He told me more the 100 people get together at message church some denominational ministers came and heard the message of hour by Pastor Javed Barkat. Pastor Akram told me we announced during the meeting about Brother Branham's Books in Urdu translation which they received from Voice of God recordings. After service they distributed new books of Prophet William Branham and also provided physical food. After service some ministers said we saw first time Holy Communion service like this so we impressed and very blessed by your service and message. The Message of life is bringing changes in the life of people around the country. Praise the Lord!

Pastor Javed Barkat visited Karachi

Pastor Javed Barkat visited us from Quetta city he is only message believer's pastor in Quetta city. He needs too much help spiritually and physically because there are many denominational pastors against him because he is preaching about the message of hour. He told me we need more material of Brother Branham in the shape of books, tapes and videos. He further said we should arrange the message seminar but unfortunately our message believer's pastors are not paying attention about Quetta city. Quetta city is very close to Iran and Afghanistan we can reach there with the message of the hour according to Matthew 24:14. Please keep that region in your prayers because Baluchistan is biggest province of Pakistan but there is only one message believer Pastor. I have visited three times that area and felt there is need to reach people with message of life. So I have great burden for all Pakistan but especially for those areas where is no message of hour.
