The Three Curtains Pt.2
The Full Control of the Catholic Church in the USA
Wednesday, 8th October, 2008.

Amen, I will turn my back...
Let your love pull me in
Knowing wisdom begins with fear
Turn my trembling into fervor
As I learn daily to serve
For I've recognized the voice
That draws me here.

... recognized the Voice
I have understood the call
I have seen the beauty of the one I fear
It is He who calls my name
And his mercies I will claim
I have recognized the voice
that draws me here

Oh, I draw near only through grace
I can now look on His face
Holy, holy,
is the One Who draws Me here
I know only that I must now
by faith begin to trust.
For I've recognized the Voice
That draws me here.

Oh, lift your hands and sing it.
I have recognized the voice
I have understood the call
I have seen the beauty of the one I fear
It is he who calls my name
And His mercies I will claim
I have recognized the voice that
Draws me here.

Oh thank you, Jesus. Hallelujah! Glory be to God! Thank You, Lord! Hallelujah! Praise His mighty Name! Amen, blessed be His wonderful Name, tonight.

How many are happy to be in His house tonight? Amen, we are certainly thankful for His presence.

We have a Sister Andrea Bevnell from Guyana. Is she here with us tonight? Where is the sister at? God bless you, my sister. Amen. Praise His wonderful Name. Amen, hallelujah!

You may have your seats for a while. I think we have some other visitors with us here tonight. Maybe they have not come in yet. But I know Brother Burkhart and Sister Doris Kraas, originally from Germany and now reside in Canada are to be with us. And we are happy for all that God would bring our way.

Today I was reading the paper. I saw this great big full length page in the Guardian Paper, special award being given to our Brother Israel Dasent. I want to really congratulate him, tonight. He won the top award in the country in the Ministry of Agriculture/Land and Fisheries. Amen, praise His wonderful Name. And God bless him and...amen. Praise the Lord. Amen.

I was so happy when I saw that. And they gave him the top award there. The Minister of Agriculture, Land and Marine Resources, Mr. Arnold Piggot was presenting him with two trophies for being the winner in...for the achievements in that field. They do farming and you know it is great when you have a son of God...You know back in the Garden of Eden, that is what God gave to His sons, to have dominion over all of these things. And our brother here could win that award, the farm of his dad, Brother Stephen. And they have been real fine believers, support the work greatly here. We certainly thank God for this. If the world can give them a great award, how much more we the believers right now in our very own midst, amen. Praise His wonderful Name.

We have a Brother Rick, Mr. Rick O'Donald here with us tonight, the husband of our beloved Sister Tracy O'Donald.

That's Brother Trevor...In other words some of you may not know that, that's Sister Tracy. She resides in the United States, Florida. And they have come in for the wedding on Saturday. We have had a nice little time to visit with our Brother here, her husband. I call him brother. He is not really baptized or anything but with respect we call him that. And we are glad he is here tonight in service. I think it is first time in the service, not first time in the country but first time in service. We want to make him feel welcome tonight, amen. Praise His wonderful Name.

He is the son-in-law of Brother Trevor Dindial, Brother Trevor and Sister Adella. He married the elder sister, Tracy, and she was baptized recently up there. Our beloved Brother Bernard Jean-Marie; that's the minister from Miami there who did the baptism; he is supposed to be here with us for the wedding also and is expected to arrive on Friday. So we will have him in service the Lord's willing on Friday. And we are certainly thankful that God could have some of these saints to come our way.

Also Brother Joseph and Sister Graham are expected to arrive tomorrow, coming in with, also with Brother Burkhart and Sister Doris who are expected to arrive today. So we are very happy to have all these saints, visitors in our gates over the weekend.

And [because] of the wedding on Saturday, we had a little bachelors' night, last night. And we are very happy for David and what is happening by God's grace. David and Patrice, they... yesterday was David's birthday, 26th birthday. And Brother Joe...they wanted to do the civil marriage on his birthday, so that was done yesterday. And so, he had a double celebration last night; his birthday and his bachelor's night. Amen.

Amen, you know sometimes for some of us, its exciting if we look back to when we were young but some of us really don't get back there in that kind of excitement. You know after you have ten children, half your life is already burnt out, you know, it is not like, exciting. You are happy for them, their turn has come and you know, I know him and

Patrice. They are like - if there is a cloud higher than cloud nine that is where they are. You know it is just a grand time for them. And this is exciting and sometimes it is hard even to keep your feet on the ground. You know it is so much excitement that you are just walking on air. So may it be a great time for them.

And all the nice things that was being said last night; and I guess maybe in the sisters' shower when they had it some time aback, that it could be an encouragement to them in their lives at this time as they pass this way.

Time is swiftly passing. We know we have come to the end of the age. We are living in such a very precarious time. So much is happening and you know especially when we see the prophecies in the Bible, things that we want to speak a little bit on tonight, following Sunday morning on **The Three Curtains**. I was speaking - I didn't even get a chance to go into it. It was strange how the service went Sunday.

You know, sometimes you are in a service and you come for a blessing and different people they pull for different things. Somebody is going through a trial and they say, 'Lord, you know, I want a Word from You.' And God maybe speak a Word in the trial for them and they get happy, they say, 'Well, God talked to me.'

Somebody else got something else. You know, they wanted some specific direction. They asked the Lord to give them a certain witness, maybe they felt the witness.

Somebody came for prayer, they might have received a great blessing pronounced upon them, and they can see change.

But you know it was strange to me how the service went because it is not the kind of service, where you expect the kind of response that you got at the end of the service. Because you know, you are preaching a message and sometimes the message could get deep. And when it gets that deep, you know, it is not along the line of people coming to the altar to pray and this type of thing.

And then if you go to question how many people were understanding what you were saying with revelation of

course, I would have said, ‘maybe a handful’, and then to see the response. Then if you are perceptive, you know, it is strange.

Because if you had preached a message maybe condemning sin, convicting hearts and shaking people, bringing them to the altar to get their lives right, you know, you would have expected that that would have that kind of influence.

But it was strange to me the way the Spirit impressed me because when I saw the response I felt this was not the Word, this was the Spirit. The Word didn’t cause that, the Spirit caused that because the Word had nothing, and the Word didn’t indicate, and the Word didn’t come in that line.

But sometimes, you know when God would speak a Word, part you may be seeing now and can understand now. And part you will come to a greater realization as these things become more evident to you. Well as we look at some of these things, you know and especially in these times you try to find the place where you could keep the church under the influence of the Word and the things that are prophesied for this hour. Because we know those things are already in motion. It is happening.

And if it’s happening then it is something that you want to keep the people sensitized to. It is something you want them to see it, hold it in their minds, examine it, look closely into it. And then you try to find the places in the Word where you could help crystallize their understanding. So what they are seeing they could relate to it with a scriptural understanding to know, ‘this, what is happening here is what is prophesied to take place’.

And not just in the sense, ‘Oh yes, you know earthquakes in divers places, that is prophesied to take place.’ You know, ‘Signs in the heavens; that is prophesied to take place.’ But if there is a sign in the heaven and it doesn’t relate to an event in the earth, there is not much knowledge about the sign in the heaven. But when a sign in the heaven takes place, it is pointing out something; it is describing something.

And so when you see what the sign is describing, then you could understand better what you are looking at. That is why Jesus said, 'Can you not discern the signs of the times?' Because the sign was proving He was the Messiah and the Messiah was amongst them. And they were looking at Him and they couldn't see He was the Messiah because they didn't understand the signs. And they didn't know the time and so they missed their day and they missed the Message.

The things that are happening and the time it is happening, it brings us to a place, as a people who are not in a kind of fundamental church. You know the normal, run-a-mill fundamental church. You know there are churches tonight and they litter the land and they are all over the country, all over the world. But some churches are, maybe trying to get people to support the gospel. Some trying to segregate the people, some trying to do different things, some trying to get them in the ecumenical move, some trying to you know control a few people here and different things.

But there is something in this hour when you see the church have received a prophetic Message. A Message that will help them understand the day they are living in and the things promised for that day; and to see when those things are coming to pass, 'look up and lift up your head, your redemption draweth nigh.'

And this redemption is not a thing we are looking for since the Prophet came. This is something that they looked for since Jesus was there. He was the One that spoke these things. The church for two thousand years looked for this. That's why to miss it now is to miss our hope. Because this is what for two thousand years when Jesus left, from the time He ascended the angels stood there saying, "You, men of Galilee, why stand you there gazing. This same Jesus will return again in like manner" even while He was going.

And down through the Old Testament it tells us, the New Testament rather, what time it is going to be, what we have to look for. And even though the church had fallen asleep, God sent a Message to wake up the church. And did all these signs and wonders again to stir the church to recognize,

what we are seeing, we didn't see for two thousand years. The exact same ministry of Jesus Christ, the exact same sign, the exact wonders and these things, these things came back to the church. The original doctrine came back to the church in the last days. And not just by a man claiming these things but by God performing the signs and wonders, not in a corner but around the world. And when this has happened, it has brought the realization to us, 'Here we are.'

And then to some of us who came into the Message, thirty five years ago as young boys off the street, when God called us we came off the street and began to walk in these things. That was close to about seven years after the Prophet went off the scene. And seven years after the Prophet went off the scene, here is God bringing in people from all over the world, different places.

And as we grew in this Message for the past thirty five years, we have seen things that a man could not - the normal man could not envision. Things that when he spoke he seemed fanatical, things that he was rejected for like he was frightening the people or scaring the people, we have seen these things coming to pass. And here in this very hour, we are in the midst of the collapse of the world's financial system and these things that are happening.

And then to see right here in this little assembly, since last year when the sub-prime mortgage crisis began to shake and go down, right there the Holy Spirit came and alerted my attention to that. And I came and I preached there, not presumptuously but by revelation from the Bible and the Message and even prophesying in those things what is going to happen. And that means as a church, we have been able to sit for eleven months here and see what is being said, the accuracy, the precision, the clarity, the opening of the Word, the identification for eleven months.

And then to see the Spirit went out into Peru, went down into Columbia, getting ready to go into Chile and these things with these things. And then come back into Panama for that Latin American Conference, which those meetings came out of these revelations being spoken here that these

men heard in Chile. And when they heard that in Chile, and I testified in Columbia what had happened in Chile, then they said, "Let us have this Latin American Conference." And that is how these meetings are coming about also.

And so, people are concerned; as leaders you are concerned. And even as I said, talking with the ex-Prime Minister there in St. Lucia, even about what we are seeing happening. And in there is where I just want to talk to you a little bit tonight. Because what happened Sunday under the inspiration of the Holy Spirit in the desk. And you go on the tape there you'll hear me saying there, I said, 'that Spirit is present in the desk right here revealing these things.'

You see, sometimes you sit down there and you watch a minister coming and preach. And you know he studies and he knows the Word and he is preaching. But there in the message when the Spirit drops in and the Spirit begins to pick up things, you didn't have that in your mind for the last ten years and things like that start to come out in the desk.

And then Monday night, at home, I sat down there because I was listening back the message. And Monday night it just dawned on me to pick back up, *Fifty Years in the Church of Rome* because in the desk I was speaking that. And I must have not spoken about that for about ten years or more; I can't think about when last. All I knew I have the book and way back preaching on these things coming along, you know, I would mention things like that but it was coming out in the desk. I even asked, 'How many of you have read or even read part or so?' And that was by inspiration. I was not even like studying the night before on that. You see?

But it was coming out because I was going back into the American history. And in going back into the history of the United States of America and showing how when they came and started with thirteen colonies, and thirteen stars and thirteen stripes, and they had the thirteen arrows there in that eagle claws of the dollar bill. And then the thirteen steps in the pyramid and then how she is found in the thirteenth

chapter of revelation and these things. And I was going along like that.

And then going down into that inspiration; well, that was something I knew for years but I never really preached on it extensively like a sermon or anything, on that Republican and Democrat which is the two kingdoms in Israel. And then that refined the Word in such a way. Maybe to some of you who don't know American history and so on, you know, and the application in the Bible, but this was the thing I was saying when this was coming out.

And then at the end of the service I saw the response. Well I know ninety percent of the people can't even catch those things in the Word. Because everybody knows Jezebel is Rome. They know America is Ahab. They know that kind of thing. But when they get down in these places their minds are not trained. You have to know history. You have to understand the hour. You have to know how it applies because when you begin to call past presidents and these things, unless you study that history you can't relate the thoughts. You see. So that's why at the end it was strange to me, yet that was the people's response rather so I knew that was the Spirit.

As for me, when the Word was coming out I was thankful for the grace God was giving in the desk to bring the Word out with that clarity. And the way the Spirit had opened, you know, 2nd. Chronicles 21 with how Jehoram killed his brothers. Not just killed them in the sense of killed them but explained how and why in an applicable way to a restructuring of the society. To give the one who is instigating that total control over the society, so we could understand the present day because this is the prophecy, the same prophecy in the Book of Revelation in shadow and type. Because you couldn't have the anti-type if you don't have the shadow to show, to know that there is an anti-type coming. And to understand the anti-type you have to see the type, and when you see the type it shows you how that thing will be.

Because you know as a Bible believer, you know that there is nothing new under the sun; what was is and shall be. The second thing you know, history repeats itself. And then the third thing, there is nothing that ever happened, is happening, and will happen that is not written in this Bible.

That's what this Bible is. This Bible is not just a book, friends. This is the thoughts of the eternal God. The greatest form of wisdom that ever existed and still exists is this Bible here. There is no real wise man outside this Bible. A man might have a lot of knowledge on a lot of things but if he doesn't know this Word, he will die and be lost. And all this knowledge that he had and what he was wise in wasn't good enough to save him and let him see there is life beyond the grave. It means to say he missed the plan of God with all that knowledge. And yet when you get to wisdom, which human mind could compete with the mind of God? Because this is the very mind of God; this is the very revelation of the God that created the heavens and the earth. There is no greater wisdom than that.

Man is still lost trying to figure out a little part of the creation, still trying to understand the universe, still trying to understand anti-matter, and anti-gravity and all these different things. Yet we look in the Bible and we see the God Who created all these things. And we see how many years man is on the earth and we see that man hasn't even broken into...you know with all that knowledge to put a man on the moon and all these different things, they can't even make a blade of grass. And what they make is patterned off of what God made in His creation.

And so you realize then the Intelligence of God and that is what has come down in the last days. The bride has the mind of Christ. The things that were sealed in the Book are opened so God's thoughts could be grasped and understood because if it's not, a people cannot come into harmony with God. This is that God and man could be in harmony. She has the mind of Christ, that the same harmony between Christ...the Father and the Son could exist between the bride

and the Bridegroom, the same harmony. And it takes that to bring this harmony.

And that's why by God's grace, we want to talk a little bit tonight, a little more because it is to kind of help you to understand. Because you see, sometimes you are in a service and there is a supernatural part of the service goes forth and you miss it. You say, 'That's a good service. I like the thought.' And you mean, 'Well, I never heard this thought explained like that, or I never knew this type like that.' Well while that is happening, the Spirit is doing something.

And whenever the Spirit does something, as simple as it is God does nothing without reason and purpose. As the Prophet explained, an ink drop could sign a man's pardon or it could sign his death warrant. One little drop of ink, it has a significance. There is nothing in the universe without significance.

And when we could come to the place to realize that if we are privileged as a people who have been...and the only way it could come is by predestination. Because what would be in a human being to bring him in contact or to know this eternal mind, except God didn't choose to make Himself known to somebody? But in the Bible God chose to make Himself known to people. He hides it from the wise and prudent and reveals it to babes such as would learn. He said, 'flesh and blood didn't reveal this to you Simon, the Father in Heaven revealed this to you. No man knows the Father save the Son and who the Son reveals the Father to.'

So it is God's will to reveal. *'The Spirit of Truth will come and lead you and guide you into all Truth and teach you all things. Bring back things to your remembrance, show you things to come.'* The will and purpose of the Spirit is to reveal these things. *'The secret things belongeth unto the Lord and to them who He will reveal them'*. God wants to reveal. God wants to talk. God wants to make His secret known. *'Surely the Lord God does nothing except He reveals His secret to His servants the prophets.'*

God is not into hiding Himself because God rent the veil to expose Himself. God ripped the Seals off Himself to

bring Himself into plain view. It is God's plan to unveil Himself to a people. That's the Bible because truly we wouldn't be able to know how to serve Him. We wouldn't know Who He is, what He is, how to serve Him, what pleases Him, what displeases Him if He didn't make something known about Himself to us. And He wants to do that. That's where faith begins.

That's where the faith it takes to please Him, that's where it begins because you start to know this person. In other words you come to church, you walk with your Bible, you read the Message, you read the Word of God, you pray. You are doing these things as somebody who is seeking to know this God. But from the moment He begins to respond and He touches your life and you know, 'He is alive. He exists. He is real. He knows me. He has a plan for me.' From the time that starts to happen to you, faith starts to come and your walk changes, your influence changes.

And you can go to church for fifty years without even coming to places like that. That's right. Because when God came into flesh to those Jews they didn't even know Him, yet they knew the Bible so well but they didn't know Him. Yet they prayed three times a day and made long prayers and He said, 'In vain do you worship Me'. So you got to realize the grace it is when God would come down.

And sometimes, from the smallest child, like He said, 'Samuel, Samuel'. And the boy's thinking it's the priest calling him because 'Eli, are you calling me?' He said, 'No, I'm not calling you, boy. Go back and lie down, boy. You are hearing things.' 'Samuel, Samuel.' He went back again, 'Did you call me?' Three times then the priest realized, "No, God is trying to get the boy's attention. Go back son and if you hear it again, say, 'speak Lord, thy servant heareth'." God was interested, a little boy.

And - because there was no open vision in the land, the priest was blind. It was an age of darkness. The Word of God was of no effect. But God is interested that His Word doesn't remain of no effect. God is interested that when things get dark and He's pushed aside, He raises up

somebody and anoints them and begins to teach them and show them things. And through that person people begin to get shaken, they become affected. They begin to wake back up.

What are all of us doing here tonight? Amen, God does that. Why? Because God has people Who He knows is trying to get a hold of Him. It is like when you say 'I was lost', that is like you are looking for somebody in the neighbourhood. You know they are supposed to be living somewhere in this neighbourhood. And you are driving for hours and hours and you can't find the person. And then you meet a gentleman by the road nice kind gentleman, he says, 'It seems like you're really having problems.' You say, 'You talk about problems, my gas tank's on E, and I'm way...miles away from home.' You say, 'And I'm looking for a certain gentleman living here. I can't find him at all.' He said, 'Oh that's my dad. You go down here, you go down this way; you go down this way; you will find the house.' And he finds the place. And then he realizes, 'this man has really saved me. I was so lost. I didn't even know my way, where I was going but this man saved me.'

That is what we call lost and saved because this man was ordained to meet that God. But God had somebody in place to instruct and direct this man to come to know that place. And that's what a messenger is. God puts messengers along the way. They were signs in their generation to point God's people to Calvary, to the cross to bring the revelation of the Word of God in that day. And when you begin to find that, you begin to come into a place, you see. And this is how things are.

And that's why in the hour where we are at now, this is not us trying to find this God, this is us trying to yield and fully surrender to this God many of us came to know many years ago. Because this is not about lost and saved now, this is knowing how best we can serve His purpose, He has for calling us because 'you are the called according to His purpose' and what He wants to do by and through the members of His body; a body that He sanctifies; a body that

He indwells, a body that He wants to finish the work. This is what is to take place.

And this is where we want to be instructed now. This is like when you know, 'we are sitting down now to be instructed about the hour, what is happening, how we should move.' This is where we should look ourselves to see, 'How are we applying that Word in our lives?' To see if we are in condition to carry out the function; to fulfill the objective to achieve the purpose of this God, because He wants to reveal.

And there in the service on Sunday when the Spirit...because He promised 'where two or three are gathered'. You see He doesn't come in a service like you and me, and sit down and take a seat and listen to hear what is going on, you know. If He is in a denomination, He is going to investigate, 'Let Me come down and investigate.' If He is among the believers, He comes to anoint ministering spirits in service to work; co-workers with them to finish the plan of redemption.

So that means in a service you can expect the Spirit of God to lead, to direct, to open, to reveal, to emphasize. Because He knows the day we are going to leave here. He knows what everyone of us is going to face before that final time comes. And He doesn't wait until the last minute now to get us all nervous.

You watch these people trapped in these hurricanes, they have this eye in the sky and they pick up that hurricane coming. And they begin to start to flash that news because they know; news on time can save lives. And they make that investment in all those equipment and satellites to track storms and these things, why? Because they know that is going to save lives and because they value lives and they value their nation and they value their country.

And they know what preparation, they know, 'that we will go...' Even as a nation they know they will go through difficult times. Like a family will know, 'we will go through difficult times.' Like an individual know they will go through trials and tribulations. And so they invest in that as a nation to protect the nation, to help save their people.

And so that...tracking that storm could tell them what day, what time that storm is going to hit, the intensity it is coming with. That knowledge provided enables the people who have to take care of the people in emergency and national relief and these things to make decisions. They say, 'Should we evacuate or not evacuate?' They say, 'Look, that storm is coming at – this is a category 5 storm. You better move those people out right now. They wouldn't stand a chance.' Well, when they see the size of that storm and the danger, and they estimate how much lives could be lost and how much disruption under the onslaught of that storm, they know, 'We can't wait, move in now, mobilize the forces, get the people out to safety into a refuge'.

Well if they are doing that to save natural man's life and maybe the people now, could save some of their money or their special things they could put away or so. And then right now we are seeing an economic storm, devastating. This is category 7. This is not even in one place, the whole world is shaking. That would mean nothing to us; we could believe any economist rise up and talk if we didn't have this Bible. But because we have this Bible and this Message, we know when that is taking place now is a whole restructuring of the system. And that evil power behind the scenes is manipulating things to take control, that the hour comes you can't buy or sell.

And when this year started I told you, I said, 'You watch and see before the year is done,' I said, 'you will see.' I said, 'All this big thing with the media,' You see the media is something that people have not understood yet what the media is. But the media is prophecy in the Bible, 'in the hour when the prince of the power of the air, in the hour when Babylon has drunken the world, the inhabitants of the earth.' You can't do that without the prince of the power of the air.

You see the thing is, there is Scripture but until you get the vision of the Word, you can't put together how they would put a world to sleep. And I tell them, sometimes you see twenty four hours ESPN sports. Golf - Tiger Woods;

tennis – Serena Williams and so they are going. Cricket – Tendulkar and Ponting and so they are going like that; basketball. They have football, rugby, all the sports you like, twenty four hours.

And then you get unrest in Darfur, trouble in Liberia; that news, sometimes it is coming underneath like this. (Bro. Vin uses his hand to show how small that news on these topics are.) (Ticker tape news items at the bottom of the set) You have to read it. That is not making money - That is not making money. And then the one who's controls the media now, knows what they want your attention on because there are a million and one things that could come on the air as news.

And when you open your papers, Lindsay Lohan, Spice Beckham, and you are seeing all kinds of irrelevant...Britney Spears. And they are filling up big pages with this bunch of nonsense but that is to divert people's minds. Because if you think that they have nothing to put in the paper, you go and advertise something that is quarter page and see how much money it will cost.

So then you realize if they are filling up pages with that; that is people's structure, they know how much space that page has. They bring down that page to a block on that. A two inch block represents so much money, a quarter of the page is so much dollars. When they run that page and they have the advertisement page, they could tell you how much money is right there, you know. That is a science, you know. You see, you turn your page; you buy it for a dollar so you think it is worth nothing. You're paying a dollar for all of that but you see if a dollar will get you to advertise something the size of a stamp, a postage stamp. I guarantee a dollar can't pay for that. See?

You see, you sit there; it is all around you but to see it. And if you can't see it, you can't decipher the world and the powers behind the world and how these things operate. And so they make what is important and what is not important. And that is to disorient people. When they go to public opinion, what the people think, ninety eight percent of the

people who are watching...they are watching sports all night. They ask them a political question, you think they could answer? They make some foolish remark. In other words, they put things (words) in their mouths. "So what do you think? This government, or that government or so and so, or the war here, what do you think, because some people are saying this and some people are saying that?" So the person, they want to be in the papers, they want to be in the news, they say, 'Oh some people are saying that, well, I'll say that too. Yes, I think so and so.' But it is not people with objective.

And when you sit and you watch in the midst of this and you watch the Bible says, 'In the last days the whole world will be deceived. Not a little bit of people, the world will be deceived.' It said, 'the whole world', it said, 'all the inhabitants of the earth'. If that 'all' is wrong then God said, 'You are blessed with all spiritual blessing' all that is wrong too because that all and this all, both mean all. So it is how you see. It is how you see.

And that's why it's a seeing age. What is the promise in the last age? 'Buy eye salve.' You know why the gospel is so hard to get over sometimes? Because even right in the church here we have more people asleep, than...In other words, we are not much different even though we have the Word. Because the thing is, when you get people who are not in the Word, you know how much things you have to break through to get that mind tuned in because the things you're talking about, you're trying to follow inch by inch for thirty five years. And you know the battle it is to stay locked in there.

And then somebody comes along, they don't read that, they don't follow that. They don't fellowship on that. You know, this is a thing, they take it off the shelf and they come to church with it. Go back home and put it back on the shelf when they go back home. See? But the thing is, the time we are in what we are seeing here, we have to look at it very close.

Follow me into Revelation, chapter 1. You could have your seats. I'm just talking to you a little bit. I want you to grasp. It is not we just talking about these things like some armchair critics, sitting down and kind of looking and surmising. This is what we have been warned and forewarned about. This is what when we see it happening, we could look at ourselves, 'Are we ready? Are we being made ready? Are we preparing to go? What kind of influence? When we see and we hear these things how does it influence us? Does it have any influence at all? Does it change the way you think and act? Does it make you set priorities?' It's supposed to do that.

It's supposed to do that because that means you understand what it is and why you are seeing it. It comes like you are seeing the storm coming. Like there were some people, I was reading when they had this last storm here, they said, 'No, I am not leaving my house! I'm not leaving my house, man! I built this. You know how hard it is, how much mortgage. I lost my last two houses. I'm staying here. I'm not leaving this house. Storm's coming now.' Brother, when the storm came and hit and damaged everything so; they fight up with the people who were coming to rescue them too.

In the end you sit down there, everything is in ruins around you. And now you are looking for a little help, when the people were trying to tell you about this storm coming so long before when all the neighbors moved out to safety. But some people die hard. And it is not faith you know, it is the attachment like Lot's wife. It is the spirit of Lot's wife. Do you understand? That's why you can't be in that kind of condition.

So we are still talking about **THE THREE CURTAINS** and we want to just read out of here in the New Testament out of the Book of Revelation. And this is the opening of the Book of Revelation.

The Revelation of Jesus Christ, which God gave unto him, to shew unto his servants things which must shortly come to pass;

That means all the things in the Book after that, are things that is to shortly come to pass. Things is mysteries, you know that? The Spirit will teach you all things. The Spirit of God teaches the deep things of God.

...and he sent and signified it

That is these things that must shortly come to pass.

...by his angel unto his servant John:

So, all these things that have been signified are put there in symbol form like signs.

Who bare record of the word of God, and of the testimony of Jesus Christ, and of all things that he saw.

That is John because it was shown to him. And he was commanded what he was to see and hear, he was supposed to write. And, he was seeing all these things in symbol form. It was signified. It was in symbol form because the whole Book of Revelation is in symbols. And God has a reason for doing that which is to Seal it up, that it would be revealed only to those who He determined to show it to. And God does that. He hides it from the wise and prudent and reveals it to His own.

Blessed is he that readeth, and they that hear the words of this prophecy,

So just you reading tonight, you are blessed according to this Word here.

Blessed is he that readeth and they that hear...

You are reading and you are hearing tonight. That is a great blessing on your life right there because this prophecy, the knowledge of this prophecy and the things that have been prophesied has to do with your salvation in this hour.

Blessed is he that readeth and they that hear the words of this prophecy, and keep...

You read, you hear and you keep. You don't just read it. You hear it too and you keep it. You guard it. You hold it, shut up in your heart, 'thy Word have I hid in my heart' David said.

*...those things which are written therein:
for the time is at hand.*

Let's go now into one of these things now that is at hand. Revelation 13. We are going to start from verse 10. Verses 1 to 8 describes the beast that rises up out of the sea which is the Roman power. You know that. But because we are focusing directly on this second beast at this present time and what is happening and this is the United States in prophecy here, verse 11.

But I want to read verse 10 because verse 10 is a verse that is put in a very unique place. It is between the beast that comes out of the sea and the beast that comes out of the earth. God has strange ways in fixing His Word together. As I said just now, nothing is without reason and purpose because this verse is connected to these two beasts. And look at the verse how it says it.

*He that leadeth into captivity shall go into
captivity: he that killeth with the sword must
be killed with the sword. Here is the patience
and the faith of the saints.*

What does this verse mean? What is the significance of this verse? What is the connection? What does this verse imply in its relation to the beast that comes out of the sea and the beast that comes out of the earth? Because this Revelation 13 speaks very strongly about worship also; it tells you about how they will worship this dragon in verse 4, and how they will worship this beast. And in verse 8, it tells you how, 'all them that dwell on the earth shall worship him, whose names are not written in the Lamb's Book of Life.' So it had a lot to do with worship.

And we are living in an age where you turn the television on, you see worship. There are all kinds of religions there worshipping. And outside of the religious world, there is the unreligious type of worship too where they have all...every form of things. You have the sports idols. You have the music idols. You have the religious idols. You have the fashion idols.

And long ago idols were the little statue. Today idols are living walking moving people that they have built up by an image and make this prominent globally because of the electronic media. And then you get people, a rock star walks out there, shakes his hip and young girls scream and go crazy.

And you look at that crowd, the only time you see crowds big like that, I guess, maybe, not even in a football match because a football stadium could hold maybe a hundred and something thousand people. Sometimes you see a picture of those things; it is two, three hundred thousand people, huge. And they go there because their idols are there. It is a form of worship. They are giving to these things what belongs to God because they have been deceived.

And there is a desire in a human being to worship something, man was made to worship. That is why God was not God at one time because the word, god, means an object of worship. But when God created angels now He had something to worship Him, so now He could be called God. Then God made man to worship Him.

But we see the devil always wanted worship because he said, 'I will be like God.' And he found a way to indirectly receive that worship through holding the people's minds in ignorance and divert them away from God. So they look for pleasure that is sinful pleasure on the outside. They look for things that are not of God. Now watch here.

He that leadeth into captivity shall go into captivity:

Because these two beasts have to do with enslaving people.

...he that killeth with the sword must be killed with the sword.

Look around in the world today and see in the last few years who have killed the most people. Not a virus, the sword, sword is a military symbol. Look. And he is saying here, this is a law.

...he that killeth with the sword must be killed with the sword.

And these two powers, it's revealed that they will be destroyed by the same thing that they are destroying others with. Because what does the Scripture say in Galatians 6? 'Be not deceived, God is not mocked, whatsoever a man sow that shall he also reap.' You sow to the flesh, you reap corruption. You sow to the spirit, you reap eternal life. That's a law of God in the universe. You don't plant corn and get tamarind. You don't plant guava and get corn. Sometimes these things go on for long.

Here is the patience and the faith of the saints.

Because many saints died and will die under the legislation of these two powers; 68 million died and there is to be a persecution again coming, that if you refuse to worship the beast you must be killed. Also Revelation 6:8 tells you, power was given them over the fourth part to kill with sword, with hunger and beasts of the earth. Viruses; they're killing with; hunger, starvation, policy.

Stalin had a policy, economic policy. He killed over twenty million people in Russia. Mao Tse-Tung had the same there, killed millions of people in Red China, just economic policy, famine, he killed them with.

Look places like Haiti, you think the world can't help Haiti and give them food? Earlier this year Haiti was eating mud. Three storms hit them, Hannah, Gustav and Ike. People were on top their roofs when the third storm was coming. But you see certain countries –

Look at Zimbabwe and places like that, they hold those places there. They had billion dollar notes. You go and spend millions and you can't even buy a dinner for a few people. I made about six trips to Zimbabwe already in the eighties and nineties. And when you went there, they had everything. And that is man-made, created inflation; pressure, sanctions to do that. So when you look here, you see what the Scripture says.

Now watch, Revelation 13 now, verse 11. And this is this beast now. The first one came out of the sea. And you know the Scripture tells us, the sea represents multitudes of people.

*And I beheld another beast coming up out
of the earth;*

This is not the sea, out of the earth where it's not greatly populated like where is considered the sea.

*...and he had two horns like a lamb, and he
spake as a dragon.*

*And he exerciseth all the power of the first
beast before him,*

What kind of power did the first beast before him exercise? When you know who the first beast is, you will know the history of the first beast. And when you go back and read the history of the first beast, you will know how much and how dreadful that beast was. That beast was the Roman Empire, that first beast, the beast that was wounded and revived.

And from a Pagan, political empire it was revived as an ecclesiastical empire. They killed sixty eight million in the Dark Ages on record. You could read that in any...we learnt that in school and all. That is why Martin Luther rose up and nailed ninety five theses on the door at Wittenberg, there in the church and protested the Roman Catholic Church.

*...and he had two horns like a lamb, and he
spake as a dragon.*

*And he exerciseth all the power of the first
beast before him, and causeth the earth and
them which dwell therein to worship the first
beast, whose deadly wound was healed.*

These things have not yet been fully seen by this second beast, but these are the things prophesied of the second beast. This second beast will make the whole world worship the first beast. This second beast will start to exercise all the power of the first beast before him. This second beast will speak with the voice of the dragon.

The most dreadful power that you can ever read of in history of mankind is the Roman power because the Book of Daniel testifies of that. The first beast was like a lion. The second beast was like a bear. The third beast was like a leopard but the fourth beast was a monster. There was no

such beast known in nature. It had feet like a leopard, head like a lion. It had claws like iron.

The Bible says, ‘that beast will break up the earth in pieces.’ It will destroy wonderfully. It will take the kingdom by flatteries. It will come in by deceit in the last days but these things will be accomplished by this second beast. It will be able to achieve this because this second beast, her power will be working through this second beast. That is why it will exercise the power of the first beast. Because the first beast will be invisible behind the second beast, like Jezebel was invisible behind Ahab on the throne. Do you understand?

And he doeth great wonders, so that he maketh fire come down from heaven on the earth in the sight of man.

Man never saw war live on television until the Gulf War. In 1990, man saw bombs going down the street like this, turning a corner, going down a chimney. They’re seeing fire coming out of the sky, guided by satellite, laser guided missiles.

Listen. What a great Book the Bible is! In this second Gulf War...You know the first Gulf War was called the first Information War? Because we had just come in...that was 1990.

In 1989, they tore down the Berlin wall. That brought in the age of globalization. Because it was the media, the communication networks, the global communication networks beaming in these images into these countries in Eastern Europe. That caused them to de-communize because it stirred up the people when they began to see the images of freedom and prosperity in the west. Then they realized how they were being enslaved and suppressed back there. And it caused riots and everything else.

And you know how those two powers, these two beasts came together to break the power of the Soviet Union. And the cold war was ended but now there is a behaviour showing the cold war is being revived. That the spirit that was bound by principles and treaties is now let loose in

Georgia, and wants to be let loose in Poland and Czech Republic. And then send bomber planes here in Venezuela and battle ships right here and talking about putting up installations again in Cuba.

Now, I want to show you if I could in a few minutes, how all that happened in the sixties there has made a cycle and we are back into the cycle. Women's vote caused the Catholic Church to rise in America. And one of the big things in this election was women's votes again. Because that was the thing, the eighteen million women votes that Hillary Clinton began to push behind Mr. Obama.

And then the Republicans brought up this Sarah Palin to try to pull these women's votes to shift the balance of the voting power and...because that nation is a woman's nation. Thirteen is the number of a woman. That statue of liberty is a woman. You see everything there is in the Bible. That is why she is in number thirteen. That is why everything about her is thirteen because it is a woman's number. These wonders here are scientific and technological wonders.

...he doeth great wonders...maketh fire come down from heaven

Like how fire came down from heaven on Hiroshima. And fire came down from heaven on Nagasaki. And fire came down from heaven on Afghanistan and Baghdad. It's fire came down from heaven. The only other place you see that, is when a volcano is erupting and spewing out fire like how fire came down on Sodom and Gomorrah, and fire come down from Mt. Vesuvius there in Pompeii. But this kind is being done not by nature but by technology and science. This is man's design and man's intention; weapons of mass destruction.

And deceiveth...

And they do it in the sight of men because on the TV and the Internet is where you could see these things live, what is happening.

And deceiveth them that dwell on the earth by the means of those miracles which he had power to do in the sight of the beast;

I myself sat down there in 2001 and I watched when they had the meeting and they played the tapes on the television, saying, 'We had got a hold of these tapes. We intercepted a transmission'. And they played it. And all the foreign secretaries and different people from around the world were there. And I sat down and I watched that thing and they said - they showed satellite photographs, they said, 'These are where the factories are for these weapons and they have them mobile. That is why when the inspectors go in they can't see it because they move them around.' And all of that, they were able to sell that to the rest of the world.

Afterwards they came and admitted, 'Well, they really didn't find any. And their intelligence was flawed and so on, but nevertheless, we have to take that evil man out because he is evil.' And the thing was - I'm referring to the Scripture here. Hear what the Scripture is saying, 'He deceiveth them that dwell on the earth, 'because the whole world got deceived with that.

There was a brother left the church during that time. He said, 'How could you, you are preaching these things...' because when he reads Time Magazine and he read Newsweek, he is seeing, 'Who am I to give a different opinion to what the world's people are saying?' But my opinion turned out to be right because it was not an opinion.

I could have kept quiet and not say anything about it. But when God is revealing things to you, you can't keep quiet, you have to say it because that's a voice and that's a witness. You think Micaiah could keep quiet, when God was revealing things that were going on in the battle? When everybody was saying, 'Bless them, bless them, go on up.' He said, 'Go on up? The biggest mistake you could make is to go on up.' He said, 'I see Israel like scattered sheep.' In other words, he said, 'I see the whole economy being drained now and it is going to fall apart. You will spend millions, trillions inside of there. And poor people now wouldn't have food on their tables. And when that mortgage crisis hits, they'll be losing their homes and everything else.' Watch.

And he had power...

He says:

...saying to them that dwell on the earth, that they should make an image to the beast, which had the wound by a sword, and did live.

And he had power to give life unto the image of the beast, that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed.

This beast is going to bring legislation. You see when it says, ‘*he had power to give life to the image of the beast, that the image of the beast should both speak and cause...*’ You can’t take a life without legislation when you have a court in a land. You just can’t go out on the street and hold a man and arrest him and shoot him.

No, you could charge him. You could hold him on suspicion. You could investigate him. You could find evidence that ties him to a crime. You could bring him into a court of law and prove it. And then the court makes the decision based on the penalty for that kind of law. And why this crime was committed, will determine the sentence of the man because, we are in a society governed by law and order.

So the society is not going to go into anarchy and start to kill people. But then they are going to find a way to make people look; and have laws that you could be held on suspicion, just suspicion. Indefinite, they could hold you. That is a powerful thing. Freeze all your assets, ‘We don’t have to have no set of proof, hold that indefinite’. That is a powerful thing.

And these are laws that are in effect because of the war on terrorism. And terrorism means, if you are a threat to society in any way or disrupting what is considered the due law and order and as such. Because we live in a world today, if you don’t even have money to pick up a lawyer and you might be innocent, your voice can’t be heard. This is the kind of world we live in today. It is a dangerous world we have come to.

When you have poor people who are losing their homes, over a million homes or more lost for the year already, and foreclose; and then the people who caused the people to loose their homes, you could take seven hundred billion to bail out these people; the rich people who through greed and covetousness and selfishness, trying to make more billions and more billions.

And the man who is trying to labour to get a home, and he is working, and the children are working and the wife's working because they never had a home and they're trying to buy a home. And then when they lose that because they can't pay that mortgage when they refinance it; and yet the government goes and buys all this toxic mortgage, to bail out the rich and leave the poor to suffer.

That is why we are going to come down here, as I finish read this Scripture you will see, its rich and poor, bond and free. Because you are living in the hour when all those middle class are getting wiped out right now. You thought you were doing good for the last few years. You were surprised that little old you were able to drive a car and your children wearing good clothes and you're eating good food and you're travelling. And you admire yourself. It is short lived.

At midnight Cinderella's carriage is turning back to a pumpkin. And the horses are coming back to become rats. And she's coming back in the tattered dress. And here in Trinidad, you hear them saying, 'We're okay, it is not touching us as yet. It is not going to touch us as yet.' And in this age where nobody tells the truth because when they see what is coming, they're fixing themselves first.

Like when a million died within a four month period in Rwanda, all those nations inside there, nobody wants to use the word genocide because if they use the word genocide United Nations army has to go in. So France was taking out their people, England was taking out their people, Canada was taking out their people, USA was taking out their people, everybody taking out their people. They are taking out their own people that they are responsible for. They said,

‘That is a local matter. If it’s a local matter, let the local police and the local militia handle that.’ Finally, when they did use the word, genocide, a million had already died. It is one of the biggest stains, when you look back at history and see what happened there and that is 1994.

Six million Jews died because nobody believed that Hitler was actually, systematically, destroying six million people in a big civilized society. And you talk about statesmen like Roosevelt and Churchill and all of them sitting down there, and Hitler was doing all of that right there and nobody would believe it.

And by the time the allied nations went in because you had the inspectors going in every time. When the inspectors went in, oh they treat them nice. They have those Jews playing violins, and they’re playing Mozart and they’re playing different things. And they had them putting on little workshops and they’re building things inside there. And they say, ‘Our prisoners here are well fed, well kept.’ You know, and they have a specimen to show the inspectors. So they go back and they say, ‘Well, we are not seeing anything. All this is just rumours. We have inspected the place.’ By the time the allied nations went in six million had already gone.

People say that can’t happen again today. That happened recently. The heart of man is wicked, friends. The heart of man, outside of Jesus Christ, something comes up, most times a man will go for himself, save himself. And barely, you see people really standing for a cause.

Look verse 15:

He had power...

Now this is prophecy of that beast. I’m going to prove to you just now, that beast is the United States of America. That’s a country that raised up through immigration. Remember they are not the original native people of that country, you know. That is people who came there through immigration. That is why it said, the beast came out of the earth. They fled there for freedom of religion.

Verse 15:

And he had power to give life unto the image of the beast,

This image of the beast, we are told, is all these daughters of Rome, the Protestant churches.

...that the image of the beast should both speak, and cause that as many as would not worship the image of the beast should be killed.

You see it had to do with worship. It is coming back to worship because the man of sin will sit in the temple and be worshipped as God in the last days. It is prophesied.

And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads:

Again causeth – watch the word causeth. You can't make people receive that without legislation. But you have to have a circumstance and a situation in the society where you have to be careful. So where you have elements that could cause great danger to the society and the society needs to be protected from them, then certain laws can be passed. Then all that has to happen after that is that some people will have to fit the description where that law could apply to them.

And that's men in the end, is going to sit down and say, 'Well, I think...' like they had these three old men that they carried up there for bombing up JFK. You see? It is frightening when you see...and the media is a dangerous thing. Remember media is control. That is the prince of the power of the air. That is how you influence people's thinking.

And this is an age where people are brain dead because of the kind of food they are eating. You see obesity in all those countries today. You sit down in a Mc Donald's and you eat.

A man was checking how many millions of hamburgers he ate. They had it in the media recently. You see the man who's going to get married? He dropped off five hundred and something pounds though he is still about eight hundred and something. But he reduced so he could fit into his

marriage suit. He dropped off five hundred and something pounds on a diet. That is shed weight. You think it easy, the kind of time we are living in?

You mean to say, if you don't worship the image of the beast, you will be killed? Now there are two things you could do with this. Say the Bible is fiction and make the Word of God of no effect. It has no value. If the Bible is not the Word then we don't have to take note. If the Bible is the Word of God, it said, 'People will be killed because they don't have a certain kind of worship or they don't worship a certain system, is what it is saying here. Could you envision that in this modern time? In the 21st century? You can't envision that.

The only way you could envision that, you have to have some special revelation from God. And you have to be seeing the society a different way to what the society appears through the media. Or this is not that generation. That generation is to come. That is some future generation way down the road.

Because you can't even look around here...everything that is being spoken about is freedom of religion and religious tolerance. How could it be said, 'as many as would not worship the image of the beast should be killed?' You mean people, religious people could be so bitter that they would kill you for religion? Then that can't be Christian. That has to be, maybe some Buddhists or something. That is Islam. What is that? What kind of religion will have power in the world, in the earth, so powerful? Is there a religion on the earth so powerful? Revelation 17 says there is a woman who drunken the kings of the earth; and the inhabitants of the earth.

And he causeth...

You come back to the word causeth again. You see that?

*And he causeth all, both small and great,
rich and poor, free and bond,*

There is no middle class there, you know. If you are not rich, you are poor. If you are not free, you are bond.

...to receive a mark in their right hand, or in their foreheads.

This is coming out of where? Europe? Is this coming out of the Caribbean? This is coming out of Mexico? This is coming out of Argentina? This is coming out of Russia, maybe? Maybe in the Scandinavian countries? This is coming out of the beast that came out of the earth. Until we know who that power is, we don't know where this is coming out from. You have to know where that is coming out from. And when you find that, you will find the Roman power most powerful behind there.

And that no man might buy or sell,

This is telling you, whoever that power is that's going to be in control will control all economics, all trade because you can't buy or sell.

...save he that had the mark, or the name of the beast, or the number of his name.

So there is a system that is going to control the world's commerce. If that has any - if you have any understanding.

Here is wisdom. Here is wisdom.

This is where the church has to have the gifts. The prophet said that is showing there will be a Spirit-filled church with the gifts of the Spirit because the first gift, the principal thing is wisdom. And wisdom has come down in this day because that's the Intelligence of God. The mind of the Spirit, the wisdom of the Ancient of Days, experience, maturity, and wisdom is going to come down upon the church in the last days. Was such a One shown in this day? What is that white wig representing? Was that shown in the sky? That is to come down in the last days upon this church.

Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.

Roman numerals: Vicarius Filli Dei, 666, is written on a man in Rome in the Vatican, a place where all the kings of the earth go. From the biggest of nations and they bow to that power.

That man sat in the oval office in April. That man received a greater welcome than the Queen of England. That man, for the first time in all the history of the United States, the President went out there to meet that man in the base when he landed. And since that man sat inside of there, you know what happened since then? The economy has shook, and shook, and shook. They went in that election year and you look and see how this year will play out. Let's look and see with abated breath. Let's see the time and the season that we have come to.

Before we close I want to read a couple things out of...on these **THREE CURTAINS**. First one, **Conference**, a message called **Conference**; 1960. And this is 1960. This was the 11th. It was just a few days before the election when John Kennedy won the election from Nixon, Richard Nixon. And it was the first and only Catholic President the United States ever had. Shot in his chariot just like Ahab. He said:

Now, did you notice? Did you know what the name Khrushchev means in Russia? Dirt or clay. He was a heading up of them kingdoms. You know what Eisenhower means, the head of this? Iron.

In 1959 they had the United Nations meeting, Eisenhower, Dwight Eisenhower, the President of the United States at that time, he was there. And they had this meeting and Khrushchev on the other side and Khrushchev took his shoe off and began to beat the desk. And here is the Prophet revealing the names of these two men. He said:

...Khrushchev in Russian means Dirt or clay. Eisenhower means, the head of this? Iron. Iron and clay and they couldn't mix together. He took his shoe and beat it... There's no mixing together. They can't mix. They won't cleave one to the other. Do you see friends? The next thing left is the stone to be cut out, the coming of the Lord, to roll into this image and mash it into pieces, and all these kingdoms will be ground and blown away like the chaff on a summer's thrashing floor.

He is quoting Daniel, chapter 2.

We're at the end time, brother, sister. Can't you see where we are?

He said:

Listen THUS SAITH THE LORD.

Now you know when this has, THUS SAITH THE LORD attached to it, that's no more, could fail. That's no more a presumption. That's not even like 1977. This here he is saying:

Listen THUS SAITH THE LORD. Repent. I predict three curtains. In the Name of the Lord, there's one called the Iron Curtain, which will be Russia. Watch Red China. That'll be the Bamboo Curtain. They're horrible, but watch that Purple Curtain that's rising in the United States and over the world, the Roman Empire, the cruelest of all of them. Remember in the Name of the Lord. Get away from it. Come away from anything that's attached to it. Flee to the Rock. The coming of the Lord is at hand. We need a conference. (He said) I need a conference to talk these things over with God. The church is at the end of her road.

When he saw that, he had just finished preach there on, A **Conference with God** while they were having that conference in the United Nations. And while that was taking place in that conference, he said, 'I need a conference with God.' Because when I see these things I want to talk these things over. And then he was watching the elections coming up and I'll read something for you on that just now.

Pergamean Church Age: He said:

Now, have I not warned you the other day,

This is the next day as a matter of fact; next couple of weeks rather. He said: *...Have not I warned you the other day, there's three curtains?*

Referring back to what I just read.

I don't know how long I'll live, but remember this. As I've told you many years ago, "Watch Russia."... There's three curtains; remember this. There is the iron curtain. There is the bamboo curtain (Red China and so). And there's a purple curtain; you watch that curtain; that's the deceiver.

Messiah – Shreveport, he is praying:

Father God, the hour of time has come. We realize that there's no way for us to--to find anything, no place to go now but only to Jesus. We are...at the end time. We see all these things taking place. We see our nation just at bankruptcy. We see our--our world at bankruptcy.

I'm showing you this is at the time of that election with Kennedy. I'm showing you the women's votes are what got him into power. Plus they found out afterwards they stole the election. Across the nation, they rigged the machines. That is history. You could read that. Just go back in any archive, any newspaper back there at that time, you are going to find that.

Now watch. He says:

We see all these things taking place. We see our nation just at bankruptcy. We see our--our world at bankruptcy.

And I'm telling you forty years after – forty eight years after, look at the things that are happening, friends. This election is more than an election. This is not a normal election. There were some strange things happened in this election.

In the middle of these things that is going on Mr. Obama went straight to Europe. Gathered two hundred thousand people or more, stood at that special place there. I can't call the name of the place right now, and gave that speech there. Went out into Afghanistan, went out into Iraq, came back.

Then they came and they picked Mr. Joe Biden. And they said, 'How come this man...'then the Republicans saying 'Look at you, you had eighteen million votes right away. Had you taken Hilary Clinton as the vice President, you would have eighteen million women's votes right there.' And you choose to take a man who couldn't even gather 9,000 or something votes.

This is not a normal thing, friends. Open your eyes and understand. As I tell you, all this, this right now is a distraction. You will understand more clearly when the hour comes in. You'll see if they are going to have any elections at all or how this thing is going to be.

It is one of the most dangerous times on the face of the earth, this year, this 2008th year; this 8th year of the 21st century. When we started, this year, I said, eight is a new beginning you watch and see. Seven, the sixth day manna came on the seventh day, it came in 2008. You all were there when those things were preached. Let me tell you, you all will find out more clearly some of the things because these things are in the Bible and is in the Message of the hour. And it is a part of the Message.

Brother Malcolm, he saw me on line about three o'clock the other morning, night before. I was there studying. He was just about to send me an email. And he said to me, he says, 'You know...' which I knew some of his whereabouts. He was preaching out in Ukraine and in Russia and some of these places. Because in...back in I think it was there...he had went up with me to one of the meetings in Norway and we went over to Russia and we had those meetings.

And he saw me and he says, (I see Brother Burkhart and Sister Doris coming in late. God bless you all in the back.) ...so he told me, he says, 'I was now writing you an email to thank you for the messages on, **The Adopted Son in the Economic Recession** and **The Increasing Economic Woes** and some of these messages.' He said, 'Because these things opened up our eyes. And I have preached some of these things out in some of those places.' He said...and this is a few days before Brother Bart called and said, "Brother Vin, what do these things mean?" He says, "All this is happening," he says, "and we can't hear anything about this out here."

And then he is telling me, he says, 'I hope you don't mind I'm preaching...' because he knows I travel too. You know it could be funny if a minister, you travel and you go out in a place to preach and then they say, 'Oh yes, Brother Malcolm preached that and he was just here. He preached this and he preached this and he preached this and he preached that.' So he knows that, so he is asking me, 'I hope you don't mind, you know, I'm preaching some of these things out there because you know, it so opened up our eyes.' So I told him,

I said, 'It has nothing to do with me. It is God quickening it to you and wherever God sends you and God leads you to preach'. You know because these things are in the Message. And it is a part of the Message that is happening. It is being manifested and how the Bride needs to be awakened to recognize the time and the season.

So then I told...and he didn't hear the last part with, **Soon cometh the Earthquake – Earthquakes and Dispensational Changes – Roaring Lion before the Great Earthquake – Pleiades and Orion** and all these things. He had not heard these things as yet. So I said, 'Wait until you get Part 2.' I said, 'It's where the Spirit has gone since that,' you know.

And then came in Sunday there with that, **THREE CURTAINS**. And I showed you Sunday, I said, 'watch what the Iron Curtain is doing'. With the eclipse, August the 1st, only solar eclipse for the year; and it passed down through Russia and it end up in China; right there on the Great Wall of China. And I took it and I showed you these things. And I preached the message, **United with God in His Word**. And I showed you the signs.

And then seven days after China unveiled the Olympics. And I said, 'watch the Bamboo Curtain.' I preached to you, **The Rise of the Kings of the East** because Revelation 16 talks about the kings of the east. And then all...not knowing all that time, it is not unveiled to the world and publicized yet, that right after the Olympics, after they showed the world their 5,000 year history and put on the greatest Olympics the world has ever seen, they were going to go straight into space.

And they went into space and one of the Chinese astronauts put on a Russian space suit. And they did that because they knew the whole world was watching that, televised live. And then on the other side the Purple Curtain. And look what she is doing, rising there, leading that nation to its economic destruction first and then the next destruction that is going to come by fire after.

Watch and see. And these things are happening, friends. And what a privilege tonight! As the Prophet said in the tabernacle, 'We, a little ordinary people, little farmers and little people around here in Jeffersonville there, in a place where the critics said was going to be a garage in six months. Who does Billy Branham think he is, trying to preach down there? And here was a little water lily pond where we built the church and these things.' And he said, 'You would think that these things would be revealed in the Vatican somewhere'. He said, 'and look at what was taking place in simplicity among a simple people,' whose wife said, 'Billy, could our people understand those things?' He said, 'Honey, God will make it simple somehow to them.' He said, 'God will make it simple somehow to them.'

He said:

We see one rising yonder in China, (an ungodly spirit) called the "bamboo curtain." Then we see one rise called the purple curtain, the Roman curtain, taking over the world.

He said:

Now, Father God, we pray that You'll let us remember this: that these things are Your promises. You promised us these things in the evening time. We're so glad to see You making Your Word fulfilled in our lives.

He is seeing it rising there in microscopic form. We see the Iron Curtain coming to the Caribbean here again. The great missile crisis of '62, when the world was on the brink of a nuclear war, and you had that great 13 days of diplomacy that ended with Khrushchev taking out the nukes from Cuba. Then to see the cycle has come back around. Another election time has come back around.

Now, as I preached to you Sunday, **The Full Control of the Catholic Church in the US**, how Jezebel took the Democrats and then she took the Republicans. She took the ten tribes and then she took Judah. She took both and they ruled over both. And it was a dark time. And then what did Athalia do? Start to slaughter. But that women that held that seed, the royal seed, hallelujah, like Mary had that royal seed

and had to run and flee because Herod was coming, the great red dragon to devour the child; the same thing.

Remember my message some years ago back in 2001 when that started to move, I preached on, **The Royal Seed hidden in the House of God.** That's the beauty of these things, you know. When it comes back around and it evolves on a next level; the Word that was at that level comes back around and evolves too again with it. Because you see, it is something tracking it. God is tracking that thing.

Every man that God raised up in the Church Ages, whether he had a lion anointing, an ox anointing, and a man anointing, they were tracking that white horse rider that was riding, going out. And every time he changed a form, God raised a man. And when he changed that form, they saw that same thing and they kept tracking it. And when it came in this day as a pale horse, here was the Prophet, he took that horse. He traced him and then he named him. That's right because the eagle named him.

That is what preaching is because God is sending that anointing to combat and check that power. That's what the Holy Ghost is for in the church. Because if that power is not checked, the elect will be taken under that influence because there is no way for them to discern it.

Super Sign: Let me read this one first, **Take on the Whole Armour of God.**

There's three curtains. As I leave... (The musicians could come.) As I leave you this afternoon, I leave this with you.

He was in Santa Maria. He is telling them now, He says,
As I leave with you...Remember, there's three curtains. One of them's called the iron curtain, one of them the bamboo curtain (China and so forth, eastern).

And the article, I have it. They say within a month which is about the next two weeks. Because two weeks have already gone since they had the man in space. They say,
It is China's most ambitious space project yet. Launched on Thursday evening, the Shenzhou VII spacecraft carries on board three astronauts - who'll walk in space for almost 40

minutes - something no Chinese has ever done before. The timing is hardly a coincidence - exactly a month before India's first mission to the moon, the unmanned Chandrayaan goes to space also China has 3 lunar missions in the making.

That is their time-table with the Olympics in 2008, 8 minutes past 8 o'clock, on the 8th day of the 8th month in the 8th year of the 21st century. And they specifically chose that time, for the kings of the east to initiate that they are no longer some backyard power down there stumbling around. They went and saw one of the most fabulous airports they ever built in all the world. Then the stadium for the games; then the show that they put on was out of this world. And they are sending a strong message.

And most of those secrets are what they stole from the United States because within the infrastructure of the United States, people have become so disloyal even to their own nation and their own government. Because the whole thing is honeycombed with communism on the inside, and the Prophet was saying that way back in the sixties. He said, 'it is not the bird picking on the apple that destroys the apple, it is the worm inside the apple that is really destroying the apple.' He said, 'We don't have to be afraid of anything outside the country. It is our own immorals and our own filth and our own...you know, things going on in our own country that are - we are destroying ourselves.'

What a time, friends. We have come to the end of the age. Could you imagine that God put you to live in the last days? And what you are seeing? You're seeing an age where so many nations, nuclear powers. They have within their arsenal to destroy every man woman child, boy and girl, beast, insect, hundreds and thousands of times over. They have biological weapons, chemical weapons, nuclear weapons.

And I showed you those things in the Bible. Revelation 8 shows you the biological weapons. Revelation 8 shows you the chemical weapons. Revelation 9 shows you the

biological weapons rather. Revelation 18 and 13 shows you the nuclear weapons.

And you think that is the only weapons of mass destruction? Lehman Brothers and all of them, the kind of weapons of mass destruction to destroy an economy on Wall Street, to throw the world in that kind of chaos and that rippling effect across the Continents. That governments are trying to bail out banks in Europe, trying to bail out banks in Asia, right now as we are speaking here tonight. You know why? They trust in uncertain riches.

The Bible says, 'you, whose eyes must be anointed with eye salve that you might see, also must buy gold tried in the fire that you might be rich.' The wise virgins told the foolish virgins, 'go and buy oil'. I say to you without oil tonight, 'Go and buy oil. Make sure you have oil,' because they who had the oil, are they who went in with the Bridegroom. I say tonight, 'Get gold tried in the fire, the character of God that God could pronounce you as rich; that you labour for meat that couldn't perish.' What a place! He said:

There's three great curtains today. One of them's called the iron curtain, one of them the bamboo curtain, the other is the purple curtain. You watch that one, that's the one that's going to rule.

Restoration of the Bride Tree:

But the Bible says that Romanism, the Catholic church will...? rule the world. Take Daniel and find out. The head of gold, King Nebuchadnezzar, Babylonian kingdom, Medes and Persians succeeded him; the Grecian Empire succeeded that; and Rome went to the end. Them ten toes run in every kingdom on the earth.

He said:

There's an iron curtain; there's a bamboo curtain and there's a purple.

All three curtains right now are active, fully active in the earth right now.

Brother, don't you fear none of the rest of them, but watch that purple curtain. She's setting right here on the throne today in this country.

Remember, just like Ahab did, and Jezebel behind him... The Bible calls the Catholic Church Jezebel, prostitute. And Ahab wasn't no bad guy; I don't say that Mr. Kennedy isn't a nice man; I don't know nothing about him.

I'm reading for you what the Prophet was preaching in 1962. When you could sit down in 2008 and hear what a man is saying in 1962. And then see in 2008, the man said, 'I may be long gone but you will see I had spoken to you in the Name of the Lord, about these things coming to pass.'

And when the Holy Spirit is so mindful to pick up those words, and the hour when what he said is coming to pass, what he came to warn the world of, to flee and escape and be ready to go because in that hour when you think not, 'behold I come as a thief'. And if the Goodman had known at what hour the thief was coming, his house would not be broken into.

...it's that system behind him. Wait till she gets wormed into the Cabinet and everywhere she can, then watch what happens. Look what it done in other nations; look what it's always done.

And don't the Bible say in Revelations 13... This nation's number thirteen: it's got thirteen stripes...thirteen stars in the flag, thirteen stripes in the flag, thirteen, everything in it's thirteen. Thirteen colonies, thirteen everything, and it's found in the 13th chapter of Revelations.

And the Bible said that she come up like a little lamb: freedom of religion; two little horns, civil and ecclesiastical. And after while they united,

After while they united; that's what I was getting at Sunday. This is going to bring that in, friends, because this was the selling out to the very church. This gives her full control because this is not being done by Democrats. When she came in, she came in by Democrats. That was in the ten tribes. That was in Israel. That was the beginning when Elijah was in the land.

This is in the days after Elijah. This is when Jehu is anointed for the destruction of that power. And this is where there's a little remnant remain, those seven thousand in the

land, anointed and have the robe in the time of the recession. In the hour when the widow knows how to work with the oil; in the hour when they know the necessity of empty vessels if they have to pay off the debt and not be taken by the creditor.

This is the hour, **End-time Daniels**. they are being forced to worship the image. Persecution for praying to a God he shouldn't be praying to in that hour. Refusing to bow down and worship the image. The beast that came out of the sea, Revelation 13: 1 to 8, the beast that came out of the earth, Revelation 13: 11 to 18 but inside of there, **On the Wings of a Snow White Dove**. Dove leading eagle to the seventh mountain on the continental divide before we go over into the other country.

Those four horses of death that have rode - powers in the earth. By these four they killed one fourth part of the earth. Some people have inspiration of what is going on in the world. Some people understand that while these things are happening some people are coming into a knowing. Because the favour of the Almighty, the grace, the sovereign grace, the unmerited favour of the Almighty has set His affection, that He refuses to leave in ignorance His children.

To fulfill what He said, He takes His bride close up to Him and He is whispering these secrets in her ear. "Elijah, the translation is coming soon. But go down and see; they not only kill and steal but they are coming to take possession." He was hearing things, a still small Voice. That Voice was talking all the way until He said, 'The Lord told me to go to Jericho.' He said, 'But we slept right next to each other here last night. I didn't even see you pray. What do you mean the Lord told you? Just yesterday we came in here.' He is not hearing that Voice. They are together right there but he is not hearing that Voice.

That mail is coming in his mail box. Something popped up and said, 'You got mail, check your mail'. That's right, because there is a hidden communication, God's cryptography and God's steganography transmitting messages in code to a people like He put the Book of

Revelation. It's message in code. **The Pleiades and Orion**
He put it in the sky in code.

And just about when they announced the meeting, the moon decided to make a move right in front of Pleiades and Orion and stand before them like that on the very same day of the meeting, at the very same time when the meeting was going on. It would mean nothing but when they're preaching about that for the past two weeks and then it happened like the earthquake, you know that's another Intelligence. That's another Intelligence.

Moses endured because he saw Him Who was invisible. As many as are led by the Dove, the Spirit of God, they are the sons of God. And when the Dove leads, He leads in the Bible and He takes the Bible and He shows you the Bible promises being made manifest. And you could say, 'Look, it's written here. Look it's happening here.' That gives consolation in this hour. Do you know what consolation it was?

Daniel stood there and he watched that writing, all those wise men tried to interpret it. They couldn't interpret it. Mene, Mene, tekel, upharsin, they couldn't get a man in the kingdom to interpret that. The old queen said, 'I know an old man getting up in the days of your father. He used to interpret dark sentences, hard-to-understand things.' And they came and Daniel looked at it, just like he was trying to unlock Pharaoh's dream. Isn't it strange how God can make known in simplicity?

I remember 1989 when this thing was going on in the world and the Holy Spirit showed things so clear, **Traps of the Mighty Hunter – Return of the Global Village**. Sometimes He goes into the realm of communication. Sometimes He goes into astronomy. Sometimes he goes into **Immune Church and Viruses and Germ Warfare**. Sometimes he drops over into **Predators and Prey** and goes into wars and the military and these things. So what kind of Spirit is this? Sometimes He gives a little drama of **The Master is Come**. See, this is a strange Spirit. That will have to be a divine Intelligence, friends.

Sometimes He goes into economics. Sometimes He goes into cryptography and steganography. What kind of Spirit is this? Sometimes He goes into ecology and tells you how they're polluting the water and they're polluting the air and how the ozone hole is growing. Did you watch two days ago? They say it got so much bigger over the Antarctic. It departs like a scroll. It will bring the meteorites down. Sure.

This earth is heading into the most trouble it has even known. Only because they refused the greatest Message – the greatest Light that has ever shone. When God sent a Prophet, raised him out of Kentucky, had him to do miracles. Congressman Upshaw on the steps of the White House, man that they knew for sixty six years back in 1926, who had run for president of the United States and then here is this man standing there. He was crippled about sixty six years. And when God healed that man in that meeting supernaturally, commanded him to rise out of that wheelchair, that man stood up.

He wrote to King George. When King George heard what had happened to Congressman Upshaw, King George in England, he wrote now the Prophet and said, 'Could you come and pray for me? I heard what happened to Congressman Upshaw.'

Congressman Upshaw, God had told the Prophet, Brother Branham said, "When the Angel came to me in the cave He told me, 'You will pray for kings and potentates and monarchs.' And when I saw the thing began to happen and how it was taking place."

And then the message said, Congressman Upshaw wrote to Churchill and he wrote to Stalin inside of Russia telling them. It makes me sit down and think sometimes, if maybe Mr. Putin does not go back into some old files reading about Stalin and come across Congressman Upshaw's letter? You know God can do strange things.

When the German dignitary, von Braun, (Baron Von Blomberg) I think, had prepared the meetings in Finland and the Scandinavian countries and the little boy who was raised from the dead, he said, 'Brother Branham, all down in

Russia, he said, those Russian soldiers, all in the army barracks,' because there were Russian soldiers on the Finland border of Russia there. And they'd seen the accident, they had seen the boy dead. Then they saw the car stop. Then they saw this man walk out there and watched and then go to walk away. And all of a sudden he stopped and called that boy back to life. And those Finnish soldiers saw that; after the Prophet was testifying about that for two years in the United States, all through the cities. He said, 'Write it in your Bible. One of these days in a foreign country; great overlapping mountains, a little boy about twelve years old, killed by a motor accident at the side of the road will be brought back to life. He said, 'You watch and see it is THUS SAITH THE LORD.' Today the Message is all over Russia. I myself have been there about three times. Think.

When you watch and see, friends, God, in such simplicity have visited this generation so mightily that sometimes it makes you wonder. But it is very, very, late. And what we are seeing, it is going to get darker. This brings a joy when you see the Truth and you understand the day you're living in and the modern events are being made clear. But that now, does not take away the pain and the sorrow and the hardship that you will have to go through. But this helps to give you strength in the inner man to face these trials and testings.

And we came through that Message there earlier this year; **Man shall not live by Bread alone but by Every Word that proceedeth out of the mouth of God.** And I said this is the hour to enter into a supernatural economy where you have to learn to live by the Word and not just money in the bank, not just these things. And the same God Who provided for them back there has promised that in this hour He will provide for His church.

I want to sing tonight, an old song we used to sing and worship God. It is called, *Take your burden to the Lord and leave it there;* because I believe that;

If the world from you withhold

all its silver and gold
And you have to get along (424)
with meager fare,
Just remember in His Word
how He feeds the little bird.

That was the Scripture I took when I preached that message for you, that the birds...The robin said, 'Why do these human beings have this frown on their faces?' The next one said, 'I understand they lost some money in the stock market. And I understand it is because the inflation rate is going up. And I understand that some of them contemplating even suicide. And some future got very bleak because all they laboured for and they saved and stored up vanished away.' The other robin said, 'But don't they have a Heavenly Father like us, who takes care of us and supplies our every need?'

I trust friends, that in your heart, you will have the right treasure, that where your treasure is your heart will be, so your heart will be in the right condition. It takes the right treasure first to keep your heart in the right condition because if your heart is on the wrong treasure, you will find yourself in the heart attack age. But if your heart is on the right treasure, you will find your heart turned back to the faith of the fathers.

You will see how when that Jezebel and Ahab, through their sins had brought the economic depression in the land and things got scarce. By the visitation of a Prophet of the Message, that woman who was trying to be the best economist she could to make the little she had last as long as it could, trying to exercise all the self discipline, but even self discipline and good economics had come to its end because that couldn't multiply the food.

But she began to strike a channel where another part of her was being contacted. Not the brain now, the heart, where the Word of God was finding a place to fall into and grow, where it began to produce a faith and move her out of the reasoning channel into the faith channel; move her out of the psych channel into the faith channel.

A lot of people will hold their bellies and bawl if First Citizens tells you in the morning, 'Well, we've gone down too.' Friends, let me tell you, prepare, whether you are with Scotia, whether...it doesn't matter whether you have it in your pocket. It doesn't matter whether you have it in your house. It doesn't matter whether you have it in the bank. What matters is what you have in your heart. You better have the Word, 'Thy Word have I hid in my heart.' Because when the money gets devalued, the Word cannot get devalued in your heart.

When inflation rises up, tension is going to rise and pressure is going to rise. And nervous strain is going to take over people and fear and panic are going to paralyze many but where the Word finds a place down in their hearts there will be peace. That no matter how the storms blow, amen, your anchor will hold firm and deep on the rock, grounded firm and deep in the Saviour's love. Amen, you will be established and rooted.

Just remember as it gets dark and continues to get more dark, he said, 'Fear not, little sister, there is a Man here, present tense', hallelujah! 'The Chief Engineer has come down. The man from General Motors, the Man who designed the Church', he says. He said, 'He knows what it takes to put it in rapturing condition'. Hallelujah! Glory!

I'm thankful tonight, as a brother in the elevator, in the dark cavern, to say, 'He is right here. He is right here not two feet from where you are standing.' He said, 'Little sister I could feel Him. I could touch Him. It is He whispering these things, He is right here.' Hallelujah! You'll only have to say, 'Jesus'. You don't have to panic and fall apart. Just call Him on the scene and watch Him go into action.

You who might be troubled tonight; you who might be sick, might be burdened, under pressure, maybe your thing right now is not the economy. Amen. Maybe you might be going through some other problem but no matter how great or how small, He is able, friends.

And maybe, it might not even be a big problem. Some of you might now be discovering you have problems as you

begin to hear the Word and realize you don't have oil. Or your oil is very little or your sanctified life is under such a pressure and a bombardment, you feel like you want to turn back from morality to immorality. Instead of you change from mortal to immortality some want to turn from morality to immorality. Not immorality friends, immortality, amen! Immortality! It will take transforming power. It will take the Holy Ghost to energize that in a person's heart.

And this song tells you tonight, you don't have to carry that heavy load. You don't have to strain. You don't have to fall down. Take it to the Lord and leave it there. Why don't you leave it here, tonight? Leave it here, tonight. It gets you angry sometimes. It makes you say the wrong things. It makes you behave badly. You feel ashamed of yourself when you're finished getting on. Amen. That is because you are carrying it still but leave it here, tonight. You can leave it here, tonight. Hallelujah!

My young brother, amen, all those things that the devil is trying to load up your mind with, and influence your spirit with, amen that has you that you could hardly even pray, you can't get a breakthrough, you're heavy. You can't follow the Word of God. It is so hard, you are so weighted down. Lay aside that weight tonight, leave it right here. Leave the cares right here tonight.

My young sister, amen, all those things that Satan has you worked up sometimes. You get to a place, you know, you start to major on a minor. You get to a place where you can't trust God, 'I find God's taking too long with me, yes. I can't hold on anymore. I'm fed-up yes. Man, I'm ready to do my own thing, yes.' No, no, no, lay it aside. Lay it aside. Put it in God's hands. If it's of God He will keep it for you and make it beautiful in His Own time.

If it's not of God, He will take it and get rid of it for you in a way that you can't get rid of it for yourself. He will annihilate it for you. It will not come back to trouble you. Put it in His hands, His hands are safe tonight.

If you can't trust me, or you can't trust somebody else, trust Him. If you have doubt about me, have no doubt about

Him. I'm a man but I could still tell you His Word. And after I tell you His Word, you say, 'Well yes, you are saying that.' Then look away from me and look to Him. Then if you doubt Him, you are not part of Him. I'm talking about if you disbelieve Him. You say, 'I don't believe Him.'

Well if you are fighting up with Him and say, 'Lord, I want to believe You but it is so hard to believe You because You are not even real to me in my own life. I'm trying to get to know You and like You don't even visit me.' Ask Him tonight, say, 'Lord, give me some more faith. Give me a little more than what I have, Jesus. Give me a little more than what I have tonight because I want to go on with you and I can't help myself. But something tells me that You are interested in me. You want to help me tonight. I hear the minister saying that tonight.' Amen!

Oh my, don't let the devil rob you from that tonight. I say, leave it here tonight. Take that burden and leave it here, tonight. Would you do that tonight? Let's leave it. Let's leave all that here, tonight.

As we sing this song, let's start with the chorus: *Leave it there, leave it there.*

Leave it there, leave it there

Oh take your burden...

Take your burden to the Lord

And leave it there.

That's at the foot of the cross. If you trust and never doubt,

If you trust and never doubt

Oh He will surely, surely, surely

He will surely bring you out

Oh take your burden...won't you do that tonight? The world is falling apart; don't let your life fall apart with it. Take your side with Jesus Christ tonight, like you never did before. One more time, leave it there. Hallelujah!

Leave it there

Oh that's what I'm going to do. You do it too.

Take your burden...

Worry has no virtue. Be anxious for nothing. Do not worry, '*rejoice in the Lord*' Paul said, '*and again I say rejoice*'. Trust tonight and never, never, doubt. He will surely bring you out. No doubt about that. No uncertainty in that. Be certain of God tonight. He will keep that Word. He'll respect you for trusting Him.

*Take your burden to the Lord
And leave it there.*

Oh, if the world for you withholds
*If the world for you withholds
Of its silver and its gold
And you have to get along
With meager fare.*

Oh just remember tonight, just remember in His Word.
*Just remember in His Word
How He feeds the little bird
Take your burden to the Lord
And leave it there.*

What about these old sisters here. Don't worry we trust Him tonight. We believe Him tonight. We put our hands in His hand. Oh my, I'm going to take my burden and leave it there. Trust Him, tonight. Cast your cares upon Him because He careth for you. Hallelujah!

If you trust... it could happen right now, if you believe it and act upon it. Doubt that doubt, hallelujah, don't let it strangle your life. Break through, tonight. Let God give you the breakthrough you need.

*Take your burden to the Lord
And leave it there.*

And all the sick ones, you hear this now.

If your body suffers pain...
*...suffers pain
And your health you can't regain
And your soul is almost
Sinking in despair...*

How many believe He is the great High Priest that can be touched...

*Jesus knows the pain you feel
He can save and He can heal
Take your burden to the Lord
And leave it there.*

Oh my, you worship Him tonight. Leave it there. Would you do it? You, who are sick would you trust Him? Look and live, tonight? Hallelujah! He raised that brass serpent and they came out of sickness.

And leave it there.

If you trust and never doubt...Faith is a great thing. Faith is the victory. Faith is the victory, tonight.

He will surely bring you out.

When everything fails, just remember Jesus never fails, friends.

*Take your burden to the Lord
And leave it there.*

All that mental depression, all whom the devil is giving mind battles...

*When your enemies assail
and your heart begins to fail
Don't forget that God in heaven answers prayer.*

Oh that's where real Daniels come in.

*He will make a way for you and will lead
You safely through*

Take your burdens, tonight. No more mind battles, you will go home in peace in your heart and your mind. Amen. Resist that devil tonight. Say, 'You devil, I'm laying that down. I'm laying the worry and all this nervousness and all this pressure. I'm going to tie my soul to these words, tonight.

...the Lord and leave it there.

Oh if you trust and don't doubt but believe in your heart when you say it, that mountain shall be removed. Hallelujah!

*...surely bring you out.
Take your burden...*

And all of you who passed fifty and sixty and seventy and you're in your eighties, wherever you are.

When your youthful days are gone...And you begin to feel, you get the blues sometimes. You say, 'Nobody cares for me. Nobody wants old people around.' We love you anyhow, amen! Hallelujah! Stand, glory!

*He will never leave you then
He'll go with you to the end
Take your burdens to the Lord
And leave it there.*

Oh lift your hands all around this building here and sing, Leave it there, tonight, with real faith in your heart tonight. Hallelujah! We are going to trust Him tonight. We are going to believe Him, tonight. We are going to confess what His Word says. There is power in true confession.

*...and leave it there
If you trust and never doubt
He will surely bring you out
Take your burden to the Lord
And leave it there.*

Oh let's try this one.

When your enemies assail...two hundred million supernatural devils out of that bottomless pit -

And don't forget...That's what the prayer meeting can do, hallelujah! It will bring God down always, hallelujah!

*He will make a way for you
And will lead you safely through
Take your burden to the Lord
And leave it there.*

Oh don't carry it anymore. Don't carry it anymore. Hallelujah!

*Leave it there, leave it there
Oh God, how great Thou art tonight!
...and never doubt
He will surely bring you out*

*Take your burden to the Lord
And leave it there.*

Oh, one more time...leave it there, leave it there. Carry it no more tonight. Put it in the Master's hand. Purpose in your heart, do it right now. He will take care of it for you. Don't let it weigh you down.

He will surely...

He is a God of paradoxes. He can change things before you even bat your eyes.

...Lord, and leave it there.

Hallelujah! Hallelujah, hallelujah, hallelujah! We praise You tonight, Father. We thank You. We glorify Your great mighty Name. What a mighty, mighty, mighty God You are tonight! Thank You Lord for Your great grace and Your mercy that has come down to us in this dark hour. Your Light is shining brighter than it has even shone before to make the way clear that we will know how to go. We will know the hour we have come to, dear God. We are so grateful to know Your presence is near. The Rock is in speaking distance and hearing distance. We thank You, Jesus. Oh I'm going to try another old song here.

Lord, anoint me more and more
with overcoming inspiration;
Seven powerful thundering voices
shattering every strong temptation.

Perfect faith and confidence,
Lord my soul is longing for.

Perfect strength in perfect weakness Lord allow.

Amen, how many feel they want some overcoming inspiration, amen? As the hill gets steep, amen, you want to set your wings and fly in this hour. Hallelujah!

Way back in Baratania days, back in the eighties when this song was written we used to sing this song. The revival was burning in many hearts. Amen, the country was shaking because a little band of people, amen, dared to step out of the box that they had everybody in, in the Message. That they

said the Message was this way and the church must be this way.

And when we stepped out of that box and began to walk in the revelation that God gave us, amen, and God shook the country. Amen, look where we are today, pressing on to the promises and many are still trapped back in that box back there. Glory be to God! Because we dared to believe what God was telling us in our hearts.

Lord, anoint me more and more,
Lord, anoint me more and more
With overcoming inspiration
Seven powerful thundering voices
Shattering every strong temptation
Perfect faith...Lord, my soul is longing for. Perfect strength...

Oh try it again.
Lord anoint me more and more
With overcoming inspiration
Seven powerful thundering voices
Shattering every strong temptation
Oh perfect faith...
Lord, my soul is longing for
Perfect strength in perfect weakness
Lord allow.

Oh as I continue to possess this land.
...this land,
...hold fast this revelation.
All along the way...
...all the time.
For you know this path real good
...this path real good
It is a road you already trod
And you overcame every temptation
By Your own Word.

*Lord, anoint me more and more
With overcoming inspiration
Seven powerful thundering voices*
That is to wake you up in this hour. Wake you up out of
that sleep.

*Lord, my soul is longing for
Perfect strength in perfect weakness
Lord allow.*

Lord, I know that this land is mine.
For You have made me to understand
Your counsel is immutable,
You cannot lie
You have restored back all the Word,
...all the Word
*And your promises are assured
Forward in faith to the objective
As I journey along.*

Oh Lord, anoint me. That's what we want.
Forward in faith...
*Shattering every strong temptation;
Perfect faith and confidence,
Lord my soul is longing for,
Perfect strength in perfect weakness,
Lord allow.*

Alert and ever watchful,
*...land with Thee,
Ever spotless may this pure
White raiment be;*
I've surrendered whole-heartedly,
Looking for the change of immortality
And I remember how You came
And delivered me

*Lord, anoint me more and more,
With overcoming inspiration,*

*Seven powerful thundering voices
Shattering every strong temptation;
Perfect faith and confidence,
Lord my soul is longing for;
Perfect strength in perfect weakness,
Lord allow.*

You are the same Jesus that calmed
The sea,
*...calmed the sea,
And You're dwelling now in me,
Make me conscious more and more
Of my ability;
Full obedience to Thy Word,
Full obedience to Thy Word,
Because of love for what You did,
Exercising the faith of God that's
Locked up in me.*

*Lord anoint me more and more,
With overcoming inspiration,
Seven powerful thundering voices
Shattering every strong temptation;
Perfect faith and confidence,
Lord my soul is longing for;
Perfect strength in perfect weakness,
Lord allow.*

Oh what a prayer in song tonight! What a prayer of the saints, hallelujah! What a prayer! What a desire! What a request!

Alert and ever watchful, help me to be,
As I walk this land with Thee,
Ever spotless may this pure
White raiment be;
I've surrendered whole-heartedly,
Looking for the change of immortality
And I remember how You came and

Delivered me.

You are the same Jesus that calmed the sea,
And you are dwelling now in me,
Make me conscious more and more
Of my ability;
Full obedience to Thy Word,
Because of love for what You did,
Exercising the faith of God that's
Locked up in me.

Oh my, in those days the place used to be milky. Hallelujah! We had no carpet as yet, an old piece of linoleum. We had some buckets in the aisle when rain fell and the place began to leak, amen. But that never disturbed anybody. Amen! Glory be to God! Hallelujah! We didn't have room like inside of here. We used to bounce up on each other real good. Hallelujah! And we were like stones that began to rub hallelujah and began to join and be knitted as one, amen. Hallelujah! And we are still possessing that land tonight, hallelujah, still possessing that land tonight.

Oh we've come a long way, many trials, many testings. I look across the audience; there are some of the old ones. They battled down through these years. They came through thick and thin. Some scarred, some were wounded in the battle. Some were kind of slowed down because of how bad some of their wounds were. But you look across and you see battle scarred veterans here tonight. Hallelujah! And you see that gleam in the eye as they come to the mountain top so tall. And they begin to look over in the city. And they begin to see we are nearing home, friends. It does something to you. You say, 'Oh God, we made it. We made it.'

We might be coming all wounded trying to carry one another in. Amen. And we have a few people up the islands who got delivered, amen. And we are saying, 'We made it by the grace of God. We made it. We made it.' We might be coming without a hand and a foot. You might be coming in with one eye. You might be coming all scarred and

disfigured but we made it by the grace of God. We didn't give up. We didn't turn back. Amen, we stood our ground. Glory be to God!

Because we know the cause, it was a worthy cause. We were patriotic to our cause. Hallelujah! We kept the Blood stained banner high. Hallelujah! We don't let the flag fall in battle. We lift that flag and we fight on, amen! Hallelujah! Because we believe in our Captain, the great Five Star General, the Lord; He has wounds in His hands and His head and His side and His feet, wounds that He took for us tonight. We remember Calvary, friends. We remember what He did for us. It is not an old myth; it's a reality, amen.

And you feel the fire burning in your heart because when this world is falling apart, this world has to die and rot and fall apart to give birth to a New World. We had to see Eisenhower and Khrushchev before we could see the Rock cut out without hands. Hallelujah! We have to see the Rock smite the nations before we could see It grow into a great mountain that fills the earth. So we had to come through these times. Hallelujah!

Now we see that Mountain pushing up in your earth tonight. Hallelujah! Oh my, that there's peace in your heart. You have a strong consolation. The image of the world is gone, amen, and you have the glory of God inside of you now. Oh my!

Trials here are sometimes many,
And oft times my feet grow weary
Till it seems I almost stumble and fall.

I believe that's what we...we have come to the mountain top. When we talk about on the wings of a snow white Dove is because there are a people on the mountain top. When we talked about, 'your enemy is dead', there are a people on the mountain top. You cannot talk about that at the bottom. You find that evidence at the mountain top. Hallelujah! It is people who have come to the mountain top, the last mountain before we go over into the other country on the continental divide.

Oh my, I was reading about Abraham Lincoln, I was telling some of the brothers last night. I even had it here. I thought I would get into all of that to show you. Way back there when he saw how the Catholic Church was planning to kill them and take their country but they work slow and they work sure. And now they've reached to the place, the full control.

That's what all these things mean, not what the economists are saying, friends. It's what's behind the scenes. The Bible doesn't show you the news in front. The Bible shows you the spirits behind. That's why the king dreamed, a head of gold, a chest of silver. But when God showed Daniel, it was like a lion, a leopard, a bear, a beast. God was showing the spirit behind what man couldn't see. Outside looked beautiful. Nice golden image, nice great shining silver, nice brass bird but the demon spirits behind it is what God was showing him, what was influencing those things.

But we had to pass this way, friends. Must we be carried on a flowery bed of ease, while others fought to win the prize and sail through bloody seas? Amen, if I must reign, if I must win, then I have to be strong and of good courage. 'Increase my courage, Lord. Let me fight and fight till the end. I want to be a real soldier.' The race is not for the swiftest, neither the battle for the strong but for him that endures to the end.

May you purpose in your heart to go on, friends, to climb tonight. You might be a little discouraged. You say, 'I didn't come to church to climb.' No, you came to church, God knows you're wounded and He brought you to church because for you here is a hospital tonight. And the Chief Physician, the Lord Jesus, Who can heal you and send you back out, has met with you here tonight.

Amen, you might be carrying heavy burdens, but the Burden Bearer, the One Whom upon all iniquity is laid has met you here tonight. He is the Scapegoat to carry your sins so far away that no guilt or condemnation could bombard your mind. Amen! And many of you, when you think it's

your confidence and your own strength taking you on because you are seeing one set of footprints and you've come to your own carnal conclusion, 'It is because I'm determined. It is because I don't give up.' No, no, it's because He is carrying you tonight. It's because He is carrying you tonight. That one set of footprints is not yours, it's His. He is carrying you tonight. But the thing about it, He carries you and doesn't boast until you even feel it's you carrying yourself. Because He is not boasting about it because He is just doing you a service to help you to keep you going on, tonight.

Just thank Him and praise Him tonight, amen. Just give Him glory in this place, tonight. Hallelujah! Glory be to God! If we come in on a Wednesday night and have a time like this, what can God do on a Sunday? Amen, Glory be to God! But that's what home is, it's not what day it is, it's what you get in His presence.

Let's just sing this song, *Trials here are sometimes many*.
Let's start,

Trials here...

Trials here are sometimes many

That's your story. That's my story.

And at times my feet grow weary,

Till it seems... (560)

I almost stumble and fall,

Oh, but the tender hand that leads me tonight.

...hand that leads me,

Is the hand that keeps me steady, hallelujah!

...keeps me steady,

Gives me faith, gives me faith that I can make it. That is what it is giving you. It is giving you faith tonight, that you can make it. That you wouldn't give up. You wouldn't quit and turn back around.

Oh, after all...

After all this life is over,

And our burdens...

...have been lifted,

Oh and we stand upon...
...the mountain top so tall,
Oh, looking over in that city,
...over in that city,
That our Saviour is preparing,
...is preparing
Oh, gives me faith...I feel the faith tonight. I feel
courage.
...can make it,
That's my confession.
...after all.

By myself I cannot make it.
By myself I cannot make it,
Oh, but I know He's there to help me,
He will hear my cry if only I will call.
Call upon Him tonight. He will hear that cry like a
mother hears her crying baby, He will come running to you.
"Just keep trusting, and believing,"
Oh, are the words I hear Him whisper; tonight in my ear.
Just a few more days...
...more days to labour after all.
Oh and everyone singing now –

After all this life is over,
After all this life is over
And our burdens have been lifted
And our burdens have been lifted
Oh and we stand...see yourself standing there tonight.
...top so tall.
Oh my, looking over...
Looking over in that city
Oh that our Saviour is preparing
Oh gives me faith tonight
...that I can make it after all.

Oh by myself I cannot make it. Oh God hear my cry tonight. Oh that still small Voice telling me in my heart, Jesus.

But I know He is there to help me

He will hear my cry. He is hearing it, tonight. His ear is not deaf. It is coming into His ear tonight.

I will call.

Can you hear Him speaking back, tonight? “Just keep on trusting My son. Just keep on believing My daughter.”

...and believing

Oh are the words I hear Him whisper.

Just a few more days...That’s the Truth, friends.

Oh lift your hands all around the building and sing. Give Him glory. Confess your faith, tonight. Take courage and rise up with new strength.

And our burdens...

...have been lifted.

Oh, and we stand upon that mountain top...

...is preparing,

*...that I will make it
after all.*

Oh give Him a hand of praise tonight, this great Mighty God. Father, we thank You. We thank You, Lord, for Your strength. We thank You for Your grace and Your power. We thank You for Your presence. We thank You for Your nearness. We thank You for Your love. We thank You for the consideration. We thank You for Your interest, oh God. How great Thou art, oh God. We thank You Lord for Your encouragement, tonight. We thank You, Jesus. We just love You, Lord. We find the strength to go on, Lord. We so appreciate You. We are so determined tonight to rise up, and to press the battle, oh God. Lord, You are wonderful. You are Almighty. You are All-special, oh God. We thank You tonight, Jesus. What a mighty God You are. How we love, You Lord. How we appreciate You.

How we thank You Oh God, in this dark hour, You have come to us Lord, hallelujah, like You came to the disciples in the storm, You have come to us in the time of the economic

storm. You are with us in the boat, Father. Hallelujah! Glory be to God, hallelujah! The winds are blowing contrary. It is so dark. It seems like everything is failing oh God, but Lord, You've come to us. And we thank You, Jesus. It is not a Spirit, it is You, Lord. We hear Your Voice, 'It is I be not afraid'. Hallelujah!

Glory be to God! Thank You, tonight. Glory be to God in the highest. Oh thank You, Lord. Thank You, thank You, thank You, thank You, thank You, thank You, thank You. Hallelujah! Hallelujah, hallelujah, hallelujah! Oh glory be to God! Hallelujah!

Oh God, Your children, You children oh God, all around the region wherever they are, bless them. Pour out Your Spirit. Send down such a blessing; a surge of the current of the Holy Spirit, Lord into every assembly, into every individual, into every home, dear God, into every family, tonight. May Your children be so unified, oh God. Lord, we thank You. We thank You and we praise You tonight.

Oh my, one more before we go, *He will never let go of my hand*. You believe that tonight? He will never let go. He will never let go. He will never let go. Hallelujah.

Come Brother Bowen and pray before we sing that song. *He'll never let go of my hand*. Don't you feel good when He puts those showers down into your soul? He encourages your hearts, praise His wonderful Name. Hallelujah! All around the building, let's bow our hearts in respect as our brother would pray for God's blessing and dismissal.

(Brother Bowen prays)

Let's just sing this song and may it bring courage. May your faith grow strong Before you go, our Brother Leroy Crichlow from Guyana:

God bless you Pastor and saints. Today is my birthday. I give God thanks and praise for sparing my life, to see another milestone for what He has done and what He has been doing in my life. I also request prayer in this hour that as the great shaking takes place that I get more desperate, more humble and more sincere.

Also, Brother Clifford Greene is requesting prayer for pains in his chest and back.

Let's just pray one more time before we worship God with our last song before we leave to go back home.

Gracious Father, our beloved Brother Crichlow from Guyana in the service there tonight, God sitting in Your presence, being grateful in His heart that You allowed Him to celebrate another birthday on his earthly journey. You said, 'Teach us to number our days and to apply our hearts to wisdom because our lives are like a hand-breath.' Oh Lord, to know that You spared his life and he could be in Your house tonight to hear Your Word, worshipping You and to participate. We can see the great grace which You have extended unto Him, that tonight He is not in darkness somewhere. He is not bound in sin but he is in your House. As David said, 'I was glad when they said unto me 'let us go in the House of the Lord'.

May You continue to bless him, dear God. May You strengthen him. May by this great revelation being made more plain, it moves his heart and soul into a place of desperation as he sees the wrath of God swiftly coming in. And knowing that there is a place of safety under that Token like Rehab, where he and even the loved ones connected to him can enter in and abide and have peace, even in the midst of the storm because God is our Refuge, a Present Help in a time of trouble. Grant this great blessing to him we pray tonight, in the Name of Jesus Christ.

Our beloved Brother Clifford at home tonight, dear God with these pains in his chest, and knowing he is a believer, Father. What You have done for him and his family in these recent times, taking them out of darkness, and made this great decision to walk in the Light. What a great transformation we have seen in their hearts and lives. This is a small request he has asked tonight. May You touch him. May You remove this affliction. May the Angel of God visit him now as we stand here praying on his behalf. May you touch him. May he be well for the glory of God.

When he would come back out to service, he will come back out with a testimony of Your grace towards him, and how You have heard and answered prayer. For You said, ‘If we stand praying and we believe we have received what we asked for we shall have it. We believe and we confess that tonight, in Your presence knowing You’re all-Sufficient. And You said, ‘We have the petition that we desire from You, that we ask according to Your will. And we know that this is according to Your will, we pray one for the other that above all things we prosper in health. Grant it, we pray, in the Name of Jesus Christ our Lord, amen.

Oh there’s a hand that covers the mountain
...that covers the mountain,
And that furnished all the galaxies, (170)
And that same hand, tonight
That holds the world in space
How many know it is the same hand?
It’s the same hand that’s holding me.

Oh with assurance we can sing, He’ll never let go...
And He’ll never let go of my hand

Let’s come out on Friday for a real, mighty, mighty, time,
hallelujah!

...in heaven’s fair land
Till I’m safe forevermore
On that happy golden shore,
Oh no, He’ll never let go...
...let go of my hand.

How many know He’s been faithful, that He is faithful tonight. And that great is His faithfulness.

And He’s been true,
When storms have assailed
Oh, but His holy love tonight.
...holy love,
Oh, that amazes me,

Is that He loves me even when I fail.

Oh, if you believe that tonight, lift your hands to Him.
And touch that hand that holds the world in space. Put your
hand in His hand.

He'll never let go of my hand

Oh, till I stand

In heaven's fair land,

Hallelujah!

Till I'm safe forevermore

On that happy golden shore,

No, He'll never let go of my hand.

Amen. Remember the whole church is invited to the wedding on Saturday but we are not going to let the wedding on Saturday tell us we are not going to come to service on Friday. Our first duty is to be here on Friday.

Saturday is a relaxed day, a social event for the church, you know, friends and family and believers, the public. You have a time to come and relax in a more relaxed atmosphere so it is not like an intense service. There'll be no preaching, just like the last time, just the ceremony. You know we have the evening to get together and give support to the married couple. And worship the Lord, enjoyable time. We don't have Brother Rigo here, but we could be happy in Trinidad without Brother Rigo, amen. Praise His wonderful Name.

And then Sunday we come back for service. And then I think, that, most likely would be one of my last services with you. No, I'll be here still. I leave on the 20th. And I really want to ask you to remember me in prayer and especially to come out and pray. Because this is important meetings, like I keep referring it to you, that because of what struck there in Peru, these meetings, these two meetings, one in Chile, which is three cities.

And then the Latin American Ministers Conference is basically out of that inspiration. And that has even heightened with these present things we have seen here. And which we are trying to keep the church under this utterance

and sensitive because we don't know what is going to...how this is going to break out even among us here in this part of the world how it could affect us.

And with the things that are taking place you never could tell. In this kind of event you have one big kind of out of the way incident planned or whatever good or bad, a lot of things could get shut down very quickly. And these are the things that are spoken of. It is very, very dangerous times. And you don't want to take these things lightly. You don't want to go into panic mode either. But we want to be sensitive, watching and waiting, looking above, filled with His goodness and lost in His love. You want to be sober. You want to have your life clean. You want to know there is no sin.

You don't want state of emergency to put you into desperation because you are on the brink of state of emergency anyhow. You are seeing...and as I told you, when I was talking to the ex-Prime Minister there, he said, 'I see very dark times. And I look across the region and I'm not seeing any government preparing.' And if he is a man of the world at that level could look and see that; then we, the church would be gracious to have the Seven Seals opened to us, what we are seeing, how we should be stealing away to draw closer to Jesus, a more Spirit filled life, a more surrendered life.

Be sober, what you can do for Him as a Christian, you want to do for Him. You want your light to shine that somebody could see and be influenced and know the Truth that somebody could know, 'that's a true Christian; I long to see one of those.'

May God bless you. May God prosper you in every way and may He keep you faithful. And as I told you on Sunday, now is a time to get into the Word a little bit. Don't just wait to come to hear it being preached. That is part of it. That is good but that is not all sufficient. You have to – you see He wants to talk to you too and not just from the desk. He wants to talk to you on your job. He wants to talk to you while you travel. He wants to talk to you if you'll make time to talk to

Him. He wants to talk to you. He has something for you to do as well.

His plan is not just for you to come to church and sit down and hear the gospel preached. That's a small part of His plan. After you hear the gospel preached and 'faith comes by hearing and hearing by the Word', what are you going to do? You are not just going to sit down with the faith and say, 'I have faith.' Works is faith expressed where you could go out for Him and be a real witness.

So may He bless you. May His presence abide with you. And when we have times like this, you see how you come tonight and you opened your heart to worship Him and you break through hindrances. You go back home feeling better in your heart. You're going back home feeling strengthened.

Think about the pressure and the oppression, the kind of demon powers out in the cities, out in the streets. You're coming to here; it is like an oasis in the desert. You get refreshed. You breathe some fresh air. You can go back out and toil again tomorrow. Amen, and that's why, let us not forsake the assembling of ourselves much more as we see the day approaching. And we don't just see it approaching. We are seeing it approaching with rapidity. It is nearer than when we first believed. It is high time to awake out of sleep. Amen. Let's try this little chorus;

Just any day now, my Lord is coming
He'll be returning for you and me
Oh I'm watching, I'm praying,
Just any day now, His face I'll see.

You're longing to see Him? You ever think about it? Maybe you're just accustomed to look at the picture and say, 'That is Jesus. That is Jesus.' Or 'I have a nice picture of Jesus.' Or 'I got a nice photo of Jesus'. But you ever think that you are actually going to see Him. For you to look into that face and when He looks at you, you'll know, "That's the One I felt. That's the One I used to pray to but now He is materialized. Now He is personalized right before me. But it is the very One I used to speak to and hear His voice speaking to me."

Oh just any day...God bless you.
Just any day now, my Lord is coming.
