’ll be a great success. If you mediate on this and it shall be holy unto you...and follow me it should save and save others also. Was he saving others? Did he know he was the Word? Could he wake out of sleep and still know He’s the Word?

You ever wake up in the morning and you wake right in the inspiration talking that Word? You ever find that subconscious talking that Word in your sleep while this conscious locked off here? You know the word is on the inside, faith in the sub conscience! Before you can even think it in your mind something comes out your mouth where did that come from? Woo boy! Quickening power, you never knew what to call it, but the prophet came and gives it terminology to identify it, “Quickening Power.” It so quick, faster than light the thoughts of God. Speed of thought, listen.

He said, “if you’re full of love not made belief, you can even feel it.” You see how a pretense life is a disappointment when it comes down to this hour. A person tries to play outside Christian, comes down to this hour, you see where they are at now, because it has to be real inside there now. “If they are full of love not made

belief love, you know they are Christian, they shake your hand and say “I’m your friend John, you can feel it.”

This is God in a prophet I’m not reading some Mindy man words there. I’m reading from the one, the raving bull went by, the one, who the maniac went by. I’m reading from the one who saw there wasn’t a feeble person in the meetings when he walks in there with at creative power was upon him knowing what God had made him. Malachi 4:5 Revelation 10:7, a one man scripture at the end of the Pentecostal age, amen!

One like Elijah, Moses, one like John, one like one like Eleazer, one like Joshua, one like Amos, amen! He knew what God had made him and God revealed it in the Bible he showed him what he was. He walked in those cities, He said, “look at Amos going down to Samaria; he isn’t traveling like tourist he traveled with ***Thus saith the Lord.***” He is on a plane going to California, he step off the air and all those Hollywood preachers they die like rats here but watch the eagle fly here. Watch the great eagle move down in this place and shake those churches. Oh I tell you he was in another sphere.

He got in his car after he preached a new ministry after he came out of Hattie Wright’s house. He preached New Ministry to his church, jump in his car and drove to California. He said, “I couldn’t sleep in the hotel, I was like a little child under expectation for a Christmas gift.” He said I come in here to testify to you, he took *Speak to this Mountain*, he said something is on the road. I told you about a sign in the hand, he said I told you about the discernment of the spirit, secrets of the heart, now we are coming into something far greater, it’s already happening. Just last Sunday in my church what took place, Atmosphere.

That anointing, it wasn’t just anointing coming on him in the woods it was a realization, that’s scripture is true, now I know what it means, now I know I’m in that little room. Now I know I come from the golden cross to the little square wooden room I’ll meet you in there. Now I know that’s where he has placed me. Now he will declared his name in a new way, now I go to Hear ye him, now I go to adoption, manifested son, position in Christ. Ephesians parallels Joshua, now when I speaking the mystery, I’m opening where he’s bringing me.

It pains me sometimes, I wish you can see all this, I wish you can see all this. I know you're familiar with some of it but I'm talking about seeing it I'm seeing it here, that kind of seeing, that kind of seeing. To see how God took the life of one the Son of Man being revealed to open the way for the Omega Bride. Those who have to follow into this and then Christ will continue through a many member body, a church a called out. There was something about this atmosphere, there was something about this atmosphere we talk about it, break into it we feel it, sometimes. But the thing is, he is teaching you how it is created, how you stay in it, how you unplugged and plug back into it. He is teaching the laws to operate in it.

He wants to make you a residence not the High Priest going into the Holy of Holies once a year but the atmosphere doesn't last long he has to come back out. But under the order of Melschesidec he goes back in, amen. A royal priesthood, access to God, a channel of communication, a channel of revelation that opens up to them, that the soul now not the physical body but the soul comes into heavenly places. To see their position what he had made them in Christ, oh Brother Melville this is something else. I feel such an awe of the power of the Holy Spirit; I'm myself in awe there. People who decide when they hear these things.

They know "Lord, my goodness this is where I want to walk in this is where I want to stay. Look where you bringing your church to, look what you're making your church in this hour, look at the ripening, a ripening look at the faith. Look at the grip on the sword, because when the King came it was a drawn sword. It was a Revealed Word; he gripped it, sealed not up these things. Exposed Word, don't put it back, it's drawn, it's mystery, Mark following the Third Pull, you have the King's Sword. The Word in the mouth, quick and sharp.

Why? Because the Captain, the Intelligence has come down on the body. From the eyes of the prophet, Moses, to the intelligence on the body, a circumcised group. Why? It's a creative power on the people that creates an atmosphere around them. When they start to create in the church and spread out over you, you know what they'll say "oh God let it be on my heart." While you're sitting there, and like Sampson your lips just moving quietly because you're talking to God on the inside, you got a hold.... but

you're hearing the Word here but you're talking to God here and as it comes in it inspires your prayer. You don't wait for the altar call at the end oh no, no you've already climb up in that place with God. You can catch that Word. Say "God, stay there for a little bit, to help me, to make that plain, because he's right down my street. He is down in my yard, inside my bedroom, Lord, let him stay there a little bit, because I'm coming down to that this morning..... To hold you no more.

Then you have a church that can relate to the supernatural because they have discernment, for they can discern the body and they know when the anointing is on the body. God had set in the church preachers to open the Word. The body understands, shake your hand and say "I'm your friend" you feel it. Word is spirit and life, your thoughts speak louder in heaven than your words on earth. As a man thinketh in his heart so is he. What kind of thinking? And now the bride has the mind of Christ. Think of yourself, think of your circumstances, arm your self with these weapons to do battle with your enemy, to take your situation under control.

Arm yourself this morning, who needs a cross a cross bow for a silent strike. Who need telescopic sight, when the rifle is zeroed to the target, he is giving you that, this morning. Who needs armored piercing bullets, where you think the devil is all fortify. He will burst away anything the devil tries to hide behind. Get your enemy amen! Before he gets you, amen! We are in the age of precision..... You don't wait the enemy to plan a whole thing. By the time he sits down, you on the move, the squadron fleet zipping in there with knouts, amen Yes Sir! Making some surgical strikes and taking them things out. You have four or five men in a seven storey building, they level it, turn the seven storey building into dust, because they know there are men inside of there. We're not going to try and say "turn the whole building into dust and the men into dust too.

Why? Our children must travel safe on the buses to go to school, because our daughters must walk the street without fear. He is sending out these demons armed with explosive to blow them up and different things. They took action; they didn't just sit down and bawl and bawl. "Oh God what we'll do, Lord, why did you put me to live here?" No, no, he brings you into a condition,

he bring you into a condition. You should be glad when he has given the things to unlock your door friends. What did he say? Rub your make belief out, lift the church into a higher bracket. What did I preached on last week? Which I didn't get to go into, but I have to come back to it because these things are breaking so fast I choose to go here.

He had to take the unbelief from among them out of Jairus house, get the man outside, that's right. He couldn't work where the unbelief was. What was God showing you, unbelief; watch him here on the ship, unbelief. He is showing them why they fearful, why they couldn't operate, the Word right there with them why they were panicking. In other words, he is expecting of them, not just to say I'm in the Message, I believe the Message and I'm following the Message. He is expecting them in conditions to stand flat footed. Praise God, praise Him in everything amen!

He is expecting them to create another atmosphere and push that one that's trying to come in and disturb you, like the wild bull, demons on that bull and the bull keep charging and stuttering . And he went for the gun, and He said "you don't deal with this with technology and science you need the super sense. You need the super anointing to deal with this here, disarm the bull." That atmosphere the bull was in, was coming on him, and he go to react and that wasn't faith. It had to be dealt with faith, it had to be dealt approach, it had to be dealt with principle because God wants the preeminence amen." Is that right? Is that right? Can you say amen to that Word?

Is that creative power upon that people that create an atmosphere around where they live. You say what kind of atmosphere I does be in? What are my thoughts about? Do I think of myself the way God say I am? Or when we talking about the Word in church or somebody brings up a Word conversation I know those scriptures and I know those quotes so I kind of put in my two bits whether I have faith or not. I inject some knowledge too, so you'll know, I know that too. Is that Christianity comes down too? Oh no sir! Can't be, that is where the pretense life is that's where make belief is.

But the person from the time they open their mouth you know where they seeing that from. Just the tone, just the control, just the way they get selective with what to say. Because now to get into

precision, with pinpoint accuracy, to blow that devil out with the atomic bomb of F-A-I-T-H. That has a guidance system that directs that bomb to blow that devil away and make him lose his grip around that life that he trying to strangle. But the weapon of the warfare is not carnal, we have the armed weapon of mass destruction. Is that right? Yes sir!

Nuclear for when we need nuclear. Biological, for when we need to get to the nerves of the enemy, brother for whatever it is. Chemical, when the devil comes with his own chemical we have chemical weapons too. The chemicals of the Word we know how to mix brother that and create an explosion. Yes sir!

“You might not agree with me, but” he said, “I’m thinking of my friend Paul Radar, I notice tonight here, we have some colored friends sitting with us. And a little colored man said, one time down in the South in Boston, his boss said there is no such thing as heartfelt religion. He said “just what one thing you lack boss, by saying there is no such thing as heartfelt religion as far as you know.” He said, “he knew different and “I, the prophet said, believe in heartfelt religion. I believe that you feel it.”

I believe that you feel it, I believe that you feel it. Anything that doesn’t has feeling it’s dead. Anything that doesn’t have emotion it’s dead, bury it if it’s dead. All your life ‘the Holy Ghost is not sensation, the Holy Ghost is not sensation.’ You can’t even get happy, you don’t have the Holy Ghost to put a smile on your face. Talking about the Holy Ghost without sensation. If you get the Holy Ghost it makes you laugh and run too, leap over troop and jump over wall, Amen! Yes sir! Get the Holy Ghost it can make you cry too, tears running down your cheek and your hands up in the air. Oh God! I love you Jesus. That’s right.

God gives you something inside that changes you, ‘God gives you something on the inside that changes you.’ He is breaking it down, “God gives you something inside of you that changes you, and it makes the atmosphere around you different. I’ve tried that I know it’s the truth that man creates in himself the atmosphere that he lives in, and around him, he is anointed with a spirit, around him.”

You ever get a chance to see it outside the pulpit, in the yard, in the car, in a house somewhere, out in the street somewhere. Then you realize it’s not a pulpit thing you live in a place where you’re

anointed with a spirit. You ever see more things open up outside there than inside of here? Oh yes! Sure all the time! You are anointed with a spirit you live a world with a spirit with a creative power upon you. You know that you have access to God right there, right there where you're at. You now why? Because you understand that there it is a provided place where place his name. It's a channel of communication through the Word.

It is the spirit passing the Word where a man is coming. Why? Because he knows the junction of his experience he knows when God called him, where he met him where he dealt with him. He knows the next junction of the Word, that why we sing these songs down through the years every song takes us back to a junction in the journey. Is that right?

When he comes to junction like; ***I'm tired tramping on this mountain, I'm heading down, there is something special on that mountain.*** Amen! We know it was something special, Glory amen! There is a place of breaking, *entering in that secret closet and close your door* we know that kind of language when he speak about on ***Paradox, I want to come in a church come in the front door or the back door no sin can stand among them,*** amen! Why? In your heart looking for something, walking and following calling it; ***Jehovah Masterpiece, Unveiling the Masterpiece, Building the Masterpiece, Ministry of the Masterpiece, Smiting the Masterpiece,*** sure!

Coming down through those years. Amen!***Offering, Meal offering, Peace offering, Jehovah Nissi, Jehovah Jireh, EL Shadi, Melshisedec.*** Coming down through those years ***Chief Authority from the West, a Horse with a Military Prance, I'll Ride this Trail Once More, Of whom speaketh the Prophet This.*** It shook up all hell, it shook up all hell and he didn't even look at them, he kept on that big horse and kept on riding way up in the sky. That man on that little grey horse tried to bump that big white stallion off that road. He said 'get away from here" and he just keep riding that horse. Oh my!

My! God gives you something inside of you that changes you. Do you want to receive that if you don't have it this morning? If you have it, do you want more of it this morning? God gives you something inside that changes you, are you stirred or are you changed? Do you still fight up with the things that you fought up

with, four years ago two years ago? The thing that you prayed for five times, you still wrestling with it you can't come out of it, then let God give you something today that changes you that you, leave this place different amen. He can do it! He wants to do it.

He wants you to say "Lord I believe you Father. That's me Lord! Give it to me Jesus whatever it takes, amen! That man, creates in himself the atmosphere that he lives in, that man creates in himself, there is no prevailing power as the revelation of the Word. Every body wants to create squirrels and create all kinds of different things, just create an atmosphere then you see how every thing else follows after, amen!

Now watch. "And around him he is anointed with a spirit." That's why you can know man anointed when he talks. Because the anointing is what? Knowing how, and what. How to do it, what to do, when to do it. Supreme power in control, discernment, that's what the anointing is. The anointing is not "ooh!" Anointing is not goose bumps it brings goose bumps, but it is not goose bumps, it makes you numb amen! But it touches, it touches.

"I have seen people you just couldn't get away from them, you just love them. When Elisha met Elijah he said "don't tell me stay back, as the Lord, liveth and as my soul liveth, he said I will not leave you." When Ruth met Naomi, she said "where you're going? Entreat me not to leave thee. You have an atmosphere, I want that. I don't want any cutex; I don't want any polish on my toe tail. Do you think that's what I want? Do you think I want my hair in curlers and come with those strange water head hairstyle? No sir! I want to know that God. When you talk about that God, there is something that comes on your face. There is something, that comes around you; there is a charge that I feel. There is a reality that you talked to him before. That is what I want, that! For when you have that it seems that everything under your feet, amen."

David said, "my soul followed hard after thee, my heart is fixed, my soul followed hard after thee."

They told Jesus "to whom shall we go? No, no, we'll forsake all to follow you." He said "the fox has hole, the bird has nest but the Son of man had no where to lay his head. He said, "I don't even have a house." Simon said "you without house better, you without car better, you could have all the cars and all the houses

and don't have this." You want that friends? And said, because you forsake all I will give you house and land in this world, and the world to come, eternal life. Is that right friends? That's the Bible walking in a place with God.

Oh I know it's real, can't you tell it's real. You can feel it in your heart this morning. Some of you, you around this, it's good to be here, oh God, Father, it's good to be here this morning Jesus! Oh God! You know we talk about this atmosphere, this atmosphere. This atmosphere is here I can feel it all over this place. There is such a precision, there is such a control, and there is such clarity of the vision. Watch!

"I have seen people you just can't seem to get away from them, you just love them, there is something just drawing about them. Because they live in that atmosphere, they live under the power of the Holy Spirit, creative power upon them, an atmosphere they create amen. He does something inside of them that changes them, it is a spirit anointing them. What it is? They live under the power of the Holy Spirit that's what it is, that's what it is your revelation not just information, and the Word is what? The Word is spirit and life, spirit and life. The kingdom of God is what? The Word made spirit, and then you become a manifested epistle read of all men.

Listen, taken from the message *In the Beginning*, catch these things here. "When God..." I am closing now. "When God and a believer meets there are two omnipotent." Let me give you a picture; Moses in the burning bush, Brother Branham in the cave, God and a believer, Peter and Jesus., Isaiah in the temple, it's not hard to find out. I met Him in Santa Cruz; I don't want to say I met Him in there. I want to say He met me there He met me.

And the scripture said He met Abraham when he returns, He knew where he was. I didn't know where He was, I didn't go Santa Cruz looking for him, I was going to Tibet but He intercepted me and made sure I don't go beyond Santa Cruz. Because to see him I must come to the cross first. The Bible says he points every man to the cross. At the Tabernacle of Incense we have to meet him at the cross.

How could me, a little old sinner boy, brother in Metaphysics, looking to find this God? Thinking of going to Tibet, and when he meets me, he brings me in the Bible. In the Bible in the Old Testament, the first thing he showed me, is the Tabernacle at the

Brass Altar. In the New Testament he points me to the Cross, except a corn of wheat falls into ground and die it abides alone, to see him. I've preached that all these years and looking I'm seeing it for the first time like this. It's so direct, it's so direct.

And that proves whatever this is anointing me here, He knows that's the Bible and He knows that experience. He knows who I am and I need to know that too. And the people who hear me say these things He needs to let them see these things. And you see how these things are not just some talk, those things can never stop. Because if these things are predestinated before the foundation of the world, then it is eternal as God is eternal. And every believer who has a genuine experience and a genuine birth then is eternal as God is eternal, they always was. That's right friends! And don't bother to try and put any veil back on that the veil is gone.

You want to see deity, "I'll begin to magnify this in your sight." He wants that magnify, that you will know that is here! That's right friends. Is not feeling and enjoying it in church and kind of back up after a while. Then "I had enough," no, no, He is going to put it right, God is going to fill you up with it until He gets you to empty out and fill you with the Word.

"When God and a believer meets there is two omnipotent because a part of God he is a son of God." Now watch, where this man was talking from. You know this is not a theologian. He is bringing man now to the place where man is going to know there is something omnipotent about man real man, real son of God. He said "when God and a believer meets there are two omnipotent." And he explains it, "How? What do you mean Brother Branham?" "A man is part of God, he is a son of God, and what little he is, joins with the entire body. And so the body is made up of members every one a part of God. Then omnipotence is in that body." Watch!

'And Jesus said over in Mark 11:22 "if you say to this mountain be removed." You know that is the Third Pull, right, The Spoken Word that's the dominion, that Adam had. "And you don't doubt in your heart but believe what you said it will come to past. See! Believe that, what you've said, and is a Christian, is so marked that around him is an atmosphere."

I want you to do something. Not looking at each other dress, not looking at the tie and the shoes, stop looking at the talk. Start to look at their atmosphere, start to look at their atmosphere. Say “Lord, get my vision so focused. From the time I see their atmosphere I know if I want to be influenced by that life or not.” Start to look at their atmosphere, what atmosphere do they live in? What do they talk about? What do they think about? What do they listen to? He says you show me the books you read, the books you like to read, show me the pictures on the wall, show me the different things, the music they listen to. I will tell you what kind of spirit inside of there. You see the atmosphere is not a word. This atmosphere is not a word; it’s a revelation, of the Word made spirit and life. Is a revelation of a person identity in the Bible to see what God had made them, that throws out something around them.

Because that’s what anoints you and gives you faith. You can’t get anointed for faith if you don’t see your position and know who you are and you can’t get that revelation by learning. God has to come and take your experience and the Bible and make it dove tailed to show you are the Word predestinated. The Word written for the hour.

Then he said “I will show you your life in Ruth, I will show you life in Sarah, I’ll uncover your unbelief to you and I will show you how I’m going to take you out of it. I will show you, self preservation in Esther even though you are queen amen. All you will know is a little royal apparel, you dress up in and so on. But you’ll never speak half the kingdom until, you loose that self preservation. Then, you come into speaking even to half of the kingdom. Oh my!

See, believe. He said “don’t doubt in your heart but believe what you said, it will come to pasts. See, believe what you’ve said and a Christian is so marked, around him is an atmosphere. You ever meet Christians that you just love to be with. You have that. Why? They create an atmosphere by their lives, the way they live, the things they think about and the love they have for you. That’s why you come into that. You come into that. You see a person stand up there then they open their mouth and begin to speak to you and then they have a way they look at you and begin to talk to you and they create an atmosphere.

That works both ways negative and positive. You know that.

How did the serpent deceived Eve? He looked her in the eye, he began to inflate her ego and put her in a false atmosphere. She opened up her womb; he disarmed her of her defenses, he broke down her walls, entered into her gates and defiled her temple. That's right.

And the same way God came unto Mary, the angel, the Holy Ghost shall overshadow thee. He begins to speak to her, showed her, herself in the Bible. A virgin shall conceived, put her under expectation, and say "that's your part in the Bible you are that person." How shall it be? Put her in the atmosphere. The Holy Spirit shall over shadow you and what happened? She opened her womb, is that right? And she got pregnated with life and brought forth the Messiah and Eve brought forth Cain. Woo is that right? Why are all those churches being deceived and being seduced? If it was possible the elect would have been deceived, because God didn't give the elect seducers, he gave the elect shepherds little Messiahs on the earth. God gave the Elect, brother, humble herdsmen who can take the Word and hand it there.

Wait until those Seven Thunders utter their voices. God gives them God-called, God-trained men who can shake and carry this message, anointed with the robe, that's right. Amen! To put them into rapturing faith, that's right. Oh brother, it's too much for me I'm bursting now. Just give me a couple more minutes, let the musicians come play. Play its *The Anointing* that makes the difference. Did you ever meet people, you just love to be with, and they create an atmosphere by their lives, the way they live. That's why you can't have double standards, you can't have double standards, and it's what you are inside. No wonder he said... A super church that super anointing, that creative power that you could know 'now we are the sons of God.'

The service just come and finished like that. To show you how Jesus knew who he was and how he was convinced that God had to be on the earth at that time, that junction. Because it was showing shadows and types down through the Old Testament. And somebody on earth had to be having those experiences to show that God wasn't guilty of a breach of promise. That in every purpose under heaven there was a time and season. There was a time for that Messiah to be born, a time for a virgin to catch the Word, a

time for the angel to descend with a message that God could be manifest in the virgin.

There was a time for the forerunner and Zechariah when he saw it, he said “the day spring from on high has visited us and redeemed us.” And he begins to speak all things, the redemption is finished. And Jesus, brother, John was six months older than Jesus. On the eighth day when John was being dedicated, Jesus was still in the womb. Think of it and he is speaking that the redemption is finished. For as far as he is concerned once I see the forerunner the scriptures started and can’t stop, can’t stop. That’s why when Jesus said “this day the scripture is fulfilled.” He did not mean twenty-four hour day, the day when The Son of Man is revealed, the day when The Son of Man is revealed. That day has arrived. The Son of Man is in the temple. He took the book and opens the book and found the place and identifies himself. He knew he was the matching piece, he understood his birth he understood his experience, is that right?

Then friends, after the one man scripture, between the Gentile prophet and the Jewish prophet, is there supposed to be a bride on the earth? Do all the brides come after a one-man scripture in the Bible? After Elohim came to Abraham was Sarah getting a visitation? After Joshua and the commission, here was Rahab; after Eleazar comes here was Rebecca come to Isaac. After Mordecai, here was Esther going on and on.

If there is a people on the earth there has to be those things. If the rising of the sun has come, the quickening power, then sun is risen, the life is moving across the earth to quicken the seeds. Then you mean to say there is a people who knows that? What live in them, is God, the Anointed Messiah, was the person God, veiled in Human flesh? Was that the promise? That is what the Pentecostal could not accept and that is what the prophet keep on saying.

Abraham called him, Lord, Elohim. A man in human flesh God in human flesh like a man. The Pentecostal said, “no, no...they want to keep the humanity, you’re just an evangelist with a gift.” No, this is the person, look what he did, he said “he is sick with his heart. I will turn my back to prove it to you.” And he turned his back and called the thing out. Is that right? He said “this day this scripture is fulfilled.” Why was God doing that? To post a

church, to say “Church when the Son of Man is being revealed the Son of God has ran out, the church ages is finished, we’re in the conjunction. Time for the Morning Star to appear.... The Morning Star is here, Shalom, the breaking of a new day, in the conjunction. Then if that is so, if that is reality, if that is reality then you mean from ‘65 to the year 2003, He to had to come to those people to find them.

Did God pull the seal back and show Elijah a preview when he thought he was the only one, all men had forsaken me. **Present state of my ministry**, did Elijah in Kings under the fourth seal and he said, God pull back the seal and show Elijah seven thousands going the rapture? Is that right? Have the elected be quickened to know that they have been foreordained to go in the rapture? To know that He had taken them in the Bible and show them where the mystery of their lives was sealed up? Has he unsealed that? Sometimes people, know what is to happen, but they can’t see God doing it. So they stay in the realm of reading. When you get discernment of Spirit, how can that man know that? How can that Bible ties together like this? How can that never leave the Word for thirty-five years, thirty years what’s that? Is there those kind of people? Wasn’t Sons of God to catch these things and bring it down to the church.

God’s eagles, where the carcass is there are the eagles are gathered together. Or God hawks waiting for a car to mash a rabbit. An eagle could hunt the thing; it could fly in the Word, and pull the mysteries out. Between Nehemiah and Job, that’s right! Then God could show it in the sky, sixteen years after, showed it in the sky the first time, comes right back and showed it a second time. When he brings you back to the book again.

Then let all these little ones write poems and songs about it in the Caribbean, just seeing it by tape. For in their little hearts they’re catching something. Something coming upon them, some of them don’t even understand what it is, after they wrote the songs for they never wrote any songs before. We full of that here, thousands of songs, we never had a songwriter before, unknown songwriter, yet the songs went around the world. Yet people testify, who longed to see these things they said, “You all sing the message,” yet those songs only follow the Word as it breaks.

It is atmosphere, it gets all around you it starts to influence the way you think, the way you dress, the way you act, the way you treat each other, it starts to bring respect. It starts to take away pride and bring humility. It starts to take away all kind of haughtiness and pretense and bring sincerity. It starts to make you look for leaven until you purge out the leaven. It starts to make you instead of resist, submit to circumcision. The painful right of coming under the sharp knife to have your reproach of Egypt rolled away, so you can come under the leadership of the Captain and go and engage the enemy in warfare and possess what is promised to you. Because those are the principles how you can come into these things. It is laid out in the Bible, it's a road map.

This a road map, footprints are left there, secret passages where we come into that. What do we look at when we come into speak half the kingdom? What do we look at when we come to put our feet on the necks of the kings? What do we look at? When we coming in to see a continuation of a same ministry by the same spirit and the same robe what do look at? Secret passages, the intelligence finder, God the guide, it couldn't be found without the guide. Because right now millions and millions of men, searching to find it they can't find it. They searching to find a place where people don't die, "is there anybody out there? We are earth S.E.T.I. Search for Extra Terrestrial Intelligence. Is there anybody out there send back a message. We are a friendly civilization." They are looking for it they can't find it, but a spiritual astronaut flying in the Word, leap over the wall from the natural to the supernatural and jump over the troop of death into a land amen.

And he was clothed in an earthly theophany, immortality in a house made without hands eternal in the heavens. Is that right? Where are we going to find these things? Another way? It takes a secret to find them. I'm hearing it, I can't read these quotes, I hearing these things. What's that? What's that? I don't know what you make it to be. For me, I believe, greater is he, I believe that's what's it, he made me put that there. And I told him paint those two pictures on that for me and put it there. ...he says where we are going to walk where he led us. There is a change when God began to bring his people that you never knew from the upper coast, from different places where by faith, by revelation, and vision, he push you into a gear and where he can lead you. And he

can book your ticket, he can make your accommodation arrangements, and bring you into the very house like he led those two spies right into Rehab's house. Because he is still the same God.

He can lead them out of jail just like he did the Phillipian jailer and he goes straight into this man's house. He knows how to do things friends, is God we're talking about, God of the Bible! The unchanging God, on the message '**The Token**' he said "apply it, this 'Token 1963' the one that was to follow **The Seal**, apply it, create that atmosphere around you and you'll drop right into it. If you got the token you create the spirit around you of power so that when you walk people will know you are a Christian. They love for you to say something to them." Job said "I sit there and they came waiting for a word from my mouth as they wait for the former rain." Think of it. "When you walk people know you are a Christian, they believe your word, what you say they hold to it. They believe your word, what you say, they hold to it. Because they know they believe the Spirit and the Bride, Revelation 22:17, is saying the same thing, that the Spirit said to the prophet." They have discernment to know that's not your word, that's his word. But you are coming into it. Why? Because it was a road map leading right into where He was. The works that I do shall you do also.

Now you have been listening for a long time, now it's evening time. It's applying time right now, the wrath will strike one of these days. It might be too late then, apply the token, have confidence that you're a son. Have confidence that you are a daughter, have confidence that these revelations are Thus saith the Bible. Have confidence that these things stand the test of time, ties this Bible together and brings it present tense. It makes you understand your misunderstood life, think of it, raise you up into another sphere. Where now, you don't get flusterated and bent out of shape when circumstances come. Quickly when it happens you say 'that's in the Bible somewhere.' Somebody say what you will do, you not going to move? Let me talk to God about it say "Father what shall I do? I'm ready to die for this," I'm not going to run. He called me, it's God I'm walking with, not take off like a mad man. "God, what do you say?" He say "I say go back in the

blizzard.” Praise God! Is where I wanted you to go. God the creator in man.

Peter and them, John and them, began to know, when John said that, they said, “The Word was in the beginning which we’ve seen and look upon and handle, the Word of life.” He said, “our fellowship is with the Father and that eternal life is what we’re declaring unto you. That Jesus is come, in the flesh, our flesh now.” Because Jesus had told them, “I’ll be with and in you, I’ll go so the Comforter could come and abide. And they knew that was interpreted in their lives. They knew it wasn’t the second person of the Trinity or the third person of the Trinity, come back to be with them.

They knew it was the same God who was with them, now in them and they knew it was time for that. Because it had to come by the Feast of Pentecost because He perfectly died at the Feast of the Unleavened Bread and the Passover. And rose by the Feast of the First Fruit, so it had to come! And so He told them go and tarry not many days from now, and it happened just exactly as the Bible. According to the time and season and so they understood what came in them.

And they knew they were walking now in the continuity of the Word. It was the same God but with a different mask. They knew that. Now as Bride, where is this going? Doesn’t the Bride know without a question what was going to happen and whatever is to happen is already written in the Bible, because you can’t add to the Bible? And we needed the Guide to guide us that Word and post us to show us the part the prophet fulfilled, and the part that was left to be fulfilled.

That is as far as learning can go. After that, you have to be predestinated now, for the experience only comes to the predestinated, so that’s why it goes beyond the types. Because the types you can learn it, but you still don’t go in the presence of the King, you still don’t give up your self-preservation. When it strikes you and it unmasked you and clean you out you throw yourself onto the Word. And you say “God, take it away from me because I see I can’t go inside there as long as this here. You spoke to me out of your Word” I see where I am.” Why? You know why? Because you seeing you predestinated to fulfilled that. It’s not just to learn a thought in church, and that’s why,

atmosphere. You speak that Word and it's reveals in your heart you create an atmosphere.

Those who have no faith come around you they get faith, those who running and paranoid and don't know how to deal with that you calm them, and you place them in the Word. And you anoint them with the Word and speak the Word around them and they walk back brave to go and face the things they were running from. What it is? They realise there is a spirit there, the creative power of God it an atmosphere, there is a power in the Word when it comes through your lips because the Word on the lips of a spiritual filled man is deity speaking. Can't go anymore.

Once you know it, you'll never be the same. Me, Sister Betty, I can't live without it. I can't live without it. Even this morning as the hart panteth after the water brook, so I pant in my soul like a man in a dry and thirsty land, lead me to the Rock that is higher than I. This God, I was hungry in 1973, I was hungry for him, I was so hungry brother I wanted to stow away and go to Tibet. I didn't know where I was going, like a crazy man. Left home and everything to find this place in the Himalayas Mountains because something in my imagination, in my intellect, tell me from reading about that, but that God was bringing me to the water brook. He was bringing me to the fountain he did want me go to some cistern that some man dig out he was the Fountain of Living Waters.

He knew what my soul was craving for, and since I have tasted of him and I know there is more friends and I can almost see as the prophet said we are right at that junction. I can almost touch it, it's moving all around us. This faith you've matured in this faith for thirty years walking with him. Think of it for thirty years holding you under an influence of seeing what part of the Word you are. And for thirty years keep breaking that one revelation. For thirty years and still unfolding and even see more things this morning and still it going think of it. It makes me more hungry, it makes me more hungry friends. Oh how I want to live in this Word friends.

How I would be able to like those astronauts they get shoot up into space. It had a time they had to go out because they didn't have faith. The scientist as far as they reached, the only security they can give them is to tie them to a line to the mother ship. But then they said no. The scientist went to work and they say they

can't do anything much here, just float around, tied on to the ship. They give them some backpacks and those men stepped out and began to walk in space and began to move around, where their hands are free now. They aren't tied up anymore, because they had faith in that which the scientists were able to achieve to lift them up in a greater power than when they had when they were tied back there. It gave them more capability and more maneuverability, to operate in their calling as astronauts. They were called to walk in those places, to come back down to earth and tell men about going to Mars like you're taking a journey to Toco. You have to watch your gauge see how much gas you need. Get your map see where you're going to fill up along the way. See where you're going to stop and eat amen! Know what time you're going to make your journey, know what speed you're going to travel and so the Bride in making this journey friends, we look at the map and we see the junctions and we see when we came here, what experience we was supposed to have.

We see when we came here, this experience is supposed to open up that and it opened up that, and from there we're traveling with arms. With these kinds of weapons amen! And then when we come out into this place here, brother we are ready for anything that the devil could throw. Because now we have the inoculation, we have the immunity. Now we know the one inside of us because he brings conditions to let you see something operate. Job saw in his life, Moses saw God in his life when he came down to the Red Sea, Joshua saw God in his life when he spoke to the sun. God have to let things happen to you, to let you know it's not you to let you see that it is him inside of you amen! Against your own better judgment and everything else. Then he starts to take the fear out of you.

“You see you don't have to be afraid? Do you believe, I know what I am doing?”

“Yes father.”

“Will you trust me from now on?”

“Yes, my Lord, what you say I'll do where you say go I will go, Lord, no more questions Father. Be it unto me according to thy word, all thou saith that will I do, speak Lord, thy servant heareth. Give me the orders I will pack it out Lord.” Amen!

Because they know that the Lord was with them wherever they went, confirming their word with signs and wonders following. What a place friends, rubbing the make-belief out lifting the church into a higher bracket of faith. I did promise to read, I just love to teach about faith it brings a feeling in our hearts it start to get us to see we're not any weaklings. Any thing we weak it's human weakness; we want to be weak in human weakness so God could perfect his strength in us. We don't want to be humanly strong we want to be tied to human ability and come to a reliance and dependence on him.

Learn to have faith in the God inside of you. When Jesus was certain that it was God that dwells in him he started to have faith in the God in him. And the God in him was the Omnipotent God the creator, and he knew that made him Messiah, the Anointed One. He knew that, because the Father gave him the revelation and the Father did the works through him. Began to teach and do, think of it friends, he is telling us here, he is telling us.

Before you rise to your feet in your heart, say "Lord *supernatural atmosphere*, God the creator in us" the way he knew the Word this creative power, this token in him created that atmosphere. Because it wasn't just the spirit in him, but the spirit in him was quickening him and teaching him, who he was and what he was. So when he sees a storm, the spirit was saying but didn't Moses change the weather and bring darkness in Egypt and hail on a bright day? Didn't Elijah shut the heaven and no dew can fall until he opened it back? Wasn't that a shadow and you're the reality? Wasn't that put in the Bible, given by inspiration, to teach you the potentials of your power that lays in you?

And so he began to know the Word another way. You get that? And he began to see what the Father made him. Why do you believe the Bride is going to speak to half the kingdom? Why do you believe the Bride has the token is on display? Why do you the Bride the same power she watered is going to pack her to meet the unseen Bridegroom? Why do you believe that? Why do you believe that she has the Token on display in the judgment hour? Why do you believe that? Do you know why? You see Rehab with the token on display in the judgment hour. Why do you believe you will be changed when the Son of Man is revealed? Because you see Sarah was changed after the Son of Man was revealed.

You see Esther went in, after it was revealed to her. That is why you believe that. Well if you are learning that and see the potentials of what to you have to display in your type, then how did Jesus know it? Because Bridegroom is the Word and the bride is part the bridegroom, she is part of the same Word.

Because God took part of Adam to make Eve he didn't take another material. Then if Jesus is the Word and the bride is part of him, the bride is the second Adam she is part of the Word. She is part of the mystery and if he is all three folds, she is the second fold, she is part of that mystery. And part of the ministry of the Son of Man is left back for her, how could you get around that? When that starts to quicken in him, he knew he was omnipotent, he knew omnipotence dwells in him.

Remember he never rely on himself as a man. He said "the son can do nothing in himself but the Father that dwelleth in me." He came to understand and he could say 'is the Father supposed to be made flesh.' Well the Father could only look back to Moses 'The I That I Am, the creator.' Then if that Father was to dwell in him then it had to be the same creator. Then he knew but is now the time for God to be with us or are we still in the time of God above us? When he had that baptism that day and that voice spoke, he knew that it is God with us now. When he saw Elisha ministry introduced and Elijah faded away he knew it was God with us now. It was time for it to happen, it was written in the Bible.

He was the Chosen One he was anointed and it was vindicated he had the five must. Is that right? Is it time for God who was above us in the Pillar of Fire, in the First and the Second Pull and God who in us in the Third Pull. ***The Super Sign, the Emmanuel, A greater than Solomon is here, Who do you say this is? Mighty God Unveiled before Us.*** Is that God to be in us now? Then how can you look in the word and see that's his plan that's his purpose and see that's his objective and that achievement is not in you, if he is not there? And if he is there will you be walking in that atmosphere? Would not the Guide be guiding you in the Word? Won't he bring that Word to remembrance; won't he be teaching you further on the same truths?

Won't he be quickening you to see you are that? That when you speak to somebody it will be him speaking out of the throne, where he is in the control tower? It will have to be.

Now then rise to your feet in this soberness in this realization and say “Lord fill me with this, for this what your church is in this hour and God if you’re coming down and make this clear to me. This is where I want to enter in.” ***It’s the anointing that makes the difference.***

*It’s the anointing that makes the difference,
Once you know it
You won’t ever be the same.*

Thank you Jesus. Believe Him for healing right now if you’re sick. Take a hold of this Word, move up into this atmosphere, let it come down in your heart. If there are things that grip your life, a condition that you struggle with. Open your heart, approach God with confidence, let him come in and obliterate that devil. Let him lose his grip from upon your life.

*He will teach you, how to walk in Jesus name
Oh sing it with all your heart.*

*The spirit of the Lord is upon me. Thank you Lord.
For he had anointed me to bring good tidings to the meek
To bind the broken hearted
To proclaim liberty to the captive
And the opening of the prisons to them that are bound.*

That what does it friend, the anointed. The great Holy Spirit that is here. Let it bathe down in your heart tonight tell him you love him. Tell him how He means everything to you. Just get under his atmosphere, just get into the spirit and watch things change around you, change within you. Let it purge away the unbelief and the fears from you. Take away the confusion, give you a peace that passed all understanding. The same one can speak” peace, be still” to you this morning.

*You can’t live without it’
Once it rest upon you,*

*It will teach you how to walk in Jesus name. Sing it again. ***It’s the anointing****

Lift your hands and worship him. Halleluiah

That’s makes the difference. Sing it with confidence, for you know that is so, for you have tasted it.

*Once you know it. You will never, never, be the same. Oh my!
You can’t live without it.*

You can’t live without it

Like Samuel, pouring the anointing on the head on David, oh Moses anointing Aaron and his sons. The Holy Ghost anointing Jesus, Halleluiah. Coming down in the Book of Acts, the anointing on the church, oh my! Let's sing that commission.

In my name you will cast out demons.

Love cast out devils, do you know that? This great name that is written in your forehead revealing the Seven Thunders.

In my name, you'll speak with new tongues,

You shall lay your hands upon the sick,

And they will recover,

For these signs shall follow you in my name.

Oh sing it around the building, "***It's the Anointing.***" Oh praise God! Let this great anointing, this divine presence, God that being created here by the Spoken Word of revelation, This Spirit Quickened Word, tears away the unbelief and takes away the ecclesiastical veils and traditions and formality that moves us in the super sense, the realm of faith. May it sweep down in every heart here today. May it envelop the hungry heart who is hungering and thirsting to walk in this realm in this closeness with you, Lord.

Once it rest upon you. Oh Jesus may you grant it.

He will teach you how to walk in Jesus name.

Halleluiah! Oh thank you, Lord, Oh thank you Jesus. The Bible says 'if you draw nigh unto him he will draw near unto you. And if He draws so near today it means many in their heart had been drawing close to Him. And friends even like Moses He approach that burning bush, he was coming into a knowing. Where he knew more of God in five minutes than all the forty years of his life.

May you, who stand so close where this great anointing is all around you, this same Pillar of Fire. He who said where two or three are gathered in my name. He who said if two or three agree upon touching anything, it shall be done. He who gave the commission to the church 'my name you shall cast out devils.'

Things that might have penetrated your defenses invaded the realm you been walking and been testifying and talking of his goodness and his grace. As you follow him and journey with him, in this evening time, journeying to the other side in this crisis hour. Many of you meet the crisis hour before you reach the other side.

Many of you who struggled and tried in every humanly possible way to take control of the circumstances that seems to rise up all around you to destroy you. You feel so weak and helpless.

They remembered when they came to the end of trying and without success, they remembered he was there in the boat with them

All they have to say is Jesus! Just call him on the scene. What are you going to do? If He is speaking these things and quickening these things back to your mind bringing it to your remembrance in the midst of your circumstance, what are you going to do? Why is he telling you that now? Is it to help you? Is it to remind you? Is it to let you know there is one greater, who is able to master that circumstance?

If you can believe him today, wherever you are around the building. I don't just want to have traditional altar calls but if there is one or two who in their heart know right now they are the midst of a big struggle, they know if two shall agree upon touching anything it shall be done. They are willing to come into agreement with God's Word stand upon his unfailing Word of promise. Recognize the authority invested in his church and know that when one member suffers all suffer, for we are one body and one loaf, one bread. That we could have discernment of the body, knowing our God is all sufficient.

God wants us to give you the strength, when he sees the enemy coming, he wants to give you what it takes friends to put him under your feet. They were in the midst of that great battle when Joshua say "come here and put your foot on the necks of these kings, for thus shall the Lord do to all the enemies you fight." God has time and places where he wants to empower his church. God has junctions, where he wants to deal with his people friends.

And at this moment at this time, I trust by the grace of Almighty God, we don't want to play church here friends. We heard too much of a straight message to play church here this morning. But we want to approach God and say 'Father, I have heard your Word, I have recognized your voice, I have recognized the truth. I could discern the emphasis of the spirit in the Word. That spirit quickened Word and I know that you are here and you spoke directly to me. Many thing flash before me you have put him in touching distance where I can get a grip on it. Lord I don't want

to be wavering my mind I don't want to be double minded toss to and fro. But I want to be decisive, I want to see the devil grip loose from around my life. I want to see, dear Go, these things come under my feet. And I know if you speak a Word like that, create an atmosphere like that, my wild bull this morning, can go back, oh God, my hornets can go back to its nest.

I can walk away from this place, dear God, Halleluiah! If I am a little mother with my babies and I'm dying I can't take care of them like that opossum. Lord I can come and find my divine healing. Halleluiah that I can pick up my babies and go again. I came to fulfill my great vocation that you call me unto, because I'm believing, oh God, you are speaking these things for a purpose. You want to create this atmosphere, you want to bring us in this supernatural atmosphere, oh may you grant it today Jesus. May you grant it today.

He is faithful, halleluiah! Thank you Lord. If you believe that today friends, He is faithful. Thank you Lord, thank you Jesus. I want you all out in the audience if you are standing there do not stand and wait, but stand and pray. If you trained church standing and under the anointing of the Word you've heard, then you will stand and pray. You will help create a wall of faith around them that stand here, who stand in the need of prayer. Amen.

Let's pray in that anointing and drive back whatever oppression, whatever hindrance whatever thing that is there to paralyse you, to hinder you, where you can't get the break through that you longing for, and desiring for. But this morning he comes by your way. He passed down your street. He told Zaccheus I'm coming home where you live today. I'll sup with you, Zaccheus. That why he comes down your life many a times and break the bread and feed your hungry soul and give you a drink friends. To empower you, to raise you up, so that you can stand in a place where he wants you to stand by the grace of God. Just believe him today. Praise him. Let the song leader comes for me, so we can help pray for some of these people here. Quickly. The song leader leads the congregation softly in consecrated songs, while the ministers pray for those who responded to the altar call.
