

Third Exodus Assembly

The
Lord's
Vengeance
Of His
Temple
Pt. 1&2

Pastor Vinworth A. Dayal
9th September 2007

The Lord's Vengeance Of His Temple Pt. 1 **Sunday 9th September 2007**

Arise today, arise today

Let us arise today

And rebuild Jerusalem

Oh, let us arise

Let us arise today

Arise today

Let us arise today

And rebuild Jerusalem

Oh, let's really arise. Let us arise today

Let us arise today

Arise today

Let us arise today

And rebuilt Jerusalem

Amen. One more time with all your heart and soul.

Let us arise today. Let's rise with purpose.

Arise today, arise today

Let us arise today

And rebuild Jerusalem

Hallelujah! Thank you, Lord. Thank you, Jesus. Oh my, praise his wonderful Name. That's our desire, that's our conviction, that's our purpose, that's our objective, friends. Amen. Let us arise *today*, and rebuild Jerusalem.

That's not some geographic location, that's not some physical building. John saw a vision of an angel saying 'Come, I will show you the Bride, the Lamb's wife and he showed me that city, heavenly Jerusalem, city of the living God.' Amen?

Are you happy to be in his Presence? We have a little dedication here. Praise his wonderful Name.

[Brother Vin dedicates baby girl of Brother Isaac and Sister Michelle John.]

Amen. We thank God for that. Precious saints, so hospitable, always minister to the saints so sacrificially. And you know the building gets pretty hot and we have some visitors here today, and I pray God would not let them melt in their seats. You know, sometimes you come into this kind of weather...

Our beloved Brother Andrew Strevens and his wife, God bless them, from the UK. Amen. I met them in Norway once, some years ago. Had the privilege of preaching together with our precious brother in the convention in Norway, and it was a real blessing to know him. And he has a real sense of humour. We still remember the jovial times that he shared with us when we were there, by God's grace.

His wife always used to be singing in the meetings. I don't know if she will sing for us this morning. Maybe I can ask her maybe at the end of this service. Praise his wonderful Name. He always used to call her up at the end of the service when he finished preaching, and it was such a blessing to us.

Also we have Brother Peter and Brother Matthew. We introduced them, but I was not at the desk on Friday night. And Wednesday night I did not even see them when they came in; but they're from Germany; friends of ours from Bieselburg with Brother Gerd Rodewald and all them. May God bless them. Amen. They are already adapted to Trinidad life, so we are very happy for that.

And then our beloved Brother Bart and Sister Marie and William, you know, coming for vacation on this side. God bless them also. Amen. Praise His wonderful Name.

I don't like to forget the local brothers at all. We have Brother Monty and Sister Jennifer, God bless their hearts, from Tobago. Amen. Praise his wonderful Name. Grandparents, they came even for the dedication today. And we are very happy to have everyone in the house of the Lord.

So we have saints from the UK, from Holland, from Germany, from Tobago and us from home here. Amen? So praise God. We are certainly looking forward for a wonderful time.

I am getting ready to leave, you know that. We leave on Sunday for Brazil, and we have meetings scheduled. We'll be there for three weeks, six different cities that have been arranged and it's going to be quite hectic. From the time we get on the ground to the time we come back it will be non-stop meetings. And I even understand they have two television broadcasts there. One of the brothers has a programme that is helped, sponsored there from Canada; and it covers millions of people in Brazil, and they have set up a couple of that. And we are certainly looking forward to serve the Lord and represent him over there in a way...

And this is my last service. I would like to preach Wednesday, if the Lord's willing, depending on how the service goes this morning. I felt drawn to a certain portion of the Word, and I would like to speak a little bit on it this morning. I'm continuing in the same inspiration but it just came to me so, the Spirit seems to impress me so much in the book of Jeremiah. I would like to begin from Jeremiah 51.

You know, you walk in the Message, and the more you walk in the Message is the more, as the grace of God unfolds, you just become more and more overwhelmed to see how the Message that God has given to us in the last days is the truth of thus saith the Bible. Amen.

God kept his promise: "In the days of the Voice of the Seventh Angel, when he shall begin to sound the mystery of God would be finished." And it's kind of difficult for me to speak this morning because for the last three weeks or so, I have been sort of just pondering these Scriptures; and it get so large, I'm just trying to maybe just bring it in an introductory way, take a few thoughts and see how it goes from there.

Jeremiah 51, and we'll read from verse 59; that is the closing portion. Jeremiah 50 and 51 is prophecy against

Babylon. And Jeremiah had promised the captivity. He had promised the exaltation of Babylon in the earth; he had warned all the nations to submit themselves to the yoke of Babylon. He told the people who were being influenced by false prophecy down in Babylon that they were only going to have two years captivity, and they were going to come back, and that the vessels was coming back and all these things, right away.

And he said “Don't you worry with that. You stay there, live, raise your family, build house, plant your garden, because you're not coming back until seventy years.” And then he took that deed, put it in an earthen vessel and he said, ‘When that time runs out then houses and lands and vineyards shall be possessed again.’ He said, ‘When you seek God with all your heart he will be found of you and he will bring you back here again.’

And so Jeremiah had prophesied the restoration of the people, but at the end of the book here in his prophecy, the closing days of his prophecy, he prophesied against Babylon. The same power that God has raised up to make the super power in the earth, the head of gold that ruled the world for a certain space of time, he prophesied their destruction by a northern power.

And here from verse 59 it reads on this wise.

The word which Jeremiah the prophet commanded Seraiah the son of Neriah, the son of Maaseiah, when he went with Zedekiah the king of Judah into Babylon in the fourth year of his reign.

That was when Nebuchadnezzar had taken Zedekiah into captivity into Babylon.

And this Seraiah was a quiet prince.

So Jeremiah wrote in a book all the evil that should come upon Babylon, even all these words that are written against Babylon.

He wrote it in a book, all the evil that should come upon Babylon. It seemed so strange at that time because at that time Babylon had conquered the whole world. The whole world, even Israel which was such a great mighty nation, the princes went down in chains in captivity. The temple was burnt to the ground; the city was destroyed. And it was such a powerful nation, Babylon was. And here he is prophesying this and he is writing it and putting it in a book.

And Jeremiah said to Seraiah, when thou comest to Babylon, and shalt see, and shalt read all these words;

Then shalt thou say, O LORD, thou hast spoken against this place, to cut it off, that none shall remain in it, neither man nor beast, but that it shall be desolate for ever.

And to think that Babylon gardens at that time was one of the Seven Wonders of the world. This place was so great, so majestic, so powerful since Nimrod had established that city. And then Nebuchadnezzar brought it into such grandeur on the earth until it conquered the entire world, like mystery Babylon is prophesied to do, because that natural Babylon was a type of mystery Babylon. And here the prophet, at the beginning of the gentile dispensation, Jeremiah, he says:

When thou comest to Babylon, and shalt see, and shalt read all these words;

Then shalt thou say, O LORD, thou hast spoken against this place, to cut it off, that none shall remain in it, neither man nor beast, but that it shall be desolate for ever.

And it shall be, when thou hast made an end of reading this book, that thou shalt bind a stone to it, and cast it into the midst of Euphrates:

...that thou shalt bind a stone to it, and cast it into the midst of Euphrates:

*And thou shalt say, thus shall Babylon sink,
and shall not rise from the evil that I will bring
upon her: and they shall be weary. Thus far are
the words of Jeremiah.*

Let us pray. Gracious Father, knowing our insufficiency to try to interpret these things, Father, but knowing, dear God, your Holy Spirit in your prophet. And through his sounding you opened this word in that great Third Pull to reveal the hidden truth that was sealed in the word, that we might have the full counsel of God in this hour, the evening Light that is to lighten our path to that perfect day, to that great faith civilization, to which we are being restored.

And we pray, dear God, today, as part of an elected, called-out group, when you cried out, 'Come out of her, my people. Babylon is fallen. Be not partakers of her plagues, for her sins has come up into heaven' and to be restored back to the land of our fathers, to come back to Jerusalem, to see the House of God being built again, to see the City of God stand again.

As your prophet said "The House of God will stand again, the Tree of Life will bloom again, the pyramid will stand again." These things are prophesied, spoken, because this is your plan revealing the Scriptures and you, the God who interprets your Word by bringing it to pass, is bringing it to pass even as we stand here reading this word this morning.

Speak to us. May the Spirit speak expressly. Close my mouth to the things that I should not say, Lord. Open my mouth to the things that you will have me to say. And dear God, may the Holy Spirit be upon both speaker and hearer, and may you get honour and glory, for we pray and we ask it for the edification of the body of believers, in the name of Jesus Christ. Amen. God bless you. You may have your seat.

I would like to take for a little title this morning, **THE LORD'S VENGEANCE OF HIS TEMPLE**. The Lord's Vengeance of His Temple. And for a little subject we're going to speak on: ***Babylon's Judgment and Jerusalem's Redemption***.

This is an hour when Babylon is to be judged, Mystery Babylon. And Jerusalem – the Bride, the Lamb's wife, the city of the living God, a city built foursquare having the glory of God, and Jesus Christ Himself, the great Capstone, the Headstone of that City is to come down in union, in marriage. Because she is the Lamb's wife and the two are becoming one in this great hour. This great Heavenly Jerusalem: heavenly in her walk, heavenly in her nature, heavenly in her origin, heavenly in her Light; heavenly because she is to be married to the Heavenly Bridegroom. Amen.

And Paul says 'We are come unto Mount Zion, city of the living God, Heavenly Jerusalem.' He says 'We are not of the bondwoman Hagar, of earthly Jerusalem, but we are the children of promise, of Sarah, the Jerusalem which is above, the married wife.'

And we know that Sarah the married wife, in this hour is the hour of her visitation. And we know the unbelief that trapped her for twenty-four years is being broken, amen, because Elohim said, "I will return according to the time of life." And the Bible says, 'And Sarah judged Him faithful and received *dunamis*' – that is quickening power, God's power to transform – and she came back young. A type of the glorification that the Church is to come into in this second ride, amen, in the days after Elohim came, discerned their hearts, appeared as the Supreme Judge. 'Shall not the judge of all the earth do right?' Abraham said. Amen? Are you following me? Amen.

And He showed he was judge. He was coming down to his last pull; and at His last pull Sodom was to be burnt with fire. Abraham and Sarah was to get a visitation that was going to bring the change.

The last sign before the change, the last sign before the Gentile world was burnt with fire has been shown to us, and here we are recognising the Presence that has been unrecognised to the systems. He came as a thief in the night: 'The world will not see me but you will see Me. I will come unto you and manifest myself to you.'

They wanted to keep the Son of Man here; God in a prophet, God in a man like a prophet standing there; not in the corporal body, in human flesh in a day like Sodom. They wanted to hold on to Him, but He had to go so the Comforter could come. He had to go, amen, so that same Holy Spirit could *en morphe*, because God above us was that Pillar of Fire over the prophet, amen, like He was over Moses. The heavenly angel leading the earthly angel (Is that right?) to call an exodus, to bring a people out of Egypt into the promised land.

Then the Second Pull; that Pillar of Fire became flesh. When Moses went into the Pillar of Fire he came back out and was God to the people while he had the Word to be given out. Is that right? Emmanuel, **Super Sign, A Greater Than Solomon is Here**; God in a man the Word made flesh, and the flesh made Word, standing there.

But then they crossed Jordan. Moses was off the scene, and the same God came down as the Captain, as the Intelligence, to take the Headship over the body that was called out in the exodus, so that the Church can fight and possess their inheritance and be placed positionally in their promise.

How many know God keeps his Word? How many know history repeats itself? How many know He is the same yesterday and today and forever? The unchanging God in the unchanging continuity of His word. It's coming to pass. Glory! We see the reality of these things. It's happening.

And here, as we see in this day, so many Scriptures that has been fulfilled and is being fulfilled. The prophet said we could hardly keep up with the rapidity in which the Scriptures are being fulfilled. He said only the born again Christian could really keep up with it. Because Jesus say, 'As it was in the days of Noah, so it shall be' – those Scriptures are coming to pass. 'As it was in the days of Lot' – those Scriptures are coming to pass. 'As it was in the days of Moses' – those Scriptures are coming to pass.

He's calling another exodus again. He had sent a prophet like Moses with two signs to confirm his commission. Is that

right? And then that prophet brought a Message and called an exodus people out of Egypt, a people that God wanted to come down and dwell in.

That prophet went up in the mountain, into the cloud, hallelujah when God descended on the mountain to His prophet, one man of earth, amen and God was revealing to that man, "This is the hour of the deliverance. I've heard the cries of my people; I am come down and I am sending you." And how did He send him? He went in him.

This is the days like the first coming, when the Son of Man is being revealed again. Hallelujah! A great healing revival in the First Pull; then the rebuking of the organizations, discernment of spirit in the Second Pull. Amen. Thinning down until he had only the rainbow trout, and he was getting them ready for the promise. The God in him as a one man was going to come back in them as a many-membered body.

That God was going to continue His work by and through the members of the elected, called-out ones. The ones He called out from Sadducees and Pharisees. Hallelujah! What is the Holy Ghost given for? To continue the same work. God above us, God with us, God in us, so we know the time we are in here.

In Genesis 18, when He came there to Sarah, that was God with them; but then He was going to come back round a second time and Abraham and Sarah was going to be changed. Is that right? On and on we could go with those Scriptures through the Bible. So much is happening. That's why the believer in this hour must be a people under prayer, must be a people walking close to God; must be a people spending time in the Word. Yet the devil's power is so strong in this age – hallelujah – because there are so many distractions.

How he has changed and deformed the world and brought hell here on the earth. How he worked as the prince of the power of the air, and through the airwaves he put the world to sleep. The God of this evil age have blinded the minds of the people. The gross darkness, amen, gripped the world and

brought them to the cage: Babylon, the cage of every hateful and unclean bird, the habitation of devils. Amen. Glory! A hold of every foul spirit, until the whole world becomes Babylon. But then a Message came: 'Come out of her, my people'. Hallelujah! 'Come out of her, my people'!

At the end of the seventh age a mighty angel came down and whose glory lightened the earth and a Voice on earth, a man in union with that angel gave a cry, "Come out of her, my people! House of hell, give way to the Name of Jesus Christ!" And the elect began to be delivered. Amen. Hallelujah!

It's a great thing that was happening, a great thing. I want to drop over to Revelation 17. We were looking at Jeremiah bringing a prophecy on Babylon at the beginning of the Gentile dispensation. Here is a Scripture here for the end of the Gentile dispensation. And here is another prophet like Jeremiah was, bringing judgement now on mystery Babylon, as Jeremiah brought his prophecy on natural Babylon.

Revelation 17, verse 1.

And there came one of the seven angels which had the seven vials, and talked with me, saying unto me, Come hither; I will shew unto thee the judgment of the great whore that sitteth upon many waters:

With whom the kings of the earth have committed fornication, and the inhabitants of the earth have been made drunk with the wine of her fornication.

"The kings of the earth; the inhabitants of the earth." Think of it. That's the entire inhabited earth. This woman who sitteth upon many waters, *this* woman, she has drunken the whole earth. They are in a drunken state – it's a drugged state. She deceived the nations by her sorceries. How many remember what the word 'sorceries' is in the Greek? *Pharmakeia*. 'Pharmakeia', from which we get our English word 'pharmacy', which means *drugs*. It's a billion dollar

industry. It destroys economies. That's right. It's a global thing. It comes in many forms.

So he carried me away in the spirit...

This angel carried John in the Spirit. He's going to show him the judgment of the great whore that sitteth upon many waters. He's going to show him the judgement of the system that has drunken the whole earth.

So he carried me away in the spirit into the wilderness:

This is the same John who ate the book when this angel was sounding the mysteries. This is the same John who was to prophesy again.

...and I saw a woman sit upon a scarlet coloured beast, full of names of blasphemy, having seven heads and ten horns.

And the woman was arrayed in purple and scarlet colour, and decked with gold and precious stones and pearls, having a golden cup in her hand full of abominations and filthiness of her fornication:

They are drunk on abominations. They are drunk on filthiness.

And upon her forehead was a name written, MYSTERY, BABYLON THE GREAT...

This is a Babylon, but it's a 'mystery' Babylon. Still Babylon, but in mystery form here. Just like the Roman Empire is revived, but you have to have anointed eyes to see it. And when your eyes become anointed you still see how they use the games to divert the people and keep them blinded from the realities of their conquests; dividing the world and conquering it with their twenty-four hours of *ESPN* that they have them drunk on; games, twenty-four hours of sports.

When your eyes are anointed you still see the chariot races and the Grand Prix; you still see the gladiators in the world

heavyweight boxing and wrestling and these things. You still see them. You still see the great Olympic games and these things that they have, and you see the billions and billions of dollars.

And then you see all the merchants of the earth that sponsor and endorse them and wear their colours and promote their products, because Babylon has to do with the merchants. And you see all the kings of the earth present at the games as the big celebrities sitting there, and they still own the industries that make the chariots that are drawn by the horsepower. All the great motorcar industries and these things, you still see it.

And you still see the slave market – human trafficking of people, and the great football clubs also that own them and buy them and sell them before the world. And it is hidden in contracts: “I am playing for a club. I’m promoting the sport in a league. I’m providing employment for so many people.”

When your eyes are anointed you can see. That’s why he say buy eye salve in this day because the prince of the power of the air...They couldn’t understand it fully. They thought it was just weather until we come to the Information Age and the information revolution. And now we begin to see how all your cell phones, all your radio, all your TV, all your Internet go through the airwaves.

You see how the military operates. You see how the people in the medical field operate. You see how the religions operate, preaching to the global audiences, all these great masses. False anointed ones gathering the people like cattle and bringing them into Babylon with the false doctrine, under the great chief false prophet like Zedekiah and his four hundred; all the Protestants who have gone back to the Catholic Church. We see the same thing today. Watch.

And John, this angel is revealing this to John, this mystery Babylon. He is seeing a drunken earth. He is seeing drunken kings. He is amazed. How could this woman have power over President Bush, over Prime Minister Blair and this new one who came in here, and in France and in Germany? How they

have power over all these people? John is amazed to see the whole earth – even little Trinidad, seventy miles by forty miles.

And I saw the woman drunken with the blood of the saints, and with the blood of the martyrs of Jesus: and when I saw her, I wondered with great admiration.

This is the thing that struck him. He saw this same system so powerful, he saw she was drunk. She had drunken others with all the abominations, but she herself was drunk with blood. And it was the blood, not of the Baptist and the Methodist, of the saints and the martyrs of Jesus Christ, of the real true believers, the elect of God! She was drunken with them.

And the angel said unto me, wherefore didst thou marvel?

I will tell thee the mystery of the woman, and of the beast that carrieth her, which hath the seven heads and ten horns.

This angel was interested in John understanding this woman. He was going to make sure he doesn't just go forth like a wondering star, wondering what is happening, wondering what is going on; wondering if this could be so. Wondering if that is really so, what he saw. No, no. He said, "Why did you marvel? What are you wondering about? I will show you the mystery. I will show you the mystery to stop your wondering. I will give you revelation; you will know what it is you're looking at."

...and of the beast that carrieth her...

I wouldn't just tell you of the woman, I'll tell you of the beast that carrieth her, this red dragon with seven heads and ten horns; this one who fought Michael in heaven; this one who fought Adam and Eve in the garden. This one we've been fighting down through the ages. This one who was conquered and his power broken at Calvary. Amen. This one who now doesn't have any real power; he only has power to deceive. He

learned how to bluff, and his bluff is so convincing. Amen. Watch.

Verse 9. I'm just picking some places to save time.

And here is the mind which hath wisdom.

And that is the first gift of the Holy Spirit. And that comes in the last days to open the Word. It starts with speaking in tongues, interpretation and prophecy, three vocal gifts in the Pentecostal age; but it ended with wisdom. The same God who created the heavens and the earth, the all-wise God, it ended up with him with a white wig, experience, maturity and wisdom, speaking in the volume of the Book in the opening of the Seven Seals, in the coming forth of the Thunders. It ends up in wisdom. 'And here is the mind which hath wisdom.'

The seven heads are seven mountains, on which the woman sitteth.

Verse 15.

And he saith unto me, the waters which thou sawest, where the whore sitteth, are peoples, and multitudes, and nations, and tongues.

And the ten horns which thou sawest upon the beast, these shall hate the whore, and shall make her desolate and naked, and shall eat her flesh, and burn her with fire.

They were part of her; they gave their power unto her for one hour; but they are going to turn against her because God will put it in their heart.

They shall eat her flesh, and burn her with fire. For God hath put in their hearts...

Who had 'put in their hearts'? God.

God hath put in their hearts to fulfil his will, and to agree, and give their kingdom unto the beast, until the words of God shall be fulfilled.

God said, “No, no, no, she wants that so. Give it to her.” And she is calling all the shots in the world today because she has drunken the kings; she is ruling the world. But watch. Verse 18:

And the woman which thou sawest is that great city, which reigneth over the kings of the earth.

‘Is that great city, which reigneth over the kings of the earth.’ The waters were what? All the peoples and multitudes and tongues and nations. All. They are ruled by a great city which reigneth over the kings of the earth.

Revelation 18, verse 1.

And after these things I saw another angel come down from heaven, having great power; and the earth was lightened with his glory.

Oh my. You know who that angel is.

And he cried mightily with a strong voice, saying, Babylon the great is fallen, is fallen.

Notice how he said it twice, “Is fallen, is fallen”? Had a Babylon that fell already and it has another one that is going to fall; and that one, the mysteries of that one end up in this one. Is that right? You know he traced that in the Church Age book. Attalus the priest-king fled with the mysteries. He gave it, he came and he began to reside in Rome. Then Julius Caesar became Pontiff Maximus. You know that. And then from there it came from pagan Rome to papal Rome afterwards. And he said, ‘Pontiff Maximus is with us here today, still.’ But it’s going to fall again, friends.

...and is become the habitation of devils,

You want to know how classical the devil could be? Just look at Babylon. It’s the habitation of devils, but look how classical. Look how they hold the world in awe. Look how the king moves in that ‘popemobile’. Look at the Swiss

guards. Look at the great Vatican; look at her cathedrals everywhere in the world.

Look at when the last pope died, John Paul II, all the kings of the earth were right there paying homage and respects; and it was televised around the world, live, they don't do that for any President, any Prime Minister, nobody else; not even the Queen. To show you the age and the time, the prince of the power of the air beams that thing worldwide.

...and the hold of every foul spirit, and a cage of every unclean and hateful bird.

For all nations have drunk of the wine of the wrath of her fornication, and the kings of the earth have committed fornication with her, and the merchants of the earth are waxed rich through the abundance of her delicacies.

And I heard another voice...

Now, John is getting all this in the vision. That angel was speaking to John, friends. That prophet-messenger at the end of the Seventh Age spoke to the elect. His Message separated us from the organization! So it's not hard to see yourself, what you as a believer in this Message must understand if you're living in this age and walking in this Light, if you know that angel was sent to the elect!

John is not representing the Baptist, or the Methodist or the Jehovah Witness here. John is the one who that angel spoke to, who that angel was sent to reveal the mystery to. John is the one that was told go and eat that Book that was opened. Amen. "When that mighty angel descends from heaven, that seventh angel will be on the earth at that time."

And I heard another voice from heaven, saying, Come out of her, my people, (my people) that ye be not partakers of her sins, and that ye receive not of her plagues.

For her sins have reached unto heaven, and God hath remembered her iniquities.

Her cup is full. Her cup is full. When that angel is speaking to John her cup is full. When that angel is speaking to John her cup is full. Did Elijah put judgement on Jezebel, in the days of his prophecy? But she died after Elijah went off the scene. Was Jehu anointed to destroy her? Exactly right. Brother, you never know when Jehu gets anointed to fulfil the words of Elijah. Who knows? Might pick up that very Church Age book that Elijah wrote and put in a book.

Look how we get anointed. There is a Word anointed us about Jerusalem. You know why? We're born to come into marriage; but Communism was raised up to do what? A tool in the hand of God to chastise the nations. Is that right?

People say, "Oh Communism was finished when the [Berlin] Wall broke down." The prophet said Communism is a spirit, not a wall. It might be bound for a season. You know why? Because Revelation 14 shows He has a sickle in His hand; that's the communist symbol. He has a sickle in His hand to reap the earth! A tool in His hand for reaping the earth. Watch. Verse 20:

Rejoice over her, thou heaven, and ye holy apostles and prophets; for God hath avenged you on her.

This angel revealing to John.

Rejoice over her, thou heaven, and ye holy apostles and prophets; for God hath avenged you on her.

And a mighty angel took up a stone like a great millstone, and cast it into the sea, saying, Thus with violence shall that great city Babylon be thrown down, and shall be found no more at all.

Now natural Babylon didn't go under any sea, you know. Natural Babylon is Iraq. It was destroyed. Even Saddam Hussein came and said he is Nebuchadnezzar and he started to rebuild the city; but God had said that place will never rise up

again. And when they tried to rebuild it, brother, they had 'shock and awe', 'the mother of all bombs', until that place was so full of radiation. March 2003, with that Iraqi invasion by the United States, destroyed that place. And until today it is filled with wars and killings and is in ruins and devastation. And so many people thought that that was the Babylon that was going to rise back up, but it's a *mystery* Babylon at the end of the age – another Babylon.

Hyslop had that revelation way back there and wrote Hyslop's "*Two Babylons*". And the prophet took a big part of Hyslop and even put it in the Church Age book, too. At least he knew the historical aspect of it; he could trace the religion and the gods and see the similarity. But the mystery of it, the mystery of it, it took this angel who is given to show that mystery. Amen. *This* angel to show that mystery. My.

Notice. That is exactly what we read. Jeremiah said what? 'Take a stone; and take that and throw it in the river Euphrates' – that is the sea, that is the sea they talking about. 'Throw it in the river Euphrates and say that Babylon...' He said,

At the end of reading this book, that thou shalt bind a stone to it, and cast it into the midst of Euphrates:

And thou shalt say, thus shall Babylon sink, and shall not rise from the evil that I will bring upon her:

And here now, after her mystery is finished and shown, and God say her sins are come into heaven and strong is the Lord who judgeth her; and give unto her double, all that she has done give unto her double; look how it ends here with Babylon falling into the sea. What a great thing.

And the voice of harpers, and musicians, and of pipers, and trumpeters, shall be heard no more at all in thee; and no craftsman, of whatsoever craft he be, shall be found any more in thee; and the sound of a millstone shall be heard no more at all in thee;

And the light of a candle shall shine no more at all in thee; and the voice of the bridegroom and of the bride shall be heard no more at all in thee: for thy merchants were the great men of the earth; for by thy sorceries (thy pharmakeia) were all nations deceived.

And brother, she has it spiritual and physical, because she's drunken them with Valentine's Day and All Saints Day and Halloween and Christmas and Santa Claus. She has drunken little children with all these different things, and she has drunken the elderly ones, and she has drunken the organizations.

And in her was found the blood of prophets, and of saints, and of all that were slain upon the earth.

God taking His vengeance upon Babylon. I want you to notice something there, also. Look at verse 20. He says:

Rejoice over her, thou heaven, and ye holy apostles and prophets; for God hath (What?) avenged you on her.

“For God had avenged you on her”. ‘Vengeance is mine, saith the Lord, I will repay’. God appoints a man his wages, and there is a time a man is going to receive his wages. He said ‘Behold I come quickly and my reward, my wages are with me to give unto every man according to his works’. This is the day of wages. Every man, ‘f you sow to the flesh you will reap corruption’ if you sow to the Spirit you’ll reap eternal Life. “Be not deceived, God is not mocked, whatsoever a man sows that also shall he reap.”

This is the time. This is the harvest time. This is the wages time. And God watched them from the very beginning when they sowed Nicolaitanism, when they sowed Balaamism. When they sowed the doctrine of Jezebel, when they brought the people to the depths of Satan, when they took the whole world into the cage, and God is saying, “Now is the time I am going to visit her.” And God is speaking that through whom?

A prophet. 'One of the seven angels which had the Seven Vials who talked with me'.

I want you to see that because I'm trying to bring a parallel here to you. I'm trying to bring a parallel here to you at the beginning of the Gentile dispensation, how Jeremiah, a prophet back there, he was the one who brought that in that day when that Babylonian power was devouring the whole earth, breaking it up in pieces, destroying wonderfully. Amen? Becoming the God, becoming the super power in the earth, the head of gold at the beginning of the Gentile dispensation.

And Jeremiah, when he saw those things, he saw the Church that had become formal. He saw the Church that had gotten away from God; he saw the Church that had gone into idolatry, he saw that it was to be destroyed. And then he prophesied upon that nation, Babylon. He prophesied a restoration for the elect, and he prophesied the judgement for Babylon.

We are in a time here when these prophecies of the Old Testament...We've been taking this since we started this little series back in May, and I want you to see that these prophecies of the Old Testament concerning Babylon and Jerusalem, they transcend the natural Babylon and the natural Jerusalem. That is one of the things we found.

God said, 'I will fill this temple with glory'. Yet that temple was not filled with glory because God was seeing a greater temple. It was a mystery. And Haggai said, 'And Zerubbabel shall bring the Headstone.' But that was prophecy for the end time, because all those things God was gradually unfolding His mystery, not giving it out all at one time, but slowly letting it out, here a little and there a little.

And we found out how in each one of the books God so carefully in Ezra, showed how they were coming back. And Ezra was a teaching priest. And Ezra came back to do what? Teach the people and establish them in the original Word of God. Ezra traced his pedigree all the way back to the great high priest. Nehemiah came (as Brother Sammy was giving

the exhortation on Friday), and when he came back, here he came and they fortified the city.

We sang it this morning: *“So we’ll arise and build. Let us arise and build. Let’s build back our walls.”* He came to fortify the people, to make sure no enemy can come in so Jerusalem will be a sin-free Church, a Church that the enemy has no place in. Satan will be powerless before this Bride. Jesus said, ‘Satan has no place in Me’. If the Bridegroom hit sixteen cylinders, the Bride must hit the same!

She is Life of His life, Spirit of His Spirit, Word of His Word. She is Him revealed. She is His victory. She must be in His image in order to be united with Him; a sin-free Church in the last days to go back to Eden; a sin-free Church.

Haggai came and showed them, your objective of coming out of Babylon is to build the house. The people had lost that vision and he shook them. And then God came down and said, “Build My house and I will delight in it! I will fill it with glory!” Could you imagine? He says, “You have failed me. You went after your own house; you stopped building. You let the enemy frustrate you; but I am with you. But I am with you. Now be strong and build, and I will fill the house with glory.”

God, coming back to the church that was called out of Babylon. God coming back to the Church in the land of the fathers, who started to build with zeal and enthusiasm, and then the Church get cold, and then the Church lost the vision, and then the church begin to go in every different direction. But then that was the time, because God knew “it must be built now.” He anointed Haggai with a Word direct to the need, to the hour, to the purpose of God; a message that was showing how deep in God’s heart He wants to live in His Church.

God don’t want to be in the sky – God above us. God don’t want to be God with us in the prophet. God wants to be *in* us, to have the pre-eminence and the oversight and the leading, that this Church could be a city built foursquare, having the glory of God. And while Jerusalem is rising, Babylon is coming to remembrance before God.

In bringing this I want to show you how the two are going together. I want to show you that that will further endorse the reality that these are not some little thoughts to tickle your ears, but this is the God of the Bible opening the mystery so clear that we cannot miss the hour, we cannot miss the time. And then you can understand the emphasis of the Holy Spirit.

And if you get under that influence, if you get focused, and your soul gets lined up, and your mind starts to get illuminated, your whole attitude towards God's house, which is not brick and stone, but 'know ye not you are the temple of the Living God?' And you are not God's temple until God is really dwelling in you. And for God to dwell in you there must be certain things in you so God could dwell; because God don't just want to come and inhabit, God wants to inhabit with purpose and objective.

The Holy Ghost is given so He could work in and through His people to fulfil His own will, making you a co-worker with Him to finish the plan of redemption. That's why in the temple had to have an altar of incense. If it doesn't have a prayer life in that house, something is wrong. If it doesn't have a table of shewbread, you're not eating that Word daily, something is wrong. If your lamp goes out in there, something is wrong. You're in darkness and there is no light (Is that right?) if God is not in the throne of your heart above your mercy seat, sprinkled with blood.

All these things had to be in God's house before God could dwell in it. God say, "Put that in the house, I want to dwell in the house!" So when you're building up the house, it's a life, it's an altar being constructed. It's a table for fellowship with you and God being constructed. It's a lamp stand of beaten gold, gold that is capable of being hammered into shape being constructed to make you a light bearer. The Word that the exodus prophet received on the mountain from God is inside the holy of holies in the ark of your heart. Do you understand?

It's not just saying 'I have the Holy Ghost', because when the time comes and the sick comes, He wants to pray through you and send up the incense as the high priest over your heart,

over the altar of your heart. And that sweet incense go up before God and get God's favour and bring His mercy down to the person in need. Amen. And you feeding on the Word, and when the enemy comes with all kinds of strange things, you know what the Word says. You say, "It is written. It is also written!"

But if there is no table of shewbread, and there is no altar of incense in there, if it's not constructed, no house is being built. That is the building of the house. The evidence of the house being built is God operating and being able to work in and through that temple and vessel because you are the temple, you are the vessel, you are the priest, and you offer yourself a living sacrifice. Is that right?

Paul said, "We are the heavenly Jerusalem." 'Know ye not you are the temple of God'? Is that right? He said, "Know how to possess your vessel in sanctification and honour". Amen. Peter said, "We are a royal priesthood". They understood that they were Jerusalem above, not the earthly one. That was a shadow; that was with brick and stone. God doesn't dwell in temples made with hands.

And from Revelation 18 we saw that. From the time that angel came down and said, 'Come out of her my people', from the time that angel revealed the mystery to John, her judgment is come so you'd better leave that system now. You'd better leave off all her things; I've come to sober you up." Is that right?

He said, "You are not of the night, they that are asleep are asleep in the night. They that are drunken are drunken in the night. Awake thou that sleepest and Christ shall give thee light! It's high time we awake"! And Zechariah said, 'And I was awakened as a man who was awakened out of a sleep; and then I began to see Zerubbabel, I began to see him bringing forth the Headstone.' Amen!

When you wake up in this hour you see Revelation 10:1 coming down, you see Revelation 10:7 introducing the Headstone to you. It begin to show you the day we are living

in. The marriage of the Lamb is come; the Son of Man has appeared in the last days! You begin to wake up.

When you are not walking under the influence of these things, you are trying to get up but you're drunk. You get up and you have a hangover. Well, those who don't know about hangover, you have a big hangover. Hangover is when what you had yesterday has you so disoriented; it's still upon you today even though you're in a new day.

You ever see them trying to come out of the Baptist and come out of the Methodist and come out of Jehovah Witness and Seventh Day Adventist and Pentecostal and these things? When they come they still have a little thing inside of them. It takes a little while before they get purged out, amen, then they're fully awake in the new day. Because they put the world to sleep. That is why they will be caught unawares.

The prophet told the story of Paul Revere. The enemy was coming, silent in the night. Those ships were in the water, coming in quietly. It was close to midnight. Gross darkness was over the land, everybody was asleep in the darkness and the British ships, the enemy were coming in quietly while men slept. But a man named Paul, he had an immunity, so he was not affected. He had an inoculation, because he was raised up to be a standard against the enemy.

And when he saw the enemy coming he got on a charger and he began to ride, and he began to ride, and that horse began to run in the midnight hour. That man had a midnight cry. Amen. He had a message to wake up the sleeping people, that the enemy was coming in an invasion to take them over and destroy them and take their land and their children into captivity. And then he was just screaming, "The enemy is coming! Wake up! Rise! Awake, arm yourselves!"

Brother, so we too have heard a midnight cry. A prophet-messenger like Paul who met the Pillar of Fire, a midnight cry coming when the enemy, brother, has put this world to sleep in this darkness. When the great invasion from hell, the pit was opened and all those riders, those two hundred million

horsemen coming in to devour and take over and fill the land, but there was one who saw what the enemy was doing! There was one began to blast a trumpet to prepare the people for the battle, to wake a Church up in this hour, to call out a people! Amen. And the cry to arms was heard afar and near!

If you are falling back to sleep, if you're still groggy, if you don't understand... And he climbed those seven steps and he went up in the tower and he rang the liberty bell; and he gave seven rings, amen, and it sounded out throughout the land! Hallelujah! And you go to Philadelphia today, the keystone state, you will still find that liberty bell that, he rode and rang that bell, amen, warning a people. A message. Oh, my!

I'm glad I'm awaken, friends. Because the Bible told us that they who are drunken is asleep. A deep sleep God has poured out upon them. Romans 11 says a deep sleep, he had poured out, a spirit of slumber, and they couldn't recognise the Son of Man was present. And they held on to the substitute of Sadducees and Pharisees and they stumbled at the stumbling stone and they rejected Him; but the elect had obtained it and the rest were blinded. The elect had obtained it! And the same way it was in the first coming is the same way in the second coming.

The Jews were prophesied to be blind in that hour when the Son of Man came, and the Gentiles were prophesied to be blind in this hour. And as the Jews were blinded so the Message could come to the Gentiles, now the Gentiles are blinded so it could go back to the Jews. Is that right?

The eclipse of the moon, when it went into blackout, he preached **Shalom**, the darkest time. The enemy is coming like a flood, but the Redeemer has come to Zion! "Arise and shine, your light has come!" An awakening. Seven Thunders were to do what? Wake up the Bride; an awakening out of the sleep. Because the world has been put to sleep, brothers and sisters, and many of you get under the influence of sleeping people, drunk with a mixture from the harlot's cup. She drunken the world, deceived them by sorceries. And many of you want to enjoy them as they enjoy the sorceries, and partake of the

sorceries together with them. You are not called unto that. Amen! You are called unto separation! 'Come out of her, my people, and be not partaker of her sins!'

Turn with me to Jeremiah 50 quickly. Isn't it strange, Revelation 17 and 18, two chapters in the book of Revelation, as the book comes to its close in the end is on mystery Babylon? And here in Jeremiah's prophecy, two whole chapters, the longest prophecy, one hundred verses is on the fall of Babylon, the judgement of Babylon.

And here we see in Revelation 17:1, this angel was the one who said, "I will show you the judgement of mystery Babylon. I will show you how a stone will be thrown into the sea, saying she will go down, I will write it in a Book." Amen!

And I want to show you God, the unchanging God at the end of the Gentile dispensation wrote these things in a Book. And the prophet has gone off the scene, but his entire Message is here, and is gone into the world, into the universities, into all the great high places. God, the same way he let the Message fall into our hands, He will let these things fall into their hands too, because God is the one who directs it to fulfil His own Word.

Jeremiah 50, we're coming down to the vengeance of the Lord's temple here. I want to show you He has— what? Avenged. He said, "I have avenged you of the blood of the saints and the prophets and they", the Kinsman Avenger. He is Kinsman Redeemer, but He is also Kinsman Avenger.

In Babylon's judgement we see Him in the role of the Avenger. In Jerusalem's redemption we see Him in the role of the Redeemer. The same one who threshes the wheat and puts it in the garner is the same one who burns the chaff with unquenchable fire. Redemption and judgment always go together, you know that.

When God slew a lamb for Adam and Eve, God judged the serpent. When God put Israel under the blood, God brought judgment on the first-born in Egypt. When God sealed up

those who sighed and cried in Ezekiel 9, God send the slaughtering angels to destroy those in Jerusalem. Is that right?

When the Holy Spirit sealed those at Pentecost before Titus came, then when Titus came he destroyed the rest. Redemption and judgement goes together all the way through the Bible. Rahab under the scarlet thread – redemption; and Joshua, the destroying angel destroying all the Amorites, the seven nations of Canaan. And here in the last days, the Bride is to come to her glorification and Babylon is to be brought to its destruction.

Jeremiah 50, verse 1. He had prophesied on all the other nations, and now the climax of the prophecy is against Babylon. Just like Revelation 10, he has opened up Seven Seals. Seals have to do with what? Redemption. Vials have to do with judgement. The Seals, John ate the Book; the Word was now in earthen vessels, the Word is back in flesh; and then here we see Babylon being judged under the Vials, redemption and judgement.

The Seals, the Vials - God is Redeemer and He is Judge. His judgement is just as divine as his salvation, you know that. He appeared as Supreme Judge in this hour, the Ancient of Days. When He came to Abraham: 'Shall not the Judge of all the earth do right?'

Jeremiah 50 verse 1.

*The word that the LORD spake against
Babylon and against the land of the Chaldeans
by Jeremiah the prophet.*

Babylon was like the capital of that great kingdom.

*Declare ye among the nations, and publish,
and set up a standard; publish, and conceal not:
say, Babylon is taken, Bel is confounded,
Merodach is broken in pieces; her idols are
confounded, her images are broken in pieces.*

Babylon is that great ancient city of idolatry. And here, I don't have time to go into that; that will be a separate thing.

Merodach, Bel, those were names for Cush. Cush was the ringleader who went forth; Nimrod was his son. And then Nimrod continued his work, and brought Babylon to rule the world in that day and then forced his will upon all the other nations, and made them pay tribute to Babylon.

He was a mighty hunter; he went forth. He was the first one to take war, tried to build a great name. You know that. We went through those things so many times. ***The Traps of the Mighty Hunter.*** The prophet preached Messages like: **The Unity of the One God in the One Church, The Tower of Babel, Oneness of Unity**, amen. **United Under One Headship, Oneness**, all these Messages on that inspiration, showing how Babylon is in the beginning of the Bible, the middle of the Bible and the end of the Bible.

And now he is saying: 'Babylon is taken, Bel is confounded.' The same way when they came out of the ark it was one united world, one united people. Are you listening to me? It was Noah and his three sons, but then from there Ham begat Cush and they started to break up the world; and Cush started to deceive and take the people from one God into three gods, exactly what happened at Nicea, Rome.

That's why God, through the prophet, is using the names. He is looking back at the origin when that apostasy started. Because you see, God doesn't just watch what you are today, you know; He watches you from seed. That's why this generation of Catholics, they're going to get the judgement upon their fathers, that the things their fathers sowed, the sins is visited to this generation.

The same way Jesus said, "You Jerusalem who killed and stoned all the prophets, now you, your day is come." All the sins of the fathers came upon them, and the blindness was upon that generation that they couldn't see the Messiah, because their sins were visited.

The same way we, our hearts are being turned back to what? The faith of the fathers. It is because of the early fathers, of whom we are the continuation of that same Church, that same

seed, that same life, we are coming in to inherit the things promised them. Just like Joshua and Caleb and they came in to inherit the things promised Abraham and they. Do you understand?

God looks at the seed. He looks at your origin, because you are what you are by seed. And so God is looking back at when they confused the people and broke them up in pieces and they brought their idolatry in. That is what Nimrod and they did, Semiramis and they. And so God now is watching the big system here, now about to fall.

Like when God is judging the Catholic Church here, what is He saying? 'In her is found' – what? 'The blood of the saints and the martyrs.' Under the Second Seal, the red horse, when they killed millions quite back there, God is going all the way back. When He traced them in this day under the prophet He went all the way back and said what? "Satanic religion had its origin in Babylon." And he showed how from there that ended up in Rome. And then Rome was pagan Rome and it became papal Rome and it ends up here, today.

That same spirit, same doctrine, same influence is still here today with the same objective. And the same God who fought it back there through Shem and they, and then Abraham was called out of Babylon and these things and came into a change, that same God is doing the same with the elect here, also. Do you understand?

Now watch quickly. Catch this.

For out of the north...

Now I want to go a little slow here now. I took a roundabout way to come, because if I had started here I would never get to certain thoughts I wanted to get to. So, as I said, I would not even be able to go into a big part of it, but I want to bring a thought to you, here.

*For out of the north there cometh up a nation
against her, which shall make her land desolate,*

*and none shall dwell therein: they shall remove,
they shall depart, both man and beast.*

In this prophecy, as I showed you, natural Babylon is a type of mystery Babylon. Jeremiah, with his prophecy at the beginning of the Gentile dispensation, is a type of this prophet here, in the last days. I want to show you how those prophecies are repeating themselves. You understand history is repeating itself? I started off explaining that to you in the beginning.

When did Gabriel descend? When sixty-eight years they were down in captivity. Is that right? At the end of the seventh decade. What did Gabriel do when he descended at the end of the seventh decade? What time did he come? At the time of the evening sacrifice. What did he come for? To give Daniel skill and wisdom to understand the matter and consider the vision and to show him all the way to the consummation.

When did the mighty angel descend in this day? At the end of the seventh age, at the time of the evening sacrifice. What did he come and do? Show us all the way into the future home. From way back when God was not even God, when He was El, Ella, Elohim, there was no angel, no atom, no molecule, all the way into the future home. He said "I will tell you this morning," ***Christ is the Mystery of God Revealed***, "when God was not even God." Is that right? All these things have been brought to us.

Then what happened after the descending of Gabriel? Babylon was falling. A nation from the North was coming to thresh Babylon, and God was calling His people out of Babylon to go back to the land of the fathers, to rebuild Jerusalem. Are you understanding?

*For out of the north there cometh up a nation
against her, which shall make her land desolate,
and none shall dwell therein: they shall remove,
they shall depart, both man and beast.*

In those days, and in that time...

Four times this phrase is used in the Bible: In Joel 3:1, in Jeremiah 33:15, in Jeremiah 50 verse 4 and verse 20.

In those days, and in that time, saith the LORD, the children...

And every time it is used, that phrase is used, it is speaking of restoration for the children of Israel back to their homeland and back to the full blessings of God. A type of their Seventh Trumpet which is a type of our Seventh Seal. Now watch.

...the children of Israel shall come, they and the children of Judah together, going and weeping: they shall go, and seek the LORD their God.

They shall ask the way to Zion with their faces thitherward...

Their faces are towards Zion. In other words, ‘*We are marching to Zion, beautiful Zion.*’ ‘Therefore the redeemed shall come to Zion with joy and with singing’. Where are they coming out from? They are coming out of Babylon and they are going back. “We were like them that dream and our mouth was filled with singing, when the Lord turned the captivity of Zion.” Is that right? And they were going back. Watch, it’s all through the Bible. And all of that characterizes what the last day people who are called out of Babylon in the hour when that northern power is going to destroy her, and she will be no more. Watch.

They shall ask the way to Zion with their faces thitherward, saying, Come, and let us join ourselves to the LORD in a perpetual covenant that shall not be forgotten.

This is a prophecy.

My people hath been lost sheep: their shepherds have caused them to go astray, they have turned them away on the mountains: they have gone from mountain to hill, they have forgotten their resting place.

Amnesia had set in upon them under those false shepherds not feeding them the Word of God, misleading the people into all kinds of creeds and dogmas and men's ideas and these things, because that is why they were swept away. That is what happened in the first age. Paul said, 'After my departure grievous wolves will come'. That Babylonian power went forth, what? Conquering and to conquer.

Nicolaitanes did what? Conquered the Church, brought it to Balaamism; subjected it to a corrupt form of worship and then brought it to Babylon, mystery Babylon. Is that where the Church went? Did they end up in Rome? That's right. They ended up in Rome.

But in the last days, at the end of the seventh age, there was an angel, a messenger who was supposed to come for the restoration of that Church.

All that found them have devoured them: and their adversaries said, We offend not, because they have sinned against the LORD, the habitation of justice, even the LORD, the hope of their fathers.

Hitler even killed the Jews saying that they killed Jesus. That is what he used.

Remove out of the midst of Babylon, and go forth out of the land of the Chaldeans, and be as the he goats before the flock.

Look what God tell the people, "Remove, from the midst of Babylon. Go forth out of the land of the Chaldeans, out of Babylon and into Zion. Remove from Babylon, flee, come out from among them and let your face be towards Zion, going back."

For, lo, I will raise and cause to come up against Babylon an assembly of great nations... from the north country:

For, lo, I will raise... now I'm getting into something here.

For, lo, I will raise...

This is the prophecy.

...and cause to come up against Babylon an assembly of great nations from the north country:

Remember in those seven visions the Voice says, "Watch Russia! Watch Russia! Watch the king of the North." And the prophet said, "Remember how I used to have you in the church recite that, and say it over and over?" Watch. Because I want to show you things, these things that we see are happening in this hour.

It attracted my attention, this billion dollar programme to expand the Panama Canal. You see things like that I watch, because that is for trade and commerce. Rome is going to rule the world. They're expanding so they could carry bigger ships, more cargo. That is for the globalization, friends. Then the President, while that programme is going on, Bush goes to Sydney, Australia with all the leaders there and begins to call for a world trade agreement. Trade and commerce, that's the Third Seal, friends; the scales, the balance, economics.

China and Russia and Iran begin to get tight in an alliance, and they begin to come as a united power to contain the American aggression.

Are you listening to me? Listen close. This is the prophet for the hour, for *this* hour, that is why I am bringing the parallel here to you.

I will raise and cause to come up against Babylon an assembly of great nations from the north country:

God said, "I will raise up." This is God's purpose; this is what I want you to get. God said, "I have avenged you of the blood of the prophets". The same way He had to come as Kinsman Redeemer, He has to come as Kinsman Avenger. That's why He said, "You don't take vengeance; vengeance is mine, I will repay. I am the one, when the time comes I am the

one who is going to fill her cup double. Strong is the Lord that judgeth her.' That's why the mystery was given to His angel. 'I Jesus have sent mine angel to testify these things in the churches' of what is coming. And that's why that calls us out of Babylon.

*...and they shall set themselves in array
against her; from thence she shall be taken:
their arrows shall be as of a mighty expert man;
none shall return in vain.*

"Their arrows shall be as of a mighty expert man; none shall return in vain." I want you to follow something with me in this prophecy. God is speaking about the arrows. Arrows are missiles that are launched from a launcher – a bow. And Babylon is to be burnt, and that's arrows that carry fire. You understand me? And when that missile is being launched...

Now in the old days, weapons have only evolved. You had the old catapult, you throw a big stone. You had the old cannon. You understand what I'm saying? Today it comes in bombs. A plane could fly with it, and now they could send some and guide it by laser through space and these things. Now they want to weaponise space. The super powers, they want to weaponise space.

The prince of the power of the air who has already brought the whole world into a drunken stupor with his five hundred channels of television and Internet and all these things, because that pit is opened. That is designed to bring hell here, **Souls That Are In Prison Now**, where they live in the prison house, because demon powers, disembodied spirits are coming to do what? Incarnate. Satan is bringing his kingdom to flesh; you know that - *Spirit Beings, Dimensions and Bodies*.

While those demons are coming up to take bodies and incarnate so they can reign with their king in his Eden that he built for six thousand years, so we too have theophanies leaving that dimension to come and pick up bodies here and raise it in a glorified condition so we can go in and reign with our King for a thousand years and in the great hereafter.

Satan is only impersonating what God is doing. He said, 'I will be like God'. So both kingdoms are coming into flesh. Michael and Lucifer on the battlegrounds again. He said, "It's supernatural devils unseen to the eye but we can see what they are doing", because our eyes have been anointed with eye salve because he opened the mystery and the Seven Seals uncovered the schemes of the enemy.

And he showed to us **God of This Evil Age, And Knoweth It Not, Satan's Eden, Wisdom Versus Faith, God Versus Satan, The Contest, Put on the Whole Armour of God, How Can I Overcome?, Victory Day**. A prophet teaching us! **Souls That Are in Prison Now**, so in this hour we will not be deceived. Do you understand?

"She shall be taken." He said, "I will cause them to come up, and she shall be taken." Their arrows, in other words, their ICBMs – their Intercontinental Ballistic Missiles that have different nuclear warhead or chemical warhead, biological warhead that they are going to send. But Babylon is prophesised to be burnt with fire. In one hour she will be burnt – atomic fire.

...their arrows shall be as of a mighty expert man; none shall return in vain.

He is calling nations who have arrows. In other words, they have nuclear capability. Are you understanding? They have nuclear capability.

God, I want to preach for about ten hours now! See? Now watch.

And Chaldea shall be a spoil: all that spoil her shall be satisfied, saith the LORD.

(Verse 14)

Put yourselves in array against Babylon round about: all ye that bend the bow.

Do you hear who He is talking about? Do you hear who he is talking to? Do you hear who God is calling? "All who bend

the bow.” He is specifying a certain type of weapon that is going to bring Babylon's destruction.

...shoot at her, spare no arrows: for she hath sinned against the LORD.

A missile, when it is launched from a bow with fire on the head, you know they used to tie a rag around it and put fire. ‘A flaming arrow’, they called it, and it's coming through the sky, but it's going to a target. God said, “I'm bringing expert men who could guide the missile direct to the target.”

...for she hath sinned against the LORD.

Shout against her...

(Oh, I left you out somewhere. I went into Verse 14, I didn't tell you. I'm picking places.)

...round about: she hath given her hand:

(Because it's too much to read. I'll just be reading. I want to connect the dots. You study it afterwards.)

...she hath given her hand: her foundations are fallen, her walls are thrown down:

“Babylon is fallen, is fallen.” You see what I'm talking about? Watch the old and watch the new; I'm typing the two. I'm showing you how Jeremiah's prophecy and what John saw, what that angel showed John, are the same, and I'm bringing those two angels together. I'm going to show you just now with Brother Branham and the book. Verse 15:

Shout against her round about: she hath given her hand: her foundations are fallen, her walls are thrown down: for it is the vengeance of the LORD: take vengeance upon her; as she hath done, do unto her.

Revelation 18:6 says, “As much as she had done this in the earth, so do to her. Give unto her double mixture.’ This is the God of retribution. This is the God of vengeance, now. This is the Supreme Judge in the Lord's Day.

This is the God who has convened His court, who came as the Ancient of Days, who had an investigation, who had a trial. **What Shall I Do With This Jesus Called Christ? Trial, Trial, Trial.** Who had an **Indictment** before that trial: "I indict this generation!" Is that right? Then bring a trial. What is the trial for? For a verdict. He found them guilty, and they were not executed right away – **Souls That Are In Prison Now.** They were sentenced to imprisonment to await execution.

And this earth will burn after this Elijah, 'before the great and dreadful day of the Lord', the last sign before this Gentile world is burnt with fire. It is to be burnt following this Message. Is that the Bible? Is that the vengeance of the Lord? Did the priest hand Him the book in Phoenix with all his clergy robes, in the midst of hundred of Pentecostal ministers in suit? And they were standing there, and God had the page in the Bible to stick. Is that right?

And the priest walked up and handed him the book and he said, "What does that mean, Lord?" He said, "I was going to get some sandwiches for the children, they were hungry; and as clear as you hear my voice, it thundered out of heaven saying 'And He went into Nazareth and the priest gave Him the Book to read'."

And he said Jesus took the first part when He came. He couldn't take the second part because it wasn't time for judgement yet, because John was not the forerunner before the great and dreadful Day of the Lord. John was the forerunner before the Saviour, the Redeemer, but this one is the forerunner before the judge. Hallelujah! And he said that part is left back here 'when Jesus appears with His mighty angels in flaming fire, taking vengeance upon them that obeyed not the Gospel.'

Did that whirlwind come down and make three blasts – "Judgement striking West Coast"? Did the priest hand him the Book? Was the Cloud turned? And He was there wigged in a white wig! Is that right? Oh my! And here we are in this hour being called out and taken up in the mystery of the Seventh Seal! Do you understand?

“It is the vengeance of the Lord. Take vengeance upon her.” Has He appeared with a white wig? Is this the time of vengeance? Is this the time when the Bride comes out of Babylon? Is her face towards Jerusalem? Is Babylon fallen, fallen? Has that angel revealed that mystery to us and called us out of Babylon? That's right.

Here are the Scriptures clear as clear could be, friends. Verse 18:

Therefore thus saith the LORD of hosts, the God of Israel; Behold, I will punish the king of Babylon and his land, as I have punished the king of Assyria.

And I will bring Israel again to his habitation...

“I will punish Babylon; I will bring Israel to her habitation.” Judgement for one, redemption for the next, restoration for the next. It's happening at the same time.

And he shall feed on Carmel (fruitful) and Bashan (fruitful) and his soul shall be satisfied upon mount Ephraim (fruitful).

Joseph said, “I call this boy Ephraim, because God has made me fruitful in this place.” He brought him back to the fullness, friends, in Gilead where there is balm. “Is there no balm in Gilead?” Judgement to Babylon, redemption to Israel – the Israel of God in this hour, the real Israel.

Verse 20:

In those days, and in that time, saith the LORD, the iniquity of Israel shall be sought for, and there shall be none;

‘Take away the filthy garments from Joshua. Satan, I the Lord who have chosen Jerusalem rebuke thee, Satan!’ Casting down the accuser. “You are the sinless, spotless, virtuous Bride of the Son of the living God!” When? At the end of the seventh decade when they are coming out and coming back

into the homeland. He will blot all their sins out; even for Israel, 'I will give you a new heart.' Ezekiel 36, 'I will give you a new spirit. I will put My spirit in you, I will sprinkle clean water upon you; I will cleanse you from your idols. I'll open the fountain in the house of David'. Is that right? 'I will pour out the Spirit of grace and supplication'.

Same thing for Naomi there, same thing for Ruth here under their Seventh Trumpet, which is our Seventh Seal! "There is now no condemnation! Who can accuse you of sin?" Because Ruth who came with Naomi out of Moab and came into Bethlehem, the old husband was dead and she came into union with Boaz the kinsman Redeemer. And her redemption is in union, in the second union to the new husband! Romans 7, a mystery of prophecy for the last days. Oh my!

Let's give Him praise. He is too wonderful. What a Word. The Lion in Zion roaring, hallelujah, in the days before the earthquake, before He shakes heaven and earth! Oh my. Glory be to God. My! My, my, my! What a mighty God we serve! What a mighty God! What a mighty redemption! What a mighty deliverance in this hour! Oh, blessed be His Name! 'He has done mighty things for us wherefore we are glad. It is the Lord's doing and it's marvellous in our eyes'. My.

Let's close it up for today quickly. My. Verse 23 here. He says,

For I will pardon them whom I reserve.

Verse 23.

*How is the hammer of the whole earth cut
asunder and broken!*

He is looking back again into the Babylonian mythology. The man was called Vulcan, with the hammer; Cush and Nimrod and they back there, when man deified themselves. You'll find a lot in Hyslop's "*Two Babylons*" and in the **Seven Church Ages**. I don't have time to read it, but you go into the **Pergamos Age** where he shows you those things, where Satan's seat is. He goes into the history and he brings it out.

*How is the hammer of the whole earth cut
asunder and broken!*

Because after we came out of the ark into the new world, and the apostasy started, the Nicolaitanes had conquered the people: divide and conquer. They broke up the earth. And God, now, when He is judging them, He says "Now, look at you, now. How is Bell confounded, and Merodach. And look at all your idols on the ground, now."

Everybody is going before the Vatican. They had to put a new toe on St Peter because they kissed off the old toe. Do you understand? All the different things, all the mythology, all the idolatry; all those places up in France where they said Mary appeared.

Think some of you used to be in that but God has delivered you by the grace of God. You walk in the Light, today. You are part of Jerusalem, the Lamb's wife, the city of the living God. My. You saw that angel, that prophet who came at the end of the seventh decade, the Seventh Church Age.

Look at him here in verse 24.

I have laid a snare for thee,

Look how God is talking to the system through the prophet, laying the prophecy in.

*...and thou art also taken, O Babylon, and
thou wast not aware:*

God take them; God is going to take them when they think they're so strong. She said, 'I sit as a queen and am no widow'. And she said in her heart, "I will not be childless". And in one day all her plagues will come: famine and mourning and death. 'And in one hour so great riches came to naught', the Bible says. 'And the merchants wept, and the kings of the earth and they stood far for fear of her torment'. The radiation that was blowing, they didn't want to get near after the bomb fell.

And how many know Elijah put judgment on Ahab also? How many know the seventh vision, America will get that

same bomb too? And Jezebel – the Vatican is going to get that bomb; that Vatican/Washington alliance. How many know that is happening because Israel's history is repeating itself in this day?

That's why there is an Elijah who went to the White House, coming down there preaching **Jezebel Religion, Hybrid Religion, Why We Are Not A denomination, Why I Am Against Organized Religion, Impersonation of Christianity.** What was he doing? Tearing down that system, an angel God sent in the last days to call a Bride out.

I still did not get to what I'm saying. I'm coming to it now. It's not long; it's something I want to read to you. Watch the verse here.

The LORD hath opened his armoury...

I believe it's opened.

...and hath brought forth the weapons of his indignation:

When Babylon's cup is full and the elect is called out and being restored to come into full redemption, the Lord opens His armoury. The Lord starts to gather a Northern alliance. The Lord starts to bring people with Intercontinental Ballistic Missiles that could burn the harlot. The Lord starts to form an alliance. He is bringing His weapons for this job. He is going to take her, and she would not even know it when she gets taken.

Right now they are trying to build a missile defence shield in Europe, and the Russians began to withstand it. The United States want to build it in Poland and the Czech Republic to protect America and its allies against a missile attack. That's happening now, and they have this big contention going on right now over that.

And that, all this aggression of the United States in Afghanistan and Iraq and deceiving the people in 2001, September 11, which will be coming up in two days' time, the

sixth anniversary of that, and I'm speaking this here, before I go to Brazil.

Listen:

The LORD hath opened his armoury...

I could see Him. When I see these men talking I see the Lord's armoury open. When I see these men gathering together I'm seeing the weapons of His indignation.

...for this is the work of the Lord GOD of hosts in the land of the Chaldeans.

“This is the work of the Lord. This is the work of the Lord.” This is God himself saying, “You see that happening, that is Me. I am doing that because her time is come.”

Come against her from the utmost border, open her storehouses: cast her up as heaps, and destroy her utterly: let nothing of her be left.

Slay all her bullocks; let them go down to the slaughter: woe unto them! For their day is come, the time of their visitation.

The voice of them that flee and escape out of the land of Babylon, to declare in Zion the vengeance of the LORD our God, the vengeance of his temple.

Those who escape will stand in Zion and declare the Lord's vengeance of His temple. They will stand in Zion; those who are called out and come back in the land of the fathers (that is the prophecy) will stand in Zion and declare.

And this isn't a thought. In 1999 [I preached] about thirty-eight messages; here, about thirty-five, thirty-six already, on the same, and since 2001 the Holy Spirit has not let those things go unnoticed. And here in Jerusalem, the Bride, the City of the living God, in a city foursquare, there are delegates in that city who are declaring in Zion, those who fled and escaped out of the land of Babylon. The voices of those who fled and escaped are declaring in Zion the vengeance.

They have a mystery of the Vials. They have a mystery of the Vials. They have a mystery of 'the Lord opened His armoury'. They have a mystery of all those with flaming arrows coming to burn that place. They have a mystery of these things; of where the Book is going to be tied and thrown into the river as a sign; as when he threw the rock up in the air, and said "Judgment has started in the earth!" "The vengeance of the Lord our God; the vengeance of His temple."

What is it happening for? The vengeance of His temple. What happened to His temple? They came in, laid siege and conquered – the Nicolaitanes; and they took them into captivity. Went forth conquering and to conquer, and they took them into Babylon, and they gave them candles and prayer books, and they made them bow down to images and pray to Saint Cecilia and Saint Christopher and worship holy mother Mary (Is that right?) in Babylon.

And they were going to stay in Babylon until the end of the seventh decade, and then there will be a Voice, in the days when that mighty angel descends from heaven, whose glory is going to lighten the earth, and a call will go forth. Why? Because now is time for her judgment, because Jezebel's judgment must be pronounced by Elijah. Ahab's judgment must be pronounced by Elijah. And when Ahab and Jezebel...Oh, I'm coming now, I'm coming home now! My! Brother, I'm coming home on the flight path here now!

November 1960, something was moving in America; a Catholic President was becoming popular. Twenty-seven years before the prophet had seen that thing coming to pass, had warned people about it. And he knew it was going to be voted back in, and he told his own church, "You pray if you're going and vote." He said, "You'd better pray because this election coming there is more than politics." He said "This here is more than politics." It was Bible. Revelation 13 has two beasts: one came out of the earth and one came out of the sea.

And here was that angel on the earth. Amen. And here he was and he said when they voted in Kennedy, the Holy Spirit came to him and said "Now it's time to go into the book of

Revelation. The Church must have this Message.” And he started the Seven Church Ages, because he said “the history of Israel is beginning to repeat again. In the days of Ahab, in the time of the book of Kings, it’s happening right here before your eyes in the United States of America.”

Here was Elijah, here was Ahab and here was that Jezebel system, a Vatican/Washington alliance had come in there. He said, “Think of it, if the Church had known what was happening that could never have taken place.” He said, “But the voice of politics is in the Church and is stronger in the Church until the Voice of God is put way back.” And all those denominational ministers were rising up and preaching, “Watch communism! Watch communism! Watch communism!” And Romanism was coming in. He said, “And look how she wormed her way into the Cabinet and into the schools and into the treasury and took over everything.”

And the prophet said “I am sick to my stomach to hear these men saying ‘watch Communism’.” He said, “Don’t fear the Iron Curtain; watch the Purple Curtain, that’s the worst of them all!” And when he saw that thing he went into the book of Revelation and God came down in the Pillar of Fire and drew it over on the wall, and threw it in the skies to prove the hour we had come to. Because anybody get those Church Ages by revelation will open the entire Bible.

Now one of the things in this preaching I’m emphasizing is the book of Revelation, Satan hates two books: Genesis and Revelation. Though we have the Seven Seals book open and people could go in the book of Revelation and know Revelation 14 – that is the Jews. Revelation 17 and 18 – they know that is Rome. Revelation 13 they know is America. Revelation 3:14, they know that is the Pentecostal age – the Laodiceans. Revelation 10:7, they know that is the prophet. And after those things they don’t know anything else. They don’t know what is happening.

And all those things are prophecy of something going on now in the world around us! And they are being put to sleep. They are being put to sleep, because people are going to church

and going back home, go to church and go back home. And the whole world is changing, and tightening, and she is destroying wonderfully. She is devouring the whole earth. She is breaking up in pieces, into trading blocks. She is reshaping the whole world.

Lucifer is building his kingdom right before our eyes. Laws are being passed, rights are being given up, people are being brought into captivity, and they don't even have a clue.

Look what is happening all in our schools. Look what is happening in this very nation, right now, if you follow the news the last few days, prior to this election coming up here. You don't even know what is going to happen when men get desperate, when evil powers are behind the scenes, when people have plans for this country, bigger powers.

When we are under the control and already being broken and all our assets and everything tied up by bigger powers through the debt trap. The only way out of here is the Message. Seven Thunders were to wake up the Bride and show her how to prepare for rapturing grace, give her faith to be changed in this hour.

Call together the archers against Babylon:

In other words, call together nations with ICBMs – flaming arrows to burn Babylon.

... all ye that bend the bow...

You see how He keeps emphasising that?

...camp against it round about; let none thereof escape: recompense her according to her work; according to all that she hath done, do unto her: for she hath been proud against the LORD, against the Holy One of Israel.

When you listen back this tape, you stop and open your Bible to Revelation 18 verses 5-7 and you read, and you see it's the very same words over there as it is here.

Verse 31:

Behold, I am against thee, O thou most proud, saith the Lord GOD of hosts: for thy day is come, the time that I will visit thee.

And the most proud shall stumble and fall, and none shall raise him up: and I will kindle a fire in his cities, and it shall devour all round about him.

Thus saith the LORD of hosts; the children of Israel and the children of Judah were oppressed together: and all that took them captives held them fast; they refused to let them go.

Their Redeemer is strong;

‘Strong is the Lord that judgeth her. Their Redeemer is strong!’

...the LORD of hosts is his name: he shall thoroughly plead their cause, that he may give rest to the land, and disquiet the inhabitants of Babylon.

Behold, a people shall come from the north, and a great nation, and many kings shall be raised up from the coasts of the earth.

They shall hold the bow and the lance: they are cruel, and will not shew mercy:

They have the bow and the lance, friends.

...their voice shall roar like the sea, and they shall ride upon horses, every one put in array, like a man to the battle, against thee, O daughter of Babylon.

I dropped down to verse 41. I'm in verse 43, now.

The king of Babylon hath heard the report of them, and his hands waxed feeble: anguish took hold of him, and pangs as of a woman in travail.

I want you to read Jeremiah 50 and 51 with Revelation 17 and 18 and get a better understanding, so whenever I come back to this (if I preach Wednesday) we would pick it up.

Therefore hear ye the counsel of the LORD, that he hath taken against Babylon; and his purposes (God has a purpose.) he hath purposed against the land of the Chaldeans:

Vessels of wrath to show His power, and vessels of mercy, Zion, to show the riches of His grace. See? Vessels of honour and vessels of dishonour. Vessels of wrath unto destruction and vessels of mercy to show the riches of His grace.

Surely the least of the flock shall draw them out: surely he shall make their habitation desolate with them.

At the noise of the taking of Babylon the earth is moved, and the cry is heard among the nations.

Just let me read couple places. I will just pick couple verses here quickly out of Jeremiah 51. Verse 6:

Flee out of the midst of Babylon, and deliver every man his soul: be not cut off in her iniquity; for this is the time of the LORD'S vengeance; he will render unto her a recompense.

Babylon hath been a golden cup in the LORD'S hand, that made all the earth drunken: the nations have drunken of her wine; therefore the nations are mad.

Babylon is suddenly fallen and destroyed:

All this is Revelation 17 and 18 right here.

...howl for her; take balm for her pain, if so be she may be healed.

Because Revelation 19 is the marriage of the Lamb and the Bride. You know that.

We would have healed Babylon, but she is not healed: forsake her, and let us go every one into his own country: for her judgment reacheth unto heaven, and is lifted up even to the skies. (That is Revelation 18:5.)

The LORD hath brought forth our righteousness: come...

Jehovah Tsidkenu. Jehovah Tsidkenu – ‘He hath brought forth our righteousness.’

...come, and let us declare in Zion the work of the LORD our God.

See? “Let us declare that there is no more sin.” Her iniquity is searched for and there shall be none. The sins cannot be found. She was pardoned. And the prophet preached *Pardoned* after the Seals opened. “I call you not Church now, I call you Bride. You never did it in the first place – justified.” Amen. Declare it in Zion in that very hour when He opened the armour.

I’ll have to preach Wednesday because I’ll hold you too long this morning. I’m finishing. Let the musicians come for me. I’m finished.

Verse 11, watch it.

Make bright the arrows; gather the shields:

‘Make bright the arrows; gather the shields.’ How do you make bright the arrow? See? You have to make it bright for it to burn. It’s a fiery judgment.

...the LORD hath raised up the spirit of the kings of the Medes:

In that hour He raised up the spirit of Cyrus. Haggai and Zechariah raised up the spirit of Zerubbabel and Joshua and the

people to build! 'The fig tree putting forth its buds, and all other trees.'

He said, "Watch Communism having their revival. Watch Billy Graham and they with their fundamental church having their revival. Watch Oral Roberts and they, the Evangelicals having their revival." He said, "Watch the Bride. Watch the Bride. Seven Thunders; she never had a stirring yet, but it will take those Seven Thunders" – the Message of the seventh angel. Hallelujah! She will have a revival then.

He has raised up the spirit of the Medes, *for His device is against Babylon to destroy it*. Why is God gathering those kings? Why is God bringing this alliance in the North? Why is Iran...? They're trying to suppress them with the enrichment of this uranium for fear that it is a nuclear programme, which it is and they trying to hide it.

And they're beginning to put sanctions on them because they don't want them to become nuclear armed, because it will change Israel's monopoly in the Middle East as the only one with nuclear power. It is going to change the picture that is at present.

And why is Iran moving like that? I'm saying the Lord has opened His armoury. The Lord has raised up the spirit of the Medes. The Medes and the Persians were people in Persia, two nomadic tribes. And the Persians are not really like Arabs, they are Persians, though they are Muslims – the Shiite Muslims. And they have the Sunni Muslims, which all the rest are, but they have a different interpretation of the Qur'an.

Babylon fell when Cyrus the King of Persia diverted the river bed to bring destruction.

Hear what the prophet said on *Handwriting on the Wall*, 1958:

There was a nation called the Medes and Persians. They'd got some scientific work too. Which is now the Medes and Persians are the Indians, the Hindus in India, as our brother just spoke. They finally wound up in India as the Hindus—

Medes are Persians. You know the map was being redrawn all the time.

And they had scientifically found a way, (they had scientifically found a way) that they could bypass the river Euphrates. They couldn't get through the walls, but they bypassed the river and was coming under the gates. He said, Science is working somewhere, a great ungodly, heathen nation at that time.

He is preaching this, but hear the thought he is bringing. He is bringing the fall of Babylon in the Old Testament, how she fell, because he is the prophet showing how Babylon is going to fall in this age. And he is going back to natural Babylon to open the mystery because he is that prophet at the end of the Gentile dispensation calling the Bride out of Babylon.

Babylon's wall was the defence. You heard me talking about a missile defence shield to protect themselves from a nuclear attack. I wanted to read some of those things, which I may not get time to, to show you right now they testing them weapons: Russia, Iran and China, Uzbekistan, and some of those other countries there. And they begin to put pressure on the United States and the other members of the United Nations Security Council who do not want Iran to go on with their programme.

They said "You all are full of oil, so why do you need nuclear power for electricity and these things? Use oil, you all are full of that." They say "It's not fair, because according to the law, the International Atomic Agency," he says "we can develop this for peaceful causes in our country."

And Russia is saying, "We believe them, we believe them." Because Russia knows they are not seen as a super power right now, and America has gone into the Middle East. Afghanistan is one border for Iran and Iraq is another border for Iran. America is fighting two wars on either of the borders.

And America's ally Israel is there with nuclear power having the monopoly in the Middle East. Iran knows if they don't get nuclear power to get some leverage and shift the

balance a little bit they could walk in their country and take over the oil, as they did that and fool the whole world.

The prophet says America is the vehicle. On *Looking away to Jesus* he said:

There is coming a time in this nation, this nation the USA is going to exercise all the power the beast had before which was pagan Rome when it became papal Rome, and this nation will do that. Revelation 13 explains it.

Speaking again in The Thyatiran Church Age:

This chapter (Revelation Chapter 13) shows the power of the Roman Catholic Church and what she will do through organization. In verse 17 it emphatically shows she will gain absolute control of the commerce of the earth.

I told you President Bush is calling for a world trade agreement. Billions of dollars is being spent right now to develop and make bigger the Panama Canal.

For no man could buy or sell apart from her. This is borne out in Revelation 18:9-17

Which I'm reading here for you, and in Jeremiah; and I read Revelation 18 for you in the Message.

...which shows her involvement with kings, princes, merchants, all who have to do with Rome and commerce. In Revelation 13:14 we learn that the beast Rome spreads his influence through the image...

Which is America, Revelation 13, which was built for him. How is Rome spreading her influence? Through the image, the beast that comes out of the earth. The beast that came out of the water is spreading her influence through the beast that came out of the earth.

Just like Hitler and Mussolini and they let loose the Roman spirit on the Jews, America through President Bush and Prime Minister Blair back here in this Gulf war too let loose the Roman spirit upon Afghanistan and Iraq with lies and deception, because they will deceive the whole earth.

It is prophesied she will rule the earth for an hour, but it is also prophesied that God who put in the hearts of these kings to give her support, will put it in their hearts to hate her, to burn her with fire and eat her flesh. Just like with Jezebel, it happened there. But if you catch my inspiration, while that is happening, those who are in Zion, who came out, who are building up Zion, are declaring the vengeance of the Lord.

In this day we see the Judge come down, we see Him take the Book. We see Him step into the ministry between His priesthood and His kingship, one like the Son of Man in the Lord's Day where judgment is pronounced upon a world that has rejected Jesus Christ, and the man of sin is being exalted. But God is saying, "I am gathering them from the North. I'm calling the archers, they who pull the bow. Make your arrows bright now."

What is Iran doing? They're trying to make their arrows bright. That is to fulfil Scripture, friends. The same way Rome was prophesied and became drunk, like Jezebel became drunk with the blood of the prophets, killed sixty-eight million. And the same way Rome was prophesied to drunken the nations and the kings of the earth, and the same way Rome was prophesied to rule the world that you can't buy or sell except you take the mark of the beast, the same way Russia and they are prophesied to raise up and destroy Rome, and the same way the Bride is prophesied to be changed and go in the rapture.

And we are living in the age when these things are happening. And what I'm trying to bring to you, a picture here, is not that we are a little church here trying to say we are Jerusalem, and so on. I'm now taking the bigger picture. I'm saying watch what is happening in the world right now. Tell me what those things mean. Tell me why they need the Canal to get bigger, and they're going into billion dollar programmes. Tell me why. That is for trade and commerce. If you're in an age of globalization you need that.

If you are a nation that is going to rule the world, you need that. And tell me if this church won't have to be closed down according to Revelation 13:16, because to be allowed the

privilege to preach you have to take the mark. And to have the privilege, you have to become part of the World Council of Churches. And the squeeze, the pressure is to become part of it, to become legitimate otherwise they'll close down places like this and they'll make storerooms out of it, he says.

And Babylon, with her big walls, the reason they had their feast, they were so fortified. They say, "You're coming to take us? We are so protected. We have things in space. We have submarines under the sea. We have satellites in space. We have fighter jets flying around the world. We have the Internet. We have all these things, we are so protected."

She said 'I sit as a queen and am no widow.' But God said, "It is I. This is of me. I am planning this. I opened my armoury. I'm bringing these things." Why? Because it's time for her retribution.

In other words, "When I'm finished redeeming my Bride I have to burn my chaff. When I've gathered my corn, I have to burn my chaff. I can't leave my place dirty like this. When I marry my Bride and I'm coming for honeymoon, I have to clean up my place. I'm getting ready for honeymoon. I am not just talking marriage; that is three and a half years of marriage supper. When I do that for three and a half years, I have to come back for honeymoon."

Verse 11. Stand to your feet. We'll read it standing.

*Make bright the arrows; gather the shields:
the LORD hath raised up the spirit of the kings
of the Medes:*

This is my point I'm bringing here: the armoury is open; the weapons are being brought out. They're making bright the arrows. They're gathering the shields.

*The LORD hath raised up the spirit of the
kings of the Medes: for his device is against
Babylon, to destroy it; because it is the
vengeance of the LORD, the vengeance of his
temple.*

They had destroyed God's temple. They had taken his vessels into Babylon. God watched them destroy the Church – sixty-eight millions Christians burnt to the ground. They destroyed his Word; destroy his priests, his prophets. She got drunk with the blood of the saints and the martyrs. God let them go on. The corn of wheat had to fall to the ground and die; but it was going to come back.

The stalk was going to come up in Luther, tassel in Wesley, husk in the Pentecostals, the grain came and was waved. Then the reaping time started. And between reaping and garnering is threshing time. And God said, "I'm coming to thresh her. I'm coming to thresh her now. I'm going to thresh her. The rock cut without hands will smite those toes, grind it to powder."

Verse 24:

And I will render unto Babylon and to all the inhabitants of Chaldea...

Now watch that word. Every time he uses 'render' and 'recompense', that is retribution. Anytime he uses 'vengeance', that's retribution. This is a people who kill, plunder, murder, lie, cheat, steal, deceive, everything and are hiding behind religion. And God said, "Her day is coming. Her is day coming." And her day comes when Elijah comes, because Elijah, out of his mouth pronounces that. And God's people who is in here, Elijah's message will call out. That's what is happening to us, friends.

So if that is happening to us, where are these people? And the Voice said, "Watch the king of the North", and watch who their allies are. You go back in Ezekiel 38 and see if Iran is not there with them when they come. It's all over the Bible. It's promised to be here in this hour. There is no way they are going to come out of it. God surely is bringing a great alliance in this hour to bring down His wrath.

While these things are happening, and we are privileged to see it, I want to sing that little song: *Signs of the Time are everywhere, and there's a brand new feeling in the air.* Lift

your eyes, friends, this morning. Look to the eastern skies, your redemption draweth nigh.

The same way Jeremiah revealed the hour of her visitation, (and I'm going to preach Wednesday. I'm going to come back and finish it), is the same way that he says Russia is raised up the king of the North, to bring her destruction, to blow that place off of the map.

He said, "and they got a bomb with our name on it too", talking about the United States. He said six of those visions came to pass. The only thing left is Hebrews 12, which is Haggai 2, we went through that: 'I will shake all nations; I will shake heaven and earth; only those things which cannot be shaken will remain. And I, the desire of all nations will come and I will fill this house with glory'.

My brother, my sister, as we see the accuracy of the scriptures, as we see the day we have come down to, as we see the things that are being played out in the earth in the realm of politics, in the realm of industry, in the realm of economics. As we see the wars that are going on in the earth now, and the hidden agenda behind these wars, how it is going to allow this evil system to come and take the whole world under her control, where she will control the world trade, the world commerce, the world economics, the world religion, the world finance. She will control the entire world.

Even Israel will be deceived by her and are going to find themselves just like Israel found themselves when Jezebel and Ahab were united for money. They're going to find themselves just like when Israel was trapped by Pharaoh in an evil system, and God had to raise up Moses to take them out of Egyptian hands, and God had to raise up Elijah to take them out of Jezebel's hands. And so Moses and Elijah will be coming to deliver a people that are trapped in a system, just like Elijah came when Jezebel was controlling the land because Jezebel and Ahab were united.

Moses came to take them out, because Pharaoh said, "Let us deal wisely with them", and they were trapped. They were

great high-ranking people in the land under Joseph; but then the Pharaoh rose up who didn't know Joseph, and they became slaves in the mud pit through the economic policy of the king of Egypt. And Moses was raised up for their deliverance. That's their deliverance.

We here were trapped under religious deception, and God send a prophet like Elijah to call us out also; to turn us back. When you realise the economy of the Bride, today, do not underestimate it. Do not see it as a little thing, friends. Do not see this as nothing. When you see in the Word what the Spirit is saying, when you see the hour, when you see the time, when you see the season, when you see the prophecy, when you see the unchanging God, when you see the continuity of the Word, when you see what is happening in the days after the prophet, the line of the Word and the line of the Spirit, you cannot help but draw a conclusion.

If you have any light in you, you say "No, God is fulfilling his Word." The wise miss it by a million miles, stumbling over it, but in reality its taking place, and the Word is so real in the hearts of those where it finds a place to lodge in.

My brother, my sister, let's just sing this little song and worship him. *Signs of the Time*, God describing time by signs to let you know the day and the hour you are living in; to let you see we have come to the end of the age.

We see, as I say, earthquakes on the increase, volcanoes beginning to get active all over. Storms and hurricanes, floods are devastating places everywhere; not on the decrease, on the increase every year. The judgment is filling up the earth, and the people in all their science they are oblivious to all what is happening. They've been put to sleep. It's a world that has been put to sleep.

If you are caught in that slumber, if that deep spirit of sleep, that unconscious state of mind, search the Scriptures and see whether these things be so. Search the modern events, see what these nations who played a part back in the downfall of

Babylon, the nation that is prophesied in the book of Revelation to do these things.

As we say, what are all these prophecies in Daniel and Revelation? It's just written like that, for so? What do these things mean, happening around us? The spin doctors are busy this morning keeping the people drugged. The architects, the contractors and engineers are quickly bringing the kingdom of Lucifer that they've been building for six thousand years to its completion, so he could be enthroned as God.

Then let's build the house of God. Let's build it so it could be filled with glory, that there would be a Church with a rapturing faith, illuminated by the Message of the hour, whose face is towards Zion, focused. Like Jesus at the end, his face was steadfastly fixed towards Jerusalem. May your face be steadfastly fixed, friends, to this great divine promise.

Years of time have come and gone since I first heard it told. This is the hour of the vengeance of the Lord's temple. He is going to make them pay for what they did to his Church. Just like they broken down Jerusalem, they broke down the Christian Church, the Mount Zion that Paul was talking about, but it is to be rebuilt in these last days. It's being rebuilt. It's coming to its completion now in you and me.

...Of time has come and gone

Since I first heard it told.

Since I first heard it told

How my Jesus...Are you looking for Him? Are you preparing to meet Him? Are you under expectation to see Him again? What are you living for, my brother, my sister? What fills your heart? What is your expectation?

If back then, when you just came in and got baptized some years ago, it seemed so real.

Then I just can't help but feel

How much closer. Awake thou that sleepest. It is nearer than when we first believed! Put on the breastplate of faith and

love. Look at the signs of the times, look at the signs in your midst, look at the signs in the nations, look at the signs in the Church. While all that uniting is going on out there Christ and his Bride are being united; an invisible union, this great secret catching away of the Bride.

...feeling in the air

Can you feel the feeling?

Keep your eyes upon the eastern skies

Oh, my brother, my sister, lift up your head. Her judgment is coming, but your redemption draweth nigh. We see what is happening all over. Wars and strife on every hand: business wars, industrial wars, economic wars, hot wars, cold wars. Violence, organized violence heaping up in the world today.

...doubt that he would come again

Oh, but can't you see the Word of God is true?

...but the Word of God is true

He redeemed you.

...You chosen few

Don't loose hope, soon Christ Jesus; He will descend in a corporal body this time, the one that he left in, friends. We will be caught up to meet Him in the air. He's already come in a theophany. He is here now among us.

...everywhere

Oh, there's a brand new feeling!

...feeling in the air

Keep your eyes upon the eastern skies, lift up your head, our redemption – the kinsman Redeemer with the open Book gathering with the redeemed. Oh my.

Years of time, let's sing that again. Some of us came in as young men and young women; today we stand stoop shouldered, grey-headed. Our are children now at the age when we came in, but how real his Word is becoming in this

hour. Oh, my brother, my sister. [Brother Vin prays for believers at the altar.]

The Lord's Vengeance Of His Temple Pt.2

Wednesday, 12th September, 2007.

Let us arise today

Arise today

Let us arise today

And rebuild Jerusalem

Hallelujah! Amen. The more we sing it, the more it drops down in the subconscious, the more it becomes real to us, the more it keeps us in remembrance that we have started to build. There is an enemy determined to frustrate us and weaken our hands, cause the building to cease, but God has inspired us by the spirit of Haggai and Zachariah, amen, that we could prosper under the prophesying, hallelujah, as the Holy Spirit release to us the strength to rise up and build. Let us arise and build, rebuild Jerusalem. Blessed be his wonderful name.

Let's just bow our hearts in prayer. We have a request here, Sister Mona Ramlal is requesting prayer for a broken ankle. The doctor indicates an operation to the ankle, and she is at home. We want to believe for her. We serve a mighty God. God brings circumstances many times. One time he says, they asked him, "Is that man...did that man sin, did his father sin, did his mother sin? Why is the man laying blind like that?" He said, "Neither of them sinned. This is that the works of God would be made manifest."

The little fish was dead because God wanted to show he was the Resurrection and the Life. The storm came because God wanted to show he had power over the elements. He controlled all nature by his word!

Hattie Wright's boys was laughing and snickering because God wanted to show he could give a mother the desire of her

heart, who could stand believing. God had conditions many a time that his works might be made manifest.

Our gracious, loving, Father, we stand, dear God, conscious in your Presence tonight that we have not just come into this building, we have not just come and gathered ourselves in the form of a ritual or a tradition that we do from week to week, but we have come embracing the blessed opportunity to come by a new and living way, to come through the precious blood of Jesus Christ. To come before the throne of grace where we shall obtain mercy, and find grace to help us in time of need, where the great High Priest of our confession can be touched with the feeling of our infirmities. And, oh God, that through Lord, the faith that you have given unto us, to believe with our hearts and confess with our mouths, you know how to bring our body in obedience to our confession.

And Father, God, we stand here tonight, so thankful, dear God, for the great light that you have shone into our hearts in this hour, Lord, God, to bring this great illumination that this great promise for which the prophets and the saints and the sages, down through the Bible and down through the Church Ages longed and waited for, that one day the Lamb would step forward and take the book and to break the seals, dear God. In a time when the seventh angel would be on the earth and that mighty angel will descend in those days.

Like Jesus came when John was on the earth forerunning his first coming, oh God, and the word coming to the prophet that he could wind up the Old Testament and introduce the Messiah, so dear God, Lord, you did the same thing in this hour. For you spoke that day, "as John was sent to forerun the first coming, so shall you forerun the second coming." And here we are Lord, recognizing that the Lord himself hath descended from heaven with a shout, oh God.

And that's why we are here, because the shout was to gather the bride together, oh God, to gather us. A call to come to a resurrection out of dark denominationalism that tonight, Lord, we are raised up out of creeds and dogmas in the Son-

day the mighty angel descended and the cold stiff dead body was shaken back to life! Hallelujah!

Lord, here we are in this hour, resurrected, raised up, not talking about an historical god, but talking about the living God! Blessed be your wonderful name, tonight! And you said 'Where the carcass is there will the eagles be gather together'. You didn't say the hawks, you didn't say the vultures, Lord; but you said the eagles, Father.

In this great eagle age, hallelujah, when the dove has come to lead the eagles, the great Spirit of Truth is leading us and guiding us into this full complete mystery that flesh might become the word again, that a bride can stand in your own image, in your own likeness in order to be united with you. This great mystery of the marriage: God and man was one back there, and God and man is to become one here.

And in this hour you are writing the name of my God and the name of the city of my God and my new name, oh God, upon us Lord. This great thing is being revealed, written in our hearts by the Holy Spirit, Lord, bringing birth and raising us up into the full manifestation of the word of God. We thank you, Lord. Bless all that is in your presence tonight; do the exceedingly, abundantly. We thank you for the Spirit of wisdom and revelation in the knowledge of Jesus Christ.

You did say through your prophet, "As Gabriel came to Daniel, so the spirit of wisdom will come to the church in the last days to reveal these deep secret things in order to get the church ready to go out." And we see that is happening, Father, as you come, you parallel these things and show to us, Lord God, how the scripture is being fulfilled again, modern events being made clear by the vindicated prophecy.

This great awakening that we have wakened and stirred to the fulfilling of the prophecy, "as a man that is awakened out of a sleep," dear God. Blessed be your wonderful name. To know Jerusalem is rising again, the city of the living God, the Lamb's wife; spirits of just men made perfect, innumerable company of angels.' Oh, hallelujah! Glory be to God.

Take full, complete control in this service. May your Holy Spirit minister to us as we have need, and may your quickening power, Lord, God, so quicken us, Father, that we could move, Lord God, up into that realm of the Spirit, like John was. And if John had to be in the Spirit to see the mysteries still sealed in symbol form, how much more we have to be in the Spirit to see these things revealed in reality form, oh God.

There is no other age for the revelation to come; it's all run out, Father. It's happening now. The Spirit of Truth is here revealing it. May we catch it in this hour. May we see ourselves in it, and may it influence our lives to make us prisoners to the Word of God. Would you do it, Father? We pray and we ask according to Your divine will and purpose, according to Your plan for this hour, knowing that that is, Lord God, the purpose and the objective of the Holy Spirit; that the same harmony that existed between the Father and the Son could now exist between the Bridegroom and the Bride.

May you grant it, Lord. Grant it we pray. Lead us, oh great Seventh Dove, lead us, Lord, into such a plain path. We pray for these things. We ask your mercies in the almighty and all-sufficient name of our Lord Jesus Christ, amen. Amen.

You love Him, tonight? Amen. We praise his wonderful name, this great mighty God. Amen? I would like to invite your attention quickly as we go through the word, and may God bless each and everyone. May faith fall into your hearts. Amen. May faith bring you to the power and the power produce the promise. Faith is revelation, when the word is revealed to you.

I want to welcome my sister here tonight, my natural sister in the flesh. She is here with us tonight. God bless her heart, amen. Since my mother died she is like the mother in the family. She mothers all of us even though she is not the oldest one. She mothered Maureen, she mothered Patrick, she mothered me; now she mothers our children like the grandmother and everything else. God bless her heart. She is so sacrificial and so willing and we just thank God that she

could be here tonight. My wife wanted her to be in the service, and I pray God will do something special for her. Amen.

Praise his wonderful name. Jeremiah, chapter 50. I asked you last Sunday to try to get acquainted, so when I preach even though I don't spend a lot of time, not that we try to rush through it, but I had one service and I tried to make it into two by coming back tonight, and you know, these things are so large and you know, it just would not give justice by just trying to labour in one aspect, but I tried to throw a little picture out for you, and if by your personal study it could help crystallize things that would be real fine, because when you are acquainted with the scripture, you know, you know the subject a little bit so you know what we are speaking and you can see the connections, and that's when it can get inspired to you.

If you can't see the connections because you're not familiar, then you hearing things but there is no quickening it, but when you familiar, then the Spirit begins to connect the dots quickly in your heart and it comes clear before your eyes. That's why I am trusting that you get inspiration, not just hearing, because any man with a sense of hearing will hear, but to understand it takes the Holy Spirit. That's a work of the Holy Spirit.

I'm just going to pick the places again, you know, in order to save time because one of the chapters has about fifty-something verses; the other one is almost the same. And so, you know, it's over one hundred verses of scripture we trying to deal with. And I told you read Jeremiah 50 and 51 with Revelation 17 and 18. If you read those two together, it will help you quite a lot.

Then I believe a lot of what we have preached already since May here, as we come back around a second time in this series, it will help you understand a little better, because this is proving what I'm saying is right. I don't need this to prove what I'm saying is right, but if we claiming we are Jerusalem, then you must see what is happening to Babylon, because the same prophecy and the same God is redeeming one and bringing judgment on the other.

And if we can see what is happening to us then, and we see what is happening there, if it go together then nobody needs to wonder if this is an explanation, or an idea, or Vin's idea. You will see the Scripture being made manifest. Because, I might preach this here but I can't put the things in the world that is happening. And if the things that is happening in the world is the scripture, then if we don't know who we are, we have to find out who is getting this experience of what Jerusalem is to go through in that hour.

But if that is happening here, then the word confirms this, and the Word confirms that, then it makes us awaken to realize when we sit here it is not just a service. And that's why we had those messages on the awakening and the stirring to the fulfilling of the prophecies. Amen.

So quickly, Jeremiah 50. As I say, I'm going to just pick the place that I want: verse 3, because we went through quite a lot Sunday on both chapters.

*For out of the north there cometh up a nation
against her, which shall make her land desolate,
and none shall dwell therein: they shall remove,
they shall depart, both man and beast.*

Now one of the things we know about Scripture is, when a prophet is speaking and he is saying 'Thus saith the Lord' that's the thoughts of God. Heaven and earth could pass away but that Word could never fail. If that fails the Bible is not inspired. If the Bible is not inspired, it cannot save us. Then it means God and His Word is not the same; then it means God told something that didn't happen.

Jesus said 'Not one jot or tittle shall in anywise fail.' So the thing is when you see 'Thus said the Lord' attached to prophecy in the Bible, then any student of the Word, the first thing they look at is "Has that come to pass already, or is that coming to pass, or is that history repeating itself?" And if that is repeating itself or is coming to pass, then when you recognize that being fulfilled you will know the time and season. That's how you know your time and season. Amen?

In those days, and in that time, saith the LORD...

And I told you there are four other place, besides this one, where that is written in the Bible. And every time it use that phrase ***“In those days and in that time”*** it speaks of what is to happen under the Seventh Trumpet with God taking the Jews back. And I quoted the Scriptures for you: Joel 3:1, Jeremiah 33:15, Jeremiah 50:4 and verse 20 also. So those would show you that if you could see that that's that Seventh Trumpet going and happen to them there, you will understand that's a parallel to our Seventh Seal, here.

See, these was principles in the Message that once you know something was going to happen to Israel under the Seventh Trumpet, you know that is supposed to happen to you under your Seventh Seal. Amen? These are the principles of the Word.

...saith the LORD.

Saith who? Vin? 'Saith the Lord'.

...the children of Israel shall come, they and the children of Judah together, going and weeping: they shall go, and seek the LORD their God.

They shall ask the way to Zion with their faces thitherward, saying, come, and let us join ourselves to the LORD in a perpetual covenant that shall not be forgotten.

Drop down to verse 9.

For, lo, I will raise and cause to come up against Babylon an assembly of great nations from the north country: and they shall set themselves in array against her; from thence she shall be taken:

Her taking is going to depend on this gathering. Don't look for Babylon to fall and be taken if you don't see a gathering of

nations from the North Country. Not the south country, not the west country — the North Country.

...They shall set themselves in array against her; from thence she shall be taken: their arrows shall be as of a mighty expert man; none shall return in vain.

A man pulled a bow at a venture, 1st. Kings 22 (Remember?) and that missile went, because Micaiah had a revelation that in this battle Ahab is to fall. It was determined in heaven. Is that right? And it went all the way and it stuck between the joints of the armour, it penetrated his defence system. Now watch. So:

...their arrows shall be as of a mighty expert man; none shall return in vain.

God is describing how she will fall. Verse 14:

Put yourselves in array against Babylon round about: all ye that bend the bow, shoot at her, spare no arrows: for she hath sinned against the LORD.

And Sunday I drew your attention, I said, “Notice, he keeps calling for *archers*. He is talking about bow and arrows.”

Shout against her round about: she hath given her hand: her foundations are fallen, her walls are thrown down: for it is the vengeance of the LORD: take vengeance upon her; as she hath done, do unto her.

And I told you, when you reading that, stop and read Revelation 18:6 and 7 and you will find it's the same thing.

Verse 25:

The LORD hath opened his armoury, and hath brought forth the weapons of his indignation: for this is the work of the Lord GOD of hosts in the land of the Chaldeans.

God is going to gather nations of the north. They are the weapons of his indignation. When you see them gathering, you know the Lord has opened his armoury, because the weapons that is designed to bring her destruction, the way God say she will die, because she is not going to drown in water like in the days of Noah. She will be burnt with fire in one hour. She must die by atomic fire. Do you understand?

...For this is the work of the Lord GOD of hosts in the land of the Chaldeans.

God is saying, "This is my work. I'm doing it like this." So that's why he who is going to do it is telling you, before he does it, how it is going to be done. That's why it becomes prophecy.

Come against her from the utmost border, open her storehouses: cast her up as heaps, and destroy her utterly: let nothing of her be left.

Slay all her bullocks; let them go down to the slaughter: woe unto them! For their day is come, the time of their visitation.

The voice of them that flee and escape out of the land of Babylon, to declare in Zion the vengeance of the LORD our God, the vengeance of his temple.

The ones who come out of Babylon when the call says, "Flee out of her! She is fallen is fallen!" they have to come back in Zion, and stand up in Zion and start to declare, "the hour for the Lord's vengeance upon Babylon is here."

Call together the archers (Again, notice again.) Call together the archers against Babylon: all ye that bend the bow, camp against it round about; let none thereof escape: recompense her according to her work; according to all that she hath done, do unto her:

Recompense, in other words, what is being fulfilled here is, what you sow you are going to reap, now. How much you

killed and plundered and devoured, so it's going to happen to you now. How much you've lied and deceived, so it's going to happen to you now: 'Be not deceived, God is not mocked'. That's a recompense: 'I will repay, saith the Lord'. and the punishment always fits the crime. That's a principle of judgment. And Babylon's judgment is the Vials, you know that. And Jerusalem's redemption is the Seals, you know that. And redemption and judgment always go together.

*...Recompense her according to her work;
according to all that she hath done, do unto her:
for she hath been proud against the LORD,
against the Holy One of Israel.*

Verse 33:

*Thus saith the LORD of hosts; the children
of Israel and the children of Judah were
oppressed together: and all that took them
captives held them fast; they refused to let them
go. Their Redeemer is strong;*

Because Revelation 18 says: 'Strong is the Lord that judgeth her'. The One who redeemed them he is kinsman Redeemer. And the one who is going to judge her is kinsman Avenger. He is avenging what they did to his family. Amen?

If you go back and listen to messages like **When He Maketh Inquisition for Blood**, and these messages on *the Vials, the Harvest and the Vintage* and these things, you will understand those things even more clearly.

*Their Redeemer is strong; the LORD of
hosts is his name: he shall thoroughly plead
their cause, that he may give rest to the land,
and disquiet the inhabitants of Babylon.*

Verse 41:

*Behold, a people shall come from the
north...*

Where they going to come from? The north.

*...And a great nation, and many kings shall
be raised up from the coasts of the earth.*

May the Lord bless the reading of his word. You may have your seat. Turn over to Jeremiah 51, quickly. When we were on that series of Ruth last year I preached a message out of here and I called it **The Threshing of Babylon**, because we were in the threshing of the Bride and then we went on to the threshing of Babylon, the great harlot. I just want to read from verse 6 here. Jeremiah 51, verse 6.

*Flee out of the midst of Babylon, and deliver
every man his soul: be not cut off in her
iniquity; for this is the time of the LORD'S
vengeance; he will render unto her a
recompense.*

The day of vengeance. The day of vengeance when the Son of Man, the Supreme Judge...Did the priest hand the prophet the book, like the priest handed Jesus the book in the first coming? And then the priest hand the son of man the book in the second coming.

Was the rock thrown up and he said, "Judgment has started in the earth?" Was the Cloud turned and shown that that wasn't just talk, here He was wigged with a white wig? Was the Message rejected? Was there an indictment? Was there a trial? Was there a verdict? Was there a people shut up in prison? 'Souls That *Will Be* In Prison' or 'Souls That *Are* In Prison, Now'? Which one? That **are** in prison now.

Is there a Sixth Seal to cremate this generation? The righteous will walk out on the ashes of the wicked. The earth will burn after this Elijah. Have we seen the last sign before the gentile world is to be burnt with fire? All right. So if you read and say, 'This is the time of the Lord's vengeance' that's not a time that is coming, we are in that time already. That time is already moving, because the church has already rejected the Message. The sealing Angel is sealing up the elect, while the slaughtering angel holds them wars, them winds.

But after 2001 and 2003, with the war in Afghanistan and the war in Iraq we know winds are being let loose. You can't have a place get the greatest bombing in all the bombing ever bombed in the history of the world in warfare there was never a devastation like that no time in the planet and the winds are not loose. You understand?

The thing is, to the people who are desensitized, when they read that, that is news. To the people who are awakened, when they read that and they know scripture, they know what hour that is. When they read that, they understand when the prophet says, "Get under the token!" He said that was to follow the Seals. Once that mighty angel comes down and opens the book, and raises his hand and swear time shall be no more, you'd better get under the token. All Israel had to get under the token. Why? Because the last plague, death is already moving.

Is that the Bible? Is that the hour? Why have we gone in the region? Why are we making all this great effort in the region? What was my purpose in asking the brothers for me to take the meetings in the Convention? What was the purpose? What is the purpose, after the Convention, to come back and play the three messages back to you and tell you, "You only get about ten percent in the Convention, and you need to hear it over." And ask the brothers to put it in book form, too. What was the purpose?

I said, "The revelation needs to be defined; it is not being clearly understood." And people think it is little truths, you know, just some little things; and this is a major revelation that is coming out in this hour to lead the church forward into glorification, because this revelation shows when the mighty angel came down at the end of the seventh decade. Sixty-eight years had run out; Gabriel descended at the time of the evening sacrifice to a prophet on the earth, at the beginning of the gentile dispensation, at the end of the gentile dispensation.

Was Daniel at the beginning of the gentile dispensation? Was Bro. Branham at the end of the gentile dispensation? Then at the end of the seventh church we were to receive a

messenger. The mighty angel come to him. Was that messenger to come and bring a word? Were the signs only something to attract their attention to get them ready for the Voice of the sign, the message of the hour? Is that how you understand the Message? Is that how it has been taught to us here? Amen?

Then all the way until the temple was to be rebuilt, until we see... the mistake they made, they took their eyes off of the purpose why they came out, and the enemy frustrated their efforts, and they cease to build. But when the enemy comes like a flood God must raise a standard. So the Holy Spirit start to raise up men (Is that right?) to push the church forward, who had dropped their tools. Is that right? And they picked it back up, and they asked God to strengthen their hands for war, and they were determined to build, to finish the work they started. 'Be confident that he who begin the good work in you will finish it even into the day of Jesus Christ.' Amen?

Then when the Holy Spirit came, and we see how when that house was rebuilt, he said, "I will fill it with glory." Amen. And watch those three messages in the Convention was about the glory: **I Will Fill This House With Glory, A Pyramid City Having The Glory of God**, and the time when the glory comes, **The Return of The Glory Of God in the Feast of Tabernacles**. And stage by stage the Holy Spirit brought all three into one to show you what happens in the land of the fathers after you come out of Babylon at the end of the seventh decade. Amen?

And God took those five books of the restoration and Revelation 17 to 22 and put them together. And I'm showing you from the coming out of Babylon all the way to a pyramid city having the glory of God. And the book ends with that city; the book ends with the bride in all her glory, because it's a woman who fell in the beginning and it comes back in the end. Amen?

So we had those things, so I'm just putting that in here to keep your mind, because verse 6 here is speaking about, 'This

is the time of the Lord's vengeance, he will render unto her recompense.'

Verse 7:

*Babylon hath been a golden cup in the
LORD'S hand, that made all the earth drunken:*

Didn't mystery Babylon do the same? Is that prophesied in the Bible? That's right. And the reason I'm typing this is showing you that these prophecies, they transcend back there because they was speaking of an endtime people at the end of the seventh Church Age who will be called out of Babylon.

Did the Holy Spirit take the Scriptures and prove to us that when Solomon built the temple and the church was filled with glory, the Babylonians came and break it down? And the Day of Pentecost, when the church was filled with glory the Babylonian powers came. The Nicolaitanes is the first stage of the Babylonian power. Second stage – Balaamism. Is that right? Third stage – the doctrine of Jezebel, because that is the three stages of what? Organization. And they bring it down to Babylon. Is that right?

But at the end of the seventh decade the mighty angel was to descend with a message to reveal the whole counsel of God, even all the way to the consummation. Did Gabriel come to give Daniel a sensation, or did Gabriel come to open truth all the way to the consummation? To give skill and understanding to understand the matter and the vision. This angel didn't just come to give a sign, this angel came with a Voice to open the mystery in the Bible. Is that right? So we see these things and we know that that is true.

Now this is Scripture, now. Once it's the Bible, and it's prophecy for the last days and we have evidence we are living in the last days, and we begin now, as we get focused and our minds get tuned in to the Bible and the modern events, then the modern events is no longer news on *CNN* and *BBC* and *NBC*. And all these things, they now becomes clear as we look at the modern events through the eyes of the vindicated prophecy.

We see the seal. When we see that war going forth in Iraq we don't just see a war, we see the Second Seal - war and rumours of war. We see the Trumpets – political disturbance. That is how we read what is happening around us.

When we see we sit in the church here and night after night, week after week, it amazes us how the Holy Spirit opens the Bible, and the magnitude in which He brings out the Word. Like we saw in the Convention, there, when God took from Adam in the beginning, and the fall of man, a king throwing his kingdom into death, all the way to the city being filled with the glory of God; from Genesis 1 to Revelation 22, and God brought it out of the Old Testament for us. When you see that, and you know, I guarantee you, that hasn't been preached for two thousand years. I guarantee you, that hasn't been preached for two thousand years.

What we received are messages designed to dovetail all Scripture, but it takes the Spirit of truth to put the key now, to give you an entrance to access these things, because he said, "It will be opened and made clear wide before your wondering eyes." And does that not make a man's eyes wonder how could you see the whole Bible like that, so clear? It's beyond the human understanding.

Then when you look at that what do you see? If you can't see that you can't see the modern events, because this also is modern events. And I always say that goes past the clapping of the hands, and the joy of the saints. That is sons of God rising in the last days, the eagles of the eagle age, bringing the secrets of God down and displaying them to the church. God is bringing the sons into manifestation! He is revealing His sons. The word there is the *apokalupsis* of the sons of God: the revealing of the sons of God. The eagles in the eagle age, a cluster of eagles between the Gentile eagle and the Jewish eagles. God's eagles! Oh my! Look at it already here tonight, just standing here, Wednesday night. My! You see, it's happening.

And that's why then you, as a believer you can't sit down and, "Uhh, what's this all about? Where is that in the Bible?"

No. You say, “Oh God, let me look at that in the Word again. Oh God, it’s there. Oh God, what time have we come to? What time is it, sirs?” And then you realize, shouldn’t it be, forty-two years after the prophet left the scene? Not two years, *forty-two* years we’re talking about. Shouldn’t it be? About forty-five years or so after the Seals have been opened, shouldn’t it be that ‘the world will not see me, but you will see me’. I will come to you, I will manifest myself unto you?

What did he do after the mighty angel came down on the Sunday? They were walking unknowing that the Scriptures had been fulfilled. They were unknowing what time they were in. They were unknowing what was achieved in the day they were living in. They were unknowing that the promise of God, the message was no longer just ‘come out of denomination’, now, but was come into the promise; because that was what he raised for: ‘Because I live you shall live also. If the same Spirit that raised Christ from the dead dwell in you it will quicken your mortal bodies’.

Is that quickening power the Holy Spirit? The opening of the Seals was to release that to the church. Amen. Then we know that that is so. We know that that is so. Then you start to see the value of being here. Then you start to get the assurance that you are one sitting, and especially when you start to understand it, when it start to be made clear to you. It is telling you that you are considered. You have the ear to hear what the Spirit is saying. Faith is coming into your heart, because that’s what he promised for this hour.

And that’s why when the people are saying “Oh, the prophet has to come back. The Seventh Seal isn’t really open. Well, we don’t really know what is going on.” We say, “Not us; not where we sit. Not where we hear from; not with the things that are pointed to us in the Bible. Not us!” No, no, no, no, no! The wise virgin has oil in her lamp. She has oil in her lamp. She heard ‘Behold the bridegroom cometh’. She saw the bridegroom come. Is that right? She come into union with the bridegroom and the rest was looking for oil. And without oil they can’t understand; it’s a bunch of rattling noise.

Verse 7:

Babylon hath been a golden cup in the LORD'S hand, that made all the earth drunken: the nations have drunken of her wine; the nations are mad.

Do you see the world mad? Isn't all them murders mad? Isn't them drivers mad? Isn't them woman naked in the road mad? Isn't them politicians mad? More and more money every year, more and more resources and yet the people are living in more and more poverty? Is this the insane age? Is this the blackout age? Are we in the age of the mind? And they don't have the mind of the age; but the secret in the back part of God's mind is being put in the heart, that we have the mind of Christ. Hallelujah! "She has the mind of Christ and she knows what he wants done with the word."

'Stand in Jerusalem and declare the work of the Lord.' What is the work of the Lord? It's a redemptive work; it's a restorative work. It's also a judicial work, because he is bringing judgment on one and redemption and restoration on the other.

Verse 8:

Babylon is suddenly fallen and destroyed:

What God was giving to John in the book of Revelation was already given here. And the angel who is saying that, and the angel that is coming down in that time is this age, not Paul's time, not Irenaeus' and Martin's time, not Columba's time, not Luther and Wesley. No, no, no, at the end of the Pentecostal age. Is that right? That's right.

...Howl for her; take balm for her pain, if so be she may be healed.

What a condition.

We would have healed Babylon, but she is not healed: forsake her, and let us go every one into his own country:

No matter what you do, you can't get the church...because there is no balm there. They rejected the physician. They rejected the balm. They rejected Doctor Moses and Doctor Simon Peter with the prescription. Didn't he preach **Doctor Moses**? Didn't he preach **Is There No Balm In Gilead**? They rejected it; they can't get healed. When he told them if the mechanic didn't take the advice, what it was going to take to fix the motorcar they said, "No, no, no, we have a Baptist mechanic. This is a Baptist vehicle, let a Baptist fix it!"

Well, if a Baptist fix that, that doesn't have enough power to go in the rapture. If a Pentecostal fix that it doesn't have enough power to go in the rapture. But when He came down and he begin to fix things, brother, he bring back the apostolic doctrine. Is that right? He gives us the right mechanics and send the dynamics in to fire off that thing! Hallelujah!

Watch. Get this now.

*...For her judgment reacheth unto heaven,
and is lifted up even to the skies.*

That is Revelation 18:5.

*...Her judgment reacheth unto heaven, and
is lifted up even to the skies. The LORD hath
brought forth our righteousness.*

The Branch, Jehovah Tsidkenu, He had brought forth what? Our righteousness. Abraham met Melchizedek. Is that right? And Melchizedek begin to show him, 'so shall thy seed be. I'll make you a father of nations. A new name, a change is coming for you.' Isn't that right? He believed God. Is that right? Abraham had come out of Babylon. Abraham had come through justification, sanctification, the new birth; received the Son of Man and was changed. Is that right?

Does God deal with Abraham seed the same way He dealt with Abraham? Does the life of Abraham show you coming out from Babylon all the way into the new body? Did he meet the king of that city? Melchizedek? What is his name? King of what? King of what? King of righteousness.

Did He give him bread and wine? What is that? The broken body and the shed blood. Can a man become righteous without that? He died for us sinners. He became sin so that we could become what? Oh, thank you, Lord!

Then that is for a people who have come out of Babylon. When the God of glory descend, amen, and say 'Come out of your country'. And Abraham obeyed and he went out not knowing where he was going. "Where are you taking me, Lord?" "Into justification." "And where else, Lord?" "Into sanctification." "And where else, Lord?" "Into a new birth." "And where else, Lord?" "Into a new body." Hallelujah!

You see the patterns of the Bible? You see how all Scripture dovetails? It takes the Holy Spirit to dovetail the Scripture, line upon line, precept upon precept, here a little and there a little. Is that right?

You know the breast is exposed to you. You know you are seeing the source of your strength to bring you into a new body, an inexhaustible fountain. You know that isn't one breast, that is two – Old Testament and New Testament. Is that right? Old Testament here and New Testament over there. Genesis and Jeremiah here and Seven Church Ages, Revelation 3 and Revelation 18 to 22 also.

The LORD hath brought forth our righteousness: come, and let us declare in Zion the work of the LORD our God.

'Come and let us declare in Zion. Come and let us declare in Zion the work of the Lord.' Why? Because the work is being done in them. In other words, testify what the Lord is doing for you. Declare what the Lord is doing for you. Amen. *He brought me out of the miry clay, he set my feet on the rock to stay, he put a song in my soul, a song of praise. Hallelujah! Therefore the redeemed of the Lord shall return unto Zion with joy. We are marching, marching to beautiful Zion, on Zion's hill. Amen! We are going up on Zion's hill.*

Make bright the arrows. (Make what? 'Bright the arrows'.) ...gather the shields:

*Make bright the arrows; gather the shields: the
LORD hath raised up the spirit of the kings of
the Medes:*

Who are they? Who are these people? They are Persians. Mede was a tribe and the Persians were a tribe, two tribes from Persia, two nomadic tribes from Persia. Amen. And one was eventually absorbed into the other. And that's why Cyrus is called king of Persia though he was over the whole, Medes and Persians together. Amen. Sometimes the Bible says Medes and Persians because it wants to give you the history of how they come about. He don't just want to give you the statement, he wants to give you the history and show you how family can get absorbed into another family.

Have you ever seen two people marry from two different families and you ever see a new race of children coming out? Is that right? That's right. So you could trace the history of these people. So you don't just read Scripture, trace it sometimes and see where, see what it is. Those people are still alive on the earth today. That is Iran. That is Iranians. Do you hear what I'm saying? That's Iranians.

*...For his device is against Babylon, to
destroy it; because it is the vengeance of the
LORD, the vengeance of his temple.*

Why is God taking this vengeance? For what they did to his temple, what they did to his vessels, what they did to his city. Did they burn it? Did they break it down? Did they defile it? Did they desecrate the vessels? God is saying, "Your day is coming; and now is your time come."

Did they break down the early church? Did they bring it into creed and dogmas? Did they take it into Babylon, mystery Babylon? Did they make Luther come out with a sprinkling Father, Son and Holy Spirit baptism? And then make Wesley come out with a Father, Son, and Holy Ghost pouring baptism? And they make John Smith come with an immersion baptism in Father, Son and Holy Ghost. Is that right?

But God had promised in the last day, when that angel descend from heaven, hallelujah, the truth of the faith of the fathers is going to come back: one Lord, one faith, one baptism. The original gospel will come back, like Paul had it, that the faith of the Fathers is living still in spite of dungeons, fire and sword, in spite of all what mystery Babylon did, the red horse under the second seal, under the third seal. He who said, 'Hurt not the oil and the wine,' brings the oil and the wine in the last days, and here they stand with a praise, with a shout. They have the revelation, they have the stimulation and they have the Holy Ghost that is constantly giving the revelation!

God says, "You can't kill them out." Amen. "Kill the fundamentals, not them. Not them! They will praise me in the last days." My! I'm giving you Old Testament and New Testament; I'm giving you history and prophecy.

He's taking vengeance for that. He's taking vengeance for that.

*O thou that dwellest upon many waters,
abundant in treasures...*

You hear how He calls her? You who have the wealth of the world. You who're decked in scarlet and purple. You who have pearls and the riches of the world. Thou who art abundant in treasures. You who sit on many waters", multitudes of people. Do you hear how God is calling her?

Is that how he called the last day church, the one who drunken the earth? All this is Revelation 17, that the same kings, God will put it in their heart to eat the harlot's flesh and to burn her with fire, there and here. And what is it for? For what they did to our brothers and sisters, what they did to our fathers and they.

When those young sisters walked in the arena, amen. When those mothers were pregnant with children, and they ripped open the belly and fed that unborn foetus to hogs and these things. When they burned them at the stake, our sister Joan of Ark; and they tore them limb by limb. Where they used all the system to blacken them and called them witches (Is

that right?) and heretics; but the corn of wheat had to fall in the ground and die.

God said, "Let them do it; it's okay. Let them do it." And the man thought, "God sitting there with his hand on his tummy like some big old fat man, just watching them get slaughtered? What kind of God is that?" They never read Jeremiah 50 and 51. 'Now is the time come, I will repay, saith the Lord. Vengeance is mine. Vengeance is mine, I will repay, saith the Lord.'

"I will come as kinsman redeemer and kinsman avenger at the end of the seventh decade. I'll come for a jubilee, a year of the redeemed and a day of vengeance together." Hallelujah! "I'll take one back to their origin, back to their inheritance with all things under their feet, and I going to bring the other one and sink them into the sea after I burn them with fire! I will kill Jezebel's children with death. I will destroy them that destroy the earth, but I'll take Juliet, like Romeo took her."

He come to steal, he come to kill and he come to destroy. Is that right? Like a thief. Are we in that time? Has the thief come, the presence of the thief unrecognised? Hallelujah! But something knock on your heart, 'Behold I stand at the door and knock' and you open your heart and you let Romeo in.

Have you let Romeo in? Are you in love with him, tonight? And did he give you love gifts? Has he held you, his sweetheart close to his heart, whispering secrets in your ears? Not to a bunch of flirts, you to whom he slipped the wedding band of unmerited, predestinated grace. You whom he gave white raiment and gold tried in the fire. You whose eyes he anoint to see the mysteries and recognize your day and your message. Amen.

*O thou that dwellest upon many waters,
abundant in treasures, thine end is come, and
the measure of thy covetousness.*

"And the measure of thy covetousness."

*The LORD of hosts hath sworn by himself,
saying, surely I will fill thee with men, as with*

caterpillars [locusts] and they shall lift up a shout against thee.

Amen. Verse 24:

And I will render unto Babylon and to all the inhabitants of Chaldea all their evil that they have done in Zion in your sight, saith the LORD.

All what they done in the church when they creep in unawares, and they turn the grace of God into lasciviousness. When they come saying “Yea, hath God said” and they preached another Jesus and another gospel. As the serpent beguile Eve, so they beguile those, corrupting their minds from the simplicity. When they went in the way of Cain and the error of Balaam, in the gainsaying of Korah. Is that right? He was watching them.

When they formed the synagogue of Satan, he was watching them. When they had the doctrine of Balaam, and making them eat thing sacrificed unto idols and the doctrine of the Nicolaitanes He was watching them. When they had the Jezebel doctrine, He was watching them. Do you understand? He saw what they did in Zion.

When they come in the last days, the reason God could innumerate their sins was because his eye was on them all the time. Because the indictment requires charges of criminal offence. You don't have any case if you don't have evidence of criminal offence. What kind of judge is that to go and have a big trial, and it has no evidence against the man?

But how many know, when you born a record goes on in heaven? How many know only blood could cleanse that record? How many know that is even for nations, too? How many know the same way God judges a man he judges a family? And the same way he judges a family he judges a church? And the same way he judges a man, a family and a church, he judges a nation? How many knows that everybody's cup gets full? That's the Bible.

My. Verse 27:

Set ye up a standard in the land, blow the trumpet among the nations, prepare the nations against her, call together against her the kingdoms of Ararat, Minni, and Ashchenaz;

All those nations, you trace them back. How many know where Ararat was? That's in Turkey, right in the border of Russia, up in the Soviet states. You understand? And the other two, they have their modern-day names like Uzbekistan and all these nations there. They belong to those Baltic States, there.

How many know that is where Russia had all the nukes in those days? That's right. Where has it gone? How many know it's in them places that America, even when they were fighting the war on Afghanistan, they put up bases in them places, too?

How many know they have strategic locations to start to get themselves established, and have influence and exert that influence over a region? How many know that's where a big part of the oil resource of the world is? How many know that that's the commodity the western world depends on? How many know the Iraqi war was for oil? Now you understand a little bit. **You see?** Now you're understanding a little bit.

If that is happening there, is there anybody in Zion declaring the works of the Lord? Is there anything going on in Zion? Is there a people come out? Is there a house being built? Is there glory coming in that house? Is Christ in that house? Is he the hope of glory?

Is Jesus in bride form in the bride age, in the bride coming? Will the Bride have a ministry to preach to the lost? In the days of Noah, does it show when the door was closed? Was the dove in the ark? How readest thou? How understandest thou?

In the days of Sodom, does it show where Sodom time run out? Did Abraham know? Was he an intercessor, an advocate in the court when God was supreme judge? Was he pleading Lot's case? Is that a people on earth now, before it burns, after the sign and the voice? 'Shall I hide from Abraham what I am about to do?' What is he about to do? Burn it? Change them?

Is there a people talking about a second cycle – that Sarah got a visitation, she start to live in the age? Then how could you accept this and don't see the other part? You understand what I'm saying? I'm proving by these Scriptures one complements the other. How many know the wheat and tares grow together and is harvested together? How many know the same rain and the same sun ripen both, that each one doesn't have a separate sun? Do you see? What a time. What a time.

I'm laying some background here, you know. I'm coming to something. The half has not yet been told. After I left you on Sunday, between Sunday and today God led me to a discovery, it took the breath away from me. It took the breath away from me! I said, "God loves this little church." Watch.

"Cause her to make bright the arrows, because her time has come." This one who dwelleth upon many waters, and is abundant in treasures, 'thy end is come'. He says, "Gather the nations; blow the trumpet." How many know what blowing the trumpet is? Political disturbance. Is trumpet political disturbance? Is blowing the trumpet alarm, war in the earth?

How many know we're living between amateur tribulation and great tribulation? How many know amateur tribulation put Israel in their homeland, Hitler and Eichmann, and they? And great tribulation is going to come when Moses and Elijah stand there on the earth; and between that time we are between amateur tribulation and great tribulation. And the beginning of sorrows was 1962 when those five planets lined up, and there was the missile crisis in Cuba, and all these things.

I'm referring you messages, you know. I'm referring you to things already taught in the church down through the years. I'm putting you back in remembrance to help raise you up to really walk in this hour, conscious, in step with the Holy Spirit, in the rhythm of the symphony of God's Word.

In comparison with weaponry of today, wouldn't an arrow and a bow be a very primitive thing? You could imagine the Iranians or the Iraqis seeing a big F16, and a man take a bow and arrow and trying to shoot it up in the sky? If those fellas

coming with Uzi and AK47, and a man with a bow and arrow trying to shoot it, wouldn't that be craziness?

But how many know an arrow is a missile in a primitive form? And how many know the bow is the launching system that launches the arrow which is the missile? And how many know the arrow is no good without the launching system to launch it? And if the arrow is not properly made. It must have proper balance so it can go through the air to a target at a certain speed.

How many know choice of materials is absolutely necessary and the technology and the science of handcrafting this thing is most important, and you must understand a little aero-dynamics inside of there too, to get it moving properly? And how many know you could upgrade the normal flinthead by wrapping it with a swab and dipping it into some form of gasoline and light it afire and make it a more deadly warhead? Or you could tie a piece of dynamite to it and shoot it at its mark, and it could explode also. But that's still primitive, right?

And how many know a shield was a defence system against missiles? What does the Bible say? 'And above all take the shield of faith.' And do what? Quench what? Fiery darts. Shield, a defence against a missile system. How readest thou?

We are in an age of ICBMs – Intercontinental Ballistic Missiles. They could stay in Moscow and shoot it straight into America, shoot it straight into the Vatican, and it goes through the air guided to a target, like how they had those smart bombs. And that missile was launched from a launching system at a missile base.

How many know at present the big contention between Russia and the United States in Europe is that the United States wants to build a Missile Shield Defence System? And they want to set it up in Poland and the Czech Republic to put it over Europe, so America and her European allies can be safe from any missile attack from North Korean or Iran. And why do they think that they will be shot at?

How many know that the Bible in Revelation 7 shows you chemical weapons? World War I they had poison gas, mustard gas, chlorine gas and these things. World War II they had the hydrogen bomb and they also had biological weapons. How many know biological weapons can be used to destroy your crops, destroy your animals, spread disease among people, pollute your water? Infect people with diseases, because these things can be manufactured in a laboratory, as AIDS has been?

How many know under your fourth seal, which is this age, power is given unto them to kill with war, with famine, pestilence, the sword? Is that right? Because they've already been killing with religion for years. Now watch.

How many know our food is poison? How many know our food is designed to make women narrow in their hips and broad in their shoulders, and make men narrow in their shoulders and broad in their hips? How many know it's an age of perversion because of what we eat? How many know death came by eating in the garden of Eden, and redemption come by eating, too? That's right.

Aren't you glad the Seven Seals have been opened? Without the Seven Seals we'd hearing some little churchy message telling you, you know, "be a cheerful giver". You know, "go and visit the poor" and these things. You'd be trusting in a good deed you do, or something like that and you have no faith in the Word of God, you don't know the hour you living in, you don't know the plan of God. But then God come and show you what time you're living in, where you are in the plan of God, what meaneth the things that are happening round about you. Amen?

The Bride is taken up, where? In the mystery of the Seventh Seal. "Enoch walked with God and was not." To walk with God he had to separate from the world. It takes separation first. No man could walk with God if he doesn't separate from the world. Two can't walk together except they agree. There must be agreement. There must be harmony; there must be union for this walk, because that walk is God

walking you in. 'I will dwell in you and walk in you, said the Almighty. I will be your God and you shall be my people'.

So watch, so whether it is primitive warfare or modern warfare in the twenty-first century, the concept is still the same. Arrow is a missile; a bow is a launching system, and a shield is a missile defence system. Modern technology has made missile with a warhead that could burn a city, a whole city.

Today the normal bow, maybe could shoot one man, shoot a deer or something like that, put a little dynamite with it, it could blow up a house or something. But to burn the Vatican in one hour, that take a bigger arrow, and that take a bigger bow and no missile defence system that they put there to protect themselves...

Now watch something, watch where we getting with this. God help me. I got to watch that clock, plus I got to wait for, to change the beat here just now, but I want to lay these things in first, I want to lay this in.

The concept is still the same. Even though the technology is different, the concept is still the same, because arrow was designed in the Old Testament... Men used to fight with swords. If a man had a knife either you throw the knife at a man, or knife is for close infighting. But arrow was to fight at a distance, because you could stay from here and take the man out quite there. You could even take him out and he wouldn't know where the arrow coming from, because it's silent.

You understand warfare a little bit? Because this is war. How many know God is a man of war? How many know He comes to judge and make war with righteousness?

So the arrow was designed for long-range strategic deployment. I have to use some military terms here, because you know, I have to make the picture real.

Long range strategic deployment. When deploying your missiles, your weapons in warfare, it means that if somebody had an arrow and bow and the other one had no bow and arrow, the one who had no bow and arrow had to depend on

close infighting. But the one who had bow and arrow could kill them at a distance before they get close. They can't retaliate from there because they didn't have the capability to retaliate from a distance, so that shifted the balance in power.

That is why the Americans now, they have certain types of range of missiles and so on. So when they're helping their allies now, they want to get favour with the Pakistanis, or with the Syrians and they, or whoever they want to get favour with they say, "Okay, we have some hostile enemies on your border. You give us a place to land in your country and we will give you some planes to help protect your resource." But the planes they are giving them...

Like when America was giving the Egyptians and the Syrians and they, trying to make deals with them, and the Israelis say, "But how could you do this? They are our enemies! I thought we are your ally in this region?" He says, "Don't be afraid. What we give them don't have the capability of what you have. We kind of arm them with a couple knives and clubs and so on, but you still have the edge, the competitive edge over them. If you going to get into a clash, your weapons are superior to their weaponry and it means to say you should handle your opposition very easily."

Arrows were designed for that kind of fighting. That was a discovery when men begin to become more sophisticated in their weaponry, because they could strike targets at a distance – people or property.

At one time, before you make your arrow with fire you could only strike people. What can an arrow do if you shoot it into a wall, *pang*, and it get into the wooden post and stay there? A man could pull it out and shoot it back at you. But if you put a piece of dynamite on it and you shoot that, well, then, the house is no more. So whoever is in the house, even though you don't hit them the whole house will collapse on them. You understand what I'm saying?

So that is why they start to talk about nuclear warhead or a missile with biological warhead, or a missile with chemical

gas. Remember when Sadam Hussein gassed the people, the Kurds and they? They tried him for that too. That was one of the charges that they brought up in his trial.

So watch. God is strictly calling here for the archers and them that bend the bow, because Revelation 18 says she will be burnt, and the prophet tells us it's an atomic bomb! But what I'm trying to show you is that an arrow is a missile that goes through the air that comes from a launching system, because that bomb comes from a launching system.

These are not bombs that planes are going to drop. That is a different kind of bomb, you know. These are Intercontinental Ballistic Missiles: long range. No plane is flying bringing that, that's coming through the air.

When the US fight their wars they have satellites in the sky. And those satellites is where you go and put your card in the machine – *plang*; what you make your phone call with, and you get money out of the ATM machine. You understand what I'm saying? And the GPS system in cars that drive around, it's those satellites up there.

And then the military have their own designated satellites for their smart bomb and their planes and their tracking device and their radar where they could read it on the ground because it is being monitored from the air. And all the credit cards that you shop with, they are able to monitor that because it's going to satellite. That is why when those things knock out up there all these systems can't operate on the ground at all, because it's more than electricity.

Now watch. That's why when you swipe that card in America, *shew*, by the time you come home that statement is waiting for you, you know. It tells you what store you buy in, what you do, everything, you know. So then you realize how much runs in with that swipe. That one swipe – *shew* – *tells* you time of the day, what day it is, what month it is, what year it is, what store it is, every item you purchase. Those little lines, that bar code, that is an information system, you know;

but it's a satellite. And the same way those planes, when they moving there they know everything on the ground.

Now watch. You see, I want to bring the scripture in a way so you could understand it. You see, you're sitting there, "Babylon", you're still looking for something. All those systems are here. All these systems here, all these weapons are here, and all these people are here. And the bride is in Zion.

Now, the key that holds this, the only reason I could preach this, I'm standing in Zion, you know. For me to see this, I'm standing in Zion, you know. I'm declaring God's work in Zion, you know. I've declared for the last three or four months for you, from May, June, July, August, September, five months I'm declaring to you about **Hephzibah and Beulah**, and **Jerusalem The Mother of Us All**, and awakened and stirred, and measuring the city and all these things, **Be Strong and Work**.

And now I'm showing you Babylon. Now I'm showing you what is happening, what she is doing, where she is at, how her destruction is coming. How God said, "I've opened my armoury." And I told you on Sunday, the armoury is opened. I'm talking about Iran, the king of the Medes. If the king of the Medes has to do that, there must be a bow and arrow. How will you launch an arrow if you have no bow and arrow? And in this age bow and arrow is nuclear, nuclear capability to launch a missile. And then to get a target you have to have some reason to make somebody a target. You see, sometimes you read the Scripture and you think, "They will drop a bomb!" Nobody will drop a bomb if they don't have reason to drop a bomb.

Will you hit a man a cuff for nothing, and you and the man had nothing? Will you get vex with somebody, until you want to kill them and blow them off the face of the earth if you have no problem with them? It has to have some reason to produce that.

What did Bro. Branham say about why Russia will do that? He said "Catholicism destroy their country that is why they

turned to Communism.” You understand what I’m saying? Then America come and deceived the whole world. Ahab and Jezebel killed Naboth and then take their land and their resources in a scheme: **To Kill and Take Possession, Disguised For Deception, The Many Painted Faces of Jezebel.** Are you understanding me now? I’m putting you in remembrance.

And they know. They know. And they have gone to Europe now, which was the old Soviet stomping ground that they had control over, and they’re going to put up...Jezebel wants to put up shield to make sure she don’t get touched. You think they don’t know the Scriptures? You think they don’t know they are Babylon? But they want to protect themselves, because they think they could protect themselves.

Didn’t Ahab go up to the battle with armour to protect himself? Didn’t he disguise to protect himself? But God said, “Your day has come, you could disguise how much you want, you could protect how much you want.” It’s God guiding that missile. And God said, “It shall be as”– what?” The man who said it, he said, “The arrow would not be in vain. The arrow they’re launching will be like the arrow of a mighty expert man and will not return in vain.” It will go straight to its mark.

So I tried to show you missile and shield. You understand the picture in today’s world? What am I doing that for? To bring realistically to you...What is the present dispute right now with Iran and the United Nations? They are arming themselves with nuclear power, because America is in control of Afghanistan where they put up their bases, and they are in control of Iraq where they put up their bases. And on both sides, two borders of Iran who has the next largest resources of oil in the world, the invading power who tell the world about ‘Iraqi Freedom’, but they’re really going to entrench themselves and influence all the politics and destroy the whole country, now the next largest one is right there.

And they’re starting now to beat their war drums again, and so Russia and China has started to have war games together. Two powers that were apart from each other and for fifty-eight

years had border dispute, and recently here they start to have war games together, because it's a policy of containment, to check the aggression.

Extermination For Expansion, the expansionist powers who want to expand their borders, cross the Atlantic, go into the middle east and start to take territory there though you living on the other side of the Atlantic, because you see yourself as the only power. And you defy the United Nations and make two wars by telling people you're fighting to get rid of terrorists. And they are getting these videos ever so often and playing them on the television, yet in today's world you could manipulate that as easy as easy can be.

And Hollywood comes from America, and the prince of the power of the air, this is the age when he has power of the air. Because your telephone your computer, (is that right?) your radio, your television, everything goes through the airwaves. It goes through the airwaves. And the god of this world is blinding the minds of the people, putting them to sleep; putting the world to sleep. And in that time do not be caught in drunkenness and surfeiting and these things, because that day will come upon you as a what? Snare. Like a trap that springs shut suddenly to catch a bird! But look up and lift up your head, and when you see the Son of Man coming in a cloud with power and great glory, you know that your redemption draweth nigh.

But the One who coming in the cloud is coming with a white wig, He isn't coming with a crown of thorns; and the white wig means He is Judge. He is coming in the Lord's Day to bring recompense. 'Behold I come quickly, and my reward is with me to give to every man according to his works.' The paymaster comes at harvest time; the paymaster. Whew!

Verses 35 and 36, quickly.

The violence done to me and to my flesh be upon Babylon, shall the inhabitant of Zion say; and my blood upon the inhabitants of Chaldea, shall Jerusalem say.

They are saying that in a court. That's a witness giving testimony. You understand that? That's us. The same tree that the cankerworm, the palmerworm and the caterpillar eat down, 'I will restore saith the Lord.' Not another planting – a restoration of the same tree! The Bride tree was eaten down; the temple was broken down but it's being rebuilt. "The tree of life shall bloom again; the house of God shall live again; the pyramid shall stand again."

Don't you know that is what they did to our fathers? Don't you know that is your family? You can't even know you going in the Bride if you don't know who your father and they are. You have to know who the promise is given to. You can't even get the inheritance; you have to know who had the inheritance first.

When Caleb and they came in Canaan's Land didn't they know Abraham and Isaac and Jacob and Joseph were in that land? When we come back in the Holy Ghost and this doctrine in the last days did we know Paul and Irenaeus and them had this doctrine? You understand? Are you still with me? You have something left? Okay, quickly.

*...and my blood upon the inhabitants of
Chaldea, shall Jerusalem say.*

*Therefore thus saith the LORD; Behold, I
will plead thy cause, and take vengeance for
thee;*

Here is God, the prosecutor and judge in the hour of Babylon's judgment. This is Babylon's trial you are reading going on here. The bride is not on trial here, you know. The bride is witness, being called in the witness box to give testimony.

"Yes, sixty-eighty million of our family they killed here," shall Jerusalem say, shall Zion say. Why are we getting restoration? Our family was destroyed. Why are we talking about rebuilding Jerusalem? Something burnt it down. Somebody break it down. God said, "I will plead your cause."

I will dry up her sea, and make her springs dry.

Revelation 16:12, he dry up her sea, and he make her springs dry. That's how Babylon fell, you know that. How did God take vengeance? 'I will dry up her sea.' That sea is the river Euphrates he's talking about. See how they say *sea* of Galilee? It's really a lake inside the country, not the coast; inside the country, because around the coast is Mediterranean Sea, but they call it sea of Galilee – a body of water. That's how Babylon fell.

Verse 48:

Then the heaven and the earth, and all that is therein, shall sing for Babylon: for the spoilers shall come unto her from the north, [from where?] saith the LORD.

Revelation 19: 1-3 tell you and heaven rejoiced and the earth rejoiced and say what? Babylon, she who destroyed the earth, how God had avenged us of them. And they begin to sing in heaven in Revelation 19 when Babylon fell and was destroyed. And God is giving the prophecy here, and the book of Revelation, this is what Jeremiah giving here for them, and God is giving the same thing for the mystery Babylon in the last days, because in her was found what? The blood of the saints and the martyrs of Jesus, you know that.

Verses 53 to 58:

Though Babylon should mount up to heaven, and though she should fortify the height of her strength...

What is this? What is that? 'Though she should mount up to heaven'? Is Babylon mount up to heaven? When Babylon fell in Genesis, in the seed book, were they trying to mount up into heaven? Were they trying to go into heaven by science and technology, to escape the wrath of God? Was that an effort to protect themselves, to secure themselves, to fortify themselves?

Did Nimrod conquer the whole earth? Did he make himself God? Did he force all nations to go and worship in Babylon? Is there a mystery Nimrod? Is the same thing in Genesis coming back? Are they going up into heaven, linking heaven and earth? Do they have a space programme? Where is the power today? Where is America's power? In the planes? In the bombs?

Without the satellite those bombs are useless. Without the satellites those planes cannot even communicate. They cannot stay on track with radar, and bypass radar and these things. Their power is in the heaven. Where their information coming from? All their satellites. Where is the communication system of the world? How do they transmit that information globally? Are you understanding me?

*...Mount up to heaven, and though she
should fortify the height of her strength...*

Trusting in the god of fortifications. Daniel tells you about the god of fortifications. You know who is the god of fortifications? Nimrod, he was the one who took them into war. He was the first one who brought war. Nimrod changed the world from an agricultural age to an industrial age. When they came out the ark, Noah planted a garden. God destroyed the science civilization, but what happened right after? Nimrod began to build cities. Nimrod began to bring war. Nimrod united the whole world: from agriculture to industry to information. And they were one language and one speech and God came down and confound the language at that time. It is the very same thing in this hour. Now watch 'For the spoilers shall come unto her from the north country; for from one...'

*... shall spoilers come unto her, saith the
LORD.*

*A sound of a cry cometh from Babylon, and
great destruction from the land of the
Chaldeans:*

*Because the LORD hath spoiled Babylon,
and destroyed out of her the great voice;*

What is the great voice in Babylon? Does Babylon have a great voice? What is Revelation 13? 'And was given unto him a mouth to speak blasphemies.' What is Revelation 16:13? 'And out of his mouth come' – what? 'Three unclean spirits like frogs, and deceived all the kings of the earth'. What is Daniel? 'And the little horn had a mouth and speaketh flatteries and take the kingdom by flatteries.' How did he pull them down from heaven? By his tale. Not t-a-i-l; t-a-l-e.

What is the whole world deceived by? What come out of their mouth. What is the Bride going in the rapture by? What come out of the mouth. Between the sixth and seventh trumpets, seven thunders are coming out of a mouth, that is gathering the Bride and showing her how to go into heaven. Between the sixth and seventh vials three unclean spirits come out of a mouth and are uniting the whole world together for Armageddon.

Don't we have a great voice, here? What is the bride's voice? The same voice the prophet had. "She under her messenger becomes the final voice." And what the bride saying the prophet already said, and what the bride and the prophet said is already written in the Bible. 'And the Spirit and the bride say come.'

Isn't this voice going into the whole earth? It's leaving to go into Brazil into six cities there. This voice in the bride, the voice of the ministers, is that the voice of many waters? Isn't it a great voice? Does the bride have the voice of the archangel? Is that the second fold of the seventh seal? Isn't that a great voice? How readest thou? How understandest thou?

When Jesus stood there, after the master is come and called and descended and gathered the living churches together, wasn't there a great voice, he in union with his bride that brought Lazarus out?

Does the devil have anything original? He is only trying to pattern off of God.

Because the spoiler is come upon her, even upon Babylon, and her mighty men are taken,

*every one of their bows is broken: for the LORD
God of recompenses shall surely requite.*

And I will make drunk her princes...

Didn't she make the world drunk? But God said, "I will make them drunk, now." Retribution; recompense.

*...And her wise men, her captains, and her
rulers, and her mighty men: and they shall sleep a
perpetual sleep...*

Haven't they put the whole world to sleep? They're drunk with sports: they're drunk with fashion; they're drunk with movies; they're drunk with entertainment. Five hundred channels of television have them drunk. They're drunk with denomination and creeds and dogmas. While they put the world to sleep, like they did with the games, and they plotted their mischief, so they desensitize the world. While they're plundering and taking all the resources of the world, they have their heads in a television set. Isn't that right? Watch.

But what he said, 'Awake thou that sleepeth and Christ shall give thee light. It is high time we awake out of our sleep'. They put the world to sleep, but Seven Thunders wake up the bride. Is that what it's supposed to do? The Thunders is to wake up the Bride!

*...saith the King, whose name is the LORD
of hosts.*

*Thus saith the LORD of hosts; the broad
walls of Babylon shall be utterly broken, and
her high gates shall be burned with fire;*

I read for you on Sunday where the prophet talked about...What are her broad walls and her high gates? Her scientifically constructed defence systems. What is a wall in the city for? Why did Nehemiah go to build back Jerusalem's wall? Defence, protection, security.

What is the wall God put around the Bride? The Word, the Word. The most powerful thing, the Word.

*...and the people shall labour in vain, and
the folk in the fire, and they shall be weary.*

What a judgment! Look, the time is up tonight and I barely even, hardly get started. Watch verse 31. Take a look at verse 31 here and see what it says, when Babylon is fallen. Verse 30 says:

*The mighty men of Babylon have forborn to
fight, they have remained in their holds: their
might hath failed; they became as women: they
have burned her dwelling places; her bars are
broken.*

When those missiles start to ring down upon Babylon, America is getting one, the Vatican is getting one.

*One post shall run to meet another, and one
messenger to meet another, to shew the king of
Babylon that his city is taken at one end.*

What is 'one post running'? What is that? Communication network. They started off with smoke signal. You mean I have to go back over the message for you, ***Return Of The Global Village***? Why a runner? They want communication with speed: from smoke signal to satellite signal. In that primitive society with a bow, with a shield, with an arrow and a communication system, the same Babylon today has bow and shield and arrow and communication system the same way.

Watch the seed, watch the reality over here. How do they send news today? How do you see the Iraqi war? Does the post bring it to you? News post? Communication networks? Is that what brings it to you, and with speed? How did you sit down and see the twin towers falling, *shrew!*? How did you see it? Did you fly up in the States? Did a man run down from down here? No, no, no. They send it with speed, with satellite speed.

Who was the one that had the plan to go up into heaven, in Babylon? Nimrod, right? King of Babylon. You think is Bush sends them up? Who sends them up in heaven? What

are they going to heaven for? Who sends them to heaven? Who is ruling America?

In the Bible...it is *NASA*, *NASA* going up. When you see Babylon what do you see? A Catholic priest with a chaplet in Siparia, walking with a crowd of people behind him? You see how people's thinking have to expand? You see how your mind has to be open? You see, if your understanding is not open to the word and the Scripture isn't open to you... 'He opened them the Scripture; then he opened their understanding that they might understand the Scripture.' Are you catching the sense of the word?

Time is up, but I'm closing with this. I left here Sunday after preaching. I didn't know how I was going to start, because I didn't even get to it tonight again. I started Sunday where Jeremiah took the book, and he wrote the prophesy in the book and send it into Babylon with Seraiah. And he told Seraiah, 'now make sure this in this book is published throughout all Babylon.'

Isn't the Message being published throughout the whole world? Isn't the Message on the Internet, all the Message; everything the prophet said? You could download, you could access, you could read, you could print, you could cut and paste. Isn't *Voice of God Recordings* sending millions and millions and millions of books every year into the world? The voice, "in the days of the voice of the seventh angel."

Isn't that how it come to us? "This will fall into the hands of the predestinated." Isn't everybody predestinated? It depends on what you predestinated unto. And I tell you, even Jehu, when he read... You ever see how people in this message, some of them can't even see the mystery of the Bride, but they sure see the mystery of Jezebel.

Sometimes they get so zealous, they start to preach to people like Jezebel. Why? Because Elijah had a word to Jezebel; Elijah had a word to the seven thousand. He's turning the heart of one back, and he's putting judgment on one for her wickedness. Amen?

When Jehu was killing them, didn't he say, 'because of Elijah's words'? He said, "Bidkar, you were with me that day. We were the man's escort." And when he went down after he had killed to take possession, and that hairy man with that camel skin and that leather girdle walked out there and looked at him and say, 'You not only kill, you come to possess.' He said, "You and I were there. We rode after him. We were the man's military escort."

He said, "So now for all the sorcery of Jezebel this man shall die; throw the body in that plot." And he pulled the bow full strength and he took Ahab's son out, too. Is that right? Do you read the Bible? Well, that is Jehu. How did he get anointed? He heard Elijah's words.

What get me anointed like this? Elijah's words. Elijah's words! Did Jesus say, 'My words are spirit and life'? Is that word releasing an anointing? Is that word revealing mystery? Is that what the Thunders were supposed to do?

Now in Genesis 1:14 it says:

*God says let there be light in the firmaments
in the heaven, to divide the day from the night,
and let them be for signs and for seasons...*

You could show it now for me, Brother Atri. [A picture of the Red Square Nebula is shown on the screen.]

*...and for seasons and for days and for
years.*

And Psalms 19:1 to 3 says,

*The heavens declare the glory of God and
their firmament sheweth his handy work. Day
unto day uttereth speech and night unto night
sheweth knowledge. There is no speech nor
language where their voice is not heard.*

Because of the communications networks today there is no speech nor language where their voice is not heard. You see how you could sit down here and watch that on the screen there? You being able to see that on the screen there is

because even though you were not there at the edge of space when they were looking through that *Hubble* telescope, and seeing those things, yet we can sit here and see it, because the technology could bring it here. And once it goes on the communication network the whole world could see it.

And the heavens is declaring the glory of God. 'There is no speech nor language where their voice is not heard. Day unto day it uttereth speech.' That is saying something. 'Night unto night it showeth knowledge and day unto day it uttereth speech.' That's a voice. Why? Because God say 'Let there be lights in the firmaments of heaven to divide the day and the night, and let them be for' – what? 'Signs and for seasons and for days and years.'

So what is happening? That's a sign, and it's uttering speech. It has a voice behind that sign. When the wise men see a star, they say "Where is he born King of the Jews? We see a sign saying Messiah is on the earth." Alright?

The word there, where it says 'for signs and for seasons', signs is a word that is the plural form of a Hebrew word which is *Oth*. It is from the root that means *to come*; so a sign of something or it's a sign of one to come. 'Seasons' doesn't merely mean what we say: spring, summer, autumn and winter. Season could also mean '*time*'; a cycle of time. To every purpose under heaven there is a – what? Time and a season.

Genesis 17:21, God said what? "At this set time in the next year." That is the same word used. "At this set time"– an appointed time. Was it an appointed time for the Seven Seals to be opened, between the Sixth and Seventh Trumpets, in the days when the seventh angel is on the earth? That is that time, right? Between the second woe and the third woe, that is a time. At the end of the Pentecostal age, that is a time.

Geneses 18:14 says, "At the time appointed I will return and Sarah will have the child." We are in that cycle of time. It's a cycle; a cycle of time. "I will return according to the time of life." Does a woman have a time of life every month, a cycle in her body? That's right.

Genesis 21:12 'At the set time of which God spoke the Lord visited Sarah.' In the set time that He spoke. So it means *time*. Now I want to read a couple quotes before I explain this to you. Keep your eyes on it there [the picture of the Red Square nebula] and listen to me.

*And these men, (this is **Where Is He Born King of The Jews**, 1958) they claim that before God does anything on the earth He always show it in the heavens and they are right. Always, God shows it by heavenly signs first.*

Since when did He ever do anything that He didn't show a heavenly sign first?

The prophet asks a question. Before God opened the seven seals did He put a sign in the sky? When the pope was going to Jerusalem, the first time the ancient enemy is going to Israel, the first pope going to Israel, did God show a sign in the heavens, and the moon went into blackout? And a prophet went back to the Bible and showed what it meant? Alright.

Think of it in every age that you wish to, and God always does show signs in the heaven first, before He does anything on earth. It comes from the supernatural, drops into the natural and is made manifest: every age, every time. And so this time was no different. And the Magi's was watching those heavenly bodies that were visible, stars, moons, and everything that they could see with their eyes. And they knowed every position, just where every star sits. They knowed that astronomer calendar as well as we know the Scriptures.

How many know God wrote three Bibles? First bible was the Zodiac. Is that right? Second bible is the pyramid and third bible is this written Bible. One author, three Bibles; all three is the same revelation.

And if one little thing is out of shape, they know it, for it's a sign. And they were watching those signs closely, every hour of the night they watched it. No wonder a stranger appearing in the skies would make them all bothered. No wonder the visitor shook them up a bit. Because they knowed every one of those

stars, and they studied them scientifically and from every move.

We still have those kind of men today– astronomers. They even have things like the Mount Palomar observatory that the prophet talked about, where they took that picture from. And they have the *Hubble* telescope in space, which is what took this picture here. And when they took that picture, they called that *The Red Square Nebula* because it's the first picture that they ever took and they see something like a square, each side equal. And the lines, the symmetry, they have never taken out anything...

It's the clearest image that they have ever taken of anything that has lines like this that reveal geometry. This is something by design. And they have never had something like this before. They call it a square, because they're seeing a square. But that is the only four-sided figure they are taken up with. You understand what I'm saying?

This star is called *MCW922*. This is the star the astronomers were studying when they discovered this. This star is in a constellation called *Serpens*. And the astronomers were studying it because the constellation *Serpens*, which comes from the serpent, mythologically is connected to the origin of medicine.

In other words, the brass serpent is the symbol of medicine. Jesus Christ, the only healer, because Satan can't heal, he became sin; he was the serpent. "Look and live." God told Moses those who the serpent bite, make a serpent out of brass (Numbers 21, verse 7); put it on a pole and hold it up, and the people who are bitten, when they look on it they will live.

John 3:14, 15 and 16 Jesus said, 'As Moses lifted up the brass serpent in the wilderness, so shall the Son of Man be lifted up, for whosoever believeth in him will not perish but have eternal life.' II Corinthians 5 says He became – what? Sin. "He became sin that we could become the righteousness of God."

This is this star that they were studying in the constellation and then they noticed this thing that is foursquare, and this star right in the centre of it. But if you notice the lines, they go *this* way [Bro.Vin illustrates diagonal lines in the picture on the screen.] because it's another image. It's a pyramid. It's a pyramid. Are you understanding me? How many could see that? Look at it from the top.

There are two geometrical figures that are four-square. The first cubic number, something that its length, breadth and height are equal is eight - two by two by two. Eight is eternity; eight is new creation; eighth day is when Jesus rose; eighth day is when the Holy Ghost came. Eight is Jubilee. You know these things.

This [indicating the image on the screen], I'll read it for you just now. But I'm reading for you first, God shows things in the heavens. On **Shalom** also:

Well, now, we realize that God always shows things in the heaven before He shows them on the earth. Like the wise men followed the star, and so forth. A heavenly sign takes place first, then the earthly vindicates the heavenly sign.

I am saying that that is giving witness to something on the earth. I am saying that's a city foursquare having the glory of God. And hear my conclusion how I come into this. Hear my conclusion how I come into this. You see, you hear me say things sometimes and it may sound out of alignment with your ears if you don't know the word, and afterwards you realize it's the truth. Listen. When we were going to have the Convention I said I have the inspiration, and I had to preach the meetings because the revelation needs definition.

These lines here that suggest a geometrical figure, let me use the word the astronomer says, "red square." They see a red square with a white cross in the middle of the red square. A geometrical figure – that's architectural design.

The holy of holies used to be the place where the blood is to be sprinkled. That was a square room, all sides equal. That was a cube where the high priest used to go in with the blood.

That was in eternity where eternal life was, because the candlesticks on the outside, the seven candlesticks were the seven messengers. [When Bro. Branham went beyond the curtain of time] he said, "Where is Jesus?" He said, "He a little higher up still, in a next dimension". Am I correct? That is the word, you know that. You have the tract of the seven dimensions.

You know the tabernacle also represents the dimensions. He was killed in the outer court. He went through the veil into the sanctuary, in the holy of holies when he went up in the cloud to do the mediatorial work. Then he came back out in the outer court where the people could see him with the eye.

Out here you had cosmic light, here you had candlestick light – olive oil light; and in there you had eternal light. It is dimensions, you know that.

This square, they call it the *Red Square Nebula* because it was something that they had first discovered and are trying to find out what it is. They don't know what it is. But the only way to interpret what that is you have to go back in the Bible. What were the lights in the heavens for? Signs and seasons; things to come. Signs forerun the events. Is there anything on the earth that has to do with a foursquare, where Christ is the center of it, the head of it, in this hour? If that comes out the first Bible, is there something relevant to this hour?

Now, watch. Hear the next shocking thing. When they saw this, they say the light in this that they start to see some similarity, it brought back to their remembrance something they've been trying to solve and can't solve: the Supernova of 1987.

You know anybody else in the world sings "*Stumbling around in amnesia? A Supernova, Queen of the Gentiles, where is she?*" ***A Pyramid City Having The Glory of God*** is the message where, the Holy Spirit take the whole Bible from Genesis 1 to Revelation 22 and bring it out in that message, you know. That is my message tonight, you know.

NASA put out a report on this on May 7th. You know anything about May 7th? But it really appeared in April. Listen.

In the realm of stars amazing things are happening. May 7th NASA released a report about a colossal exploding star that stunned NASA astronomers. This event was five times brighter than any supernova ever witnessed by astronomers. It looked like millions of illuminated diamonds bursting forth with blood red clouds surrounding it. The NASA scientist also speculated that there will be another large explosion like this only much closer to the earth, that it would be some time soon.

We also know that a large nebula is now set to blow according to Dr. Peter Tuthill of Cornell University, New York.

The recently discovered nebula is called The Red Square nebula, and it is a brilliant white cross that turn blood red in all directions from the centre. The nebula is a perfect red square pattern, and Dr. Tuthill made the following statement:

“The thing that really takes your breath away is the astonishing degree of symmetry within the intricate linear forms. It’s almost like crystal.”

So when NASA put out this report, this man is saying:

“As I read the report and looked at the picture, I was reminded of Revelation 21:16 which says ‘The city lieth foursquare, and the length of it is as large as the breath: and he measured the city with the reed, twelve thousand furlongs the length and the breadth and the height of it are equal.’

As I thought of the professor’s words it was almost crystal. I remembered Revelation 21:10 – 11 which is ‘He carried me away in the Spirit to a great and high mountain and showed me that great city, heavenly Jerusalem descending out of heaven from God having the glory of God and the light was like unto a light most precious even a jasper stone as clear as crystal.’

But the man didn't quote the 9th verse. The 9th verse is the angel telling John, which is the prophet telling the Bride: 'Come, I will show you the bride, the lamb's wife. And he showed me heavenly Jerusalem, city of the living God coming down out of heaven like a bride adorned for a bridegroom.'

Astronomers today announced the arrival of a new member...

This is another one I'm reading called, "Astronomers Obtain Highly Detailed Image of the Red Square."

...they announced the arrival of a new member...

They call them visitors – a member, a new appearance, first time they're seeing it. The prophet used the same word in all the messages he preached, **We Have Seen His Star in the East**, and so on.

I believe we have seen *her* star. I believe we have seen *our* star. I'm coming back to those three messages that deal with the glory of God that needed definition; the lines have to be clear, that the revelation needed structure and distinction to show it wasn't just no ordinary thing about Jerusalem and some little plaything. And I specifically even said it on the first and second night when I was preaching, why I was taking all the services. Go back and hear it for yourself.

I am finding this on Monday. I preached here Sunday for you, and Monday, I don't even know how I find this. I thought the watchers might have given me this. But watch something.

Discoveries as beautiful and interesting as this one- this is what one of the persons who discovered it says. Discoveries as beautiful and interesting as this one don't come around very often in astronomy, said Tuthill, and it took some of the world's most advanced telescopes...

You hear what it took? "Some of the world's most advanced telescopes." Because, in other words, they see a mystery in the first Bible, is what they're saying. A mystery of something foursquare having the glory of God.

...it took some of the world's most advanced telescopes together with a good dose of luck...

It's leadership, not luck, because when we look into the galaxy of the Word here...

...to find this jewel hidden among this myriad stars in the galaxy.

Galaxy has zillions and zillions of stars, innumerable, and they could find their telescope come on that. And that reminds them of the only ever seen with the naked eye and without the aid of telescope – Supernova, which is the one in 1987 when an amateur astronomer on a mountain, and the light traveling one hundred and seventy thousand light years come right into the lens into the man's eye. And he moved the thing to watch out there and saw the thing right there with the naked eye; and they checked all the great...

And that is what opened the book of Esther, between Nehemiah and Job. And Esther is what? The last woman in the Old Testament. And she is what? The queen. And this is the age of the throne, and the headstone, the lamb coming to his wife – heavenly Jerusalem, the lamb's wife. You understand? He is the headstone of the city. And we keep saying “and the King is in the city, and the light is in the city.” That is testifying the city has glory.

There is only one people covered by the blood, you know. How many know that is why the foolish virgins have to go through tribulation for purification? The blood was shed for those in the lamb's book of life. That sign in the heavens is declaring a mystery on earth – a pyramid. That mystery on the earth is a pyramid city having the glory of God.

The heavens declaring and uttering its speech, and showing its knowledge, because God is describing this time by that sign. And the astronomers who discovered that Red Square nebula which was nestled in the constellation of Serpens, they were studying a ‘hot star’, they call them,

...a hot star MCW942 in the constellation Serpens mythologically associated with the origin of medicine. They

say *The key to finding it (the key to finding it) was in the revolutionary new imaging technology of adaptive optics which acts like a myopia cure for a telescope.*

A telescope is what sees at a distance – tele: like television; telegram at a distance; telescope, at a distance. And people who are supposed to be seeing at a distance, prophetic, far off in the future, who have myopia... You know what is myopia? Short sightedness. What does the Word say? “Buy of me” what? [Congregation says, “Eyesalve.”] “That you may see.” Right? It’s a prophetic age, a seeing age, eagle age!

They say the key to finding it was that they got adaptive optics, which is like a cure for myopia for a telescope, *and sparkling clear images capable of revealing objects like this are now possible without the blurring.*

That’s why we can see the lines of it so clear, so architecturally drawn, so geometrically revealing. You don’t see how clear the Word is coming out these days? Adaptive optics. You know it has no myopia in this pulpit? You know a lot of those who are claiming they are Bride have myopia, and when they bring the picture, the picture is blurred.

So the Holy Spirit say “You preach it; it needs definition. Because it’s not a little Jerusalem business, look where it’s going here. Look where it’s going. Look what God has in his mind. That’s why sometimes, don’t jump and put any interpretation to the revelation. Sit back a little bit, watch it, get a hold of it first, before you run and add tale and different things to it, and try to explain it and twist it and change it. Look all where it’s going!

It’s come down to what is happening on the earth now, even in the realm of the nations. The Holy Spirit bringing out there all their ballistic missiles, all their defense shields, all their going up into heaven all their space programmes, all these things, to weaponising space right now.

They say they already weaponise land; they already weaponise sea with submarine and these things. And man already weaponise the air with their fighter jets and these

things, and their satellites. Now they want to weaponise space, the last great field, realm that they have not gone into. And it's starting an arms race: who can weaponise space? Because, you know, Revelation 19 is what?

How many remember in Baratara when I preached Star Wars? Michael and his angels and Lucifer and his angels, one third of the stars fell and both meet on the battleground – star wars. How many know star wars is the big thing that they've had for all the years? How many know that is what they're coming into, what they're talking now? How many know Revelation 19, an army is coming out of heaven, of which we are part, for the final battle?

Listen to me close. I'm not talking foolishness. Do I sound like I'm talking foolishness? Have I left the word yet? Am I trying to bend the Word and make something out of it? Listen. *The pair was studying the hot star called MWC922 in the constellation Serpens, the serpent mythologically associated with the origin of medicine.*

You know the symbol of the brass serpent, how many know that is the medical symbol? And then they'll tell you, those doctors say, "You all don't bring God in this; we have the medicine." And they don't know where they got the symbol from. This symbol was a mystery of Christ that Moses raised up so that the people could get divine healing.

How many know Jehovah Rapha is the one who came in this day? "You will go forth with a healing ministry." He said, "It's not I heal them, it has an angel in the service." Is that right? It was that angel in the service! How many know that angel was God? That was Christ! "I was only one standing there pronouncing what He showed me by vision."

MWC922? When I read that something say, "Check out Matthew 9:22." You know what is Matthew 9:22? 'Jesus turned to the woman and say, daughter, thy faith...' the woman with the issue of blood who went to all those doctors and couldn't get healed; but she stretched forth and touched the

hem of the garment. He said, 'Daughter, thy faith has saved thee.'

So then, I say let me try Genesis 9: 22 and see. I went to Genesis 9:22. You know what is Genesis 9:22? "And Ham went in to his father's wife." That brought the fall when God started over and Noah was the head of the race like Adam was, and the serpent come and went to the wife, it's the same way Ham came and went there and brought the fall of that world, too. Then Noah gave the promise of God dwelling in the tents of Shem to bring the promised seed that Christ was going to come through; because out of Shem come Abraham, and Abraham had the promised seed. You know that.

So I said, "Well, the only thing left now is to see Revelation 9:22." So as I going to turn, because I know those scriptures by heart. I say, "but Revelation don't have 9:22", because verses 13 - 21 is the sixth trumpet. And after Revelation 9:21, you know what is the next scripture? Revelation 10:1. You know who is that? That is the coming of the headstone; that is the Son of Man being revealed.

MWC922, that 'hot star' whose head form that white cross there in the midst, that headstone on that city foursquare having the glory, that serpent in the constellation Serpens, which is the origin of medicine, where... The original medicine symbol came from Moses when God told him to put that up because that was already in the heavens, because the serpent is the serpent who brought the fall in the garden of Eden, like Ham brought the fall in the new garden, because Noah had planted a garden. You know that.

The Son of Man was lifted up in the first exodus, in the second exodus and the third exodus. 'As Moses lifted up the brass serpent so the Son of Man shall be lifted up.' Jesus Christ came, became sin, died on Calvary a sinner and went to hell under the judgment of death. Is that right? The prophet said, "Why did he die?" He died a sinner and went to hell, because he had your sin and my sin on Him. He was that serpent. That is why Moses' rod turned to a serpent and then

became an atonement in the wilderness, because the serpent brought the fall. You know about the leprous hand and so on.

You see, it's not two Bibles and three Bibles, it's one Bible. One Bible given in the form of stars, same Bible given in the form of stone, and the last Bible given in the form of a written Word, but it's one author revealing one person from Virgo to Leo, from faith to perfect love, from Geneses to Revelation – Jesus Christ. And the Bride is part of him. Amen?

Quickly, a few more minutes. I just want to read this. I'm finished.

As the outward periphery of the nebula is very faint compared to the core, the image has been processed and sharpened to display the full panoply of detail and structure...

They took infrared lens to take it because they wanted to get the definition of this thing. And when they put the adaptive optics on it, they see it so clear that they could photograph it, that you could see the details and the geometrical expression in this sign.

So watch.

'The thing that really takes your breath away is the astonishing degree of the symmetry within the intricate linear forms,' said Tuthill (the astronomer who photographed it). If you fold things across the principal diagonal axis you get an almost perfect reflection symmetry. This makes the Red Square nebula the most symmetrical object of comparable complexity ever imaged.

In all the history of astronomy they never get anything like that till this time. Now, I told you when we started to preach this revelation, and you yourself sat and watched how this thing started to come out and unfold, and we went back in the Old Testament and we found, 'And His name is called "The Lord is there". And her name is called Jehovah Tsidkenu.' And we took all those things in Ezekiel and traced the glory and everything. Go back through the Old Testament; come down through the Church Age, go back into the five books of

restoration and bring those things out; go into the book of Revelation and bring those things out.

All that time while that is happening, this thing is up in the sky. All that time that is happening this is in the sky. Her light is heavenly, her origin is heavenly; her make up is heavenly, her husband is heavenly, her walk is heavenly, her talk is heavenly. And the Bible ends in Chapter 22 and now we are seeing, as I preached this for you Sunday, (I want to say Sunday because I saw this on Monday) the armory is opened; the weapons of his indignation are taken out; they are making bright the arrows. And while they are doing that – that is for the Lord's vengeance of his temple – there's a people talking about the temple rebuilt. "And I will fill this house with glory", declaring his work in Zion, they who escape and come out.

Is it not fitting that there should be something like that up in the sky? Could God give a revelation with such magnitude and the book open with such clarity and such distinction that can't be disputed? Has to be an idiot to try to dispute that revelation that has been preached here over these months

And the Holy Spirit keep saying look at those thirty-eight messages back there in 1999, and come back around and all this; and even sitting here tonight. I didn't put that there, but what has come out. Neither did I put those things in the Bible here; but the Spirit that is taking this out of the Bible and putting shape and line and form to it to show the time and season, isn't that what a star does? Am I not a star? Are you not a star? Abraham's seed, 'So shall thy seed be.' Or aren't there fallen stars and stars that stay in their courses? Is that a fallen star? It's in a place there.

The part that really struck them was this. They say:

But the most compelling and important application for astronomy comes from the three-dimensional structure implied by the Red Square images.

This is a natural man; he's seeing a three-dimensional structure, which you and I could see with our naked eye. He's watching through the *Hubble* telescope and we are seeing with

our naked eye here what they photograph, and we can see it's really a geometrical thing. It's three-dimensional: it has height, it has length, it has breadth; and they are equal.

Isn't that Ephesians? Isn't that Revelation? Didn't I preach on those same things right here in this same revelation? They are reading the natural bible and it astounded them there. We're reading this Bible, we astronomers reading this one here, is it not astounding us here, too?

They are seeing that so clear they say, "Like some of our telescopes had myopia, and we were only getting blurred images, but now we are seeing clear." But aren't some of us who were seeing through a glass darkly now seeing face to face too, no longer seeing blurred? You could say "Mama, that is me", and wave, and see the reflection wave back?

You see, I don't know what your experience is. I'm preaching to you; but I have it in me already. It's mine; God give it to me. I see it. It's written in my heart.

Whatever the fate of the central star, the remarkable series of bars seeing the Red Square...

You know what they start to see? They call it rungs, r-u-n-g-s, around *here* and *here* and *here* and *this way*. [Bro Vin illustrates on the picture on screen.] I was looking at it; it is like lines. One place it's described as the teeth of a comb, a next place it is described as rungs.

Every rung goes higher and higher [Bro Vin sings.], when we are climbing Jacob's ladder? They're seeing not only foursquare, you know; they're seeing rungs. But this is the thing what struck them; this is the thing make it personal. When they see this they say "the light from this and what we discover on this now, is the key to understanding Supernova 1987, because that had mysteries we couldn't get a hold of."

That's Esther; Esther is the queen. This is the queen, here. The bride, the lamb's wife, the queen, she is going to the throne. Understand the marriage. The lamb's wife, the bride: that is the marriage. The city built foursquare having the glory of God. That is the one on the throne, even to half the

kingdom. This light, watch out of this come all this Jerusalem series, and out of that first photograph come that whole book of Esther.

Now, friends, I don't know; I just thank God for grace, because I am nobody. I'm fighting to live a Christian life daily. Hosts encamp round about me; not a devil or two you know, hosts. And I'm asking God, "Teach me to be confident. Hide me in the secret of your pavilion, Lord. Set me upon a rock, I shall not be moved. Keep me going from day to day." And by his grace He has not forsaken me; he's been helping me.

But when these things are happening, and they make the connection with this and Supernova of 1987. Supernova of 1987 is just a star to them, one they saw there that they named that. That to me, everybody know, we had the song called *Supernova*, the first message I preached was called ***Supernova***. I never used the word before in my vocabulary; something made me call it. I came in the pulpit the night, go back on the very first tape and hear. I said don't know why I called it Supernova but something tells me call it Supernova.

That has gone around the world out of me preaching from the book of Esther until... Martin Luther had thrown the book of Esther in the river Elbe and say it's a bunch of heathen imagination. When I preached the message, Bro. Byskal said, "If Martin Luther was here tonight, he would have gotten his snorkel and go diving in the river Elbe to find that book, because look what come out of that book."

And anybody who sit in this church understands ***Esther's Awakening***. Then when they came back and started to see it making changes when it keep exploding, and they called it Supernovae, I came back and I preached a Part Two called ***Supernovae***, there too. Do you understand?

Now these are things in my life I follow. That's why I named one of my boys Cepheus. I named *this* boy here too, Orion. I named my children purposely after the galaxies, after signs in the heavens, because it is something from out in the world I used to follow. And when I came in the message and

saw the prophet begin to open these things, I pursue these things. And He, by his grace, on two occasions, Supernova and this one, I didn't make the connection, they make the connection. But both times He visit me with something when that is happening.

Who could say he didn't visit me with something here? You hear that Word tonight that I've preached? You heard that word Sunday? You ever hear anybody preach that? Now, I'm not try to say this as a carnal comparison; I'm saying it for you who sit here in this church, for the mere fact to say, "Am I making it up? Am I trying to play I have something?" I'm trying to put the glory on Jesus Christ. I'm trying to say God has been gracious. I don't know why he does it.

As for me, I know I don't deserve it. As for me, when these things happen, all I could say is He's teaching me to understand election. I'm like Jacob; I'm seeing a million faults in my life, but he is still giving dreams about angels ascending and descending, and different things. When I think I shouldn't be getting anything, he is still giving me things! When I feel like, "Give me a chance, let me get close to you," He is giving me things, because it's not by merit. It's not by merit; it's grace. If it is by merit it will be of works. I am just grateful. When this love is shown to me, it makes we want to walk closer to him.

Look at that. Let me finish reading the article.

If you can really get a mental grasp (this is what they are saying) of the three-dimensional geometry implied by the Red Square images, then it is fascinating to take a second look at one of the most famous astronomical images of them all, SN1987A.

[Bro. Vin asks for the picture of the Supernova of 1987 to be shown on the screen.]

This is the Supernova as it is continually exploding. Remember when I preached *If I Perish, I Perish*? A dying star come into a brightness, her full power, because when she said, "If I perish, I perish", she was willing to die and lay her

life down under Esther's awakening, when Hatach was reiterating the words of Mordecai. Didn't the Holy Spirit open all that and show in the days of Mordecai, he wasn't directly speaking, that Hatach means *gift*? He was a eunuch; had no seed to plant!

You see they call it *Supernova 1987A*. They say:

If you can really get a mental grasp of the three-dimensional geometry implied by the Red Square images, then it is fascinating to take a second look at one of the most famous astronomical images of them all, SN1987A. An image of the Supernova as seen by the Hubble telescope is to the right showing the beautiful and unexpected rings system revealed...

Doesn't this look like a ring, here? Isn't that the wedding band of unmerited, predestinated grace? Isn't it the lamb's wife? Didn't the king reject Vashti and take Esther after the seven voices thundered on the seventh day? He chose a virgin bride?

I didn't make the two connections. Well, I made that connection already; I always preach that. Right in the meetings I preached that, how Esther, the last woman of the Old Testament. You heard me say that. I always say that. She is the queen, and we're going to the throne in this hour.

Now watch. They say if you could see this one, you have to go back here. You understand? They call it "One of the most famous astronomical images of them all."

An image of the Supernova as seen by the Hubble telescope is to the right showing the beautiful and unexpected rings system revealed the only naked eye Supernova since the discovery of the telescope.

This is the only one they ever saw; since they discovered the thing called the telescope, this is the only one they ever saw with the naked eye. An amateur; an amateur saw it, discovered it, not a professor! Out from under the hog plum tree discover the mystery in the book of Esther! One quote, out of about twelve hundred tapes, about the book of Esther; and then to see God opened the whole book of Esther here. Come back and

open the restoration books from Revelation 17 and 22, and then this next thing, three-dimensional: height and length and breadth of the Red Square Nebula shown there.

Whatever the fate of the central star...

And they say the star *MCW922* is at the heart of the Red Square. This star, the origin of medicine mythologically associated with the serpent, is the heart, and it was this star they were studying when they discovered this.

How do you find the bride? You have to study Christ. You can't know what she is until you know what he is. He was first, and then she came off of him. Did Eve come off of Adam? That's right.

Praise his wonderful name. Let's just give him a hand of praise. He's so wonderful. Oh, praise his wonderful name. I'm introducing you to yourself in symbol form, in mystery form. In the very hour, I am connecting you back to 1987 with the Supernova. And I want the saints to come and sing *Supernova* for me tonight. Amen. '*Not knowing the purpose for which I was born*', but now Revelation 17 to 22 broke the seals off of us, and now you can see. Like millions of diamonds glittering, look at her there, a city built foursquare having the glory of God; and the headstone capping the very thing, which is the revelation of the very hour. Hallelujah! Glory be to God in the highest!

The astronomers say go back to 1987 if you want to understand her. You want to understand the lamb's wife? You want to understand the Bride in this hour? How many know Esther was an orphan? How many know there are only two books named after women?

How many know I named two of my daughters Esther and Ruth? I named my last girl Esther Ruth. Why? Because I had that Revelation, both speak of the Trumpets. Esther is between Nehemiah and Job; both speak of the trumpets. Ezra and Nehemiah is one book that rush them back in the homeland; Job is the resurrection. And between the Jews going back to

their homeland to rebuild the temple and wait for Messiah and the resurrection is the mystery of Esther.

And between the Jews going back to their homeland in 1946 and the resurrection, in 1963 on the seventh day Ahasuerus the lion, 'lion king' it means, roared and seven voices uttered. Vashti rejected it (Is that right?), and he called a virgin bride, and Esther was that bride, and she closed up the Old Testament. And Revelation, the mystery of the elect being called out, coming into marriage, the lamb's wife coming to become the queen, the city of the living God, which I say, He is writing right now. I keep saying that in this series: "He is writing this in your forehead right now." She closes the New Testament. She closes the New Testament.

You have it there. "Mary pondered those things in her heart". Do like those in Berea now: search the Scriptures and see this great mysterious supernova that they still can't fully unveil from 1987, find out if anything was opened in 1987 on earth. You know what you're going to find out? Right in your midst something opened that was light that for how many thousands of years? About twenty-five hundred years they never looked into it; not written anywhere in the New Testament from Matthew to Revelation. Great messenger like Martin Luther threw the book in the river Elbe, and it opened right in your midst, until we see these things.

Queen Esther, *'Esther, Esther, touch the sceptre, with the king you have found favour.'* Where did the writers get the inspiration to write that? Something was in the sky; something opened in their midst; something released that anointing that made it immortal. Twenty years after, scientists are still saying one of the most astounding things that they saw was that, the only one since the invention of the telescope seen with the naked eye. And when this one opened it connect back to that one, because that is to help reveal this.

Could you reveal this without seeing Esther? Who else type the queen? Ruth? Sarah? Eve? Eve was queen back there, that's why she end up in Revelation, the restored one going back to Eden with the second Adam.

God rich in mercy. Let the musicians come, let the singers come for me. Oh, praise his wonderful name. I just so thank him tonight for his great amazing grace.

To all my precious brothers and sisters out in Tobago and Grenada, out in St Vincent, out in St Kitts and St Lucia, out in Dominica, out in Guyana, and right here, pray for us. We leave on Sunday for six different cities in Brazil. We are going there to represent our Lord Jesus Christ. It's going to be very hectic. We are going places where we never went before in Brazil this time out of the two other times we went, and so we certainly need the mind of the Lord. We need his direction and leadership.

Last time I was going just to Tucson for Easter, you know they pulled me aside in the United States Immigration there. You know what I went through. They photographed all my things, and they held me there for almost two and a half hours; by the grace of God released me just in time to get my flight to go to Tucson.

Paul says, "Pray that God deliver us from the hands of unreasonable and wicked men because all men do not have faith. Pray that the word of God be not bound, but be loosed." When we see the hour, friends, when we see the things the Holy Spirit is opening in our midst and continue to open...

I didn't preach after the Convention. I came back Sunday and preached, and tonight. Watch them three messages in the Convention, watch Sunday and watch tonight. Watch the grace of God that God has so freely given. We're talking about the river flowing out of the throne, clear as crystal. These messages did what, these two? It confirms back the Convention and go all the way back into the book of Esther, because with the discovery of this, and then with the revealing of the things that are happening in the earth with Russia and China and Iran and that new alliance that is being formed to contain the US and the European allies, and the war drums that are beating up there, because Iran is pressing for nuclear power.

And then the Holy Spirit going in the Bible in this season and showing you from the north an alliance is going to come, the king of the Medes. In Revelation they call it king of the east; they will dry up the river Euphrates to make a way for them. China, together with Russia, the king of the north, Bro. Branham says, "And the voice said, 'Watch the king of the north'." Remember that? He said, "I used to make the people repeat that over and over and over, because that was in the vision."

When I come back, the Lord willing, I want to show you out of the part where Jeremiah wrote that book and sent it, to show the destruction of Babylon and these things.

This is in the earth, this is what is in heaven and this is what is in your midst. This is not some loony business. Maybe, a person may be sitting down there and they don't have enough faith that they are the Bride; they try to claim it as a religious feeling. But I'm trying to show you here, Jeremiah and they couldn't be bride and then couldn't see what the Babylonian power was doing around Jerusalem.

Peter and Paul and they couldn't be bride and couldn't see Titus, the slaughtering angel getting ready to scatter them to fulfill Jesus' prophecy that armies will surround that place, and not one stone will remain standing on that temple.

This is what makes the truth, friends. Who it is tell us Russia, the king of the north, is going to do them things? A prophet. A prophet. Who saw America destroyed by vision? A prophet. Who John spoke to in Revelation 17, saying 'I will show you the judgement of the great whore'? A prophet. He said, 'Don't bow down and worship me, I am your fellow servant and of thy brethren the prophets.'

What is the bride? The reiteration of the words of that prophet, so it's not any made-up business; this is a sane and clear and Scriptural...Look how he pull out them arrows in them bow and them shield and that burning.

If I had time I would go and show you were the Philistines control the mines and they want to keep Israel as an

agricultural power, because Israel had no armour but all the Philistines had armour. Because, to show you how the industrial age is what brings weapons. How did the Europeans take America from the Indians? Sharpe and they invented the rifle; then they brought the whisky; then they brought the clothing with the disease, the small pox, and they destroyed a civilization.

What is the rifle? Industry bringing weapons. What is the whisky? The drugs, where they drunken them. They're still drunk on the reservations up to today. You understand what I'm saying? Understand. Understand.

What are these things? The second seal, a sword taking peace from the earth. But they who kill by the sword, and live by the sword will die by the sword, because He will smite them by the sword of the word that come from his mouth when that time comes.

Praise his wonderful name.

[Bro. Glaude and the singers sing *Supernova*.]

Hallelujah. Twenty years ago that was a testimony in song. That was a testimony in song when that supernova appeared. Twenty years after, we want to sing tonight the next song Arlene sings which Carol wrote of Jerusalem, because it's that city built foursquare.

The natural astronomers connect the two together because one is to open the mystery, to help make the mystery of the other one clearer. What a great thing, friends. What a great thing. How could these things be in the heavens, be opened in the Word and the people here sing these things, in the realm of astronomy out of the first Bible and out of the third Bible and in the second Bible? It's the first and the second Bibles together right there, a three- dimensional geometrical figure, a pyramid. Think of it. And here in the end, a people, a people by the grace of God. Praise his mighty Name. Put those two together with the two revelations and it makes it complete.

[Sis. Arlene and singers sing *Jerusalem*.]

Hallelujah! Hallelujah! Thank you, Lord, thank you, Lord, thank you, Jesus. Glory be to God in the highest. Glory be to God. Thank you, Jesus. Hallelujah! Hallelujah! Thank you, Lord. Thank you, Jesus. Thank you, Jesus. Thank you, Lord.

I know I kept you a little long tonight, but how could I just chop something like that (although I chop off so much of it), but I want you to see what's happening. God shows things in the heavens. He said the things on the earth vindicate back what is going on in heaven. And if these things don't bear witness of this Scripture, and that sign don't bear the light, 'Day unto day it uttereth speech, and night unto night it showeth knowledge'. And where is the knowledge and the speech that that uttereth and shows? Out of the word. Out of the word, that's where its light is.

Abraham had to look at a sign in the heaven to know when Elohim will come, when he will come back around for the time of life. The prophet looked at that to know when the daybreak started, and the blackout. Is that right? The wise men looked at a sign and knew the Messiah is on the earth. That's God's way always, the unchanging God in the unchanging continuity of his Word.

Let's just stand to our feet. I want to call a precious brother from the tribe of Issachar, one of the watchers here, the chief watcher, Bro. Ken, to come and pray the dismissal prayer, tonight. It's fitting that I should call one of the watchers, because they are the ones who look at the signs.

Praise his wonderful name. You appreciate his Word tonight? Amen. Praise his wonderful name. Praise his mighty, mighty name. God has been good to us. Blessed be his name.

[Bro. Kenrick Renwick prays.]

Oh my. So, remember to pray. Keep praying for us; we're depending on those prayers. May God bless you and bless all those beloved servants who will be taking the services in my absence. One of the Sundays we will be having a family day. That mean after service you come up, the announcement will be made; you get your lunch, and we'll have a wonderful time

together up here as a church. May God bless you all. Turn around and greet each other with a real holy greeting, tonight, as Bro. Ken comes.

[Bro. Vin prays for the sick.]

For the librarians this is Part 2 of the same message from Sunday. God bless you. I trust you really don't feel too bad I held you back a little bit tonight. I leave on Sunday, and I just wanted, in my heart, to come back tonight; I felt there was so much more. I still didn't even get to reach to the place because this thing interrupted me on Monday. The Lord just dropped that in, and when he dropped that in, you know, that just blew me away, by God's grace.

And you know, we sing the songs here tonight just to show that these sayings are faithful and true. These things are written here, by God's grace, as the word on these things open up. And we couldn't put something foursquare, and design it that way, and in that constellation of Serpens that has to do with the origin of medicine, and which we know is Numbers 21 and the Son of Man being lifted up. And he is the very headstone of the very city, because that is what is there on that city that is foursquare.

And you know, the Convention was the seventeenth annual Convention, and ten and seven, you know that is the redemption price. You know these things. And that was the Day of Atonement also, the tenth day of the seventh month. You know these things, and you understand the blood. And she is...How many know the Bride is the blood of Jesus Christ today by the Holy Spirit? That's a direct quote from **Christ Is The Mystery of God Revealed**. That's the voice of the blood, the token, proudly displayed.

Look at her glory there. Isn't it great, by the grace of God? That's you and me, my brother, my sister. May God richly bless you.
