Enoch's Seven Steps To The King's Chamber

The background is a surreal, golden-hued landscape. In the center, an open book with glowing orange and red pages lies on a surface. A white dove is flying in the upper right, and a brown eagle is flying in the lower left. The scene is bathed in a warm, golden light, suggesting a sunrise or sunset over a hazy, mountainous terrain. The overall mood is spiritual and ethereal.

We pray the blessing of God upon each reader and may illumination by the Spirit of God be each one's special portion.

Excerpt

And Enoch put those seven steps inside of there. And then it took Seven Angels who were going to come; where that Headstone had seven eyes. Zachariah saw It. John saw that Lamb, that Headstone with seven eyes! And Seven Angels came, and Seven Voices thundered to open Seven Seals. And seven Mysteries, hidden Truths that were sealed in the Word, were going to literally turn our hearts back; would show us how to come from flesh to Word again, to put on immortality.

Enoch put something in there. He had seven steps. And when the Prophet saw it, what did he say? “Is this a Mystery coming, that it is going to open up? Could it be, my brethren? The healing never hit the spot.” he said. “It was only a signpost to attract their attention. It was the Voice of the sign. Could this be the Thing that would open a Mystery and show us how these vile, old, marred, bodies will be changed? We will leap over a wall and jump over a troop.” [Pages 65]

Almighty God, we bow our hearts in Your Presence, Father, reporting for duty and service, knowing, oh God, as we sing this little song, *Dove Leading Eagle* [#569 Songs That Live -Ed.], to know that we have the privilege of the great Holy Spirit, our Leader and our Guide being present with us today. Lord, surely none of us would want to trust in self and rely upon some human ability or go by some way that we have learned, but, Lord, we want to depend upon You, that You would lead us and You would guide us. And as You can make us sensitive to follow that Divine leadership, that our hearts could be fixed in such a condition. As David said, "My heart is fixed and my soul followeth hard after Thee."

Have Your own blessed way in this service today, Father. How we rely and depend upon You, knowing dear God, that the opportunities are becoming fewer and fewer, and Lord, the time that we have to gather together is diminishing so rapidly, we certainly desire to capitalize upon every opportunity.

Dear God, truly when You would bring us together like this, we can move out of the temporal into the Eternal where the Spirit of the Living God can deal with us deep down on the inside of the inside, that Lord God, each service would have such an Eternal quality to it and leave such a lasting influence upon our lives, to bring us, Lord, to live in a more conscious realization of the time that we are living in and the purpose that You've raised us up for, that, Lord, we would know how

to carry out Your will, Father. Truly You can say, "This is My beloved Bride whom I'm pleased to dwell in."

Take full charge in the service. You know every need in every heart. I pray that everyone would be under Your Divine consideration; You would minister to each need out of the abundance of what You've made available for us in Christ. May the Spirit of the Living God move in such a way to affect each life, Father. Lord, we know that this is not beyond You. You said, "Ask that our joys may be full."

Even the strangers and the visitors within our gates, that You will remember them, Father. They that don't know You will come to see this great plan of salvation, would catch that hope this morning and see, dear God, what You're doing in that Day that will bring them to this great fountain that is opened up in the house of David, that would cleanse a man from all sin and unrighteousness. You said that Blood won't lose Its power till all the ransomed Church of God be saved to sin no more. We are believing that, Father. Have Your Own blessed way now, we ask in the precious Name of Jesus Christ. Amen.

I'd like to invite your attention this morning to the Book of Acts, Chapter 7. I certainly want to greet each and everyone in the Presence of God. I trust that you're happy to be in His house. There are many places you could go to get excitement. I think with all that is being done, you know, in times like these, you have what the people call promoters, trying to bring something to bring joy into the hearts of people in troubled times.

They bring the circus and then they—that is going to leave after a while, then it is just going to end up with somebody getting more money in their pockets. And then they bring all these special artistes that they believe have these special hits that they can sing. Certain people calling themselves 'The Emperor of Consciousness' and all kinds of different things, and

you see all these things advertised in the papers in big full-length pages sometimes.

You realize that some people are in touch with a lot of sick, poor, suffering people who are certainly looking for something that they believe, that maybe the churches don't have the answer. And then you see even Christian churches now, they now have *The Order of Melchisedec* that is supposed to be some dub singers or something. I tell you, they have all types of things in the place today and they're certainly, I guess, trying their best to make people happy, but we thank God that in Jerusalem there is joy.

In Christ Jesus where the Bride is gathered together and the King Himself has come down among them and, brother, there are eternal Things being made known to the people who are from Eternity. And we are certainly happy that the revelation still gives stimulation, and the joy of the Lord is still our strength, by the grace of God. Amen? Blessed be His wonderful Name. God has taken care of all our needs and we are happy for that. Acts Chapter 7, verse 44 breaks right here into Stephen's preaching.

44 Our fathers had the tabernacle of witness in the wilderness, as he had appointed, speaking unto Moses, that he should make it according to the fashion that he had seen.

45 Which also our fathers that came after brought in with Joshua into the possession of the nations, whom God drave out before the face of our fathers, unto the days of David;

46 Who found favour before God, and desired to find a tabernacle for the God of Jacob.

47 Solomon built him an house.

Look at Stephen under the inspiration. He's looking back from the time of the Exodus when Moses saw the

vision and built the Tabernacle, then how they came into the land and then they drove back the inhabitants. In the time of David how he got the pattern under inspiration of the Spirit and now it was going to become a permanent structure, then Solomon built Him a house. So his mind was on this great house. This dwelling place of God was being revealed, being unfolded down to the people. You only have to go back and search the history to know how David found the place on Mount Moriah, the very same place that Abraham offered up Isaac. All of that is in the history when he would see what Stephen was speaking about. But here he was speaking and he's just bringing this great thing to these Jews who could not receive the message of Jesus Christ and the coming of the Holy Spirit.

⁴⁷ But Solomon build him an house.

⁴⁸ Howbeit the most High dwelleth not in temples made with hands; as saith the prophet, [he's quoting Isaiah.]

⁴⁹ Heaven is my throne, and earth is my footstool: what house will ye build me? saith the Lord: or what is the place of my rest?

⁵⁰ Hath not my hand made all these things?

So, if God who is a creator, created all things out of nothing when there was not even a molecule or an atom, God created the whole Universe, you think God would leave it up to a fallen man to take some dirt, take what God created and try to manufacture and construct a place for God to live in; a God Who could have made a man for Himself would use a fallen man to try to make a house, manufacture it out of material that God made, when God Himself could speak into existence? Amen. If He wants a dwelling place He doesn't need a man to make Him a dwelling place. Amen.

So, Stephen is showing the futility of people getting stuck with the temporal things. Trapped in the grip and

the influence of the natural things, not knowing it was only given to them for them to fellowship with this Mystery, to come into the real realization of what God's thought was and what house God really wanted to build. Amen. And that's why you don't just stop on some natural something that God gave. It is only given to us where our senses can contact something to bring our souls into a place to fellowship with. That's why after a while all these things are removed.

They had a Brass Serpent, they had Jesus upon a Cross but then God took all of that away. Now He's giving them a revelation of the Word. It's something far greater than what that represented; that you can look to the Unseen. Your faith can come into a place of eternal Things. That's why we need the Holy Spirit. Amen.

1st Corinthians, Chapter 3. Because Jesus had come in Matthew 16 and said, *'Upon this rock I will build my church and the gates of hell shall not prevail against it.'*[Matthew 16:18-Ed.] And the Holy Spirit had come back to dwell in these people and so these Jews were still trying to hold on to that physical temple, not realizing that the greater Tabernacle had been pitched. God was in Christ. They rejected that. Then Jesus told them, "Not one stone will remain on this temple. Titus is going to come...Jerusalem will be compassed with armies. You better not let not your flight be in winter if you're trusting in this thing." Amen.

Then when the Holy Ghost came in the Church, they still were blind and they were missing their Day. Things were passing them. And so, Stephen was trying to get their minds under the influence of what God was doing to see how it was coming from the temporal things to the eternal Things, from the shadow to the substance.

1st Corinthians, Chapter 3, verse 9. Here is Paul speaking with many of the same things upon his heart.

⁹ For we are laborers together with God; ye are God's cultivated field, ye are God's building.

¹⁰ According to the grace of God which is given unto me, as a wise master builder, I have laid the foundation, and another buildeth on it. But let every man take heed how he buildeth upon it.

¹¹ For other foundation can no man lay than that which is laid, which is [Christ Jesus].

Verse 16,

¹⁶ Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you?

Amen? And Zechariah 4. You know, you can appreciate how Paul, even like Stephen and even much more than Stephen...Stephen was a deacon who held the Mystery of the faith, but Paul was a messenger caught up in the Third Heaven, who caught the Mystery and who was setting the thing in order, who as a wise master builder laid the foundation. And when you look and see, he understood what his preaching was.

As far as he was concerned, he was building a building. As far as he was concerned, his revelation was a blueprint. As far as he was concerned, he was employed in the service of a Divine Architect. And when a man can understand what he's employed to do, what part of the job he's given to do just like John. John said, "I'm not the Bridegroom, I'm a forerunner. I'm here to make the way. I'm here to introduce to you the Messiah. I'm here to prepare the way." Paul said, "I'm not here to bring the Headstone, I'm here to lay the foundation."

They knew what they were doing. They understood. They were not just going to church, they were not just religious. They knew it was God in them carrying out a function, an administration for a dispensation...that's why he said, "According to the dispensation that was

given to me to make all men see the fellowship of this Mystery.”

And last week, we were looking at how he was building that church in Ephesians, and he was describing a pyramid. Let's just read out of Zechariah 4 here, pick up from about verse 6. He was speaking about those two olive trees and then he goes to the building because Zechariah's message was for restoration to a people that came out of Babylon, who were rebuilding Jerusalem at the end of the seventh decade. A type of what is happening here at the end of the Seventh Age when the Church was called out of Babylon. Here he's speaking, and verse 6,

6 Then he answered and spoke unto me, saying, This is the word of the LORD unto Zerubbabel,

Remember Zerubbabel was of the house of David. Had not the nation been under Gentile dominion, he would have been king because he was a son of David. He would have been a type of that great Son, that Lion of Judah. He would have been on the throne of David. But because Israel was under Gentile dominion with the taking away by Nebuchadnezzar, when he took them into Babylon. And so, here you see Zerubbabel, this great prince, this one who is the type of the Lion of Judah, a Word was coming unto him.

...saying, Not by might, nor by power, but by my spirit, saith the LORD of hosts.

7 Who art thou, O great mountain? before Zerubbabel thou shalt become a plain:

Remember the Temple had been stopped; they laid the foundation and then the work ceased for fourteen years and then they went back building their own panel houses and these things. And God raised up Zechariah and Haggai to prophesy and they prospered. And they had a great obstacle that hindered them for fourteen years, a big mountain that they couldn't seem to go through.

But here the prophecy is bringing encouragement to say, "This mountain will become a plain before you. This is a work Zerubbabel, you've been given a commission. You laid the foundation stone but nobody could live in a foundation stone. Build the building. Build the house of God!" Amen.

And watch something. What was happening in the natural was a mystery because God gave them the inspiration in the setting of the natural experience. That was the channel to catch a greater message, though it was speaking to them right there at the end of the seventh decade, God was seeing a greater time than [what] that was prophecy of, which is this Hour. Because it's a greater calling out of Babylon, there is a greater restoration, there is a greater rebuilding and all these things are types. And the same way we are catching it in our setting, they were catching it in shadow back there.

⁷ Who art thou, O great mountain? before Zerubbabel thou shalt become a plain; and he shall bring forth the headstone of it with shoutings, crying, Grace, grace unto it.

Hope you're catching my reading. Stephen was talking about building the house and when that thing changed from natural and came over into the spiritual realm, Paul was laying the foundation. But there was going to be a time when the Headstone will have to come to complete the building. And so when the foundation was laid in type which Paul had laid in reality, then there was a prophecy saying the Headstone will come to finish the thing. Because that represented the house of God. Amen.

⁸ Moreover the word of the LORD came unto me, saying,

Notice how that Headstone is coming with shoutings of Grace, Grace. Remember what I was reading for you last week: they found those people dancing, taking that headstone to cap the pyramid. When the morning stars

sang together and the Sons of God shouted for joy, they saw the Headstone coming. Now, look Zachariah was soaring up where God was speaking to Job from and asking him and bringing the mystery down. And when he brought the mystery down, there cannot be this thing without shoutings of Grace, and it is going to be a Message of Grace. Because that's the Foundation Message. That's the Capstone Message. He's Alpha and Omega; he's the First and the Last.

⁸ Moreover the word of the LORD came unto me, saying,

⁹ The hands of Zerubbabel have laid the foundation of this house; his hands shall also finish it, and thou shalt know that the LORD of hosts hath sent me unto you.

Upon this, I will build My Church. See? It's He building it. It was He that was in Alpha, it was He in the one who laid that foundation stone. It was He that held them in His hand, all Seven Stars. It was built not by their might or their power, it was built by His Spirit speaking to it saying, "He that hath an ear to hear what the Spirit is saying," for Seven Ages. And the same One...in other words the same Anointing, the same Message that laid that foundation stone will finish it. The same way the Spirit moved in that first Age He'll come back here to finish it.

That's why the hearts of the children are being turned back to the faith of the fathers. That's why Christ in the true Church is the continuation. When another branch comes from the Root, the Tree of Life will bloom again. The house of God shall live again. The Pyramid shall stand again.

...and thou shalt know that the LORD of hosts hath sent me unto you.

¹⁰ For who hath despised the day of small things? For they shall rejoice, and shall see the plummet in the hand of

Zerubbabel...[Oh, thank You, Jesus] with those seven; they are the eyes of the LORD,

In other words, those seven eyes, they are the eyes of the Lord. Seven eyes in this Headstone here; Lamb with seven horns and seven eyes – the great Zerubbabel.

...which run to and fro through the whole earth.

Let's pray. Father, Thy words are wonderful for us. It is like honey in the rock. Oh, we taste and we know that You are gracious. How You've changed our lives with the power that this grace has brought to us, that Lord, sin can no longer have dominion over us. You've taken us out from under the bondage of the law and you've brought us in the liberty of this great grace. Lord, may the shoutings that this grace has come forth with, move into every heart and bring such great stimulation, Lord. Dear God, each one of us could have a personal revelation of our place, Father, of Your calling. We can have the assurance in our hearts, we can have the comfort and the peace, the joy and the contentment that it is designed and intended to give to us. May the Spirit make it so real to every heart today. May You grant it. We ask it in the Name of Jesus Christ. Amen. God bless you! You may have your seats.

Well, we just want to follow and see how things go. It could go in a million ways but we would certainly like to just have Him lead us, have Him direct our paths a little bit and see how he would want us to go. I'd like to background some of the things from last week. Last week I was speaking on *Enoch's Sign in Egypt* [1999-0815 -Ed.] and I just had to finish, couldn't move much further.

Okay. While they relax, I, myself, pray for me. Let me try to relax here as well; take my time.

I'm so glad to have the saints from Grenada here with us. Brother Calvin came in yesterday and is sitting in front here. Glad to have him here in the service this morning. Amen. Blessed be His wonderful Name. I

want to read a little bit, something out of *The Message of Grace*[54-1006 Ed.] for you and then we go from there by God's grace.

I would like to take a little title this morning for the tape: **“ENOCH'S SEVEN STEPS TO THE KING'S CHAMBER”**. In *Enoch's Sign In Egypt*, he put seven steps to the King's chamber that the Prophet spoke on very often, and I'll read some of what he said to you and how he typed those seven steps. Because those seven steps were to bring man back into holy union with God again. And this great Pyramid mystery of the Bride of Christ, the Foundation Stone to the Headstone, and when that Headstone comes back to unite with the Church that is built up in those Seven Ages, it would take it in the Rapture. And all of that takes on even greater meaning because we know, according to the Message, this is the Uniting Time, Invisible Union, Oneness, Super Sign, God and man becoming one again.

This is this great Mystery – the capping of the Pyramid, the great Capstone that is going to cap off the pyramids of our lives; a people that God has brought back in His image and likeness. And that is going to bring a change so that we can be changed in our atoms, that we would change dimensions. We'll begin to space travel. We will move clear out of this world system of things, this Cosmos, the world as we know it today.

In the Bible, the Greek word is 'Cosmos': *an order, an arrangement, systems of things that are set up*. Transportation systems, security systems, communication systems, all different kind of systems that are set up that man live by and they govern the way that we act and work and play and do things. And how life has changed because as we spoke to you some time on the three revolutions that evolved this world, this Cosmos. First, it was an agricultural civilization that we see in the Bible, then afterwards Cain had some problems; he couldn't walk in Truth and further

judgment came upon the earth. God cursed the earth after Cain killed Abel and then he began to work in science.

He made wisdom the way by which he would go. And by working in science, when you look at Cain's genealogy and the Bible gives it from Cain to the flood, and the Bible shows us the lifestyle, the course that they walked after. They walked after the course of this world, after the prince of the power of the air. And the things that were predominant in their civilization were idolatry, communication, war, immorality. These were the things that characterized their lifestyle.

It says that they were artificers. You look up the word. It is not just inventions; it goes further into idolatry. Because man, when they invent something, they exalt their own knowledge above God. And that's why today you have the man who invented the artificial eye make a greater name and promote himself above the One Who created the real eye.

The man who invented a motorcar exalted himself so high that he invented transportation above the Man Who could walk on water and Who could break the law of gravity and Who could take people up like Enoch was taken up in a different type of transportation and Elijah was taken up in another type of transportation. Yet, we don't hear about that type of transportation.

Man writes the books. They make their films and they do different kinds of things, their institutions, their great mechanics and their learning and they try to make that so predominant in our minds, that that's all that we know. When we ask somebody what they know about transportation without horse and buggy to astronaut, they can't say. They will ask, "Is there a next kind?" to show you how the god of this world has blinded the inhabitants of this earth with his fruits from the tree of knowledge as he builds his science civilization.

This order and this arrangement changed the way...was set up as agriculture and then it came to industry. As I always say look what automation did for us. Long ago when a man wants some clothes, he runs out of clothes, he goes out and hunts, catches a sheep or a deer. After he kills it, he takes the meat for food, then he skins it and he uses the skins to make tents to live in and then he uses skin to make clothes to wear.

Today, you don't go and get your clothes that way. You go to the Mall, you go to the shopping centres. You don't even want the locally manufactured goods. You find it doesn't have enough...it is not appealing sufficiently for you. You want the imported ones, the brand names and you pay bigger money for it because it is better known, it is easily recognized and it sort of makes you identifiable in a certain category, because it has been so marketed to make you feel important and better, because Satan naturally can't change your nature to make you a better person, so he has to put something around you to make you feel that you're better. And since he's the producer of the thing that makes you feel that you're better, then you kind of get tied to him. Thank God for revelation. The Seven Seals opened and exposed that. Hallelujah! We are free from that thing! Glory!

Now we know about another Robe, a Robe that could robe your soul (amen), a Robe that could give you favor before Almighty God, a Robe that doesn't need any washing; it is already washed white in the Blood of the Lamb. Glory!

And so, from there, they brought it through the Industrial Age. Man, taking the fibers of the animal: fur and these things and spinning into nice clothes, changed the way that people dress. Man, with the industry, took the soil and made it into bricks and with architectural knowledge and geometrical science these things and mathematics, now, they can construct a

house so high, get the dimensions just right, put it up, get the builders to do it.

Why? They ate from the tree of knowledge. They've evolved in science. So now, a man no longer tries to say, "Boy, rain fell and I got really soaked last night, so I have to get a new skin." Or, "My children got bigger, I can't live in sheep's skin anymore; I have to get buffalo or some bigger animal because I need more material for a bigger house, a bigger tent." No, it changed.

Then, they went one step further. They could build pyramids. They could move these boulders, two and a half tons to fifteen tons, forty-five storeys high by a power that they invented. They had come into such a place. They lived so long that they could perfect their work. Men lived for nine hundred years. Six hundred years, they're now in middle age. They're now getting to the prime of their lives. Men could fellowship with each other for hundreds of years exchanging ideas and information. And because they had one language and it wasn't broken up into different tongues, they could communicate and dispense their knowledge. They can share information. They can set up networks, they can set up projects. And so, it became such a powerful civilization. How they changed things. And then they found, "My! We have progressed! We have done pretty good for ourselves."

Cain started off with a city, one city. Think of how that would have looked in a place that had no city of that kind.

Eden was supposed to be the headquarters of the earth and God's plan was to make the earth the headquarters of the Universe; for He, Himself was going to come and live with man on the earth, and rule the whole Universe He created from the earth – Set up His City on the earth. In the back of His mind, in His great timetable, in His great itinerary that He had, how He's going to bring all His thoughts into expression, how He will unfold His purpose and reveal Himself, how long He

will take in a particular area of His great Self. Are you getting me? Listen to my language carefully.

Remember, He wants to express His attributes. Remember, just manifesting it doesn't mean that you get it. That is why God has to hold you in places in your life, so long; bring you to certain depths of pain and crying tears, so your begging and your pleading sometimes, will come to a certain intensity, just to set a certain law in motion to bring a certain manifestation of the revelation of God to you. So, you will not have some little, shallow, mental revelation of God's greatness. He has to fix the places. He has to get the furnace heated seven times hotter. He has to fix the places and get you by the Red Sea with no retreat – the wilderness to the back, the mountains at your sides, brother, the Red Sea before you where you can't turn, and then send an army intent to kill you and take you back into bondage. He has to do it just right because he wants to show His power, He wants to show how awesome He is!

Brother, when men were dying, who were carrying them in the fire, all the fire could have done was just break the bands that bound them. Amen. You see, God is not about getting you out quickly. God is about revealing Himself to you, who He is. How powerful He is so you can worship Him. Amen. You can exalt Him. You can say, "Papa, there is none like You! I examined it. I studied it out. I scrutinized You, I checked it out. You are great! You are Almighty! You are incomparable! Hallelujah! Amen.

God was watching man. And they evolved from the Agricultural Civilization to the Industrial Civilization. Then they came to the Information Age. Now, they have gotten the atomic power, now they were exploring space. You say, "Where in the Bible said that?" In Genesis, of course. Didn't Jesus also say, "As it was in the days of Noah so shall it be"? What does that mean? Look in your Day and see what kind of Day you have and look in their day and see what kind of day they had.

Then (we are going to get to it), they can't build a pyramid today, still. You want to put them less than you? Only if you have pride, that kind of pride thinking that men back there were cavemen with clubs because the Devil deceived you with those pictures to make man feel "We are the race! Man came from the Neanderthal man..."[Said in an arrogant, educated voice and the congregation laughs. Ed.] Now this generation comes in their three piece suits, silk ties, diamond stud rings, Rolex watches, cellular phones. He threw away the clubs and he threw away all the animal skins and he came out of the caves and now they are in condominiums or in penthouses somewhere, high up on the fiftieth story. Oh, my! See? We look in the Word and the Mystery is opened up to us to filter our thinking. You know why? You have to get unloosed from here to get tied to the Eternal, tied to an Absolute, a Kingdom that cannot be removed to bring you into Truth, to take you out of the lie because our first birth is by the lie, and that's why people seem to believe lies quicker than Truth. Amen. That's why people are afraid of the Truth but they run for the lie many times.

If God didn't put something down in your soul that is from the Truth, brother, you wouldn't feel funny about that lie. Amen. Hallelujah! But because God put something down in there, you'll feel funny about that lie. You say, "I can't put it together but it doesn't ring a bell." It doesn't ring that bell. Amen. Hallelujah! It's just a bunch of little ideas and interpretations of men. Tie it from Genesis to Revelation and show me the continuity and then reveal from 1965 to 1999 and then I'll tell if you have something. Other than that, you're under a strong delusion, already preganated with Serpent seed (amen), bringing forth the wrong baby. You'll be stoned with hailstones under the Seventh Vial for adultery because you didn't have the love for the Truth. Think of it. This generation is finished.

This is the escape. This is the escape! The Rapture is the escape! It took angels to come and take us out of here (hallelujah), coming from Eternity. Hallelujah! Angels, angelic beings, Almighty God (hallelujah!) coming forth! Glory! Swing low, sweet chariot. When He could reveal something to a man that brother, He had taken away from this Science Age (amen), exposed these Things to him; a man He could trust and a man that could trust God. And He said, "You go and wait for me in the desert; I'll come there to you. Tell the world about it, as stupid as they think that you are. Amen. You're not just another oddball. Don't bother with them, but you just say it anyhow." And he started to testify everywhere, "Seven angels are coming to meet me. Seven angels with a blast which shook the earth, they're coming to get me." Amen. "They are coming because this is the Hour of the Rapture."

Brother, everybody was 'shoo-shooing' [Gossiping quietly -Ed] in their little private chamber: "This man has really gone off. Who does this man think he is at all? He talked about one angel, we accepted that. Now the man's talking about seven Angels? This man got too big for his shoes!"

You see, people always like to hold people down. People always like to hold people in their little boxes, their little interpretation boxes. They look at you and when they estimate you, "No, you can't be in anything, you're for the matchbox." And they put you in their little matchbox.

Long ago, old people used to put their zoot [Local name for cigarette butts. -Ed.] in their matchbox but we are no zoot for anybody's matchbox. Amen. Hallelujah! Glory be the God! God has prepared a city for them and God is not ashamed to be called their God! Hallelujah!

Thank God we are made kings of the earth. Men who ruled great kingdoms will come in and when they see us on the Throne with the King they will bow and bring their homage and bring their honor into the city,

amen. And they will speak highly of the Queen, (glory) who is the glory of the King. Today some of us can't even get a visa to go into their country (amen), but look what the Bible says God will do for us.

I don't want to get over-happy here, but you see, the world... I mean here, it's like so much is flashing and flying around, so I just have to bide my time. Change the world and then the destruction comes. The Destruction always comes when it comes to information. But the destruction was just God turning the earth back to its pre-industrial state. He wiped away their inventions. He wiped away the world that they made. And Genesis 9 tells us that Noah became a farmer. A man who lived in an Age when they were building pyramids, going to outer space, went into a boat, came over the judgment, came back in an earth and couldn't find any of those things, and he started to be a farmer. Think of it.

And then Nimrod began to go to war and began to build cities because that strain was there; it came through the ark. See? And then what happened? They began to build back that kind of civilization and they began to change the world. And then they decided to go into Heaven and they built a tower whose top may reach unto Heaven. But not 'top' like how you and I say 'top' sometimes. The English language fools people.

You see, when you have them as cavemen, you think of a man building a brick thing to go high up in the sky. Could a man who conquered the whole world, who was Satan's superman of the Age, who is a type of what the Beast is doing today, do that? If you still read the Bible that way, you sure got a lot of denominational flu still inside your mind; because Genesis is seed, Revelation is harvest. You have to get back the kind of harvest according to the seed you have. And if a person has that kind of seed you can't see anything that's happening in the earth today.

You understand what I'm saying? That's why only the Bride can see what is happening in the world today. How she's dividing the land, how they are uniting under one Headship, how they are going to control trade and commerce, how they will all come under the Catholic church; only the Bride could see those things. Because you have to see the seed to know what you're looking for and how to identify the thing!

And today, they are trying to link heaven and earth. And the Prophet said that. He said that man is trying to go into Heaven by science and technology. What are they going there for? To find life. They have destroyed themselves here. Earth is a dying planet. You think...how much did it cost you to come to church this morning? Some of you, it cost you a lot because you have to bring your family. You had to take about two, three forms of transportation. And sometimes it's a big battle in your mind whether to come because it is going to cost you a lot.

How much do you think it will cost you to go to Mars? How much do you think that they are budgeting every year for that kind of thing? You understand what I'm saying?

You see, you have to get in the real world. That's why sometimes, people, their faith can't move into certain places because their thinking is sluggish here. And when their thinking is sluggish, they can't seem to break into the reality of the Age they are living in and yet the whole world is about to be destroyed. No wonder they say, "This world is going to be destroyed? No, I can't believe that." You can't believe that? You don't know the power of God yet.

You clean out your house, all your garbage, sometimes two big bags of garbage and you carry that out with ease and throw that in that garbage truck like nothing. Sometimes you light a fire and you sweep your yard and all those things that you don't want in your yard like old wood and you clean up and everything.

You will light a fire and you'll burn it without even thinking a second thought. Amen!

Do you know why? In man's mind, they're big because they don't see themselves in relation to the Universe yet. So, in man's mind, they're big. They walk around thinking they are big. Yet, in the systems of this world, even on a national level, they see the little third world islands like us as statistics, as poor people, they have to come and dole out money to the World Bank and IMF and them. Poor people have to kind of dole out some money on them that when they want to go on to a bigger, better world, they are getting trouble with a bunch of little islands here, who can't get a market for their bananas, so they could live. You understand what I'm saying?

Well, if man, in a bigger nation is seeing the smaller ones like that, what is that in relation to the Universe and God? That's why we need to wake up, expand our thinking. That's why David said, "Lord, a man is like grass, comes up in the morning, withers away and goes in the evening.

When man used to live for nine hundred and sixty years, people can't even live a good twenty-five years today. Think of it. And yet man sees himself as something. What is it? They have been disillusioned, they have been side-tracked, and that's the trap people. That's the trap. And that's why the Word comes to shake us and wake us up to realize what time it is, what is happening because Daniel already saw a [blank spot - Ed.]. This is the escape. When you see death, run for your life!

You could imagine a man gets a foreign used car, takes it to get a new, nice paint job, straightened up, has the keys in his pocket, takes it out here now, then he kind of gets into it, relaxes, reclines the seat, puts on the deck, put that there, the air condition blows on him and he feels so charged because he came up from an old car to a foreign used. He has a vision that he's going

to climb to the top. And here, even the ones they make in the factories now, all are going back in the earth under volcanics, under the atomic bomb. And by the time of the Millennium, there isn't going to be any. This world will pass away.

Because remember man, fallen, carnal man who can't make a blade of grass, yet could send a man from the earth to the moon, took hundreds of years to pull the minerals out, grew in the knowledge of science and technology to make it and then admired it. And man is so puny, he can't make a blade of grass. How long do you think God needs to take to put that back where man got the parts from? You get what I'm talking about?

We are puny. We are puny! It is just Satan who is exalted that inflates man with his exalted spirit, his pride through education through different natural things to make them feel better and blow their heads up. And then they walk around thinking they're something. The Prophet said, "You want to know how great you are? Stick your hand in a bucket of water and find the hole afterwards when you pull it back out." You get what I'm saying? You're nothing! That's why man has to humble themselves under the mighty hand of Almighty God and beg for mercy. Amen.

Oh, brother! If we see what God has done for us; if we see what amazing grace; if we see the Headstone that came with shoutings of grace; if we see the love of God so rich and pure, so measureless and strong to come to us in the last days, it will make us the most happy and grateful people. We'll never cease to praise Him! We'll never cease to glorify Him and be thankful and exalt Him (amen) and honor Him with our lives (amen), to humble us.

Look at Paul; when Paul got a little taste, he said, "All that I've gained I count it dung." He said, "You find the biggest cesspit, my degree ends up right there. My image, my reputation, my natural birth, all that went there." Oh, my! Glory.

It's going to pass away, it changed the world, friend. It brought destruction. Then it started with Noah, as I said, Agriculture came back to Industry. And then they went to Information: one language united heaven and earth; going into space to escape any attempt of destruction of the world. Remember, they had come through nuclear winters. The continents were pulling apart. The world was changing. It was going through cataclysmic changes after the flood. Because even way after the flood, even in Peleg's time, the continents began to pull apart. Seasons were now becoming more predominant, which they never had before.

So man, brother, they were looking. They didn't know what was going to happen. The earth had become chaotic to what they had known it to be before. Man's life had come down from nine hundred years to a feeble thing. What kind of thoughts do you think a man will think when he sees people dying? Man used to live nine hundred and sixty-nine years like Methuselah, the oldest man. Adam, nine hundred and thirty years, Seth and they, nine hundred and five years. What would they think when they see man comes to fifty years and is getting old and sick and different things? You think they'd want to stay living here on the earth? When they begin to see the effects of that radiation and all those different things, all those dinosaurs disappeared, all kind of species went. Brother, they became extinct after the flood. Think of it.

Think of trees that never had to go through a winter. Could they imagine that? How were they going to grow? Rings never used to be on the trees. Rings are signs that you could see the age of the tree now because it is a dying civilization. Because when man fell, his kingdom fell with him.

So they wanted to go into space, just like today. What is it that carries them into space? They see death here. They put John Glenn out there to see if they could slow down the aging process. Because even though death

came when man was being born by sex, yet man being born by sex could live nine hundred years because the climate wasn't affected like after the flood. So the aging process was much slower. And because of the aging process being slower, man hadn't a fear, hadn't been in a hurry to try to do things because he feared he's going to die. Man could live.

Could you imagine if you could live on earth—These people who want to clone, could live for eight hundred years? If man took seventy-five years to move from horse and buggy to astronaut, could you imagine what they could do if they lived for eight hundred years?

Can't you see it is God who put the line there on man's life, his lifespan and numbered his days? Can't you see it's God Who put a lock on the language barrier? He said, "Lest what they would imagine to do"? And can't you see it's the same thing that man is still doing and working to do every day? Can't you see what shaped the policy of nations? Can't you see what shaped the policies of the superpowers? Can't you see how they're shaping the policy of the others, how they are dictating to them? Can't you see the policy of the world and what it is coming to? Can't you see the New World Order that is happening and changing around us every day? And can't you see the only thing to identify, show it and escape out of it, lies in this Message and the only hope is the Rapture? Then, can't you see the Rapture is not some little whimsical thing for us?

Then Elijah was walking, knowing; "They've come to pick me up. I'll hear 'Beam him up' just now. They've come to get me. I must behave normal, just like my everyday life but I'm conscious of both worlds. They don't know what I know. I'm walking here; I know the next world here; some beings. Since I've been born again like Jesus said, I could see the Kingdom. I know how to enter. I have an access. I know the key to the door. I have a Guide to guide me up those Seven Steps. I have a fellowship with God that nobody knows. I have

a Control Tower inside of here which comes down and veils Itself and becomes resident, hiding behind skin but I know He's here."

God sent a Prophet that taught me how to live in There and stay in There and when I get tuned out, how to tune back in quickly, and when I get a communication block, what cleanses the hindrance; how to put it in the Blood and how to get repentance and confession with sincerity and make restitution and keep the channel clear again. I know what breaks fellowship and what restores fellowship. And I know it takes walking in Light for the Blood to become effective. I understand those Mysteries. I know not to get a complex and stay away under condemnation but how to come back for the ashes of the Red Heifer.

What was God doing that for? To make sure my access doesn't get blocked up. I don't have to go to a witch and try to get a false interpretation or idea. Amen! Hallelujah! Glory! I'm no Saul! In his greatest trial, he can't even hear from God. He can't get a dream, can't get anything from the Urim and Thummim, nobody could prophesy, ends back into witchcraft. See? Oh, brother. When you have to turn your face for the revelation to stop overpowering you... "Lord, give me a little space, I want to think on this. But Lord, if you keep like this, I can't get a chance to meditate on anything, hardly." See? Why? You want to keep your access clear. Now is not famine for the Bride.

Elijah entered a place in the time of judgment where he got hidden food. Is that right? There was a spring and while the world was in famine brother, he was being fed every day. A type of the angels that come and take us into a Secret Place where we enter in by the call of God, by the Word of God, by the foreknowledge of God. And while people are in famine and don't know what to do, you have a feast with God. You're walking with God every day. Because God said the famine is going to

come and God made preparation for those, His Elect, in the famine, too.

Friends, let us try to focus now and try to get a little bit to these Seven Steps because I want you to see what is happening around us. I want you to see the relevance of these Things. I want you to see why it is necessary to get a hold of It. I want you to see it is not just enjoying a service. It is Things that the Spirit is communicating and attempting to sometimes—you play a part in the transmission. And then sometimes what happens too, Satan gets your mind in a channel that you don't get it the way God wants to give it to you.

And sometimes you're afraid of the Holy Spirit because you don't want your life disrupted. You just have your life set. "Well, right now I plan for this and I plan for that and I plan my vacation and I plan this here and I plan that I'm going to get married just now and I plan that I'm going to do this like this, and I plan to save up all my money by this time next year and I plan this, and my plan like it's working out." And then God is coming now with something to disrupt all your plans and like *almost* you can't yield to that...*almost*. The Devil does that to you. Remember, you want to be flexible.

Brother, every plan you have, you lay it aside and say, "God have Your way in my life! You could have raptured me right now because I don't know when You will pull my card off the rack. I want to be in touch with You. I want to be under Your influence. I want to know better and understand clearer." Because you know why? When you get deeper with other plans, do you know what happens? There is a lack of fellowship with God because you're not getting communication to reveal God's plan for your life, so you have a lot of time to fabricate your own plans. People waste a lot of time like that. They end up lost, the Guide has to find them many times and bring them out of the woods.

Okay, let's settle down to some teaching now. *Message of Grace* [1961-0827 -Ed.]. Remember our Scriptures, Acts 7, how, in speaking, Stephen was opening up to them the mystery of the house of God, a dwelling place for God. And Paul, knowing that Jesus said, upon this rock He'll build His Church, understood his calling, understood his role, understood why he was given the revelation in the measure he was given and why Jesus appeared to him in the form that he appeared to him in and why his ministry was designed and cut out the way that it was cut out. So, he could function and not confer with flesh and blood and get into organizations of man and get mixed up with groups and these things, but he could lay the foundation that he was called to lay.

And so, then we see Zechariah showing the Headstone was going to come back. He had a vision that the foundation was already laid but there is a coming of the Headstone too. Amen?

And so, here in the message, *The Message of Grace* 1961, August, pages 8 and 9. He says, [Now,] *do you see? The Message will not come by some great might or powers, but by the Spirit of God. He says we know that this was during the time of the preparation of restoration of the temple. And Zerubbabel was a great prince amongst the people, who had laid the foundation of the building. He says Now, I want you to put on your spiritual thinking, anointing jacket this morning as you think.*

We are getting in some deep Things here now. He says,

This great prince had determined to rebuild the house of the Lord. And then, when he did, he had laid the foundation stone.

And as we read on farther, we find out that God had said that "Zerubbabel had laid the foundation with his hands; and he also shall bring forth the headstone." I

want you to notice: He never said that he shall bring forth the Cornerstone. He shall bring forth the headstone.

And we know that the Scriptures says that Jesus is the Chief Cornerstone, and he is also the Headstone. Now if we will think for a few minutes that the Seventh Church messenger... [You see where he's going now?] ...was to restore the faith of the children back to the fathers, in other words, rebuild the church again under the power of the Spirit. Not by might, not by power, but by My Spirit," saith the Lord. Not by organization, not denomination, but by the Holy Spirit God will bring forth the church in the last days.

Zerubbabel, the prince with Joshua, was the one to bring forth the headstone. He had laid the foundation; he had took the people back to the foundation in type.

Which, we all know that these candlesticks and so forth represented both Jewish and [the] church. They were olive branches, the Bible said here. ...olive branch, we are the wild branch that was grafted into the root of the tame olive tree: Gentiles. And out of these two [olive] branches comes censer pipes, going into the seven golden candlesticks to give Light to the Seven Church Ages.

So he's taking this vision here and watch where he goes now.

Now, remember in our teaching on the lessons that we've just been through, that we took the great pyramid and studied that for a while, that Enoch must've built. And the headstone was never put in the pyramid.

This Zerubbabel was to bring back the headstone, what it was. It was the same revelation that went in the foundation was going to come back. He said, "But notice, Enoch built this pyramid and the headstone never was put on the pyramid because it was going to be rejected when He comes. But it's going to come one day. They never found it. They found the pyramid. They tried to decipher some of the writings and the measurements and interpret what they think lays there, but only God and Enoch and they knew what they put

there.” And when God seals up Things by prophets, only prophets could unseal them.

Just like the Bible; “Seal it up Daniel until the end”. No theologian could explain that. “Seal it up, John! Don’t write it!” Nobody could get that. It had to be a prophet. Why? Amos 3:7 “Surely the Lord God will do nothing except he reveals his secrets to his servants the prophets.” God has no higher order to reveal the Word than by prophets. It’s going to be a prophet. It was going to be a prophet. That’s why we thank God for a Prophet.

If we were in a denominational message and a denominational church, brother, we would be in bad business this morning. We would be trusting in people who cannot get in the mysteries of God. We would be looking for salvation in a church that was just dying, through the tribulation and in the lake of Fire. See? It will have a lot of disappointment there but God called us out. Amen. And now the Mystery of God is opening to us. Why? Because a prophet came and opened these Things. Because God had promised to unseal It by a prophet.

So he says now, ...*Enoch must've built [that pyramid]. And the headstone was never put in the pyramid. I've been there. The architectry of it could never be replaced until this day.*

And I don't think there was a minister who ever spoke as long as the Prophet did on the Pyramid. I was looking up that yesterday and the first time he started to speak on that was in 1951. Last time he spoke on it was December 1965 before he died; he was still speaking about it. And all down through there he was speaking about this Pyramid and the Headstone because he was born in the earth to bring that Capstone revelation. He was born into the earth to open the Seventh Seal and introduce the Coming of the Lord to get a church ready for the Rapture. Why? Because Enoch, the seventh from the first Adam was a type of Enoch, the seventh

from the second Adam, and from Christ, there was to be Seven Church Ages, and the Rapture was to go in the last Age. And he, that Seventh Angel, the Messenger of the Seventh Seal was to unseal what Paul sealed. Paul sealed up the mystery of the Rapture in the Bible: *The Lord Himself shall descend from Heaven with a Shout, with the Voice of the archangel and the Trump of God, and we who are alive and remain* and these things. And he sealed it up in Thessalonians (see?) and he left it there.

2nd Thessalonians 1: when Jesus appeared with His mighty Angels in flaming fire to take vengeance upon them. And he places those things in there. Well, nobody could interpret that Shout, Voice and Trump; nobody for two thousand years. God was going to send another prophet like Paul. The same one who laid the Foundation stone was going to come back with the Headstone. To do what? Unseal what was sealed up in the Bible. And what Daniel sealed up, those Thunders are that last vision; that mighty Angel with that open Book delivering the names that were sealed up, that was written in the Book. And what John sealed up, those Thunders, was a mighty Angel come down between the second Woe and the third Woe when the Seventh angel was on the earth at that time. Like John was on the earth when Jesus came, so he could introduce Him to the people. Is that right?

The Message that we have... If we are in this Message and don't go in the Rapture, it's our fault, because everything that is designed to put you in the Rapture is in this Message. See? If you are elected you're ordained to come to it. If you say, "Well, I'm elected!" you're a Calvinist because you're sitting down there saying 'What will be, will be' and there are no works expressed in that faith has taken ahold. You're expressing information, not revelation. Revelation makes you prepare and makes ready for the thing. Amen! Revelation has you living under expectation, walking

with God in fellowship and the mystery unfolding more and more, like Abraham started: "You'll have a son." Then he knew it'll be like the dust; then he knew it shall be like the stars; then he began to know it is going to come through Sarah; then he began to know what is the name of the child and then he'll know what time and season.

You keep walking, it keeps unfolding and unfolding, and unfolding and unfolding until the thing is here! If your revelation on the promise is not growing and you're not coming into it and it's becoming more alive within you and your hope is becoming stronger every day until you could believe in hope against hope and circumstances don't bother you anymore, because you don't stagger through unbelief anymore. Because you're not even considering your own body now dead; not even visible things, not even things by experience (amen) could hinder your faith anymore because you've broken into a realm where you have faith in the Promiser.

He believes that God will perform what He has spoken. He had faith in the faithfulness of the Faithful Promiser, that it is impossible for God to lie. He will keep His Word. Amen. I didn't choose Him, He chose me. By election, He came down and revealed to me. He chose me and said, "Come out of Babylon, Abraham!" Amen!

And that's why as a believer, you're walking there with God. It means something to you. That's why I can't understand people walking in this Message and brother, there is no real love for God. There is no real love for the Truth. There is no real growth in their lives. They are still the same way, talking about the things that they used to talk about twenty years ago. Brother, you mean you're getting close to the beach and you can't smell the salt in the air? You can't see the vegetation change as you come into the vicinity and all those coconut trees all over the place and you're seeing boats

being fixed in the yards and different things? You're talking like you're still in the city where you left? Amen. No-no-no-no-no.

When you're walking in this Word, when you're journeying to this Promise, we are in the season when things are all around us. It's all around us. Amen. Brother, we can't move on any side where It's not there; It's being made manifest to us. Now, when we speak, we speak with a depth of conviction. Like John, in that first three months he was preaching but when he got down to the fourth and fifth months and by the time he reached in the sixth month and the message was no longer coming, "Baptize. Repent." and, "The axe is laid at the root." The message was now: "There is One standing among you. There is One mightier than I. I must decrease." The message had gone there now. Amen. Why? He had moved into another octave in his message and people could have caught the gear change. Spiritual people could have understood where those Things were coming from now, the clarity, the emphasis. Brother, that man was touching those Things. That man got ahold of Something here. That scientist has some Chemicals here. When the beat changes and people are being changed and things are happening, he knows something is happening. Amen. "Lord, you're here somewhere. Theophanies are here somewhere. Something is happening." The Holy Ghost is seeking people out now. Amen. He's found some obedient hearts who surrendered to the Word. Amen. Glory!

You can tell what is happening around you. You're not unconscious. "Well, I keep seeing the same people. Oh, he still sits in the same place. Oh, This one is preaching today. Ohhh! Oh yeah, what time is it? Yeah, when does the bar-b-que starts?" Oh, my! See? No, no, no. No. You're in a next realm. I watched the song. I see when the message came up after the song. I see where it is pointing. They are talking about

something. It's an emphasis. It's a focus. It's a channel. It's an inspiration. Something is moving. I am part of it. I followed it myself. I could identify with it. Glory be to the Highest! Something is happening! Something is happening to you. It becomes alive to you. You're not going to church anymore. You broke that realm; you've come out of the Age. You've come out of Laodicea. You're up into another realm now and you have eyesalve; you could see. You have gold tried in the Fire. You know you're tested and tried. You stand firm; you're not shaken. Amen. You have on white Raiment and it is not spotted by the world. Amen. You hold your garments that no man take your garments from you and you're found naked. You have the Anointing that the Message gives you. You are robed with a Power, with the Holy Spirit that seems to become one with you. Brother, when you move, you reflect Him. When you speak you reflect Him. Amen. When you act you reflect Him like you're making Him personalized among the people. Just like He said, "In that day you will know I in you and you in Me." Glory. He moved you up into another Sphere. That's what they call the Bride Age.

Laodicea is blind, wretched and naked. The Bride Age is eyesalve, Gold tried in the Fire and white Raiment. If you don't have that you're still in Laodicea because now, your eyes are seeing something. Light never shone on it; it's been real to you. It's being revealed to you. The Rapture is on.

If you're going in that Rapture, God is speaking to you. God wants to get your heart into a place. God wants to open something to you that the world will know nothing about because the Rapture is a revelation *only* for the Bride, *only* for the Father's spiritual genes. Something that you will know and the only one who knows it is who is part of it. So, it can't be an explanation of what the Shout is and what the Voice is. It can't be that. It is something beyond that. That's the

realm where man could teach and man could learn and man could repeat and still doesn't even have Rapturing Faith and could still backslide after saying all that.

We are talking about being built up into the Headstone. We are talking about growing up into a Holy Temple. We are talking about your life have been measured out and the foundation has been laid.

Paul said, "You are God's building." And he said, "I have laid the foundation." In other words, if you sit down in a church and that man has a message and that man lays his message into your soul, and you come up not knowing what that man is talking about, you're in the wrong church. You are in the wrong church. Because that man is sent to build you into God's building to become God's dwelling place. That man is to lay a foundation in your soul, a revelation to present Christ to you in a certain light relevant to what He wants to do in the Age that you're living in, and your Light was predestinated and designed to be part of the move of God. You are a unique piece in the plan for that Age. That man opens up the mystery of your life and ties you to recognize what part of the Word you are, and fits you into the economy of God (amen) and especially in the Ephesians at the end of the Age, when that Joshua Commission is dividing the land and placing the people. Then it is not just preaching to you. Amen?

That's why people can even be gathered together and *the* one shall be taken and the other shall remain. In the same bed, at the same mill, in the same field, in the same church; so near and yet so far.

Just like Cain and Abel, Esau and Jacob in the same womb, just like Hagar and the children in the same house. See? That's why you want to know, if you can't see it, you don't want to play you know it. Say, "Lord open It to me, the Hour is too late!" We are not talking about an Age to come but what has been going on these past years and is about finished. It's running out. It's running out. The world is coming to its biggest

deception that it has ever come into in this Hour. They'll deceive one another. The rich will deceive the poor. Oh, brother. God have mercy!

So what was the Foundation Stone in the Church building? Paul's message was building the Temple. What was Paul's message? Paul had a message that was revealed...he said, "No other foundation can be laid than Jesus Christ." And Christ is the Mystery of God revealed.

When Jesus came, Jesus showed that He was the entirety of the Word. He took the Laws and the Psalms and the prophets and all Things and showed that He was spoken of from Genesis and was the principal Theme of the entire Bible and here He had come and proven that He was David, he was Jonah, He was Solomon, He was Isaac, He was Moses, He was all of them gathered up. He was the fullness of the Word, what they were revealing in part. Is that right?

And then when Paul began to open up that mystery he said, "Now, He is the beginning of another creation. Any man in Christ is a new creation. Old things are passed away. In Adam we all die but in Christ, we are all made alive, and Adam was a figure of Christ. And he's showing us, now God is starting a new race.

Now, remember when I preached on that message for you a couple of weeks ago, on *Shadow and Substance* [The Substance And The Shadows Pt.1 1999-0728; Pt.2 1999-0801 -Ed.] and I was saying to you if you don't have the New Birth you're under the law. You're under your old nature. And if you're under your old nature you're in the kingdom of man, not in the Kingdom of God. In the kingdom of man has religion. In the kingdom of man has Bible school. In the kingdom of man church. The kingdom of man has every religious thing that you could have. Amen. But in the Kingdom of God has union, has change, has transformation, has character, has power, has obedience, has love and peace and joy in the Kingdom of God. Amen. So it is a great thing here.

Now, these Seven Steps that we are speaking about... and just let me get to that quickly because I want to show you that Enoch had a revelation that he put there, in that Pyramid. And here we are in that Hour, it has come to us. It has come to us, friends. Seven Angels could have come in any form they wanted to come in but the reason that they came in the form of the Headstone, it was the Message of Grace coming back to the Church. The Prince is going to catch it. It was the prophetic Capstone Message because there was no way for the Church to go in the resurrection without the Seven Seals Book being opened. That's why John wept. Without those Seven Thunders uttering their voices, there is no way man could know to come into a change, to put on Immortality. There is no way man could come out of the church system because the last message they had, they ended up in an organization just like the previous messages that they had. And since there were no more reformers to come, because the spirit of man is stalk, tassel and shuck; the next stage was the grain and when the grain is ripe, it goes. Jesus told these Things.

So all Christians understanding these mysteries in the Bible pertaining to the Kingdom of God, they knew one day the Lord of the harvest is going to come. They knew that harvest time was a separation. They knew it's a binding—that's why we're not confused about false religion; we know what it is. Jesus spoke and He said, "It's the seed the devil sowed." He said, "Every tree that my Heavenly Father didn't plant, I'll pluck it up." He said, "Let them grow until the End-time, I'll separate it." That's why we have a Message of separation. That's why we have a Message that doesn't mix up with denomination. That's why we flee that thing like we flee the plague. Because we know that is going in the fire and the wheat is going into the storehouse.

That's why the wise virgin goes with the Bridegroom when he comes. He told the parable and people knew

there would be a catching away of the Church and even some right around the real believer will not go. The man came and was checking the robes. That's why you don't want to get your salvation that you're holding on to, you don't want to get yourself mixed up with people who don't want to go. You don't get mixed up with people who love this world. You ask God for deep conviction to draw the line where you have to draw the line.

Esau will not love the Birthright. He loved the morsel of meat more than the Birthright but he will still want the Birthright and the morsel of meat because he's profane! He's a fornicator. Read Hebrews 12. It tells you, it describes him. It's a person who wants the best of two worlds. That's what it means. But God called Abraham to separation. See? Total separation from *all* unbelief. And one of the hardest places is in your own life. When you see it in your own life. To separate from things in your own life that you see. To learn to take the sword and have a spirit to kill. Saul didn't have a spirit to kill, Saul had a spirit to not kill so he could make friendship with the world. But friendship with the world is enmity with God.

You see, you have to come down to predestination to know: birds of a feather flock together. You have to get revelation to know your kind quick so you don't get unequally yoked. If you get unequally yoked, you don't know your kind. Your revelation is not clear, you're getting confused. And you're thinking of God like imagination and think that God would change His mind about His Word.

Remember Cain and they thought that they had success, not knowing that by working in science, he was destroying the planet. And his judgment, instead of it just being seven times, the earth was going to become harder to till, now, this whole race was going to be swept away in the flood under the fierce wrath of an angry God. And the whole world that they labored to build would go in about forty days. It would be no more

and it took two thousand years to build up there. So people have to wake up and see when the time comes for these things because it is too close to the End. You can't walk with your high heel shoes anymore. See? It's a City of Truth but It's also a mountain of holiness.

We were putting in the Scripture and I found that the Scripture was kind of long and I told them, I said, "Just put City of Truth, dot, dot, dot and invert it." And I'm saying that but Something is riding me inside. Then I told the brothers after, I said, "Hey, tell them put *and the mountain of holiness* because without holiness no man shall see God." This is an Hour of God, to be holy like He's holy. He that is holy will be holy still, he that is righteous will be righteous still and he that is filthy will be filthy still.

Enoch... this Pyramid. I want to show you Seven Steps; something that Enoch had in the Pyramid. The man who built this went up. The man who built this had a mystery of how to leave this world and go into the next world. It was opened to him and nobody could unseal his teaching because that message was going to become the Rapture Age to the messenger who was going to bring on the Rapture; who was going to be the first fold in that Shout; who was going to stand as a manifested son in the last days; who is going to be living in the end of the Book of Revelation: *I Jesus have sent my angel to testify unto you these things in the churches.* [Revelation 22:16a -Ed.] That one would reveal those things to John, who is going to open up the Mystery of the coming of Leo the Lion and with that roar of Seven Thunders uttered their voices. That one, (see?) who is going to have the prophetic Capstone ministry, and that's the promise. He was that angel in the Book of Revelation. At the end of the Book, they were going to bow down to worship and he said, "Worship God." He was going to reveal the mystery of that Bride. He was the one, "I Jesus the Bright and Morning Star, the Root

and Offspring of David, have sent my angel to testify these things in the churches.”

He said, “God wrote three Bibles: the first One, the Zodiac in the skies from Virgo to Leo; the second One, the Pyramid, in stone; and the third One, this Bible.” He said, “We are living in the Age of Leo the Lion, the coming of the Lord. Revelation 10 cried with a loud voice as a lion roareth and Seven Thunders uttered their voices. Then he said, “We are living in the capping of the Pyramid.” He said, “There’s going to be one who will have the prophetic Capstone ministry because it was never put on the Pyramid. They rejected it the first time but it will come with shoutings of grace in the last days. Zechariah saw it.”

The church that Paul laid the foundation in, that Temple that was built for Seven Church Ages, in the seventh Age, a Messenger would stand there and open up what Daniel sealed, what Paul sealed, what John sealed. It will open every Mystery in the Bible as he stands there to prove that he had that Message.

Man will know about dimensions, about theophanies, about ministries of angels, about demonology. Man will know about God working the gift and you working the gifts, man will know about discernment of spirits, man will see five offices, all nine fruits of the Spirit; all nine gifts. Man will see it in operation in a man because the fullness of the Godhead bodily will come in one man to reveal the Son of man in the last days, and we see it. It will be waved over us. Think of it! And that one, that Prophet who revealed the Book of Revelation... So he said, “We are living now at the end of the Book.”

Now, friends let me tell you, if it comes from Virgo all the way to Leo and that’s where we are—remember how God opened those Things in the Book of Esther. There are three constellations: Hydra, Crater and Serpens. And in the heavens is a cup turned upside down. They poured the vials upon the serpent and Corvus, the bird, the fowls of the air is eating those who belong to that

system when the wrath of God is to be poured out – Revelation 19. Revelation 19 and Revelation 10 are the same Scripture. That's why Revelation 19 is *the marriage of the Lamb is come, and blessed and holy are they who are called unto the marriage supper of the Lamb* and the marriage takes place here, so you go to the wedding supper. That's why He's seen on a white horse. Those things are here. That's why the Name on the thigh is revealed because it is written in the foreheads *here!* You get what I'm saying?

Maybe some of these things are like little things that you learn and you just use it for argument and debates and so on but if you are stone upon stone, building your life that you know who God is, you know what His plan is, you know what these things mean, you know how to relate to Him, you know how to call Him, you know how to approach Him, you know how to stay in contact with Him, you know how to live under His influence, you know what part of the Word you are, you know what's the evidence of the Holy Ghost that He has given you, then, it's different to you. It's not like, "I know that." Or, "I forgot about that, yes. It just came back to me." No, no, no. That is the thing that builds your life, builds the Word inside of you. Outside remains flesh and that came from your mother and father (Newton and Sylvia); but inside, God is building the temple.

And when you come into the Mind Age, then the mind of Christ comes in, the Intelligence, and that's where you know what God wants done with the Word. Serving God to you is about the Father's business. That is the secret of the Message. You know what He wants done. You know what He called you for. You know what He trained you for. You know your place He identified. Your gift finds its place. Because you see your star, you follow your star and watch where your star leads you and you know what your worship becomes. Amen. Don't just follow some cunningly devised fables. Don't let things shock you and feel that can't be there yet. You

mean thirty years walking in this Message, it can't be there yet? How God did it? Try to get me to stop drinking and smoking? He did that thirty years ago.

Have a passion for what God has done for you. Fellowship with what God has done for you. Get to know what God has done for you. Search it out and see in the Word what God has done for you. Fellowship with others who know what God has done for them, that could strengthen your faith to know what God has done for you, too. Learn to work and operate in what God has given you. Start to use it and exercise in it. Amen. When conditions come you don't back off and call for mammy and daddy. Start to use what God gave you and let your muscles become strong!

Future Home [1964-0802 The Future Home Of The Heavenly Bridegroom And The Earthly Bride -Ed.], listen. He's talking about the Pyramid here. Now, there was something in the Pyramid that all these pyramid people couldn't unseal. They tried to measure things but you see, they were not prophets. The mathematicians, they got their measurements, the physicist, the astronomers, they all took their little parts just like they do with the Bible and the astronomers took all the different parts with astronomy and he built his theory around that and the mathematicians, they go into numerology and they built their whole thing around that and then...but it is a revelation of Christ. Because the same Author wrote all three Bibles.

So if they know what the first Bible is and they know what the third Bible is, the second Bible can't go different to the first two. Because the one in the heavens and this one is the same revelation. That's why it had to be one who had that revelation and this one to unseal Enoch's Pyramid. When he was unsealing it, it was so far different to what people worked out. There was a man who was having a pyramid theory, Bro. Branham said...you always hear him say, "Don't have

anything to do with that pyramid teaching," he said, "that's nonsense!"

Because in 1953 a man was saying the earth would end in August, '63 because he measured out everything, calculated, put his dates and everything quite back in '63. And every time the Prophet was going to preach about that Pyramid because he had the Capstone revelation, he has always felt a little leery that people were going to associate him with that man. He said, "No, no, no. God wrote three Bibles." Because nobody ever knew that the Pyramid was a Bible.

That's why they said if we were to build that today we couldn't build it, because to build it we have to know what it is. We could make something like a triangle in stone but who will say that is that? If a man did plastic surgery to look like you and put on clothes to look like you and stood up there like you and he started to talk like you, is he you? You and he are the same?

They said, We have to know what it is first, the One who build it what was in His mind, why they build it there, what they put in it. When we could find that out, we will know what we are building. So we will know if we are building it right.

You get that? Well, here were Seven Messengers building a church, building a house for God to live in, that God is the Headstone. God is the foundation stone and those lively stones building up that house, and they were all parts of a Mystery, our seven Mysteries. And Seven Voices have to thunder to open up this Mystery to bring God and man back in union, and that was going to be a Headstone in a City, in the New Jerusalem and it was going to be a continuing City, a continuing King and a continuing people. And there was going to be a people in that same Day who would be taken up. Because it is the only building that the Headstone is like the rest of the building. See? It is being built in angles. It has to be the same shape like a smaller pyramid coming down to cap off the big one. Because His people

beholding His image are being changed into it, and He and His people are the same image! They are one! He brings forth after His kind! That's why they are amateur gods, manifested sons.

He said, "They could only come in this Day at the capping of the Pyramid, when the Headstone comes! That's the time they were groaning, waiting, because amateur gods were going to come back! That's why They came in a pyramid in the heavens (the Angels)!" He said, "The great Jvhu up there." And he called Him by His Name when He made a little one like His Own Self! And he began to testify: "The day when Jesus turned the water into wine, it was potentially wine. When He multiplied the bread, He multiplied creation. But in this Day, He said, 'Let there be!'" Showing that Jvhu had made another one like Himself!

And He said, "Would you walk with Me?"

He said, "Sure, Papa. You know I want to walk with You; that's my desire."

He said, "Come on, son."

He said, "We walked into virgin timber where never a man walked or put an axe on one of those trees yet." And He came down. He said, "I am Jehovah Who created the heavens and the earth. You are a little one like Me; speak to that storm. I'm bringing a storm for you to try it out. I want to show you how your life was honed and now you've come back into union. And now you have the Intelligence, the Word is in you, you know what part you are. You could read the Book up to the seventh verse and stop, and close It and put It back, and speak the next part in an unknown language and seal It up, because I'll make the rest just like you. I'll wave you over them, that when they come like you, they would unseal their own part."

Did you get that? [Congregation replies, "Yes!" -Ed.] Let that get in the socket of your soul. Let that go right in on the inside - Pyramid mountains all over the earth. Hallelujah.

So listen. He said: *See: length, breadth, height. We're going to get into something, as sure as the world.* [He said] *Notice, the dimensions of this angle...*

I'm sorry that I don't have a chart here, but it is difficult... What discourages me in putting charts here in the church (and maybe I'll have to draw it and put it in your hands for you), is because if I go to preach from here, it'll be too far for those in the back to see, and then when we put it here, it may be difficult for some on the side here to see, and so, it hinders me. And I just trust that my message doesn't go over your heads most of the times, because when we have something visible, especially when you're dealing with things like these, it keeps your mind focused to our illustrative things that we are saying.

So listen.

Notice, the dimensions of this angle is exactly the same, all of them, length by the [breadth] by the height. There is another measure [of] the pyramid, that proves it.

This, being this a way, would answer exactly Enoch's sign in Egypt, the pyramid. Would [do] it? Enoch, before the antediluvian destruction...

Get this. Listen close. Remember the Headstone was to come back to complete the temple. But we are finding out, when Paul said, "We groweth into a holy temple," he was talking about that Pyramid. I took that for you last week. And then I took for you, His Pyramid City is Foursquare, [glitch in audio -Ed.] seal and to your life, because He caps off the pyramid of your life.

[So] Enoch, before the antediluvian destruction, when justification was coming in...

See, the baptizing of the world... The world being destroyed by a flood was a type of baptism: 1st Peter 3:18-20. That's justification of the earth. When justification was coming, He brought forth a sign, and in this Pyramid are seven steps going into the King's chamber.

Get this now. Then he said: *Watch on the seventh step, if [we] ever studied the dimensions of the pyramid, what comes out to take the oncomer, to introduce to the king. [He said,] Watch whose station that is standing there, and you'll see the day you're living, in the pyramid.*

In the Pyramid, when Enoch was building it, he put seven steps. Now, this is not outside the Pyramid. Outside the Pyramid was like white limestone. Over the Ages, it peeled off, but they said when the Pyramid was built, it was like something that came out of Heaven and dropped on the earth. Because here it was like white, lily-white limestone covering the outside; smooth on the outside. It was on the inside that had secret passages and different things. It was the first one that was ever built. All the rest that were built afterwards in Egypt were tombs with hieroglyphics on the walls, dealing with the king who is buried in it. And this was the first one.

And so, when they had gotten to the others before, they got treasures, different things; they said, "Well, surely, we'll get some treasures in this!" So they broke into it and as they began to look, there was nothing, no writing, nothing. And it confused them. And they said, "What are those little secret chambers here and there?" They couldn't understand it. They couldn't figure it out. And inside has seven steps; come up a grand stairway and then it goes into a place called the king's chamber. And there was a certain type of stone, that was in the fiftieth layer of mason, and the only piece of furniture inside there was an empty coffer.

A coffer is like a coffin that they bury people in. It was the exact size of the Ark that was in the tabernacle. Now, catch this. It was on the fiftieth step because this king, friend, He conquered death. He left an empty tomb, too. Fifty is Pentecost; that is Jubilee. After seven steps, they came to the fiftieth layer because it was like seven sevens and then into fifty. That is

Leviticus. After seven sabbaths, the eighth day, they enter into a Jubilee, a release. What happens there? Man goes back to his original beginnings!

At the end of the Seventh Age, Revelation 10, there is going to be a Message come. What for? In the fiftieth day (see?) the baptism of the Holy Ghost and Fire, a Message that was going to come to do what? Bring a Rapturing grace to conquer death. "Because I live, you shall live also." Then, we could have a body like His very own body. Now, watch something—and, all of that was there.

So, he is saying here now, "Watch when you come on that seventh step." He said, "On that seventh step, you had a guard who was guarding the king." You don't get into the king's presence. In the Old Testament in the tabernacle, you couldn't get in; there were guards! Around the throne, where the king was in the throne, there were guards! Where the King is in His Church, you have Matthew, Mark, Luke, and John. You have guards! Do you get what I'm saying? And there's a guard standing there! There were four cherubim that guarded the way to the Tree of Life; they were standing there.

When he stands there, any comer who was coming to the king, there was no way to come to the king except he comes through that path.

Could a man come into the Presence of God outside of this Message? [Congregation replies, "No!" -Ed.] Brother, could a man go in the Rapture outside of this Message? [Congregation replies, "No!" -Ed.] Could a man come out of Laodicea and come into the Bride Age outside of this Message? [Congregation replies, "No!" -Ed.] That didn't happen by chance, that is fixed, that is designed.

There was a way to go into the Holiest. There is a way to go into these Things. That's why Revelation 7 is the only material to go into the Seventh Seal. Man started to run for quote; this, that, and the other. I'm still waiting to hear the man who takes the material and go

into the Seventh Seal, and start to interpret the Seventh Seal with the material. When you can't do that, you have to get a collection of quotes and say, "Well, look the Prophet said this, the Prophet said that."

But when you're following the trail and you're walking in the footsteps—and he reached there. He was saying, "This here was put here mathematically according to God's Word. Look at where it appears, between the Sixth and Seventh Seals in Revelation 7. It's the only material because there is silence here. It is not to be given away. The Angels will reveal to shepherds where to find the Child that's hidden."

Do you know why this makes sense to me? Because in here, there are Things sealed up, too. He unseals It but It is sealed up in here because God has a way to come into It. He said, "Elijah entered into that place by the call of God, the plan of God, and the foreknowledge of God. Then he was fed. Then his feast never went out." If you can't get in there, famine will take you and you'll be fumbling around for things, and your thing will dry up. But when you get in there, it is Ever-present Water from the Rock. Because why? You get into Eternal Life. You get into something that doesn't end. You get into Eternity. Am I making sense? [Congregation replies, "Amen!" –Ed.]

Sometimes I'm talking this way, I'm wondering if the people are getting me. Because I know, sometimes, you have to be trained here. I know my own people who I'm preaching to could get me, but then I know we have strangers and sometimes, it gets difficult for me to get in these kinds of channels. And then sometimes, I try to think about them and I kind of break up to get back and pick some of them up; and then some of the young ones – to pick them up and bring them up. But the thing is, believe me to be His servant and a lot of this will become easy for you after that. I'm not here to deceive you. I'm here to help you all.

He said: *Now, God made three Bibles. Now, there's a pyramid teaching that's nonsense, [as I explained to you, about that man who was preaching that thing, saying the world was going to end in 1963.] ...but there is a genuine pyramid. See?*

Now notice how beautiful. And in this pyramid was seven steps, and then the king's chamber.

He was going like that back and forth because when he preached the Pyramid, he preached it by vision! He drew it by vision to preach the Ages! Because out of the Ages come the Seals, out of the Seals come the Trumpets, out of the Trumpets come the Vials. And there's no way you could get that Book of Revelation open except the Church Ages is given to you by revelation!

... And in this pyramid was seven steps, and then the king's chamber. And we are in the seventh church age, before the King takes His Throne.

Do you see where he's getting? Enoch saw him and put him inside there, on the seventh step. Enoch said, "You'll meet this Man."

Paul knew while laying the foundation: "Seal up the Mystery. Who is this Melchisedec? I can't tell you," he said, "because we have many Things to say, but it's hard to be uttered. It will have to be another man to get up there and see these Things that will unseal what I said. Because what I see is not lawful to say and I have to say it in a way that it remains... We speak the wisdom of God, not in words that man's wisdom teacheth, but words that the Holy Ghost teacheth. But when the Spirit of God comes, It will search the deep Things of God when that time comes; but until then, it will remain a Mystery to you." He said, "But I'll put it here. I'll seal it up." And so Paul began to seal it up because Paul knew, "When that Messenger comes, he'll unseal what I put in the Pyramid."

They knew they were building a Building. Catch this! Where were they getting the Word from? God. Not

anybody could get it. What they were getting, they were born for in the earth to get. Let me tell you: what you're getting is what you were born in the earth to get. You were born in the earth to receive this Message!

A Messenger was born in the earth to catch this Message to wake you up! Because the only way for you to come to life is by this Message for this Age. Your father couldn't bring you before; your mother couldn't bring you before. You couldn't come in your great, great grandfather's time, you had to come in this time because God planned your birth. Your birth was pre-planned by God to be here at this time. See? It's all laid out.

I know it is hot. Remember it is hot for me too, so don't just think of you down there. It is twice as hot for me here with these lights here. I'm bearing it. But I want you to see, I want you to understand because I'm getting to something.

Since 1964... In 1964, he was on the seventh step. Catch this. Next comes the King's Presence – His Parousia, His personal Presence. The Lord Himself shall come; the King, the One Who designed the Church, the One Who sent Zerubbabel to lay the Foundation Stone, the One Who sent Zerubbabel to bring back the Headstone; He, Himself was going to come now. All Seven Angels were going to be a sign. He was going to make the next announcement. Another mighty One came down from Heaven. That One wasn't seen going back. That One cannot die but that One lifted His hand and swore, "Time shall be no more." Why? We are moving from the temporal to the Eternal.

Now, it's the time for the Eternal because the Eternal One has come. That's why he had to reveal Melchisedec. We cannot go into Eternity without meeting Him Who is without beginning or end. Are you getting that? Because if you have Eternal Life, you came from Him. Jesus had a beginning and Jesus had an end.

Jesus was born. He was created; a blood cell in Mary's womb. Jesus did no works! He said, "My Father that dwelleth in Me doeth the works." He said, "I can do nothing except My Father shows Me." Do you see what we are talking about? That's why he said, "In the New Jerusalem," he said, "Jesus There, will be on the Throne." He said, "And that Light hovering on top and the people seeing It for thousands of miles." And the Son will take the Kingdom and put it back together. See?

Remember, Jesus was the Man that God laid in, the body God created for redemption when Jehovah changed His mask from Spirit to Man. Remember, God is identified with that body for Eternity. That body was the symbol, now His physical Presence just like that Light used to be the symbol of His Presence. Do you get what I'm saying? But that is the tabernacle: "A body hast Thou prepared." That is God in a Man! That's why the Son said, "I come in My Father's Name."

So, when Melchisedec comes—"I had to be opened to you in these last days, at the end of the Seventh Age"—this comer is introducing you to a King, an Eternal King with an Eternal Kingdom. Why? Because this world is again falling apart and now, this King is going to make you part of a Kingdom that cannot be removed. Then you have to be changed to be in that Kingdom. And as He begins to reveal to you, you'll have to go back to where you were before there was a star or an atom, or a molecule.

Do you know it is only this Message that tells you where you were before an atom was created? Do you know before this Message came, you only knew yourself up to where you were born and which village you grew up in? Why do you think He tells you that; so you wouldn't go to hell? No! He tells you that because the Eternity that you will be a part of—you were put here on the earth to be tested and tried, to develop you for your role in that World! Because Heaven is not the

place my mother used to tell me about. Heaven is a Kingdom, it is a Civilization. We are going to work and do things There, but God starts us in our spiritual growth *here!*

That's where I want to get to. I'm trying to work my way to get there. That's why you had to bypass the Word to become flesh-man, to be tempted, to know God, here, to know He's a Savior, He's a Deliverer, He's a Healer, to know He's a God of Love, to know what faith is, to know eternal Things and to know temporal things, to know matter and antimatter, to know dimensions and theophanies and these things here, and the purpose and how they relate in the Kingdom.

That's why a lot of people, they just want to go to Heaven. "Boy, when I die, I want to go to Heaven." You have to understand what you're doing on earth first because you're just changing your dwelling place; you're still the same person. You're continuing your life in another Land.

Moses was still the same person fourteen hundred years after when he reappeared on the mountain. Elijah was still the same person eight hundred years after when he came back. Samuel was still a prophet when he came back! Death didn't change them.

And when you hate yourself, and you don't like yourself, and you want to be like somebody you see in Hollywood, and you can't put up with your own self and all kind of different things, and you're trying to use science and cosmetics to change yourself, before you let God change you with the baptism of the Holy Ghost... That could really change you.

When That changes you, nothing could wash That off. When that changes you, it is without money, without price. And when That changes you, the change you get, you can't get unchanged. Amen! That's how God wants to change you. You see? You put on your Eden beauty then, what you had before the fall. See?

[So] *notice how beautiful.* This Pyramid had seven steps to the king's chamber.

Now, he measured that out. He said, "Watch who stationed that." In other words, he was saying, "This thing was built forty-five hundred to five thousand years ago. It survived the flood; God kept it. Up till this day they can't build it, they can't explain it; they don't know what it is! But a man came in this generation and revealed the first Bible, revealed the third Bible, and opened that.

And then a man who was born in Jeffersonville put himself on that seventh step. And when he looked in the Bible, he was in the Seventh Age, and he was the Messenger of the Seventh Seal, and the Seventh Dove came to him! And this man went beyond the curtain of time and went into a theophany and came back and started to tell us how to come from the temporal to the Eternal; how to change those robes to go where Enoch went! Are you getting me?

You see, this Message is not just about bobbed hair and painted faces, and denomination is false. This Message is a lot more than that. This Message is really about putting on immortality. This Message is about the last sign before the change; (see what we are talking about?) going up in the Rapture; a Church coming to perfection to bring the resurrection. So there are Things inside of here, that no wonder we have to grow up a little bit to start to even conceive some of these Things.

Could you remember about the pyramid teaching in the Message? What did it do? Brother, everybody was drawing pyramid and everybody was painting pyramid and everybody was just fighting over who can't see pyramid, and this and that and the other, and trying to kill one another and bring it to a man and a city and a worship and all kinds of different things. It was not about trying to get people out of here. You see, man stumbles into things and sometimes do not know what

they are stumbled into. And before they know it, they want to fight and kill and devour each other.

But watch. *There was a pyramid after that, Enoch, which testified exactly. We wouldn't have time to go into it, [he said] but, someday, by God's help, I'll show you, just exactly draws the dimension of the hour that we're living in.*

He was telling them. He was preaching Future Home and the Pyramid City. And he was proving that Pyramid City and he was taking his ministry and placing it on the seventh step before the King comes. Then in 1963, here comes... He had seen the King come down. He had wound up the New Testament and introduced the King. *A Greater Than Solomon Is Here, Who Do You Say This Is?* [1964-1227 -Ed.]; *The Mighty God Unveiled Before Us* [1964-0629 -Ed.]; *There Is A Man Here That Can Turn On The Light* [1963-1229 -Ed.]. He was introducing the King Himself, the Substance, the Reality of the Bible.

He had become a little one. He was formed in the image and he had the dominion that he could speak because the influence of the King was upon him. He was in union with that King. That King was living in him! That King was the Light that lit him up! He preached *He That Is In You* [1960-1110E -Ed.]. He preached: *Oneness* [1962-0211 -Ed.], *The Stature Of A Perfect Man* [1962-1014M -Ed.], *The Token* [Multiple dates -Ed.], *Christ Is The Mystery Of God Revealed* [1963-0728 -Ed.]. Why? He was talking about the King in him, the Capstone that capped the pyramid of his life, is what he was speaking of. And the world had known denomination and they knew their favorite preachers, and they knew the different theologies and the televangelists. And something was going on here that the world didn't know anything about.

Here we are in 1999, the whole world is panicking for Y2K. They are seeing the whole system is going to fall apart, the foundation of the foolish man. But the Capstone of the wise man, the Headstone of the wise

man we're talking about, Something he received that can't devalue, brother, nothing in that economy that he is in, because he had been raised up to live in that new economy. He's been tied to something here.

We are seeing it coming down; we're enjoying it but the Word has to define to us what it is, so we will know how to keep what we are enjoying. We will know how to keep what is giving us the strength that we lacked for many, many years in the Message, and that joy that we never had but we are coming into. The Word has to teach us what *that* is, so we would know how to hold to it and keep it!

Otherwise, you'll say, "Whoo! I enjoyed that service!" and after a while, you lose your way again because you weren't seeing signposts, you weren't seeing instructions, you weren't seeing things to keep what you have, what God was doing among you. You couldn't identify what God was doing among you in the Word, to know it is not just a blessing and a joy; it is moving the church into a place where sin can't stand among the people.

And that would get severe in judgment because judgment will begin in the house of God. Ananias and Sapphira will come right back here because it can't have liars and thieves in Jerusalem. It can't have fornicators and whoremongers in Jerusalem. It will be a mountain of holiness. It will be a city of Truth. Think of it!

He said, "I'd like to draw that and measure it for you and prove to you where we are at, and you'll see the Day that we are living in, in the Pyramid."

Now, that is the thought I want to get over to you at this present moment here. This wasn't a man trying to type a thing. This man's ministry is to finish the Mysteries in the Bible. The Bible in the heavens had Things written there that were just passed over in this Bible. And this Bible that we are explaining here, that wasn't explained there because it was written in symbol up there.

And then, Enoch's Bible had certain things too and that broke dimensions, that Pyramid and so on, about the City, to interpret foursquare and to interpret what Paul was talking about: variegated colors, the wisdom of God, the Headstone and Foundation Stone, and Cornerstone, Keystone and these things that only relate to the architectural design of a pyramid, no other kind of building to show what God had in His Mind.

The ancient Hebrew symbol of God was a three-cornered light. That's why when the Light came in the sky, it came in the form of a pyramid – Seven Angels in the form of a pyramid, a circle of Light in the sky. It was not cosmic light that lit it, because the sky stayed lit-up twenty-eight minutes after the sun went down. That was the Light. Cosmic light was in the outer court. When cosmic light faded out, Eternal Light was still there.

Do you see what we are talking about? In the outer court, there was cosmic light; in the inner court, there was candlelight, but then you go straight into the Holy of holies and there was Eternal Light. That would be the Light man came from. And one day, man is going to go back to that Light, and his life will be like that Light because that is the Thing that came to baptize him with the Holy Ghost.

Then which Pull are we in? That Third Pull, that third court – “I'll meet you in there.” And the Light went into that room. Are you getting me?

Questions and Answers. I'm giving you another quote to show you he wanted to draw these things out of the people. And I'm not trying to explain all these things; I'm just trying to take the inspiration of what he was giving there to show you he was identifying something and not just making a statement.

Questions and Answers, Book 2 [1964-0823E - Para. 117 – Ed.]. This is page 143 I think I have here. No, it's page 103. The way I wrote it small, it didn't have much space, so I just...

I'm not he; ...

They asked him a question about if Bro. Branham was different from the Son of Man and so on. So he said,

I'm not He [the Son of Man]... [That] Pillar of Fire is not He; It's in Spirit form... which was upon the Son of man.

Did you get that? He was teaching here now. Watch this here now. He's not being loose with the term. So: *...the Pillar of Fire is not He.* They asked him about the Son of Man and he said, "The Pillar of Fire is not the Son of Man." The Son of Man is a Man Who came through the human race and He heired the earth, which was man's inheritance. Son of David must come through David's line and He heirs the throne. Son of Abraham must come through Abraham and heir Palestine. Son of God must come from God and He's heir of all things.

So that Pillar of Fire which was the Logos now, He created a body and dwelled in it and revealed Himself as the Son of Man, the body that came through Mary. But that Pillar of Fire, he said, is not the Son of Man. See? He's being definitive here.

[He] *has come now to anoint sons of men...* Because remember, the Son of Man was the body that went up in the sky; the Pillar of Fire came back on the day of Pentecost in the dispensation of Son of God – the Holy Spirit.

See, sometimes... Now, if you say, "Pillar of Fire is Son of Man," you're right if we're talking loosely. Nobody is choking somebody there. But if we have to be very clear and divide dispensations and put things into perspective, then Pillar of Fire is not Son of Man. Do you get what I'm saying? Because Melchisedec is not Son of Man. Remember Son of Man has to be a man. And in this Day, it has to be a man in human flesh, not even in the corporal body, when you get Scriptural. Do you understand what we are saying? We are talking about prophecy in the Bible now.

That's why if you just get loose and say, you know, "The Pillar of Fire is Melchisedec." Well, that is correct too, that's the Word. He's in the form of the Word. And yet, at the same time, the Pillar of Fire is a veil that God hid behind. Like He hid behind a Whirlwind, like He hid behind a Cloud, like He hid and came in the form of a Dove, like He came in the form of a Rainbow. Do you get what I'm saying? Yet He's en morphed.

And sometimes when you don't have revelation, you know, you start to call things false and you jump either side. Sometimes, you have to listen to where a person is coming from. And then, sometimes, if you can't tie it together, then you'll end up bringing your own interpretations and saying, "He said that," and think you've found something that he said.

But look how clear he is being with this. "The Pillar of Fire is not Son of Man." They were asking him about being the Son of Man and if he was the Son of Man. He said, "No," he said, "I'm not the Son of Man, but that Pillar of Fire has come now to anoint sons of men in this Hour." See?

...bring back a ministry just exactly like he [had, it would be] in order for the Head and the rest of the Body to connect together. Because you see, he had a lot of those dainty people around him; they wanted to make him God. They wanted to make Bro. Branham God. Like now, they want to make his son to be some special messenger, to reveal what the Prophet 'didn't' reveal.

Well, when you make something to reveal what the Prophet didn't reveal, you make the Prophet a false prophet because he said he finished everything. See? And then you make the Bible false, too. And then you make us having a Book that has errors in It and none of us can be saved with a Book that has errors in It.

He said: [So] *like the pyramid [that] Enoch built. ... we find in that pyramid, they never did get the headstone on it. ... We'll go through that someday, and I'd just like to show you how it is [setting] perfectly with the Scripture.*

You see, where I find those places, different places he's saying that, I like to draw that for you to show you, that someday on that seventh step, before you come into the king's chamber, he said, "Watch and see whose station that is. Watch and see what happens there." What was he trying to tell the people?

They were teaching pyramid teaching. He was saying, "If you knew what you were teaching, you would recognize you're on the seventh step because you will see the Messenger on the earth with the vindication, introducing the King to you and you'll know what the Headstone (that was never put on the Pyramid) was. And when you get a hold of that, you'll know how to be changed and go back to Eternity." because he knew he had that Mystery.

He knew he was sealing up: Rapturing Faith lays in this Message, Seven Thunders will give you faith to be changed! *Things That Are To Be* [1965-1205 - Para. 115 -Ed.], he said, "Right now we are preparing to enter into the Heavenly. The earthly tabernacle is fixing to be dissolved; it is the Evening Time."

Friends, let me tell you this: You don't hear any theologian could teach that, and then turns their back while they are teaching it and shows you the last sign before the change and tells you to get ready to go into Heavenly.

When a man is showing you the last sign before the change, and opening the Mystery concerning the change, shows you the six Trumpets, shows you the Shout opening the Mysteries, gathering the Bride together; showing you we're gathering for the sounding of the last Trumpet, showing you Eliezer called Rebekah and she journeyed on the camel going to the unseen bridegroom, showing you Who Melchizedek is and then you don't know if you're living in the Hour of the change, something is wrong – showing you that you descended from the second Adam. Do you see what we are talking about?

So, when I found that... and he said... And I'm seeing something here now, in this season here. And those things I read there for years are taking on a meaning to me now. I feel the Spirit is showing people where He is placing that. And that Mystery, when it came, *What Time Is It, Sirs?* it was such a great thing to him that he could never get away from it.

I'll close off quickly. Just let me get a couple things for you.

Blasphemous Names [1962-1104AM -Ed.]. Now, you all know that *Blasphemous Names* followed *Stature Of A Perfect Man* [1962-1014 -Ed.]. When he was preaching *Blasphemous Names*, Sis. Shepherd had a dream for many years, which she had forgotten. And she was sitting down in the tabernacle and the whole dream came back. And she said, "Bro. Branham, I had this dream."

And then he stood there and saw over the dream she had for years, which she had forgotten. But he was drawing this thing and teaching this thing, showing what Age we've come to and how God comes down to unite with people. Don't you think that's a great thing, that God has come down to unite with people in this Age, and a Power is going to come to people's lives that's going to lift them off the earth? I think that is a great thing. I think that's greater than the circus. I think that's greater than any show that you can have in the Savannah. Brother, if God said it through a Prophet, God has to do it.

So, he was talking about those three Bibles again. And then he talked about the first Bible, the Zodiac, then he came to the Pyramid. He said:

Then Enoch completed in his day... And this is page 12 of Blasphemous Names ...or back in that day, the pyramid. ...'Course we haven't got time to background it... show how [could] that pyramid come through the chamber and so forth. It speaks right straight to the end time now. They're in the king's chamber now by the

measurement. But the headstone never was put on the pyramid. And that sets perfect, architecturally, or masonry, [that] even a thin razor blade... they don't know how they ever built [that], [they] don't ...[cause if] ever a razor blade slice along the sides where that mortar should be, ... It's just perfected...

So that's what it is when Christ and the Church becomes one.

He said, "Now they can't understand it but hear what it is; hear what Enoch knew: that God and man were going to come back."

Now, Paul said Enoch, by faith, was translated that he should not see death. What does that mean? By revelation, this man knew... Well, first he had to know death, how it comes. He had to know how he was born. He had to see what his birth trapped him in. He had to know, "There is part of me I missed, being born the way I was born." He had to know there was another way to be born other than how he was born.

Enoch lived for two hundred and fifty-one years or two hundred and nineteen years, I think, together with Adam. In other words, Enoch and Adam could have gone to the Garden, back where the Garden was and Adam could have explained to Enoch. And every tree that Adam saw, Adam could have told Enoch what that tree was, why it was there, and what it had on it, every animal because Adam named them. Adam had dominion over it. That was Adam's kingdom. He was god over it. Adam knew what form God used to come in, the Light. Adam knew what kind of civilization there was before they used to wear clothes!

I started telling you Cain changed the world. By the time Enoch came, it wasn't a Faith civilization, you know; it was a science world. I'll close.

Well, you have to be looking for something. See, I'm preaching as though you believe in the Hour of the Rapture. I'm preaching as though you've followed these Things for the last twenty-five years. I'm preaching as

though you believe that when that rock was thrown up in 1964, this world entered into judgment. I'm preaching as though you believe that the only place that has salvation is in the Bride. That's where the Mercy Seat is.

But if what I'm saying, it can't seem to get past through the mechanics of your mind, then what I'm saying here to you might be difficult for you to grasp. But you see, the thing is, the Message is going somewhere. The Jerusalem that you're talking about and singing about, if it is that same one that I'm talking about, *A Theophany City Whose Builder And Maker Is God*, 1987, that John saw, a Mystery – the New City that came down in the New Heaven and the New Earth. The New Heaven and the New Earth is body, soul, and spirit. Heaven and earth and all of this were put in the Bible. Earth was all of this. And that city that we bypassed, that theophany, that Word, a mansion, a body that is to come in this New Earth, it doesn't come into this while the earth is in this condition. The New City came down when it became a New Heaven and a New Earth. The theophany comes in this body and they come for the glorified... pick up the resurrected body and make it in a glorified condition. You go to your theophany. And that 'go to' doesn't mean to travel somewhere, in terms of a plane; it is right here, another dimension.

So, if this thing is happening, I'm believing there are things the same way... Like I told you on Friday night, I never knew what justification was. I was testifying to some of the brothers last night: long hair, beard, astral traveling; all kinds of things we wanted to get into. We came into the Message; started to talk about justification. I started to understand that that was when you accepted Christ, baptized, your sins are remitted, and you come into a justified state because you believe it is imputed unto you for righteousness. And it was God dealing with me, and with the Word affecting that change, It changed my state.

And if I failed to see myself justified, I couldn't really walk on with God; I would have still been condemned for things that God forgave me for and my baptism would have just been a bath. But because I believe my baptism had Scriptural identification, and whether it was a silent work done in my life, just seeing my sins and seeing Jesus died for me, and seeing I had to accept that and be identified in the water: buried like I believe He was buried and raised up; that went. And I had to accept that and I came there.

Then, I sat under the Word, but I saw things that I liked was filthy. And then God had to give me a new spirit. He had to clean me up and I knew I didn't like it anymore. It was gone. And then God came in and when God came in, I wasn't talking about from 1946 to 1965; now, I was seeing that I am part of the Word the same way the Prophet is part, the same way Moses is part, same way Elijah is part, same way Paul is part, and Irenaeus is part, I'm part too! We are all part of the Body! And I'm knowing my part, not their part alone! And I started to know it in the present tense!

And I knew that was a new state because I didn't have that in the first two states. And I knew it was God dealing with me on certain Word that moved my life there. Well, I knew I had to be changed. God wouldn't let me walk around the earth with a revelation that I'm not going to be lost; there is another part of the revelation. The other part is this [the body -Ed.] has to change.

And when you grow up and you're mature, you have to see things connected with you leaving here. And I know to leave here, when I want to leave the country, I know I have to get a passport. I don't use that passport any other time except when I'm traveling. I don't go to the travel agent any other time except when I'm going on a trip.

When I'm leaving home to go to the airport, many times, I'm going to meet people; I don't walk with

passport and ticket because I'm going to meet somebody. I'm not going anywhere. I'm going as far as the airport, and come back. But as long as I'm leaving the country, there are certain things in my consciousness, brother, even though I forget clothes or shoes at home and I have to go to the plane, it isn't turning me around because I have the thing to take me where I'm going. Brother, I could have my whole suitcase packed, and I don't have that ticket or I don't have that passport, I know I can't go a place; I'll have to miss the flight. Do you understand what I'm saying?

Well, it's the same way around in this season now, where you're going and the Things that you're connecting to, those are Things that have to open.

There was one time that I didn't understand baptism. I wouldn't spend five minutes. I was reading Lobsang Rampa [author of paranormal books & *The Third Eye*. -Ed.], all kinds of different books; metaphysics and different things. I wasn't trying to understand what the Name is, that the title is different to the Name, and how you have to be baptized, whether it's to pour or sprinkle. It wasn't on my mind. But when it became necessary for me to identify with Him, there was no way I could be identified with Him without getting a hold of those Truths that would have made the identification complete. Are you getting that?

Well, there is no way to get into the change without the Things connected to the change, because that's the next part. And that part, it comes down on all the other parts that were really a work done in your life. Because if that can't come down, it means to say there is nothing to come down on. If it was just a learning or a theory, you're travelling for years. But if it's a stage you're coming to, and another stage you're coming to, and another stage you're coming to—in other words, you used to live in the outer court, in the humanistic realm, but you've come into the realm of revelation, candlestick, Church Age, Table of Shewbread; Altar of

Incense where you learn to pray, how to pray, know the dispensational claim, know the approach to God, know the attitude in prayer. Then one day, you started to go beyond that veil, now you're in the Presence of God. Now you understand; you stand there without condemnation. Now you have Perfect Faith, knowing your position; no up and down life. Now you understand you're immune with a power that could change you and bring a resurrection as it did Aaron's rod.

Well, when you're in the outer court, you have light but you're in time. It's cosmic light you're living by. You measure time by cosmic light. You're in a temporal world. You're taken up with the natural things of life. But when you come in, you start to come up into a spiritual realm now. You start to get revelation. You start to see Things, but your revelation is only in part. It hasn't really brought you to a place of knowing God, you're hearing the Message intellectually. But when you get in There now, now you're coming to union with God.

So, it's a place where man, one day was going to come back. In the tabernacle, it showed man coming from cosmic light, living in time, into Eternal Light Who created that cosmic light, where man was before, in that God.

In the Third Pull where he began to create, God showed him he had entered into that little, square Room, which was that Inner Veil and he preached *Inner Veil* [1956-0121 -Ed.] where Paul said, "The Voice of the Blood speaketh better Things."

"In there," he said, "you've come to Mount Zion." He said, "In there, you've come to Mount Zion." Mount Zion is not out here. Mount Zion is not in those candlesticks there. You go beyond that camp, all those organizational Ages, and you come in here, into this Light, back into the Presence of God where you know that you are eternal. That's where the Church is

moving. That's where the Third Pull, the Opening of the Word, the unsealing of the Bible, the Thunders were to minister an entrance *abundantly* into the everlasting Kingdom. An entrance is being ministered, a way opened up, and a guide is guiding you there – the secret passages to bring you into the King's chamber. And you get ushered in, into the King's chamber. That Seventh Seal, if you have that Seventh Seal by revelation, it brings you into the King's chamber.

That's why when Esther came into the presence of the king, "Ask even to half of my kingdom, Queen Esther!" Do you get what we are talking about? I hope so.

Just like Israel, Israel was born in Egypt, in bondage, but they were supposed to come in Canaan land. But they bypassed that, and they were born in Egypt, trapped as slaves! Like we were supposed to come in the Word, in the Holy Ghost, but instead of us getting the Holy Ghost birth, we got the old birth, and we got trapped in bondage, in this Egypt. And there is only one way to take you out: a man had to come to reveal the Mystery of the Serpent, the rod that turned into the serpent, and the hand that turned to leprosy and became clean.

That slain lamb, that was the only way to go out of Egypt. Those were the signs given to Moses, and that slain lamb was what covered them from death to take them out. They couldn't go out of Egypt outside of that. The plague that they were born in bondage in, they couldn't even begin to travel to that land outside because they wouldn't know where they were going. You understand that, right?

You have to understand Serpent Seed. The Serpent brought the fall. The leprous hand was Christ Who became sin for us, took our sins far away, gave us the Holy Spirit, and we came back clean. That Slain Lamb is where He did the work on the Cross, where we are sheltered under the Blood! And then the journey from

Egypt to Canaan and the I AM, the Eternal...Eternal, "Go up on the mountain; I am ever-present." He revealed seven compound redemptive Names to them in the course of their journey. And they journeyed from captivity back to dominion where a man could speak and stop the sun, where all things were under their feet; where a man was placed positionally!

There were seven pieces of furniture from the brass altar to the mercy seat. There were seven compound, redemptive Names revealed. There were seven steps. He said, "I am the Way," seven steps: *Without the Way, there is no going.* "I am the Truth," seven Voices: *Without the Truth, there is no knowing.* "I am the Life," seven virtues: *Without the Life, there is no living.* The entire plan is in Him.

And Enoch put those seven steps inside of there. And then it took Seven Angels who were going to come; where that Headstone had seven eyes. Zachariah saw It. John saw that Lamb, that Headstone with seven eyes! And Seven Angels came, and Seven Voices thundered to open Seven Seals. And seven Mysteries, hidden Truths that were sealed in the Word, were going to literally turn our hearts back; would show us how to come from flesh to Word again, to put on immortality.

Enoch put something in there. He had seven steps. And when the Prophet saw it, what did he say? "Is this a Mystery coming, that it is going to open up? Could it be, my brethren? The healing never hit the spot." he said. "It was only a signpost to attract their attention. It was the Voice of the sign. Could this be the Thing that would open a Mystery and show us how these vile, old, marred, bodies will be changed? We will leap over a wall and jump over a troop."

Warning, then the judgment: he said, "The troop of death, and the wall from natural to Supernatural. Then what was Enoch putting there? He had a Mystery of how a man can leave this world and go into the next

World, how a man can come back to that Thing that he bypassed. And Enoch sealed that up in the Pyramid.

The Prophet came in these last days and began to open that Mystery, and began to show to us *The Rapture* [1964-1204 -Ed.], *Things That Are To Be* [1964-1204 -Ed.], *Who Is This Melchisedec?* [1965-0221E -Ed.]; *Leadership*. He began to show to us what Heaven is. He said, "The Church had grown from that thinking, that Heaven is a place you go and play a harp; just run around happy and have a good time." He said, "It's a Civilization far higher than that," he said, "transportation higher than this." He said, "Look at how Jesus traveled." He said, "You're clothed far higher than this! Look at the type of clothing Adam and they had. Look at the type Christ had when He rose, and He left the linen cloth in the tomb." Think of it.

He started to tell people of the vastness of the Universe and that great center that Einstein found, that if you get in contact with it, you could create worlds. Einstein didn't live long enough to prove it; he tried to find it by science. The Prophet found it in the Pyramid; he opened up a Mystery, and he created squirrels. And he started to tell the people, "You could create a world and go and live on it if you find what I found."

He had walked from—In the woodshed, he saw the Cross. In the woods, he said, "Lord, if this is that vision where You showed me I'll be in that little Room, let that Thing come again." It came upon him, He said, "Speak!" and he created squirrels. He had come from the Brass Altar all the way to the Holy Ghost. He had walked through those Seven Steps. Those were the Seven Mysteries in symbol form. No man can come in if he doesn't know the Mystery of the Brass Altar.

If you still want to live your life, you haven't seen the Brass Altar yet. You never understood It. The Brass Altar is where you die. That's where you sacrifice... The first thing before they came in that tabernacle was that brass altar or no way! It was set up that way. The first

revelation that Abel had: brass altar! The first revelation, Paul, foundation revelation put inside of there! Then Paul went from Abel to Enoch, from the Cross to the Rapture. Do you leave out all of this? By faith Abel then, by faith Enoch: Alpha – Abel; Omega – Enoch. He connected Abel and Enoch together. Abel had the first thing revealed after the fall – the way back to God, how to come through those cherubims to come back to the Pillar of Fire.

Enoch built that Pyramid on seven steps: how to leave and go into the next world, the suffering of Christ and the glory that should follow, the First Coming and the Second Coming; sealed it up in the Bible.

Why when all of this is happening, they opened back the great Pyramid? Why did they recently discover these stones that had drawn out of them, the men coming down with the headstone, and the people were dancing because the work was completed? And when a Prophet told us... And that was the third moon, the next celebration.

And the Word lets you know that every two thousand years something happens. The first two thousand years Enoch went, the second two thousand years Jesus came, the third two thousand years the Church goes.

In 1963, he was introducing the King. He met Him on the Seventh Step. In 1963, he was teaching the Church Ages, the Pillar of Fire came and wrote it on the wall; where he put the Messenger there, waiting for the Message for thirty years since he heard it on the river! "The thing I've wondered all my life!" Then he spoke and said, "You're not supposed to get it. It will make a cycle and come back around."

And all these years the Holy Spirit, He revealed specific revelation. Why? Because He started with the Church Ages: out of the Church Ages come the Seals, out of the Seals come the Trumpets; out of the Trumpets come the Vials. He said, "My notes mark, 'Stop! Don't go any further; otherwise, you'll open that thing.' It is

not supposed to be opened, it's supposed to be sealed up. I don't know what to say. I'll tell you a parable, which Jesus spoke in parables" He said it when he came to the Seventh Seal, "John didn't give it away, so it was supposed to be a secret." And he began to tell us parables.

I'm on to something. I'm looking for something. I'm searching for something because it is there.

Thomas Edison came and picked up Benjamin Franklin's theory. Benjamin Franklin fished lightning out of the skies. He said, "There is a power there to light up this whole place." He was determined to take the people out of candlelight and flambeau light and bring them into electric light. And he proved it was there when he put the kite up and had the nail and the lightning struck there and ran down on the thread, and he put it in the bottle. And he started to shout, "I got it. I got it. I got it!" and he started to dance because he had the light in the bottle.

And the Prophet said, "He gave Benjamin Franklin electricity but what did he do with it?" Then Thomas Edison came along afterwards and he experimented on wires, thousands of wires, until he found a wire. And he invented the electric bulb and lit it up with what Benjamin Franklin discovered.

When he opened that White Rock, he said, "Now, this thing, I have read all man's writings," he said, "and Light has never shone on this. It's a three-fold Secret in the back of God's Mind that angels, nobody knew." Then he said, "I'll tell you what it is." And he started to speak it, "It is in the form of a pyramid." He said, "And when interpreting the dream, in Jackson's pyramid, that had the writing on it, but part of that pyramid had no writing. That thing had to come from Heaven. That's the part that lifts the church off.

Remember my messages back there on *Ascending Into A Higher Order* [Pt.1&2 1993-0314, 1993-0317 -Ed.] The people who went in the Rapture knew they were going.

They knew the time; they lived in close contact with the unseen World. Enoch walked with God. Enoch was building that, unfolding the Mystery that he had from the fellowship with God and himself. Enoch was with Adam and Adam revealed the kind of man there was before the fall. And Adam revealed to him what was lost in the fall and he began to understand. And when Enoch began to get revelation, he called his son Methuselah. *When he is dead, the floods would be sent:* that's what *Methuselah* means. And he was the man who lived the longest, nine hundred and sixty-nine years, showing that God was so gracious. The man knew that judgment was coming, and he knew that when this boy dies, the world is finished.

Well, the Prophet told Billy-Paul something close to that. He said, "Son," one day, walking down in California after he gave the prophecy in '65, walking down the street, he said, "you're not going to be an old man, son, until sharks would be swimming all inside of here." Think of it.

Think of it, friends. Enoch had a boy, he called him *Methuselah: when he's dead, the flood will come*. Enoch prophesied, not just walked with God; he prophesied. He witnessed against that generation because he was a prophet that, "The Lord will judge this place." And he mentioned in the Word of God, four times; Jude, talking about how man had no concept of God in that Age. They went into apostasy with Cain's religion; showed that even the sons of God went with the daughters of men. They abandoned the faith and went into hybridization until Noah alone was perfect in his generation. Do you see what...do you see? And as it was in that Day.

And Paul took those three men: Abel, Enoch, and Noah, in the first Age, to the Rapture, and the tribulation period. Those are the first three he put in Hebrews 11, and he grouped them together. He had a Mystery. He saw the Coming of the Lord: 2nd Thessalonians and 1st Thessalonians 4. He saw it.

When he was teaching Hebrews, he knew those Things, just like we know through the Seventh Angel's Message what time it is. And when you see the time clock striking the Hour, my brother and my sister, our hot days will come to an end when we go in the Rapture, but the earth's climate will get worse and worse.

Look at Turkey, watch that earthquake how it hit there. A couple of days after, Costa Rica started to shake because of a 6.7 earthquake. And it seems like there is a little quietness for a time and then everything starts to rumble again every so often; starts to shake. Remember the earth is in birth pains, groaning, and travailing. Remember all nature takes a tumble. And remember with the opening of that Sixth Seal, California goes down. *Lo, There's A Great Earthquake* when that Sixth Seal is opened.

Then if we are so close in the midst of these things, then tell me what it is we should be hearing? What direction should we be looking in? If we are under the Truth, where should we be trying to get our souls and our minds? Where is the Message trying to stir you to? Can you see where the Message is trying to stir you to? Can you feel where it is trying to stir you to, lifting your eyes to the Eastern skies, looking beyond this horizon, looking for those Things that are to be; a Divine leadership that can lead you from this into that theophany and to the great Hereafter? What is the Third Exodus? He said, "From the baptism of the Holy Ghost into the theophany, into the great Hereafter."

Let's stand to our feet. Enoch's seven steps to that King's Chamber. When the Prophet met that King, when he came into that King's Presence just like Joseph coming out of prison. After he became a prisoner, Joseph went into the presence of his king and then he was placed over all Egypt and had authority, and his word was like the king's word, and every knee bowed.

When that Prophet, friends, came into the Presence of the King... What was Joseph's name when he came

into the presence of that king? He got a new name, Zaphnath-Paaneah: the revealer of secrets. Think of it. He had opened up the mysteries that were in symbol form to save the world.

All these Things in the Book of Revelation that are in symbol form, no man could come out of this world except somebody came and opened those Mysteries that were sealed in symbol form. Because God said that He hid it from the wise and the prudent to reveal it to the elected Church. And like Gabriel revealed the Mystery to Daniel, so the Holy Spirit is going to come to the Church to get it ready to go out by revealing these Things.

Then, if when he came in the Presence of the King, those Things that were shut up (because Jesus said, "Not even the Son knows it, only the Father), under that Seventh Seal, when those Things began to open and he began to speak to a Bride, he said, "I'll not call you 'Church' anymore; I'll call you 'Bride' now." because he knew this was what changed him. "If I see what that is, and if those Angels interpreted that vision and that vision is a Scriptural vision in Revelation 10, then," he said, "this thing that Enoch sealed up, that John sealed up, that Daniel sealed up, that Paul sealed up is being unsealed. Then if that is happening, it's 'the going away'." He knew he had come to that time.

One man on the earth knew Jesus had come. The whole world was talking about the Coming of the Lord and he was trying to tell them: *Who Do You Say This Is? There Is A Man Here That Can Turn On The Light, Christ Is The Mystery Of God Revealed, The Unveiling Of The Mighty God*, and they weren't getting it – *A True Sign Overlooked, God Being Misunderstood, The Presence Of God Unrecognized, Recognize Your Day And Your Message, It Is The Rising Of The Sun*. They couldn't get it. *Shalom*: the breaking of that New Day, the Light breaking between mortal to immortality. They couldn't get it. Their minds were still earthbound in

denominations. And here was a Great Eagle with fourteen-foot wingspan flying over that Babylon, saying, "Flee the walls of Babylon! Come out of her, My people!" to take them out of the barnyard.

1999, look where it has reached. Could you imagine if he was alive with us tonight, here, on this earth? Had he been here, he might have been having a telephone hook up in Jeffersonville, but God didn't want that because it couldn't beat the Bible.

Jesus said, "I must go. As long as I am here, you cannot come into Perfect Faith." From *God with us* then comes *God in us* that we'll do not know Him after the flesh, but we'll know Him after the Spirit.

And that's why, friends, my brothers and my sisters, you bear with me Sunday after Sunday. But let me tell you, I'm not crazy. If you have Eternal Life in you, you know what I say is the Truth. You know to speak those Things; few people could speak those Things. It's the grace of God. God has to give a man to say that.

I have no learning. I have one pass, Spanish and I must have gotten a VI. So, if that is even a pass, I have a 'barely pass'. I think it's a IV or something so ... a V. I think V is 'barely, barely pass', Anna? I think it's a IV then. That's all I have. That's all I have. The smallest boy or girl there is better educated than I am.

I had the opportunity. I went to Queen's Royal College, came in the first hundred, won a scholarship up Princes Town; got free books for the first five years. But do you know something? In the first year, I went through a phase. I thought I was going to die. You've heard my testimony. I got caged up like an eagle and like everything just came to a standstill.

When I left Queen's Royal College, I had one of the most – one of the biggest records of my name being in the black book. I must have broken the record at being caned [flogged -Ed.] in school. And I wasn't a bad person in the sense of, you know, trying to disrupt the school, but it just seemed so unfortunate. But I was sixteen

going on seventeen, and they wouldn't take me back in the school, even though there were a lot of older people than me repeating, because they felt that my name was in the book too many times.

You see, that book had no blood to blot anything out, but then I met One Who had a Book, Who had Blood. Amen. Hallelujah! "Though your sins be as scarlet..." Like Abraham, in the New Testament, It says, "He staggered not." Jacob robbed and cheated and everything else, did all kinds of different things, but you hear, "By faith Jacob." Nothing is mentioned about what he did. Yet, It tells you about, Esau was a fornicator and all kinds of different things. Why? In the New Testament it can't be there because now it is covered by the Blood of the Lamb that reconciles. They were in the new Book. Gone!

I got my schooling after I left college, after I wandered around in the world, stumbling around in amnesia. But I heard that Voice that day, saying: *Looking To The Unseen*. God said, "Here is your teacher, son." I'm glad to say the man who taught me was taught by an Angel, and that same Angel had to come back even to teach me what He was saying through that man, the Seventh Angel messenger.

My most precious thing is what he left me. People give me all kinds of different things, but that Seventh Angel left me a Message. Brother, it means more to me than anything in this world. People who traveled with me down this journey know that over the years.

When I was coming to preach this Message, do you know what happened? Many remembered it (1979) I have it written down here in my *Sirs, Is This The Time?* book because I wrote it the very same day I dreamt it. I was dreaming that Bro. Carl De Souza and I were talking, and we were fellowshiping about this book: *Sirs, Is This The Time?* And he told me, he said, "You must read that book again, you know, *Seven Steps To*

God.” But in the dream, I knew the book he was talking about was *Sirs, Is This The Time?*

I got out of the dream like that; it was right at the side of my bed. I didn't even have to get off my bed. I put out my hand and picked the book up and I wrote the dream on the cover. Said, “In that book is a Mystery of the Power and the Resurrection.” Go back to any 1979 tape, after February and you'll hear that on those tapes. I've said it down through these years, too, twenty years ago.

We used to print those books, photocopy them, sit down and play the tapes; many of us in the house, Sis. Merle, many of them who were back there studying those Things – *Sirs, Is This The Time?* Then some years after, it struck me on *It Is The Rising Of The Sun*, he turned the Cloud. And when he did that, that was the message of the Quickening Power – *It Is the Rising Of The Sun*. And somewhere he said, “The Power and the Resurrection is tied to the Cloud. I wrote that down that day when that happened and I put the date there, too. I have it right here in my book.

I went to Russia last year, somehow preaching from place to place, and God started to deal with me again, it went right back to that thing and I wrote it down. Then a couple of days ago when I was studying, it came back again and I went for the book. Here I had these three places from 1979, all the way down to 1998, written, dated every time, what the experiences were. And then I wrote it again on the book, from the whole cover, coming down. Just like Ezekiel's feast of the Trumpets, ever so often I go back there.

People couldn't understand it for years. Look at Bro. Joe, he used to be the minister there in Oropouche. And we knew back in those old days, we would try to read the Feast Of The Trumpets, it was like the Prophet contradicted himself hundreds of times in the book. It was like, how is he talking like that? It was like he used to mumble a speech all the time, yet Something would

say, "Go back to that book. Go back to that book. Go back to that book," ever so often – Supernatural experience.

I remember back in 1980, I started to preach certain Things. In 1984, I started to see a little more. But in 1988, God broke the whole thing open. *The Seven Trumpets* were preached in the [United] States, in Canada, in New Zealand and everywhere. We put it in books and sent it around the world and different things. Then when this started and came back like that, I knew something was about to happen.

Bro. Weekes [Anthony -Ed.] wrote many years ago: *Scientists have gone to work; they're sure to get the job done.* [#571 - Overcoming Power -Ed.] Because we used to preach that out of *Countdown* all the time, working with the chemicals of the Word, finding the secret passages. I always love the quote out of *God's Only Provided Place Of Worship* [1965-1128M -Ed.]. It's only when I was studying the pyramid recently, I realized where he used the term from. In the Pyramid it had the secret passages, so he was using the terminology, *secret passages* in the Word.

He said, "Job wanted to know where God lived, and Job said, 'If I could get to Your house and talk to You because I want to know who I am. Who could take a sinful man and a holy God and bring us back together? I want to come back to God.'" They cried for these things! And Paul said that God dwelleth like that in the Word with him and you have to know the secret passages. He said, "Like David, he tried to come in, but he didn't have the key. And he put the Ark on the cart, and it backfired, and a man died because he didn't take the run of the Scriptures or the key to unlock that Thing to come in the right way."

Look at how man is talking about this Bible. I believe God will show me something for us. It will come by revelation. Brother, I believe I will see my people that are going with me: Being warned of God of things not

seen as yet, prepared an ark for the saving of your household. I'll get them in, into this Mystery that I'm preaching of Christ; get them shut in to take them above the judgment and bring them back into the New World. I believe that!

I believe that what I'm preaching can't carry anybody into any Tribulation. Do you know why? Brother, this Thing gets you strong. This Thing gets you brave. This Thing gives you boldness. This Thing takes away your uncertainty because this Thing will start to show you who you are. This Thing will start to show you what God says about you. This Thing will start to give you the courage for you to live It and walk in It. This Thing shows you how to approach these Things on the basis that God says to count it on; shows you the examples in the Bible where others came into it and got it and God is obligated to you if you come the same way. I know He's going to come.

But the Prophet said, "No man knows the day or the hour," he said, "but He didn't say that you can't know the week, and the month, and the year."

Let me tell you something. Enoch knew he was going. Jesus knew He was going, that's why He gathered them together and said, "Now, go and tarry, this and that and that. It's coming. You fellows, I had a big job to go after you in Emmaus; go after you back here, out in Siberia and different things because you fellows wouldn't believe. Now, everybody, go to Jerusalem and wait there; tarry until!" instructing them, and then the Cloud took Him away. Because He knew in fifty days It had to come. He had to go so He could fulfill the Scripture because He was the Passover, He was the Firstfruit, now Pentecost, fifty days to the resurrection. He counted the time. He knew the season. Do you get that?

Moses and Elijah, when they come, It says where they are going to die, It says when they will die, It says how long they would remain dead; It says how they will come back up, and how they will leave the earth. Do you

think that they are coming to have a five-year ministry? They'll know it's one thousand two hundred and threescore days. From the first day they get the commission: "Now it's time for your showing," they'll know the countdown has started.

And I guarantee you, when they come down to the last maybe month or so, they'll steadfastly set their faces toward Jerusalem. Regardless if it's an invitation or what because they are going to Jerusalem to die. Just like Jesus, to be delivered into the hands of sinful men. And just like Jesus, He knew He was going to come up, they know, "We'll stay here and then, we are going up." because it is written in the Word.

For us, 1st Thessalonians 4, It tells us what is going to happen, too: We, who are alive and remain will not prevent them who are asleep. I believe the Things that He lets us look into, and see, and interpret, which the human mind can't do, it takes leadership to lead you. Sometimes, books that I picked up years ago never meant anything to me. But do you know why I buy a book? I like old books, back from the 18th and 19th century. I don't buy this modern-day stuff. And then, when I go in a bookstore, sometimes, when I go away; some of these secondhand bookstores and these things, I pray, I say, "Lord, there are so many things."

You know when they opened the Prophet's library, and they started to show the books on the shelf, I have one those books. I don't know how I got it. That's why some of the things that he was saying, I know what he was talking about.

My mission in life is to follow his footsteps. I've never met the man in real life here, but there has never been a human being out of all the human beings that I've ever known... I maybe saw my mother's face, the first face, looking up from the bed when I was delivered, till this day there has never been a life that has been an influence to me and has such a grip upon me. And I feel compelled and can't go away. I have to stand to say

what he said and to defend anything that comes against what he said, to let it stay the way he said it. That's why I gave my life too.

And I know there are Things that he said that are going to come to us, and the Holy Spirit is going to work through those words. Jesus said, "When the Spirit comes, He'll take My Words, He'll bring It back to your remembrance, He'll teach you further on these Things; He'll take of Mine and shall show unto you."

The Holy Spirit is not too interested in Billy Graham's words or Oral Roberts' words; "In the days of *the Voice of the Seventh Angel*." When those Seven Thunders... That mouth that those Seven Thunders came out of, brother, was actually spelling out the thing, but in our minds, we were still children, earthbound. We are still too attached to the world; still, too much. But the more that Word filters our thinking and we start to get lined up with that Word, we will see Things in that same Word. Do you know why? Because no matter how many times you read It...

Right now, I don't even have a place to mark or color in my books I'm reading anymore. And I just can't go to new books though I have a new copy. I have to stay with the old copy because it is new markings coming up on that over and over and over; because Christ is hidden in His Word and He's revealed in His Word.

All those Things meant something, that wasn't just a thought. He was hiding Things in his Message and one day, it will be revealed to us, as we will see it was already said. It was there all the time just like it was in the Bible all the time, it was there all the time. And that's why when these things come, whether it happened in Egypt, and they found that thing; when they find that thing, you're finding the very places where he was saying there, "If you catch that, if you see, you'll see where, by the measurement, we are in the King's chamber." And when the Headstone came, he said, "Now, this Thing will open the Mystery, that we will leap

over walls and we will come back young.” And I’m speaking it. And that is what the Seals were all about, but we know in that sealed Book there are a lot of things sealed up.

Look at when we were in Hebrews, I told you to go back and read Hebrews recently. I am sure it was a blessing to many of you who obeyed. Many of you who obeyed, He still says, “Look in on this,” and they go running all over the place. But those who know the Voice, “Look in on this,” They know that’s the Guide, “Look in on this.” When He says, “Look in on this,” you are not looking at a thing.

Hebrews is where he got the revelation in 1957, on there is no eternal hell. And to get that there is no eternal hell, he had to understand Eternal Life. And if you noticed with your Hebrews Book, Hebrews is thirteen chapters, but he only preached seven. But from the first to the seventh, he was dealing with Melchisedec.

Ephesians is six chapters, but he only preached three in *Adoption!* But he was dealing with our stand in Christ, and then he came back and preached about how many are behind the curtain of time! He saw the King, and he saw the City! See? It’s in there. It’s hid in there.

He was teaching to us a certain way, and I think that’s His grace. Because, do you know why? It doesn’t push you, and It doesn’t pull you, it helps you to take your place. And I want you, this morning, as we get ready to go, to take your place as a believer. Start to understand your spot. Learn how to take it. Where you lack understanding in it, seek. If any man lack wisdom, let him ask of God Who gives it to all men liberally. He’ll show you, and you take it and be a real representative of Christ. You’ll never be the same. Things will happen in your life.

These Things do not come the way people try to push you and tell you it comes. I was telling a sister the other day, I said, “The Prophet is the key. If you want to know

how to get power, watch how he got power. No man was pushing him and saying, "You have to drop this and get this, and you have to do this, and you have to run." No, no, no. He didn't come into it like that.

Man is seeing that on the television; televangelists; man stepping in denominations. Man is not having their thinking filtered. Man comes over in the Message and man is trying to do that! But watch how he was coming from First Pull, to Second Pull, to Third Pull. Watch the way he was coming. And watch whenever it came, how it was happening. And then you're going to find now, when the Word starts to show you Things, if you don't know that way, you'll always sit down there and require things in your flesh. And this is way beyond because this is tying it down through the Word. Yet, you talk about the Presence of God and the Power of God?

Do you know what it is to sit there and that Light is hanging there, and that Holy Spirit is revealing those Things, and that Guide saying, "Go to this and go to that and go to that, and tie it with this and tie it with this and tie it with this, and in that book, I remember in that book"? And then He says, "You bought a little book years ago." Years ago I picked up that.

Do you remember when those Seven Trumpets were preached in 1988? The Holy Spirit went back from about '81 to '84, in TIME Magazine I had packed up there, and began to take every article, for the water, for the earth, for the sea, everything, and proved it by the Scripture which was laying there, in one night; found it laying there. Because you believe if you are born for it, it is locked up in your life somewhere.

That's why you don't go running after things. You sit down and you comb back your life. And when you start to learn that, every time you make a step, you want to pray. You don't just say prayers; you keep in prayer all the time, while you're walking, while you're meditating, while you're doing your work, you're home, whatever;

you lay down on your bed, you kneel down, you come to church, you're coming to church, whatever, you keep in an attitude of prayer and fellowship.

Thank You, Father. Let's bow our heads and close our eyes.

We have our precious Bro. Aldwyn Alleyne; I'll ask him to greet the people at the end of the service. I'm really glad to know he's in the house of God and a way has been made for him to come out. I haven't spotted him, but I have a note telling me he's here.

So, we just want to bow our heads for prayer at this time. And I want to remember Bro. Wayne Cadogan, requesting prayer for a serious nervous condition. He's at home, and you know he's always a nervous person, a very nervous brother – weak nervous system. And his daughter, Marsha, is requesting prayer for persistent back pains after sustaining a fall. So, just hold them in your hearts, ask God to be merciful to them, and His grace would go out to them as we offer prayer there, as we hold them in our hearts as we link up with this great Holy Spirit.

And for you who have a special request... And I have a little dedication. If Sis. Belinda and her husband could slip up also, that would be fine at this time. And let's just bow our heads in prayer.

Lord Jesus, as the day accelerates and this human frame collapses beneath the stress and the pressures of this life, this neurotic Age that we're living in, where hybrid foods are tearing down the body, and this sea of information that is blasting back and forth: radio and television and the Internet, the information superhighway bombarding the minds of the people; hundreds of channels of television and radio, and all these things, that they are unable even to hold the very mind together. And all the activity, oh God, that it seems that it just keeps on increasing more and more, and the moral fibers could hardly stand the stress of this Age when the world is going into insanity.

And oh God, we are trying to cling to that Rock, that we will not be swept away by the tide of that evil. We are trying to fasten with our anchor; it can hold fast, Lord, so that oh God, Your great Presence and Your great Power would move in our hearts, and move in our lives as Your Word opens up and the Spirit comes down, baptism after baptism, Lord, stirring our souls, lifting us up, dealing with us, fellowshiping with us, Lord, doing a work on the inside of our hearts, breaking hold of habits, casting away evil, the Light shining and the darkness having to leave, dear God, lifting the oppression off of us, Lord, and, Lord God, taking our souls into such realms where Your Presence becomes close, dear God, where we can live with a clear vision of Your will, Father, where we can follow the leadership of the Holy Spirit, Lord; Lord, in plain paths, Lord, where we can walk with confidence, knowing how to go, knowing what to do, what decision to make; how to handle every situation. We can be so illuminated, Lord, by the Light that the revelation brings to our hearts.

This is what we are desiring, Father. And we pray that as we have this opportunity to sit in Your Presence, and this great Capstone revelation, this great Seven Thunders uttering their Voices, this great Mystery of the Seventh Seal ministering an entrance, oh God, Father, our lives would be so filled and filled and filled with the Spirit of God, that the things of this world will grow strangely dim. And as God takes the veil off of Himself, as the Seals are opened in this church, as the Thunders utter their Voices in this church, as men and women, Lord, fellowship with the Mystery in this church, that we, having our own opening on a local level, Lord, just like it was in the days of the Prophet when he was opening it for the Age.

Oh God, here in the Second Fold, when judgment, Lord, is fixing to sweep, we see that devastating earthquake, how it struck there in Turkey. The last

eclipse for the century, solar eclipse, went out, and a couple of days after, Lord, the earth began to shake.

Oh God, man doesn't realize, Lord, they are so earthbound. Man is locked up, Lord, in a fictitious world of television and everything else; caught in the web of the fashions of this world. Satan has ensnared them, and trapped them in this...[Audio ends abruptly. -Ed.]
